NOTIFICATION.

No. 3017L.—5th October, 1937.—The following Act of the Bengal Legislature, having been assented to in His Majesty's name by the Governor, is hereby published for general information.

BENGAL ACT III OF 1937.

THE BENGAL LEGISLATURE (REMOVAL OF DISQUALIFICATIONS) ACT, 1937.

[Passed by the Bengal Legislature.]

[Published in the *Calcutta Gazette*, Extraordinary of the 5th October 1937.]

An Act to declare that the holders of certain offices of profit under the Crown in India shall not be disqualified for membership of the Bengal Legislature.

WHEREAS it is expedient to declare in accordance with the provisions contained in clause (*a*) of sub-section (*1*) of section 69 of the Government of India Act, 1935, that the holders of certain offices of profit under the Crown in India shall not be disqualified for being chosen as, and for being, members of the Bengal Legislative Assembly or the Bengal Legislative Council; 26 Geo. V, c. 2.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Bengal Legislature (Removal of Disqualifications) Act, 1937.

Removal of certain disqualifications for membership.

2. A person shall not be disqualified for being chosen as, and for being, a member of the Bengal Legislative Assembly or the Bengal Legislative Council by reason only of the fact that he holds any of the following offices of profit under the Crown in India, namely:—

(*a*) an office of a Parliamentary Secretary or a Parliamentary Under-Secretary, if and when such office is created;

(*b*) an office which is not a whole time office remunerated either by salary or by fees;

(*c*) an office in a railway service, provided that the holder thereof is a person defined to be qualified for inclusion in the electoral roll for a trade union, factory or colliery constituency in accordance with the provisions of any Order or rule for the time being in force.

By order of the Governor,

H. D. BENJAMIN,

Secy. to the Govt. of Bengal.

GOVERNMENT OF BENGAL.

Finance Department.

Finance.

NOTIFICATION.

No. 10606F.—2nd October 1937.—In exercise of the powers conferred by sections 4 and 5 of the Bengal Legislative Chambers (Members' Emoluments) Act, 1937, the *Governor* is pleased to make the following rules, namely:—

Rules.

1. (*i*) These Rules may be called the Bengal Legislative Chambers (Members' Allowances) Rules, 1937.

(*ii*) They shall be deemed to have come into force on the 1st April 1937:

Provided that they shall not entitle any member to further payment of mileage or daily allowance in respect of any journey or halt for which he has received payment under Subsidiary Rule 99.

2. In these rules—

(*1*) "Act" means the Bengal Legislative Chambers (Members' Emoluments) Act, 1937.

(*2*) "Chamber" means the Bengal Legislative Council or the Bengal Legislative Assembly as the context may require.

(*3*) "Member" means a member as defined in the Act, namely, a Member either of the Bengal Legislative Council or of the Bengal Legislative Assembly, other than the Governor's Council of Ministers, the President of the said Council, the Speaker of the said Assembly, Parliamentary Secretaries, Parliamentary Under-Secretaries and Parliamentary Private Secretaries, if any.

(*4*) "Session" means the whole period of a legislative session from the time when the Chamber is assembled to the time when it is prorogued.

(*5*) "Meeting" means the meeting of the Chamber or of a Committee of the Chamber during the session or out of the session, or a meeting to which a member is summoned out of the session for the transaction of business connected with his duties as a member of the Chamber

(*6*) "Usual place of residence" means the place where a member generally resides for at least six months in the year.

(*7*) "House" means the building in which the meeting is held.

(*8*) "Mufassal member" means a member whose usual place of residence is outside a radius of 25 miles from the House.

(*9*) "Mileage allowance" means—

(*i*) in the case of journeys by rail or steamer, an allowance at the rate prescribed in the Act, namely, at the rate of one and a half times first class fare;

(*ii*) in the case of journeys by road—

(*a*) for journeys not exceeding 30 miles, an allowance at the rate of annas six per mile if the journey is performed by motor vehicles, and annas eight per mile if the journey is performed otherwise;

(*b*) for journeys exceeding 30 miles, an allowance at the above rates for the first 30 miles and at half the above rates for the excess over 30 miles.

Note.—Where mileage allowance is claimed at the rate of annas eight per mile, the member drawing the bill shall certify that no part of the journey in question was performed by motor vehicles.

(*10*) "Conveyance allowance" means a conveyance allowance at the rate prescribed by the Act, namely, at the rate of Rs. 2-8 per diem.

(*11*) "Day" means a calendar day beginning and ending at midnight.

3. A member may draw conveyance allowance for any day on which he attends a meeting.

4. No member may draw mileage allowance and daily allowance for the same day.

5. No member who arrives at and leaves the place of meeting on the same day may draw daily allowance for that day.

6. No member may draw daily allowance for any day after—

(*a*) the close of the session;

(*b*) the completion of the business for which a member is summoned out of session.

7. No member whose usual place of residence is within a radius of 5 miles from the House and no member who ordinarily carries on his professional business within a radius of 5 miles from the House may draw mileage allowance or daily allowance for attending the meeting.

8. No member whose usual place of residence is within a radius of 25 miles from the House and no member who ordinarily carries on his professional business within a radius of 25 miles from the House may draw daily allowance.

9. Subject to rules 4 to 8, a member who has to leave his usual place of residence or the place where he ordinarily carries on his professional business for the purpose of attending meetings or transacting business connected with his duties as a member of Chamber may draw mileage allowance and daily allowance.

Note.—Mileage allowance to a member will be paid to and from his usual place of residence, if within the province, or to and from the headquarters of his constituency if his usual place of residence is outside the province.

10. Notwithstanding anything contained in rule 12, if a member attends the first meeting of its session of the Chamber and stays throughout the session, he may draw daily allowance for the whole session:

Provided that he has attended all meetings of the Chamber during the session or, in the case of absence from any meeting, has explained such absence to the satisfaction of the President or the Speaker, as the case may be:

Provided further that where daily allowance is drawn under the authorisation of the President or the Speaker, as the case may be, for days of absence, the allowance shall be drawn at the following rates:—

(*a*) For the first six days of absence in a session, at full rates;

(*b*) For a further twelve days of absence in a session, at half rates;

(*c*) For days of absence in excess of eighteen in a session, no allowance.

11. If a member does not arrive or leave on the day of the meeting, he will be considered to arrive on the day before the meeting and to leave the day after the meeting even if, as a matter of fact, he arrives some days before or leaves some days after. He will, therefore, be entitled to mileage allowance for the day before and the day after the meeting, and to daily allowance for the day of the meeting only, and not for any other days during which he may reside in the place where the Chamber or Committee is sitting, before or after the meeting.

12. (*a*) In the case of adjournments or intervals between meetings of seven days or less a mufassal member who stays at the place of meeting for the intervening period may draw daily allowance for that period. A mufassal member who returns to his usual place of residence may draw mileage allowance, but the amount drawn shall in no case exceed the amount which would have been admissible if he had elected to stay at the meeting place, and drawn daily allowance.

(*b*) In the case of adjournments or intervals between meetings of more than seven days a mufassal member may return to his usual place of residence in the intervening period and may draw mileage

allowance. If he stays at the place of meeting he may draw daily allowance but the amount drawn shall not exceed the amount which he would have drawn as mileage allowance had he returned to his usual place of residence.

13. Where a meeting lasts over the week-end, mileage allowance is not admissible to a member who leaves the place of meeting during the week-end, but he may draw daily allowance for the week-end provided he is present at the opening meeting after the week-end; otherwise he may draw daily allowance only for the days on which he actually attended meetings.

14. In the case of protracted sittings of three weeks' duration or over, a mufassal member may return to his usual place of residence once during that period at the public expense, and in such cases he may draw one single first class fare by rail or steamer and mileage by road. But any member who stays away from the place of meeting for such a length of time as necessitates his being absent for more than six consecutive meetings shall forfeit his right to this concession.

15. (*a*) For the purpose of calculating mileage allowance, a journey between two places is held to have been performed by the shortest of two or more practicable routes or by the cheapest of such routes as may be equally short: Provided that when there are alternative railway routes and the difference between them in point of time and cost is not great, mileage allowance should be calculated on the route actually used.

(*b*) The shortest route is that by which the traveller can most speedily reach his destination by the ordinary modes of travelling.

(*c*) If a member travels by a route which is not the shortest but is cheaper than the shortest, his mileage allowance should be calculated on the route actually used.

Note.—When a member travels by a route which is not the direct or the cheapest route, it is necessary that he should show in the travelling allowance bill, the details of the journey and the various stages by which it was made.

No. 14361A.R.—30th September 1937.—Whereas the validity of the elections of Maharaj Kumar Uday Chand Mahtab and Babu Adwaita Kumar Maji by the Burdwan Central (Rural) General Constituency as members of the Bengal Legislative Assembly have been called in question by an election petition duly presented by Babu Mahitosh Saha under the provisions of Part III of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, and of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936;

And whereas in accordance with the provisions of paragraph 8 of Part III of the said Order the Commissioners appointed for the trial of the said petition have duly submitted their report to the Governor;

Now, therefore, in pursuance of the provisions of sub-paragraph (*3*) of paragraph 8 of Part III of the said Order, the Governor is pleased hereby—

(1) to order in accordance with the report of the Commissioners—

(*a*) that the said petition shall be dismissed, and

(*b*) that the petitioner Babu Mahitosh Saha shall pay to respondents Nos. 1 and 2, Maharaj Kumar Uday Chand Mahtab and Babu Adwaita Kumar Maji, the sum of rupees one thousand as costs to be divided equally among the said two respondents; and

(2) to publish the said report in the *Calcutta Gazette*.

By order of the Governor,

J. R. BLAIR,
Addl. Secy. to the Govt. of Bengal.

In the matter of an Election Petition.

Mahitosh Saha, B.Sc., B.E., C.E., son of late Nilkanta Saha, of village Bamuna, police-station Memari, district Burdwan, being elector No. 52 of the Scheduled Caste Male Voters List of Bara-Palason union, thana Memari, district Burdwan, for the Bengal Legislative Assembly, at present residing at 5/2, Wellesley Street, in the town of Calcutta, *Petitioner*,

versus

(1) **Mr. U. C. Mahtab,** Maharaj Kumar of Burdwan,

(2) **Babu Adwaita Kumar Maji** of village Saranga, post office Saranga, district Burdwan,

(3) **Babu Bejoy Kumar Bhattacharjee** of village Oanri, post office Oanri, district Burdwan,

(4) **Babu Arabinda Shaw** of 4, Thakurdas Palit Lane, Calcutta,

Respondents.

Report.

The petitioner Mahitosh Saha was a candidate at the last General Election for the Bengal Legislative Assembly from the Burdwan Central (Rural) General Constituency. There were four other candidates, and respondents Nos. 1 and 2 were elected. The respondent No. 1 obtained 33,421 votes, the respondent No. 3 obtained 23,344 votes, and the petitioner obtained 2,371 votes. The second respondent, who with the first respondent, is represented in these proceedings, obtained 2,383 votes. The petition was duly submitted to His Excellency the Governor,

and was admitted and published in the *Calcutta Gazette* on the 24th June 1937. It contained four lists of charges which included (A) irregularities, (B) corrupt practices, viz., illegal entertainment on a large scale of electors, carriage of voters, circulation at various centres of pamphlets which did not contain the name of the printer or publisher, promises made to voters to induce them to vote. Charges of undue influence were made in list "C". List "D" is a list of misstatements and omissions said to be found in the return of election expenses. The petitioner prayed that the election of respondents Nos. 1 and 2 be declared void and set aside and a recount ordered, and that he might be declared to be elected. The parties appeared before this court on 12th July 1937 in response to a summons for directions. The Advocate-General appearing for the first respondent contended that certain allegations should be struck out inasmuch as no particulars had been given in the petition. The Commissioners were of opinion that the petitioner should have an opportunity of furnishing the particulars required and they ordered this to be done by the 19th July. In view of the nature and the number of charges the petitioner was ordered to furnish further security for Rs. 5,000 and that security has been lodged. Issues were framed on the 3rd of August, and the 9th August was fixed for the hearing of the petition, and it appeared in the list for that day but was not taken up as a part-heard matter was before the Tribunal. The hearing of that matter was concluded to-day and this petition was called on. Mr. Majumdar who had been appearing for the petitioner informed the Tribunal that he now had no instructions. As no appearance has been made on behalf of the petitioner, and no evidence has been adduced in support of the charges, the contesting respondents pray that the petition should be dismissed. The Commissioners are of opinion that the petition should be dismissed and that respondents Nos. 1 and 2 have been duly elected. They assess the costs at Rs. 1,000 to be divided equally among the two contesting respondents, and they will advise His Excellency the Governor of Bengal accordingly.

NOTIFICATIONS.

No. 3439P.H.—30th September 1937.—Mr. R. Grant, Chief Inspector and Secretary, Bengal Smoke Nuisances Commission, has been granted by the High Commissioner for India an extension of leave on half average pay for eleven days.

Tippera.—No. 3458P.H.—2nd October 1937.—In pursuance of rule 8 of the rules for the preparation, publication and execution of projects for water-supply, sewerage or drainage by municipal authorities, it is hereby notified for general information that the scheme for the extension of the supply of filtered water in the Comilla Municipality has been approved by the Governor of Bengal, and that the particulars of the said scheme are as follows:—

1. (*a*) The scheme is designed to remodel the existing distribution system by laying larger mains with a view to increase the pressure of water throughout the whole of the western end of the town including the Kandirpar area.

(*b*) The estimated capital cost of the scheme is Rs. 30,500.

(*c*) There will be no additional maintenance cost on account of the projected works.

(*d*) The cost of Rs. 30,500 will be met as follows:—

Government grant—Rs. 10,166.

Loan from Government—Rs. 5,334.

Contribution from the municipal fund—Rs. 15,000.

(*e*) The loan of Rs. 5,334 will be repaid in 20 years by *forty* half-yearly instalments of Rs. 191 each, interest at 3¾ per cent.

2. (*a*) The total annual charge by reason of the water-supply which is met from the water-rate is Rs. 19,500 approximately.

(*b*) The percentage of such water-rate on the annual value of holdings is 5 per cent.

(*c*) The average incidence of such water-rate per head of the population in the water-rate area of the municipality is annas 13-9p.

3. The scheme will be taken into consideration on or after the 15th November 1937, and any objection or suggestion with regard thereto, which may be received by the undersigned before that date will be duly considered.

Tippera.—No. 3470P.H. — 5th October 1937.—In pursuance of rule 8 of the rules for the preparation, publication and execution of projects for water-supply, sewerage or drainage by municipal authorities, it is hereby notified for general information that the scheme for the supply of filtered water to the southern section of the Chandpur Municipality has been approved by the Governor

of Bengal, and that the particulars of the said scheme are as follows:—

1. (*a*) The scheme is designed on the decentralised storage system for a daily supply of 67,500 gallons of filtered and chlorinated water to the municipal area on the southern bank of the Dakatia khal and will replace the existing small waterworks in Puranbazar which give a scanty supply to only a limited number of persons in that section of the municipality. The raw water of the Dakatia khal will be pumped by oil engines for eight hours daily, and during the saline periods the pumping of water from the khal will be arranged so as to synchronise with the tidal conditions. The scheme provides also arrangements for fire protection.

(*b*) The estimated capital cost of the scheme is Rs. 1,58,449.

(*c*) The annual maintenance cost is estimated at Rs. 8,358.

(*d*) The cost of Rs. 1,58,449 will be met as follows:—

Government grant—Rs. 52,816.
Loan from Government—Rs. 95,000.
Donations—Rs. 10,633.

(*e*) The loan of Rs. 95,000 will be repaid in twenty-five years by annual instalments of Rs. 5,921-8 each, interest being at 3½ per cent.

2. (*a*) The total annual charge to be incurred by reason of the water-supply and to be met by a water-rate will be Rs. 14,277.

(*b*) The percentage of such water-rate on the annual value of holdings will be 6¼ per cent.

(*c*) The average incidence of such water-rate per head of the population in the water-rate area of the southern section of the municipality will be Rs. 1-9-8.

3. The scheme will be taken into consideration on or after the 15th November 1937, and any objection or suggestion with regard thereto, which may be received by the undersigned before that date, will be duly considered.

NOTIFICATION.

No. 22-I.—1st October 1937.—In supersession of the Bengal Government notification No. 2-I., dated the 17th February 1926, and in exercise of the powers conferred by sections 6 and 11 of the Bengal Canals Act, V of 1864, the Governor is pleased to make the following rules and to fix the following revised schedule of rates of tolls for the inner channels as well as the outfall channel on the river side of the Seijberia sluice of the Rajapur drainage channel. This will take effect from the 22nd October 1937:—

Rule and revised schedule of rates of tolls.

1. The tonnage of every vessel shall be determined by the following measurements in feet only:—

(*a*) The product of half the length of the vessel along the water line, the breadth of the vessel (or the greatest breadth of the cargo, if it should overhang) and the greatest depth from the water line to the bottom of the vessel (inside) is to be taken as the number of maunds for levying tolls.

(*b*) Tolls shall be calculated in multiples of 12½ maunds, any fraction of 12½ maunds being neglected.

2. Schedule of rates of tolls:—

(*a*) For the inner channels—

	As.	p.	
For passenger boats ..	0	4½	per mile each boat per trip either way.
For cargo boats (loaded) of 100 maunds of tonnage	12	0	each boat per trip either way.
For cargo boats (loaded) of 50 maunds of tonnage	6	0	ditto.
For cargo boats (loaded) of 25 maunds of tonnage	3	0	ditto.
For cargo boats (loaded) of 12½ maunds of tonnage	1	6	ditto.

(b) For the outfall channel--

	As.	p.	
For cargo boats (loaded) of 100 maunds of tonnage	6	0	each boat per trip either way.
For cargo boats (loaded) of 50 maunds of tonnage	3	0	ditto.
For cargo boats (loaded) of 25 maunds of tonnage	1	6	ditto.
For cargo boats (loaded) of 12½ maunds of tonnage	0	9	ditto.

Goods passing from the inner to the outer or from the outer to the inner channels shall be charged for the inner channels only.

Empty cargo boats shall be charged at half the above rates.

No charge shall be made on empty passenger boats.

3. Places where tolls shall be levied are—

(1) Seijberia near the sluice.
(2) Magoor khal at the junction of the Kana Damodar with the Rajapur main channel.
(3) Sidheswar Bazar at the junction of an old side khal with the Rajapur main drainage channel.

The Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 23rd August, 1937:—

L. A. BILL No. 22 OF 1937.

A Bill further to amend the Indian Companies Act, 1913, for certain purposes.

WHEREAS it is expedient further to amend the Indian Companies Act, 1913, for the purposes hereinafter appearing; It is hereby enacted as follows:— VII of 1913.

Short title.

1. This Act may be called the Indian Companies (Amendment) Act, 1937.

Amendment of section 86I, Act VII of 1913.

2. In clause (*a*) of sub-section (*1*) of section 86I of the Indian Companies Act, 1913 (hereinafter referred to as the said Act), for the figure "84" the figure "85" shall be substituted. VII of 1913.

Amendment of section 134, Act VII of 1913.

3. In sub-section (*1*) of section 134 of the said Act,—

(*a*) after the words "profit and loss account" the words "or the income and expenditure account, as the case may be" shall be inserted; and

(*b*) for the words "a copy of the balance-sheet" the words "copies thereof" shall be substituted.

Amendment of section 235, Act VII of 1913.

4. To section 235 of the said Act the following sub-section shall be added, namely:—

"(*3*) Nothing contained in sub-section (*1*) shall operate to extend the period of limitation in respect of any application which was already barred by limitation at the commencement of the Indian Companies (Amendment) Act, 1936."

Amendment of section 237, Act VII of 1913.

5. In section 237 of the said Act,—

(*a*) in sub-section (*6*), the words beginning with "and it shall be the duty of" and ending "which he is reasonably able to give", and the words beginning with "For the purposes of this sub-section" and ending "whether that person is or is not an officer of the Company" shall be omitted;

(*b*) after sub-section (*6*) the following sub-section shall be inserted, namely:—

"(*7*) When any proceedings are instituted under this section it shall be the duty of the liquidator and of every officer and agent of the Company past and present (other than the defendant in the proceedings) to give all assistance in connection with the prosecution which he is reasonably able to give, and for the purposes of this sub-section the expression agent in relation to a Company shall be deemed to include any banker or legal adviser of the Company and any person employed by the Company as auditor, whether that person is or is not an officer of the Company."; and

(*c*) existing sub-section (*7*) shall be re-numbered as sub-section (*8*), and in that sub-section as so re-numbered, for the word, brackets and figure "sub-section (*6*)" the word, brackets and figure "sub-section (*7*)" shall be substituted.

Amendment of section 277F, Act VII of 1913.

6. In clause (*2*) of section 277F of the said Act, after the words "managing agent" the words "of a Company not being a banking Company" shall be inserted.

Amendment of section 277M, Act VII of 1913.

7. (*1*) Section 277M of the said Act shall be re-numbered as sub-section (*1*) of that section and, in the said section so re-numbered, for the words "A banking Company shall not form or hold shares in any subsidiary Company except a subsidiary Company of its own" the words "A banking Company shall not form any subsidiary Company except a subsidiary Company" shall be substituted.

(*2*) To the said section as so re-numbered the following sub-section shall be added, namely:—

"(*2*) Save as provided in sub-section (*1*), a banking Company shall not hold shares in any Company of an amount exceeding fifty per cent. of the issued share capital of that Company.

Provided that nothing in this sub-section shall apply to shares held by a banking Company before the commencement of the Indian Companies (Amendment) Act, 1936." XXII of 1936.

Amendment of First Schedule, Act VII of 1913.

8. In the First Schedule to the said Act, in Regulation No. 56 of Table A, for the words "by at least three members" the following shall be substituted, namely:—

"in accordance with the provisions of clause (*c*) of sub-section (*1*) of section 79 of the Indian Companies Act, 1913,".

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to remove certain inaccuracies and correct certain errors which crept into the Indian Companies Act, 1913, in the course of the recent extensive amendment of that Act by the Indian Companies (Amendment) Act, 1936. The Notes on Clauses which follow set forth in detail the nature of each provision of the Bill.

N. N. SIRCAR.

SIMLA;

The 18th August, 1937.

NOTES ON CLAUSES.

Clause 2.—The figure "84" in section 861, sub-section (*1*) (*a*), of the Indian Companies Act, 1913, is a mistake for "85". The proposed amendment rectifies this mistake.

Clause 3.—A comparison of section 134 of the Indian Companies Act, 1913, with section 131 indicates that in the former section mention of the income and expenditure account in the case of a company not trading for profit has been inadvertently omitted, and that the wording fails to indicate that the documents to be filed with the Registrar of Companies should include the profit and loss account or income and expenditure account as well as the balance-sheet. The proposed amendment rectifies these errors.

Clause 4.—Before section 235 of the Indian Companies Act, 1913, was amended by the 1936 Amending Act, the period of limitation prescribed for an application under the section was that applicable to a suit. It was not intended that restrospective effect should be given to the change whereby that period of limitation was increased, but the manner in which the amendment was made makes it possible that in some cases such an effect might actually be produced. Clause 3 rectifies this oversight.

Clause 5.—The presence in sub-section (*6*) of section 237 of the Indian Companies Act, 1913, of the words which are now to be removed from that sub-section and re-enacted as a separate sub-section has the effect of confining the obligation to assist the prosecution to those cases only in which the Registrar of Companies on the advice of the Advocate-General or public prosecutor institutes proceedings whereas the obligation was intended to extend to all proceedings instituted under the section. The proposed re-arrangement of the section corrects this error.

Clause 6.—This removes an inconsistency between clause (*2*) of section 277F of the Indian Companies Act, 1913, and section 277H which recognises the capacity of a banking company to act as managing agent of another banking company.

Clause 7.—There is an inconsistency between section 277M of the Indian Companies Act, 1913, and clause (*1*) of section 277F which permits a banking company to hold and deal in shares. Section 277M was aimed merely at prohibiting a banking company from forming or possessing subsidiary companies whose purposes were other than banking purposes. The wording of the section was however defective in that it inadvertently prohibited a bank from holding any shares of a subsidiary company of a company other than itself. The redraft of the section proposed by this clause corrects the error.

Clause 8.—Regulation 56 of Table A is by virtue of sub-section (*2*) of section 17 of the Indian Companies Act, 1913, compulsorily included in the Articles of Association of all companies. The Regulation however was not amended so as to remove its inconsistency with section 79 (*1*) (*c*) of the Act. This oversight is now corrected.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 23rd August, 1937:—

L. A. BILL No. 27 OF 1937.

A Bill to regulate the import into British India of drugs and medicines.

WHEREAS it is expedient to regulate the import into British India of certain drugs and medicines; It is hereby enacted as follows:—

Short title, extent and application.

1. (*1*) This Act may be called the Import of Drugs Act, 1937.

(*2*) It extends to the whole of British India.

(*3*) Nothing in this Act shall apply to any drug to which the Dangerous Drugs Act, 1930, applies. II of 1930.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(*a*) "drug" means any chemical substance, or combination of chemical substances, used or which may be used as a medicine, or in the preparation of a medicine, or as an ingredient in a medicine, whether such medicine is for human beings or for animals, and whether for internal or external application, and includes organo-metallic compounds, and vaccines, sera and other biological products;

(*b*) "medicine" includes patent and proprietary medicines;

(*c*) "misbranded drug" means a drug the covering or container of which bears any statement or device relating to the drug or the ingredients contained therein, which is false or calculated to mislead;

(*d*) "standard quality" when applied to a drug or medicine means that the drug or medicine complies with the standard set forth in the Schedule or fixed by the Central Government in exercise of the power conferred by section 5;

(*e*) "prescribed" means prescribed by rules made under section 6.

Prohibition of import of drugs and medicines.

3. From such date as may be fixed by the Central Government by notification in the Official Gazette in this behalf, no person shall bring into British India,—

(*a*) any drug which is not of the standard quality as laid down by or under this Act, or

(*b*) any misbranded drug, or

(*c*) otherwise than under and in accordance with the terms of a licence issued under this Act any patent or proprietary medicine the formula of which is undisclosed, or

(*d*) any drug or medicine the import of which is prohibited by rule made under section 6:

Provided that nothing contained in this section shall apply to the import subject to the prescribed conditions of samples of any drug or medicine for the purpose of examination, test or analysis:

Provided further that the Central Government may by notification in the Official Gazette permit subject to any conditions specified in the notification the import of any specified drug or class of drugs not being of the standard quality.

Application of law relating to Sea Customs and powers of Customs' officers.

4. (*1*) The law for the time being in force relating to Sea Customs and to goods the import of which is prohibited by section 18 of the Sea Customs Act, 1878, shall apply in respect of drugs and medicines the import of which is prohibited under section 3 of this Act, and the officers of Customs and the officers empowered under the Sea Customs Act, 1878, to perform the duties imposed by that Act on a Customs Collector and other officers of Customs shall have the same powers in respect of such drugs and medicines as they have for the time being in respect of goods the import of which is prohibited by section 18 of the Sea Customs Act, 1878. VIII of 1878. VIII of 1878. VIII of 1878.

(*2*) Without prejudice to the provisions contained in sub-section (*1*), the Customs Collector or any officer authorised by the Provincial Government in this behalf may detain any package imported into British India which he suspects to contain any drug or medicine the import of which is prohibited under section 3 and shall forthwith report such detention to such officer as the Provincial Government may appoint in this behalf, and if required by such officer forward the package or samples of any suspected drug or medicine found therein to such officer.

Power to lay down standards of quality.

5. (*1*) The Central Government may, by notification in the Official Gazette, alter the Schedule, and if it does so the Schedule shall be deemed to be amended accordingly.

(*2*) The Central Government may, by a like notification, lay down a standard quality for any drug not specified in the Schedule.

Power of Central Government to make rules.

6. (*1*) The Central Government may, by notification in the Official Gazette, make rules for the purpose of giving effect to the provisions of this Act.

(*2*) Without prejudice to the generality of the foregoing power such rules may—

(*a*) prescribe the form and conditions of the licence for the import of a patent or proprietary medicine and the fee that may be charged therefor;

(*b*) prescribe the conditions subject to which samples of drugs or medicines may be imported for the purpose of examination, test or analysis;

(*c*) prescribe the places at which drugs and medicines may be imported and prohibit their import at any other place;

(*d*) regulate the submission by importers and the securing of samples of drugs and medicines for examination, test or analysis, and the manner

of examination, test and analysis of such samples, and prescribe the charges that shall be made for any examination, test or analysis;

(*e*) prescribe the evidence to be supplied, whether by accompanying documents or otherwise of the quality of drugs for which admission to British India is sought, the procedure of the Customs officials in dealing with such evidence, and the manner of storage at places of import of drugs and medicines detained pending admission to British India;

(*f*) prohibit the import of drugs or of any specified drug except under a licence to import and prescribe the form and conditions of such licence and the fees to be paid therefor;

(*g*) provide for the exemption from the provisions of this Act of drugs brought into British India for the purpose only of transport through and export from British India;

(*h*) prescribe conditions to be observed in the packing in bottles, containers or packages of imported drugs and medicines;

(*i*) regulate the mode of labelling drugs or medicines imported for sale in packages and the matter which may or may not be included in such labels;

(*j*) prescribe the maximum proportion of any poisonous substance which may be added to or contained in any drug, and prohibit the import of any drug in which that proportion is exceeded;

(*k*) require that the name of any drug shall be conspicuously printed on the label or wrapper of any patent or proprietary medicine containing the drug;

(*l*) prohibit the import of any biological or organo-metallic compound after a prescribed period from the date of its manufacture;

(*m*) prescribe the authority which shall discharge any function arising out of the administration of this Act.

Offences.

7. (*1*) Whoever contravenes the provisions of any rule made under section 6 shall be punishable with fine which may extend to five hundred rupees.

(*2*) Whoever having been convicted of an offence under sub-section (*1*) is again convicted of an offence under that sub-section shall be punishable with fine which may extend to one thousand rupees.

Confiscation.

8. Where any offence has been committed which is punishable under this Act the drug or medicine in respect of which the offence has been committed shall be liable to confiscation.

Procedure.

9. No magistrate shall try an offence under this Act unless he is a Presidency Magistrate or a Magistrate of the first class or a Magistrate of the second class specially empowered by the Provincial Government in this behalf.

THE SCHEDULE.

[SECTIONS 2 (*d*) AND 5.]

Standards to be complied with by drugs and medicines imported into British India.

Class of drug or medicine.	Standard to be complied with.
1. Drugs and medicines capable of standardisation other than vaccines, sera and other biological products and organo-metallic compounds.	The standards of strength, quality and purity (if any) specified in: The British Pharmacopœia; The British Pharmaceutical Codex; The Extra Pharmacopœia published by direction of the Council of the Pharmaceutical Society of Great Britain.
2. *Vaccines and sera.* Diphtheria Antitoxin; Tetanus Antitoxin; Gas Gangrene Antitoxin (Perfringes); Anti-dysentery serum (Shiga).	The standards proposed by the Permanent Commission on Biological Standardisation of the League of Nations, or those prescribed in the British Pharmacopœia:
3. *Other Biological products.* Pituitary (Post. lobe) extract. Anti-neuritic Vitamin (B1). International standard preparation of vitamin A, vitamin C, vitamin D, insulin. Oestrus-producing hormone—Male hormone.	The standards proposed by the Permanent Commission on Biological Standardisation of the League of Nations, or those prescribed in the British Pharmacopœia:
4. *Organo-metallic compounds.* Neoarsphenamine; Arsphenamine; Sulpharsphenamine.	The International standards or the standards prescribed in the British Pharmacopœia.

STATEMENT OF OBJECTS AND REASONS.

The Government of India have for some time past following the report of the Drugs Enquiry Committee been considering, in consultation with local Governments, the question of implementing the recommendation made by the Committee for controlling the import, manufacture and sale of drugs and medicines in India. The recommendations are based on a vast volume of evidence, both oral and written, collected by the Committee during its extensive tour in the country, and they have received widespread support in India. Government has been pressed in the Legislature, by commercial bodies, and in the public press of India without distinction of party to implement the recommendations of the Committee. In addition, the question was debated in the Council of State in September, 1935. The subject is one which is primarily the concern of provincial Governments, and Central legislation can only deal with imports. Certain recommendations, for instance, those relating to the manufacture, storage and sale of drugs, education and control of pharmacists, are essentially for provincial Governments to deal with. The Bill excludes such matters.

(*c*) after clause (*xxii*) the following clauses shall be inserted, namely:—

"(*xxiii*) employed, otherwise than in a clerical capacity, in connection with the felling or logging of trees, or the transport of timber by inland waters, or the control or extinguishing of forest fires; or

(*xxiv*) employed, otherwise than in a clerical capacity, in connection with elephant catching operations; or";

and

(*d*) the existing clause (*xxiii*) shall be re-numbered as clause (*xxv*) and after that clause as so re-numbered the following word and clauses shall be inserted, namely:—

"or

(*xxvi*) employ, otherwise than in a clerical capacity or as agricultural labourers, in the handling or transport of goods in, or within the precincts of—

(*a*) any warehouse or other place in which goods are stored, and in which on any one day of the preceding twelve months ten or more persons have been so employed, or

(*b*) any market in which on any one day of the preceding twelve months one hundred or more persons have been so employed; or

(*xxvii*) employed in any occupation involving the handling and manipulation of radium or X-rays apparatus, or contact with radio-active substances."

Amendment of Schedule III, Act VIII of 1923.

12. In Schedule III to the said Act,—

(*a*) before the entry relating to lead poisoning or its sequelæ, the following shall be inserted, namely:—

"PART A.

Anthrax	Any employment— (*a*) involving the handling of wool, hair, bristles or animal carcases or parts of such carcases, including hides, hoofs and horns; or (*b*) in connection with animals infected with anthrax; or (*c*) involving the loading, unloading or transport of any merchandise.
Compressed air illness or its sequelæ.	Any process carried on in compressed air.
Poisoning by lead tetra-ethyl	Any process involving the use of lead tetra-ethyl.

PART B.";

(*b*) in the entry relating to lead poisoning or its sequelæ, to the words in the first column the words "excluding poisoning by lead tetra-ethyl" shall be added, and for the words "or its preparations or compounds" in the second column the words "or any of its preparations or compounds except lead tetra-ethyl" shall be substituted; and

(*c*) for the existing entry relating to compressed air illness or its sequelæ the following entries shall be substituted, namely:—

"Arsenical poisoning or its sequelæ.	Any process involving the production, liberation or utilisation of arsenic or its compounds.
Pathological manifestations due to— (*a*) radium and other radio-active substances; (*b*) X-rays.	Any process involving exposure to the action of radium, radio-active substances, or X-rays.
Primary epitheliomatous cancer of the skin.	Any process involving the handling or use of tar, pitch, bitumen, mineral oil, paraffin, or the compounds, products or residues of these substances."

STATEMENT OF OBJECTS AND REASONS.

A number of ambiguities and minor defects have come to light in recent years in the course of the administration of the Workmen's Compensation Act. A bill to deal with these was prepared in 1936 and provincial Governments were requested to give it wide publicity and to invite opinions on it. The views received by the Government of India were generally favourable but certain modifications have been made to meet criticisms received and one of the proposals originally made has been omitted as it formed the subject of a separate Act which was passed during the last Delhi session of the Indian Legislature. The notes on clauses explain the purpose of the present proposals in detail.

T. A. STEWART.

SIMLA;

The 13th August, 1937.

NOTES ON CLAUSES.

Clause 2.—The reference is to the dependents of a deceased workman and the changes are formal.

Clause 3.—See note on clause 13.

Clause 4.—The change is formal: section 5, as it stands, is not divided into sub-sections.

Clause 5(a).—The clause as it stands at present opens with the words "no proceedings for the recovery of compensation". These are too wide as they can be read as covering not merely the original application but subsequent proceedings for recovering compensation under section 31. Thus, for example, when an award for temporary disablement has been secured, the workman may, at a later stage, find it necessary to apply to the Commissioner because the employer has discontinued the payments. The period of limitation prescribed by this clause should be confined to the first application.

The revised clause omits the words "and before the workman has voluntarily left the employment in which he was injured". A workman cannot give notice earlier than is practicable and a second condition is unnecessary or unreasonable.

Finally, the redraft makes it clear that "instituted" refers to claims instituted before the Commissioner. The necessity of making the point clear has arisen as a result of a ruling given by the Calcutta High Court to the effect that "instituted" means instituted before the employer, which has the effect of enabling a workman who once claimed compensation from an employer to bring a case before the Commissioner without any limitation of time.

(*b*) (*i*), (*ii*).—The amendments are verbal and consequential.

(*b*) (*iii*).—The amendment is desirable because the clause, as it stands, appears to cover only cases where the employer himself had knowledge of the accident. It thus excludes, for example, the case where a manager or other person competent to receive notice under section 10(*2*) is aware of the accident.

(*c*) (*i*).—The amendment is verbal and consequential.

(*c*) (*ii*).—The Bombay High Court has ruled that if the first six months' delay is satisfactorily explained no explanation of subsequent delay, however long, is necessary. It is unreasonable that a workman who has a satisfactory excuse for the first six months should thereby be enabled to claim without any limitation of time.

Clause 6.—The object is to cover the case where the workman, although regularly visited by a medical practitioner, deliberately disregards his advice or instructions. Further, the word "thereafter" is at present misplaced. The point is that the workman should not be penalised in respect of any conduct before the refusal or disregard takes place.

Clause 7.—The sub-section was designed to ensure that the shipowner (who is ordinarily liable under the Merchant Shipping Act for funeral expenses of a seaman) should not be subjected to a further payment out of compensation on this account. It is operative only where there are no dependants. In such cases, if the shipowner himself incurs the funeral expenses section 8(*4*) protects him adequately; while if some other person incurs the funeral expenses, the sub-section operates to deprive that person of the ordinary right of recovery under section 8(*4*).

Clause 8.—This is consequential on the enactment of the Factories Act, 1934.

Clause 9.—The sub-section, as it stands at present, prescribes as a condition for transfer that a party to the proceedings shall satisfy the Commissioner that transfer is proper. This causes difficulty where no parties are present, *e.g.*, where the workman dies in one province and his dependents live in another. The amendment is designed to remove this difficulty.

Clause 10.—Persons other than legal practitioners appearing before the Commissioners under written authorities have victimised or attempted to victimise workers. The proposed change will render it necessary for persons who are not legal practitioners or officials of registered trade unions or officials of Insurance Companies, to obtain the Commissioner's permission before appearing.

Clause 11(*a*).—It is doubtful if the clause, as it stands, covers lifts or vehicles propelled by steam or electricity. The amendment is designed to remove any ambiguity which may exist on the point and will bring the wording in line with that in clause (*vi*) (*a*) of the Schedule.

(*b*).—This is consequential on the enactment of the Factories Act, 1934.

(*c*) *and* (*d*).—These clauses have already been brought within the scope of the Act by notifications. The amendment of the Act offers a suitable opportunity of including them in the Schedule.

Clause 12.—The substantive change proposed is the removal of the condition that a workman who contracts compressed air illness or poisoning by lead tetra-ethyl should have served for the preceding six months under the employer whom he served when the accident occurred. These diseases, unlike most industrial diseases, do not develop gradually and the condition is unreasonable in their case. The opportunity has been taken, in this clause and clause 3 of the Bill, to re-arrange the provisions regarding industrial disease in a more convenient form, and to add formally to Schedule III certain occupational diseases which have already been brought within the scope of the Act by Notification.

The following Bill was introduced in the Legislative Assembly on the 23rd August, 1937:—

L. A. BILL No. 29 OF 1937.

A Bill further to amend the Indian Naturalization Act, 1926, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Naturalization Act, 1926, for the purpose hereinafter appearing; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Naturalization (Amendment) Act, 1937. VII of 1926.

Amendment of section 3, Act VII of 1926.

2. For clause (*b*) of sub-section (*1*) of section 3 of the Indian Naturalization Act, 1926, the following clause shall be substituted, namely:— VII of 1926.

"(*b*) that he is not a British subject, or a subject of any State in America, or a subject of and having his domicile of origin in the European territories of any State situated wholly or partly in Europe, or a subject of any State of which an Indian British subject is prevented by or under any law from becoming a subject by naturalization;".

STATEMENT OF OBJECTS AND REASONS.

The question of the grant of local naturalization certificates under the Indian Naturalization Act, 1926 (VII of 1926), to subjects of certain European States has been the subject of consideration for some time past in view of the fact that a large number of Portuguese Indians, who come mostly from Goa, have settled in Bombay and apply for naturalization. They cannot be naturalized under the Indian Naturalization Act, 1926, for one of the requirements of section 3(*1*) (*b*) of that Act is that any person desiring naturalization under the Act must not be a subject of any State in Europe or America. They could therefore only obtain British national status by applying for naturalization under the British Nationality and Status of Aliens Act, 1914, but this avenue to naturalization would rule out a good number on the requirement of section 2(*1*) (*b*) that the applicant "has an adequate knowledge of the English language" whereas under the Indian Naturalization Act, 1926, an adequate knowledge of a language which has been declared by the Central Government to be a principal vernacular of the province, and not knowledge of English, is required. It has also been found that the expression "a subject of any State in Europe or America" used in section 3(*1*) (*b*) of the Indian Act is virtually incapable of a satisfactory construction where such 'bi-continental' States as Turkey and Russia are concerned. It has, therefore, been decided to amend section 3(*1*) (*b*) of the Indian Naturalization Act, 1926, so as to provide for the naturalization under that Act of subjects of European or partly European Powers who do not have their domicile of origin in Europe.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 27th August, 1937:—

L. A. BILL No. 32 OF 1937.

A Bill further to amend the law relating to the protection of Inventions and Designs.

WHEREAS it is expedient further to amend the law relating to the protection of Inventions and Designs; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Indian Patents and Designs (Amendment) Act, 193 .

Amendment of section 2, Act II of 1911.

2. In clause (*8*) of section 2 of the Indian Patents and Designs Act, 1911 (hereinafter referred to as the said Act), the words "manner of" shall be omitted. II of 1911.

Amendment of section 5, Act II of 1911.

3. In section 5 of the said Act,—

(*a*) in sub-section (*1*),—

(*i*) for the words "examine every application, and if he considers" the words "refer every application to an Examiner and if satisfied on the report of the Examiner" shall be substituted;

(*ii*) in clause (*c*), the words "*prima facie*" shall be omitted;

(*iii*) for clause (*f*) the following clauses shall be substituted, namely:—

"(*f*) the invention has been publicly used in any part of British India or has been made publicly known in any part of British India, or

(*g*) the invention as described and claimed is of no utility, or

(*h*) the specification relates to more than one invention, or

(*i*) in the case of an application claiming priority under section 78A, the specification describes and claims an invention substantially larger than or substantially different from the invention by virtue of which priority is claimed, or

(*j*) in the case of an application for a patent of addition under section 15A, the invention described and claimed in the specification is not an improvement or modification of that described and claimed in the original specification,";

(*b*) after sub-section (*1*) the following sub-section shall be inserted, namely:—

"(*1A*) If the Controller considers, at any time before the acceptance of an application, that the invention claimed therein has been wholly or in part claimed in a specification published on or after the date which the patent applied for would bear if granted, appertaining to an application for a patent which if granted will be of prior date to the patent applied for, he may require that the applicant's specification be amended by the insertion of a reference to such other specification, by way of notice to the public.";

(*c*) in sub-section (*2*), after the word "amendment" the words "or the insertion of a reference" shall be inserted; and

(*d*) in the proviso to sub-section (*4*),—

(*i*) the words "by any period not exceeding three months" shall be omitted; and

(*ii*) for the words "during, but not beyond the period of extension so requested" the words "for any period so requested not exceeding in all three months from the expiration of the said period of twelve months" shall be substituted.

Amendment of section 10, Act II of 1911.

4. In clause (*b*) of the proviso to sub-section (*2*) of section 10 of the said Act, after the word "patent", where it occurs for the first time, the words "or by any proceedings taken for obtaining a direction of the Controller under the provisions of sub-section (*1A*)" shall be inserted.

Amendment of section 14, Act II of 1911.

5. In the proviso to sub-section (*2*) of section 14 of the said Act,—

(*a*) the words " by any period not exceeding three months" shall be omitted; and

(*b*) for the words "during, but not beyond, the period of extension applied for" the words "for any period so applied for not exceeding in all three months from the expiration of the time for payment" shall be substituted.

Amendment of section 15, Act II of 1911.

6. In section 15 of the said Act, for sub-sections (*5*) and (*6*) the following sub-sections shall be substituted, namely:—

"(*5*) The Central Government or the High Court to which a petition is referred shall in considering the petition have regard to the nature and merits of the invention in relation to the public, to the profits made on the patent and to all the circumstances of the case.

(*6*) If it appears to the Central Government or to the High Court when the petition is referred to it, that the patent has not been sufficiently remunerative, the Central Government or the High Court, as the case may be, may by order extend the term of the patent for a further term not exceeding five or in exceptional cases ten years or may order the grant of a new patent for such term as may be specified in the order and subject to any restriction, conditions and provisions which the Central Government or the High Court, as the case may be, may think fit."

Amendment of section 26, Act II of 1911.

7. In sub-section (*1*) of section 26 of the said Act,—

(*a*) for clause (*b*) the following clauses shall be substituted, namely:—

"(*b*) that any invention included in the statement of claim was not, at the date of application for a patent, a new manufacture or improvement;

(*bb*) that any invention included in the statement of claim had, before the date of the application for a patent thereon, been publicly used in any part of British India or been made publicly known in any part of British India;

(*bbb*) that the inventor had, before the date of the application for a patent, by secret or experimental user made direct or indirect profits

from his invention in excess of such an amount as the Court may in consideration of all the circumstances of the case deem reasonable;"; and

(*b*) in clause (*c*), after the word "not" the words "or, where the application was a joint one, that no one of the applicants was" shall be inserted.

Amendment of section 29, Act II of 1911.

8. In sub-section (*2*) of section 29 of the said Act, for the words "this Act" the word and figure "section 26" shall be substituted.

Substitution of of new section for section 38, Act II of 1911.

9. For section 38 of the said Act the following section shall be substituted, namely:—

Public use or knowledge of invention.

"38. The public use or knowledge of an invention before the date of the application for a patent thereon shall not be deemed a public use or knowledge within the meaning of clause (*f*) of sub-section (*1*) of section 5, or clause (*d*) of sub-section (*1*) of section 9 or clause (*bb*) of sub-section (*1*) of section 26 if the knowledge has been obtained surreptitiously or in fraud of the true and first inventor or has been communicated to the public in fraud of such inventor or in breach of confidence:

Provided that such inventor has not acquiesced in the public use of his invention, and that, within six months after the commencement of such use, he applies for a patent."

Substitution of new section for section 40, Act II of 1911.

10. For section 40 of the said Act the following section shall be substituted, namely:—

Provisions as to exhibitions.

"40. The exhibition of an invention at an industrial or other exhibition to which the provisions of this section have been extended by the Central Government by notification in the Official Gazette, or the publication of any description of the invention during the period of the holding of the exhibition, or the use of the invention for the purpose of the exhibition in the place where the exhibition is held, or the use of the invention or the publication of any description thereof, during or after the period of the holding of the exhibition, by any person elsewhere without the privity or consent of the inventor shall not prejudice the right of the inventor to apply for and obtain a patent in respect of the invention, or the validity of any patent granted on the application:

Provided that—

(*a*) the exhibitor exhibiting the invention gives to the Controller previous notice in the prescribed form; and

(*b*) the application for a patent is made before or within six months from the date of first exhibiting the invention."

Amendment of section 47, Act II of 1911.

11. In sub-sections (*2*) and (*3*) of section 47 of the said Act, the words "within the prescribed time" shall be omitted.

Substitution of new section for section 52, Act II of 1911.

12. For section 52 of the said Act the following section shall be substituted, namely:—

Provisions as to exhibitions.

"52. The exhibition of a design, or of any article to which a design is applied, at an industrial or other exhibition to which the provisions of

this section have been extended by the Central Government by notification in the Official Gazette, or the publication of a description of the design, during the period of the holding of the exhibition, or the exhibition of the design or the article or the publication of a description of the design by any person elsewhere during or after the period of the holding of the exhibition, without the privity or consent of the proprietor, shall not prevent the design from being registered or invalidate the registration thereof:

Provided that—

(*a*) the exhibitor exhibiting the design or article, or publishing a description of the design, gives to the Controller previous notice in the prescribed form; and

(*b*) the application for registration is made within six months from the date of first exhibiting the design or article or publishing a description of the design."

Amendment of section 53, Act II of 1911.

13. In sub-section (*1*) of section 53 of the said Act, after clause (*a*) the following clause shall be inserted, namely:—

"(*aa*) to import for the purposes of sale, without the consent of the registered proprietor, any article to which the design or any fraudulent or obvious imitation thereof has been applied; or".

Insertion of new section 59A in Act II of 1911.

14. After section 59 of the said Act, the following section shall be inserted, namely:—

Information relating to patents.

"59A. A person making a request to the Controller in the prescribed manner as respects any patent specified in the request or as respects any application for a patent so specified, for information to be furnished to him by the Controller of any such matters as may be prescribed affecting that patent or application, shall be entitled, subject to the payment of the prescribed fee, to have information supplied to him accordingly."

Substitution of new section for section 60, Act II of 1911.

15. For section 60 of the said Act the following section shall be substituted, namely:—

Privilege of reports of Examiners.

"60. Reports of Examiners made under this Act shall not in any case be published or be open to public inspection."

Amendment of section 65, Act II of 1911.

16. In section 65 of the said Act, the word "and", in the first three places where it occurs, shall be omitted, and for the words "compelling the production of documents and awarding costs" the words "compelling the discovery and production of documents, issuing commissions for the examining of witnesses and awarding and realising costs" shall be substituted.

Insertion of new section 70A in Act II of 1911.

17. After the heading "*Evidence, etc.*" and before section 71 of the said Act, the following section shall be inserted, namely:—

Evidence before the Controller.

"70A. Subject to any rules made under section 77, in any proceeding under this Act before the Controller, the evidence shall be given by affidavit, in the absence of directions by the Controller to the contrary; but in any case in which the Controller thinks it right so to do

he may take evidence *viva voce* in lieu of or in addition to evidence by affidavit or may allow any party to be cross-examined on the contents of his affidavit."

Insertion of new section 71A in Act II of 1911.

18. After section 71 of the said Act the following section shall be inserted, namely:—

Evidence of documents in Patent office.

"71A. Printed or written copies or extracts, purporting to be certified by the Controller and sealed with the seal of the Patent Office, of or from patents, specifications and other documents in the Patent Office, and of or from registers and other books kept there, shall be admitted in evidence in all Courts in British India, and in all proceedings, without further proof or production of the originals:

Provided that a Court may, if it sees reasons to doubt the accuracy or authenticity of the copies tendered in evidence, require the production of the originals or such further proof as it considers necessary.".

Substitution of new section for section 72, Act II of 1911.

19. For section 72 of the said Act, the following section shall be substituted, namely:—

Transmission of copies of specifications, etc., and inspection thereof.

"72. Copies of all such specifications, drawings and amendments left at the Patent Office, as become open to public inspection under the provisions of this Act, shall be transmitted, as soon as may be, after the printed copies thereof are available, to such authorities as the Central Government may appoint in this behalf, and shall be open to the inspection of any person at all reasonable times at places to be appointed by those authorities and approved by the Central Government."

Amendment of section 78A, Act II of 1911.

20. In sub-section (*1*) of section 78A of the said Act,—

(*a*) after the words "assignee shall" the words ", either alone or jointly with any other person," shall be inserted; and

(*b*) for the words "be entitled to a patent for his invention or to registration of his design under this Act, in priority to other applicants; and the patent or registration shall have" the words "be entitled to claim that the patent that may be granted to him under this Act, for the said invention or the registration of the said design under this Act, shall be in priority to other applicants and shall have" shall be substituted.

Amendment of Schedule, Act II of 1911.

21. In the Schedule to the said Act, for the words "Before the expiration of", where they occur in the penultimate entry, the words "In respect of" shall be substituted.

Amendment of section 18, Act VIII of 1878.

22. In section 18 of the Indian Sea Customs Act, 1878, after clause (*f*) the following clause shall be inserted, namely:— VIII of 1878.

"(*ff*) goods made or produced beyond the limits of British India and intended for sale, and having applied thereto, a design in which copyright exists under the Indian Patents and Designs Act, 1911, in respect of the class to which the goods belong or any fraudulent or obvious imitation of such design except the application of such design has been made with the license or written consent of the registered proprietor of the design:".

STATEMENT OF OBJECTS AND REASONS.

The necessity for amending the law in order to put a stop to the import of goods bearing pirated designs registered under the Indian Patents and Designs Act, 1911, has recently been brought to notice and experience has shown that certain further amendments of that Act to improve the law in minor respects are desirable. The proposals in the Bill, which are explained in the notes on clauses, are designed to achieve these objects.

T. A. STEWART.

SIMLA;

The 16th August, 1397.

NOTES ON CLAUSES.

Clause 2.—The words "manner of" are redundant.

Clause 3 (a) (i).—The amendment is designed to bring the law into conformity with existing practice and is based on section 6 of the United Kingdom Patents and Designs Act, 1907.

Clause 3 (a) (ii).—This is designed to enable the Patent Office to cite prior specifications and documents by way of anticipation of the invention and brings the law into conformity with existing practice.

Clause 3 (a) (iii) (f).—Previous public use or knowledge of an invention is a ground on which the Controller can refuse the grant of a patent in opposition proceedings under section 9. The amendment now proposed will enable the Controller to consider this ground and take action under section 5 when considering an application for a patent initially.

Clause 3 (a) (iii) (g).—The requirement of utility is indispensable for an invention. While a patent can be revoked by a High Court on the ground of lack of utility, there is no specific provision under which the Controller can refuse an application for a patent on the same ground. The amendment will remove the defect.

Clause 3 (a) (iii) (h).—This corresponds to the existing clause (*f*) of section 5 (*1*).

Clause 3 (a) (iii) (i).—Applicants claiming the benefits of section 78A of the Act frequently include in their Indian specifications subject-matter in excess of that disclosed in the corresponding specifications filed by them abroad on the date claimed for the Indian patent. The amendment provides for the examination of this aspect of the priority specifications.

Clause 3 (a) (iii) (j).—Every alleged modification for which a patent of addition is sought under section 15A of the Act may not be a fit subject for such a patent. The amendment will enable the Patent Office to regulate the grant of patents of this class.

Clause 3 (b).—This corresponds to section 8 of the United Kingdom Patents and Designs Act, 1907, and is intended to safeguard the interests of the public where the grant of a patent is likely to conflict with a prior grant. It conforms to existing practice.

Clause 3 (c).—This amendment is consequential on the amendment in clause 3 (*b*) above.

Clause 3 (d).—This makes it clear that the extension of time permissible is 3 months from the date of the expiration of the period of 12 months.

Clause 4.—A minor amendment which follows the provision in section 12(*4*) (*b*) of the United Kingdom Patents and Designs Act, 1907.

Clause 5.—The same reasons apply as in the case of the amendment proposed in clause 3 (*d*) above.

Clause 6.—At present there is no statutory obligation on the part of the Central Government to follow the principles laid down for the High Court in section 15 (*5*), but in disposing of cases they generally follow these principles. The amendment brings the criteria for Government and High Courts into line and removes minor defects.

Clause 7 (a).—This amendment incorporates in this sub-section the definition of "new invention" now contained in section 38 (*1*) and brings the criteria in respect of novelty applicable in High Court proceedings into line with those which have to be followed by the Controller.

Clause 7 (*b*).—The amendment is necessary to cover joint applications; *cf.* section 3 (*3*).

Clause 8.—The existing wording seems to authorise defendants in infringement proceedings, to raise for the consideration of the Court questions which are specifically reserved for the Central Government by sections 22, 23 and 25 of the Act. The proposed amendment will remove the defect.

Clause 9.—Sub-section (*1*) of section 38 has been omitted as its provisions have been replaced by clauses (*bb*) and (*bbb*) of the proposed section 26 (*1*). The amendment of sub-section (*2*) of section 38 is consequential on the amendments proposed in sections 5 (*1*) and 26 (*1*) (*b*).

Clause 10.—The existing sub-section (*2*), which is intended to apply to exhibitions held outside India, has been omitted in the proposed amendment, which, with minor changes, follows the existing sub-section (*1*) and is comprehensive enough to cover exhibitions held within as well as outside India. The amended section also renders unnecessary the issue of a certificate by the Central Government and protects the rights of the invention for the grant of a patent even in cases where disclosure of the invention is made after the holding of the exhibition.

Clause 11.—The prescription of time serves no useful purpose.

Clause 12.—The same reasons apply here as in the case of the amendment in clause 10 above.

Clause 13.—To deal with the piracy of designs abroad it is essential that the owner should have a remedy against the importer of pirated designs without being required to prove that the importer was aware that the design was pirated.

Clause 14.—This addition is based on section 44A of the United Kingdom Patents and Designs Act, 1907, and is designed to assist the public.

Clause 15.—The amendment is consequential on the amendment in clause 3 (*a*) (*i*).

Clause 16.—The amendments relating to the deletion of the word "and" and the addition of the words "discovery and" before the word "compelling" are formal. The other amendments will empower the Controller to receive evidence by commission, which is desirable as witnesses who can give useful evidence often reside at a great distance from Calcutta, and to order the realisation of costs awarded by him.

Clause 17.—This is based on section 77 of the United Kingdom Patents and Designs Act, 1907, and will enable the Controller to prevent waste of time, as parties frequently summon witnesses to prove matters which could be adequately proved by affidavits.

Clause 18.—At present parties to proceedings in Courts, instead of obtaining on payment certified copies of public documents which are open to the inspection of the public in the Patent Office, arrange for the issue of sub-poenas by Courts on the Controller for the production of original documents. This practice causes unnecessary inconvenience.

Clause 19.—Copies of only those specifications which are open to public inspection are transmitted and not of all specifications. Moreover, copies transmitted are not certified or sealed with the seal of the Patent Office. The amendment brings the law into conformity with practice and also empowers the Central Government to appoint the authorities to whom copies of specifications are to be sent and to approve the places where inspection centres should be opened.

Clause 20 (*a*).—This is a verbal amendment which will enable persons to apply for a patent jointly with others.

Clause 20 (*b*).—This amendment makes it clear that any person who has applied for protection for any invention or design outside British India is not entitled to a patent or to registration of his design in British India as a matter of course; the application merely enables a claim which is good on its merits to secure priority and to be dated back.

Clause 21.—A formal amendment.

Clause 22.—This amendment will assist in stopping the import of goods bearing pirated designs. The section cited provides for the prohibition of import into British India of certain classes of goods.

The following Bill* was introduced in the Legislative Assembly on the 27th August, 1937:—

L. A. BILL No. 33 OF 1937.

A Bill further to amend the Indian Mines Act, 1923, for certain purposes.

WHEREAS it is expedient further to amend the Indian Mines Act, 1923, for the purposes hereinafter appearing; It is hereby enacted as follows:— IV of 1923.

Short title.

1. This Act may be called the Indian Mines (Amendment) Act, 1937.

Amendment of section 2, Act XI of 1936.

2. In section 2 of the Indian Mines (Amendment) Act, 1936— XI of 1936.

(*a*) in sub-section (*1*), for the words "the following sub-section shall be deemed to be inserted" the words "the following sub-section shall be inserted" shall be substituted, and

(*b*) sub-section (*2*) shall be omitted.

Amendment of section 9, Act IV of 1923.

3. In section 9 of the Indian Mines Act, 1923 (hereinafter referred to as the said Act), IV of 1923.—

(*a*) to sub-section (*1*) the following words shall be added, namely:—

"and shall not be disclosed to any person other than a Magistrate or an official superior unless the Chief Inspector or the Inspector considers disclosure necessary to ensure the safety of any persons";

(*b*) in sub-section (*2*), for the words "to any one, other than a Magistrate or an officer to whom he is subordinate" the following words shall be substituted, namely:—

'contrary to the provisions of sub-section (*1*)";

(*c*) in sub-section (*3*), for the words following the words "under this section" the following words shall be substituted, namely:—

"except with the previous sanction of the Central Government".

Amendment of section 30A, Act IV of 1923.

4. In section 30A of the said Act, for clauses (*a*), (*b*), (*c*) and (*d*) the following clauses shall be substituted, namely:—

"(*a*) requiring the establishment of Central rescue stations for groups of specified mines or for all mines in a specified area and prescribing how and by whom such stations shall be established;

(*b*) providing for the management of central rescue stations, and regulating the constitution, powers and functions of and the conduct of business by the authorities charged with such management;

---

*The Governor General has been pleased to accord the sanction necessary under section 67 of the Government of India Act as set out in the Ninth Schedule to the Government of India Act, 1935, and modified by paragraph 12 of the Government of India (Commencement and Transitory Provisions) Order, 1936.

(*c*) prescribing the position, equipment, control, maintenance and functions of central rescue stations;

(*d*) providing for the levy and collection of a duty of excise (at a rate not exceeding one anna per ton) on coke and coal produced in and despatched from mines specified under clause (*a*) in any group or included under clause (*a*) in any specified area, the utilisation of the proceeds thereof for the creation of a central rescue station fund for such group or area, and the administration of such funds;

(*e*) providing for the formation, training and duties of rescue brigades; and

(*f*) providing generally for the conduct of rescue work in mines."

STATEMENT OF OBJECTS AND REASONS.

Section 2 of the Indian Mines (Amendment) Act, 1936, enlarged, temporarily for a period of two years, the powers vested in the Chief Inspector or an Inspector to issue orders applicable to individual mines where danger is apprehended. It was intended that permanent legislation should be undertaken after the whole question of safety in mines had been investigated by a Committee. The Coal Mining Committee has recommended that the temporary powers should be made permanent, and *clause 2* of the Bill is designed for this purpose.

Clause 3 is designed to remove certain defects in section 9 of the Indian Mines Act, 1923, which prohibits the Mining Inspectorate from disclosing to any but specified officers information acquired by him in the course of an inspection except with the consent of the Central Government. As in the course of an inspection of a mine evidence of danger to adjacent mines may be secured, it is desirable to permit the disclosure of such information to persons likely to be affected, without special permission. It is proposed also to provide that prosecutions for unlawful disclosure of information should have the previous sanction of the Central Government.

Clause 4 seeks, in recasting section 30A of the Mines Act [introduced by the Indian Mines (Amendment) Act, 1936], to remove defects which came to notice in drafting regulations under the section and especially to provide for the imposition of a duty on coal and coke for defraying the cost of rescue stations. The section as it now stands provides for the allocation of the expense of such stations among mines served by such stations and for the recovery from owners or agents of mines of the sums payable. The realization of the cost direct from the mineowners would present considerable difficulties and it is administratively more convenient to meet the cost by a small levy on despatches.

The following Bill was introduced in the Legislative Assembly on the 23rd August, 1937:—

L. A. BILL No. 23 OF 1937

A Bill to provide for the continuance in force of certain rules and regulations.

WHEREAS it is expedient to provide for the continuance in force of certain rules made under the Indian Electricity Act, 1910, and certain regulations made under the Indian Boilers Act, 1923; It is hereby enacted as follows:— IX of 1910. V of 1923.

Short title.

1. This Act may be called the Rules and Regulations Continuance Act, 1937.

Continuance in force of rules and regulations made under Act IX of 1910 and Act V of 1923.

2. Rules made before the 31st day of March, 1937, under section 37 of the Indian Electricity Act, 1910, and regulations made before the 28th day of March, 1937, under section 28 of the Indian Boilers Act, 1923, by the Governor General in Council shall, on and from the said dates respectively, be deemed to have been made under the said sections of the said Acts by the authority substituted for the Governor General in Council by the Indian Electricity (Amendment) Act, 1937, and the Indian Boilers (Amendment) Act, 1937, respectively, and shall continue to be in force until superseded by rules or regulations made under the said sections of the said Acts by the Central Electricity Board or the Central Boilers Board, as the case may be. IX of 1910. V of 1923. X of 1937. XI of 1937.

STATEMENT OF OBJECTS AND REASONS.

Section 5 of the Indian Electricity (Amendment) Act, 1937, and the corresponding section of the Indian Boilers (Amendment) Act, 1937, transferred to Central Boards the Governor General in Council's powers to make rules and regulations under section 37 of the Indian Electricity Act, 1910, and section 28 of the Indian Boilers Act, 1923, respectively. A doubt has been expressed as to whether the Indian Electricity Rules, 1937, and the Boiler Regulations, 1935, made by the Governor General in Council before the Amendment Acts were brought into force, have survived the transfer of his powers to Central Boards which was effected by those Acts. To avoid this doubt, it is proposed to legislate in the Rules and Regulations Continuance Bill for the continuance in force of the rules and regulations made by the Governor General in Council, as if they had been made by the Central Electricity and Boilers Boards.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 27th September 1937.

First Forecast of the Winter Rice Crop of Bengal, 1937-38.

(*Note.*—On an average of the five years ending 1935-36, the area under winter rice in Bengal has represented some 20·7 per cent. of the total area under winter rice in India.)

Character of the season.—Rainfall was general in May, but in the months of June and July it was deficient in most of the districts. Insufficient rainfall delayed the sowing and transplanting operations and adversely affected the crop in its early stage. Rainfall in August and in the first part of September facilitated late transplantation particularly in the affected districts of North Bengal and in parts of West Bengal and it generally effected an improvement in the prospects and condition of the crop. In the districts of Chittagong and Bakarganj excessive rain fell all through the season which followed by floods did considerable damage to young plants and seedlings and delayed transplantation. Pamari insects also caused damage to young seedlings in Bakarganj. The present condition of the crop is fair.

Acreage.—According to the figures returned by the District Officers, the total acreage under winter rice is 15,798,800 acres as compared with 15,487,100 and 15,803,600 acres in the corresponding and final forecasts of last year.

Outturn.—From the summary of the district returns appended it will be seen that one district returns a crop of 111 per cent., one a normal crop and the rest varying from 96 to 75 per cent. of the normal.

According to the above estimates, the Provincial outturn works out to 86 per cent. as against 88 and 106 per cent. of the normal estimated in the corresponding and final forecasts respectively of last year.

Director of Agriculture, Bengal.

APPENDIX I.

First Forecast of the Winter Rice Crop of Bengal, 1937-38.

District.	Estimated normal area under winter rice.	Estimated area under winter rice.		Estimated outturn as a percentage of the normal yield per unit of area.		Date by which the sowing of broadcasted winter rice generally commenced this year and whether that date was early, normal or late.	Date by which the transplanting of winter rice commenced this year and whether that date was early, normal or late.	Remarks by District Officers.
		Last year.	This year.	Last year.	This year.			
	Acres.	Acres.	Acres.					
24-Parganas.	840,600	740,000	789,300	133	83	Beginning of July. Normal.	Middle of July. Normal.	Increase in area is due to favourable weather.
Nadia ..	186,800	175,500	280,000	83	83	May to middle of June. Late.	Middle of July. Late.	Increase is due to increased cultivation of *aman* owing to apprehension of flood which considerably damaged *aus* paddy last year. Weather has not been very favourable. Want of sufficient rainfall has caused the outturn to fall below normal.
Murshidabad.	416,200	437,600	432,000	125	111	June. Normal ..	June in Kandi; July in Sadar and Lalbagh. Normal. Beginning of August in Jangipur. Late.	Decrease in area as compared with the last year is due to lack of rainfall at the proper time in Sadar and Jangipur. Slight damage was caused to the crop grown on the "beel" land by flood in Jangipur.
Jessore ..	434,000	400,700	367,500	64	77	April and May. Normal.	July. Normal ..	Decrease in area is due to insufficient rainfall at the time of sowing and transplantation. The outturn is apprehended to fall below normal on account of insufficient rainfall.
Khulna	905,800	793,000	790,000	100	83	Beginning of June. Normal.	Latter part of July.	The decrease in area is due to insufficient rain at the time of sowing. Effect of weather on the cultivation and growth of the crop has been fair in Sadar and Bagerhat but not very favourable in Satkhira. Want of timely rain is responsible for decrease of outturn.
Burdwan	657,100	560,900	514,100	100	83	Third week of June. Normal.	First week of July. Normal.	The decrease in area is due to unfavourable weather conditions. The outturn is below normal owing to unfavourable weather conditions.
Birbhum	643,600	632,800	595,100	133	83	First part of June. Normal	Last part of July. Late.	The decrease in area is due to untimely rainfall Character and effect of weather has been fair. Outturn will fall below normal for want of timely rainfall.
Bankura	440,000	420,100	396,700	125	92	End of May Normal.	End of June. Normal.	The decrease in area is due to want of rainfall at the sowing time. Weather was not favourable at sowing time but since then has become favourable.
Midnapore	1,537,100	1,379,800	1,409,000	133	92	End of May and beginning of June. Normal.	Beginning of July. Normal.	The weather has been favourable.
Hooghly	411,800	270,000	270,000	100	83	Last week of June. Normal.	End of July. Normal.	Weather has been favourable after sowing time. About 4 annas damage is reported in Arambagh subdivision.
Howrah	92,000	100,000	101,500	100	92	End of June. Late.	End of July. Late.	The increase in area is due to the good outturn of the crop last year and to the restriction of jute cultivation. There was want of adequate rains at the sowing time. Weather has become favourable afterwards. The present estimate of outturn is below the normal due to unfavourable condition at the beginning
Rajshahi	822,700	729,000	719,000	83	83	April. Normal	July. Normal ..	Weather was not unfavourable but more rain is wanted. Some damage has been done to the crop and the expected outturn is below normal.
Dinajpur	1,035,300	801,300	823,800	100	83	Middle of June Normal.	First week of August. Late.	The increase in area is due to utilisation of fallow and jute lands as well as propaganda. Owing to late rains outturn is expected to fall below the normal.
Jalpaiguri	467,400	398,800	290,800	133	75	....	July. Normal ..	The decrease in area is due to drought during sowing time. The weather has however become favourable later for growth. Drought and late rain will cause the outturn to fall below the normal.
Darjeeling	60,000	57,600	57,000	92	92	May. Normal ..	July and August. Normal.	Weather has been fair.
Rangpur	692,000	680,000	685,000	95	100	Middle of March. Normal.	June. Normal ..	Effect of weather has not been favourable due to scarcity of rains.
Bogra ..	337,000	390,000	390,000	100	75	March. Normal	July. Normal ..	Weather has been unfavourable and rain water insufficient for transplantation.

Pabna ..	505,300	502,500	496,800	92	83	End of April in Serajganj and middle of June in Sadar. Late.	Beginning of August. Late.	The decrease in area is due to insufficient rainfall at sowing time. About 3 annas damage by drought is reported from the Serajganj subdivision. Outturn will fall below normal.
Malda ..	304,000	136,000	121,000	100	75	End of July. Normal.	Beginning of August. Late.	The decrease in area is due to late rain. Outturn is expected to fall below normal as the sowing was late.
Dacca ..	672,400	656,600	666,700	98	93	April. A little late.	August Normal	The increase in area is due to decrease in jute. Weather was not very favourable at sowing time but has become favourable afterwards.
Mymensingh.	1,457,300	1,415,100	1,430,400	100	75	May. Late ..	July. Late ..	The slight increase in area is due to jute restriction. There was drought at sowing time. Want of timely rain affected early growth, but this was compensated subsequently.
Faridpur	868,500	809,000	861,200	87	96	April. Normal	June to August. Late.	The increase in area is due to decreases in area in jute as well as that of sugarcane. Weather on the whole has been favourable. Drought at the sowing time and subsequent heavy rainfall slightly affected the crop.
Bakarganj	1,300,000	1,430,000	1,430,000	110	83	April and May. Normal.	August. Late ..	The weather was not favourable. There was excessive rains and floods at the time of preparing paddy seedling. It was, however, favourable for lowlying tracts where broadcasting is done. Pamari has done considerable damage to young seedlings followed by flood and its effect has been very serious in the South where transplanting has been delayed and scarcity of seedlings experienced. It is apprehended that all the lands available for transplanted paddy may not be put under the crop and the outturn as such cannot be expected even normal this year.
Chittagong	429,000	442,000	438,000	100	80	May. Normal ..	July. Normal .	The decrease in area is due to drought at the time of sowing Weather has not been favourable.
Tippera	803,800	813,000	812,600	100	92	April. Late ..	July. Normal ..	There was drought at sowing time but weather has now become favourable.
Noakhali	705,000	589,000	589,000	95	80	May. Normal ..	August. Normal	Weather has been favourable.
Chittagong Hill Tracts.	44,300	43,300	43,300	100	92	Middle of June. Rather late.	Second week of August. Normal.	Weather has been fair. Some damage done in a small area.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 27th September 1937.

Preliminary forecast of the Bhadoi Crops of Bengal, 1937-38.

(*Note.*—On an average of the five years ending 1935-36, the area under autumn rice in Bengal has represented some 7·9 per cent. of the total area under rice in British India.)

Character of the season.—Rainfall in February was sufficient for the preparatory tillage. March and April were dry and sowings proceeded slowly in the lowland tracts of East and North Bengal, while elsewhere the operation was delayed owing to scanty rain. In May rainfall was general in East and North Bengal and the sowing was nearing completion, while in West Bengal the progress was slow for want of rainfall. Insufficient rainfall in the months of June and July affected the highland crops. Insect pests also did some damage in the district of Bakarganj and also in some other tracts. On the whole the season was satisfactory for lowland crops.

Acreage.—The total acreage sown with different *Bhadoi* crops this year is reported to be 6,605,600 acres as against 6,490,700 and 6,494,100 acres, respectively, in the corresponding and final forecasts of the last year.

Of this, the area under autumn rice is estimated at 5,855,100 acres as against 5,754,600 and 5,756,600 acres, respectively, in the corresponding and final forecasts of last year.

Outturn.—According to the District Officers' estimates, the outturn of the different *Bhadoi* crops for the Presidency works out at 82 per cent. of the normal this year as against 80 and 82 per cents., respectively, in the corresponding and final forecasts of last year. Autumn rice is estimated to yield an outturn of 82 per cent. of the normal for the province this year as against 80 and 81 per cents., respectively, in the corresponding and final forecasts of last year.

Director of Agriculture, Bengal.

Bakarganj.	*Bhadoi* paddy (autumn rice).	310,000	345,000	360,000	110	83	April to June. A little late.	The increase in area is due to jute restriction propaganda. There was drought at the beginning followed by heavy rains and flood. Growth of the lowlying crop was good but subsequently Pamari insect pests have damaged the crop very badly in some parts of the district. Hence the outturn is estimated below the normal.

Local Self-Government (Local Boards).

CALCUTTA, THE 30TH SEPTEMBER 1937.

RESOLUTION—No. 5396L.S.-G.

READ—

Reports of the Commissioners of Divisions on the working of the union boards during 1935-36.

The year under review was marked by further progress in the growth and development of union boards in the province. The number of union boards rose from 4,737 to 4,810 and altogether 74 new boards came into existence. Of these, 43 were in the Asansol subdivision of the Burdwan district to which the Village Self-Government Act had been extended for the first time in the preceding year; 23 in the Jalpaiguri district, 5 in Midnapore, 2 in Bakarganj and 1 in the 24-Parganas. In the district of Bogra, on the other hand, one union board was abolished as a result of amalgamation with another board, while the area of another union board was transferred to the Dinajpur district. The most important events of general interest in the year under review in the sphere of village self-government were the formation of union boards for the first time in the Asansol subdivision of the Burdwan district and the re-introduction of the Village Self-Government Act in the Midnapore district from which it had been withdrawn in the year 1921-22. The number of union boards in the other districts remained unchanged.

2. **Franchise.**—The number of voters of union boards increased from 2,620,000 to 3,478,000, owing mainly to the reconstitution of several union boards under the extended franchise conferred by the amended Village Self-Government Act and to the establishment of the new boards mentioned above. The increase was shared by all the divisions but it was most marked in the Dacca and Rajshahi Divisions where the number of voters rose by nearly 330,000 and 217,000, respectively. The total number of members of union boards also increased from 42,467 to 43,043.

The growing popularity of the union boards was evident from the keen contest at almost every election and by-election, and also from the fact that a larger percentage of voters exercised their franchise than in the previous years. There were signs to indicate that the ratepayers are learning by experience to appreciate the value of their votes. There was also a growing appreciation of the usefulness of these institutions in the rural life of the province.

3. **Finance.**—The total income of union boards, excluding opening balances rose from Rs. 90·28 lakhs in 1934-35 to Rs. 93·96 lakhs during the year under review. The total receipts from the union rates amounted to Rs. 70·04 lakhs, of which a sum of Rs. 11·84 lakhs was derived from rates imposed under section 37(*b*) of the Village Self-Government Act and Rs. 58·20 lakhs from the chaukidari rate, as compared with Rs. 11·24 lakhs and Rs. 56·90 lakhs, respectively, in the preceding year. The other important receipts of union boards comprised Rs. 2·51 lakhs from rents of chaukidari chakran lands, Rs. 2·24 lakhs from pounds and ferries, Rs. 3·33 lakhs from fees and fines realised by the union courts and benches and Rs. 1·64 lakhs and Rs. 3·20 lakhs, respectively, from grants received from the district boards under section 33 and 45 of the Village Self-Government Act as compared with Rs. 1·61 lakhs and Rs. 2·84 lakhs, respectively, in the preceding year. A sum of about Rs. 1·40 lakhs was received by union boards out of the Provincial grants for rural water-supply and anti-malarial works placed at the disposal of District Magistrates and district boards while Rs. 2·22 lakhs was received as contributions from other sources.

The total expenditure of union boards rose from Rs. 91·17 lakhs to Rs. 94·31 lakhs of which Rs. 49·80 lakhs, or about

52·8 per cent., was spent on the maintenance and equipment of the rural police. Out of the expenditure incurred on works of public utility, during the year under review, a sum of Rs. 7·83 lakhs was spent on water-supply, of which Rs. 6·99 lakhs represented original works. A sum of Rs. 6·56 lakhs was spent on roads; Rs. 2·61 lakhs on drainage, conservancy and other sanitary measures; Rs. 2·91 lakhs on schools and Rs. 1·92 lakhs on dispensaries. The most notable increases in the expenditure on works of public utility during the year were Rs. 1·56 lakhs on water-supply, and Rs. 14,000 on dispensaries. The continued economic depression and the acute distress caused by floods and failure of crops in certain districts, particularly in the Burdwan and the Presidency Divisions, stood in the way of any large expansion of the activities of the union boards, but it is gratifying to note that, generally speaking, the collection of union rates was not seriously affected and the normal activities of the boards did not suffer any real setback from these causes.

The accounts of the union boards were audited, as usual, by the Circle Officers. Five cases of embezzlement of union funds were reported by the Commissioner of the Rajshahi Division. Two of these, which occurred in the Dinajpur district, ended in the conviction of the President and the tax-collector, respectively. As regards the remaining three cases all of which were in the Pabna district, no criminal proceedings were started in two cases as the Presidents concerned subsequently made good the deficits, while in the third case the President of the union board was committed to the sessions for trial on charges of forgery, misappropriation and falsification of accounts. Two cases of defalcation were detected by the District Magistrate of Dacca but the persons concerned could not be prosecuted for want of sufficient evidence. The District Magistrate states that particular difficulties are often experienced in bringing such people to justice. No cases of serious irregularities or defalcation of union funds are mentioned in the reports from the other divisions.

A definite improvement in the position regarding the deposit of union funds in the post-office savings banks is reported to have been effected in the Rajshahi Division mainly through the efforts of the District Officers. Inadequacy of postal communications in remote areas and their inaccessibility during the rainy season are reported to be the main drawbacks which stand in the way of the universal application of rule 3 of the Union Board Account Rules and Government have noted the suggestion made by the Commissioner of the Rajshahi Division that the proviso to this rule should be modified for application in special localities.

4. **Activities of Union Boards.**—It is pleasing to note that, in spite of adverse economic conditions which prevailed in a number of districts, the union boards succeeded in doing a considerable amount of valuable work for the improvement of rural areas and Government have noticed with pleasure the achievements of the union boards of which special mention has been made in the Commissioners' reports.

As in previous years, the major portion of the income of union boards available for expenditure on works of public utility was devoted to water-supply and the maintenance and improvement of communications—

(*i*) *Water-supply.*—The union boards in the Burdwan district co-operated with the district board in the work of removing the scarcity of good drinking water and spent a sum of Rs. 55,000 on water-supply against Rs. 50,000 in the preceding year. The union boards in the Birbhum, Bankura and Howrah districts also substantially increased their expenditure on water-supply, while the union boards of the Hooghly district are reported to have displayed commendable energy in dealing with the problem of water-supply with the help of Government grants and private donations and to have spent Rs. 69,000 under this head as compared with Rs. 60,000 in the preceding year. In the Nadia and Khulna districts, sums of Rs. 34,000 and Rs. 31,000, respectively, were spent by the union boards on schemes of water-supply.

The union boards of Dacca and Mymensingh spent the largest amounts on water-supply, viz., Rs. 82,000 and Rs. 75,000, respectively, as compared with Rs. 78,000 and Rs. 53,000, respectively, in the preceding year. The other districts in which large amounts were spent by the union boards on water-supply were Faridpur (Rs. 61,000), Tippera (Rs. 40,000) and Rangpur

(Rs. 47,000). In Tippera, union boards are reported to have taken a particularly keen interest in this problem and to have sunk many tube-wells, while a substantial portion of the income of the union boards in the Rajshahi Division was spent on this object.

(*ii*) *Communications.*—The union boards of the Bakarganj district again spent the largest amount, viz. Rs. 70,000, on the construction and maintenance of roads as compared with Rs. 60,000 in the preceding year. The union boards of Tippera and Faridpur came next with an expenditure of Rs. 53,000 and Rs. 48,000, respectively.

(*iii*) *Public Health.*—Although the question of improvement of public health in rural areas engaged the attention of the union boards, their resources were, generally speaking, quite inadequate for coping with this vast problem. The public health activities of the union boards generally took the form of measures for the improvement of drainage and conservancy and other sanitary and anti-malarial measures, such as clearing of jungles, filling up of insanitary ditches, removal of weeds from tanks and rivers and distribution of quinine. The union boards of the Burdwan and Birbhum districts spent Rs. 12,693 and Rs. 12,773, respectively, on conservancy and other sanitary measures, while those of Howrah spent Rs. 4,708 on drainage and Rs. 8,315 on conservancy and other sanitary measures. A feature of special interest in the district of Howrah was the eradication of water-hyacinth from the bed of the river Saraswati in Bally and Damjur thanas mainly with the aid of voluntary labour the value of which was estimated at Rs. 4,000. The union boards of Tippera are reported to have taken adequate steps for clearing jungles from their respective areas and particularly in the clearance of water-hyacinth . A large number of union boards in the Rangpur district undertook anti-malarial works. Anti-malarial societies were formed in five unions in the Pabna district. A number of union boards, especially in the Rajshahi Division, maintained conservancy arrangements. The Ishurdi union board (Pabna) incurred capital expenditure in building a public latrine, besides erecting *methars'* quarters. The Siliguri union board and the Naogaon union board (Rajshahi) also spent a large amount on conservancy arrangements.

(*iv*) *Medical relief.*—A sum of Rs. 1·92 lakhs was spent by the union boards for the provision of medical aid in rural areas, as compared with Rs. 1·77 lakhs in the preceding year. None of the divisional reports, except that of the Rajshahi Division, however, give details of the activities of the union boards in this direction. In the Rajshahi Division, a number of joint union board dispensaries was maintained including one in the Jalpaiguri district, seven in Rangpur and eight in Bogra. New dispensaries were also started by two union boards in Jalpaiguri, one in Pabna and four each in Rangpur and Malda districts. The Mirganj union board in Rangpur established a leper clinic. Malanchi and Khokshabari union boards in the Pabna district constructed buildings for their dispensaries, with an operation hall in the case of the former. New dispensary buildings were also under construction in five other unions in the same district out of the Government of India's grant for rural development.

(*v*) *Primary education.*—The total amount spent by the union boards for the promotion of primary education during the year increased from Rs. 2·86 lakhs to Rs. 2·91 lakhs. Thirty-nine lower primary schools, four upper primary, four lower primary boys' *muktabs* and two lower primary girls' schools were maintained by the union boards in the Birbhum district, besides one lower primary school for Sonthals, at a total cost of Rs. 24,016. Schemes of free primary education were introduced in five unions in the Khulna district with the help of a contribution of Rs. 6,589 from the district board.

The union boards of the Burdwan, Presidency, Dacca and Rajshahi Divisions spent Rs. 74,000, Rs. 59,000 Rs. 71,000 and Rs. 77,000, respectively, on primary education and those of Chittagong spent Rs. 10,000 under this head. Fourteen free primary schools maintained by the union boards in the Chandpur subdivision of the Tippera district are reported to have been doing good work in backward areas under the management of qualified teachers. The union boards in the Gaibandha subdivision of the Rangpur district and the Domar union board in the same district granted aid to primary and other schools for the education of children. The union boards of Pabna spent the whole of their net income from pounds towards the maintenance of primary schools in their respective areas.

(*vi*) *Some features of special interest.*—The union boards in Brahmanbaria (Tippera) co-operated with the Rural Reconstruction Society formed there for the work of rural development. Improved agricultural implements were made available to cultivators and "moving libraries" were conducted with the help of union boards. The boards also rendered valuable co-operation in connection with the construction of the "Anderson Khal" which was opened on the 11th July 1936, by His Excellency the Governor of Bengal. The union boards in the Chandpur subdivision maintained an agricultural demonstrator under whose guidance the cultivation of new crops on improved methods was introduced in rural areas. The Khaleya and Lakshmitari union boards in Rangpur excavated canals out of the amounts received from the Government of India's grant for rural development with a view to reclaiming low-lying areas by drainage. A small canal was constructed by the Harinathpur union board in the same district to drain off polluted water as a sanitary measure, while the union boards of Gazaria, Uria, Udakhali and Kanchipara, in the Gaibandha subdivision of the same district, constructed two *bandhs* across the inlets of the Brahmaputra with a view to protecting their areas from floods. Street lighting arrangements were maintained by a number of union boards, especially in the districts of Rangpur, Bogra and Pabna. The Naogaon union board in Rajshahi, the Harishchandrapur union board in Malda and the Siliguri union board in the Darjeeling district also maintained such arrangements. The Kurigram union board in Rangpur maintained a road-watering system with a portable oil engine and a pump, the water being taken out of road-side tube-wells. Some of the union boards in the Dinajpur district purchased stud bulls for the improvement of live-stock.

5. **Working of union benches and courts.**—(*i*) *Union benches.*—The total number of union benches was 1,400 against 1,370 in the previous year. The number of offences reported to these benches was 82,269 showing an increase of 2,821 on that of 1934. The cases disposed of by them were mostly of a petty nature. Their working is reported, on the whole, to have been satisfactory and they afforded an appreciable amount of relief to the Stipendiary Magistrates. The benches are also reported to be growing in popularity as providing a system of justice which affords the opportunity of local trial at little or no cost and which dispense with the adoption of any elaborate legal procedure.

(*ii*) *Union courts.*—The total number of union courts was 1,237 against 1,187 in the previous year. The number of suits instituted in these courts was 120,572, showing a decrease of 20,625 over that of 1934. Of the total number of applications for disposal during the year under report under the proviso to section 88 of the Bengal Village Self-Government Act, 112 cases were either dismissed or not prosecuted. The lower courts' orders were confirmed in 178 cases, modified in 14 and reversed in 129 cases; while 54 cases were remanded for retrial. The courts are reported to have afforded appreciable relief to the munsifs in the majority of districts in which they were in existence and substantial benefit to poor villagers who were without means to incur the expense of instituting suits in civil courts.

6. **Relations between district boards and union boards.**—The relation between the district boards and the union boards continued on the whole to be satisfactory, although there was still considerable room for improvement, specially in the matter of financial assistance to the union boards. The total grants made by the district boards under section 45 of the Village Self-Government Act increased from Rs. 2·84 lakhs to Rs. 3·20 lakhs and represented 27 per cent. of the amount raised by the union boards by way of taxation under section 37 (*b*) and a proportion of 34·6 per cent of the total augmentation grants received by the district boards from Government as compared with 25 per cent. and 31 per cent. respectively, in the preceding year. Credit for this improvement belongs entirely to the district boards of Rajshahi and Dacca Divisions, as the district boards of the Burdwan, Presidency and Chittagong Divisions actually reduced the amount of their contributions to the union boards. It was stated in the resolution on the working of the union boards during 1934-35, that the district boards of Bankura and Howrah did not appear to have made any grants during that year under section 45, although the union boards realised substantial amounts from the rates imposed under section 37 (*b*). An explanation for this was called for from the district

boards of Bankura and Howrah and it has been now ascertained that the boards actually paid Rs. 6,660 and Rs. 18,864, respectively, to the union boards.

The total receipts of the union boards from pounds, which practically represent a transfer of district board revenue to union boards, rose from Rs. 1·99 lakhs to Rs. 2·22 lakhs. The amount paid to the union boards under section 33 of the Village Self-Government Act for the management of works and institutions transferred to them by the district boards also increased from Rs. 1·61 lakhs to Rs. 1·63 lakhs.

7. **General remarks.**—Government have noticed with pleasure the cordial relations which subsisted between the union boards and the district authorities and they take this opportunity of expressing their appreciation of the valuable help rendered by the Presidents and members of union boards in all matters concerning rural welfare. Apart from the performance of their normal duties, the Presidents of union boards are reported to have actively co-operated with the local officers in carrying on the campaign for jute restriction, and for the destruction of water-hyacinth and removal of jungles. The Presidents also rendered useful assistance in holding enquiries in criminal cases and in regard to the registration of births and deaths and the service of processes through union boards.

The relations between the police and the union boards continued to be satisfactory and thana co-operation meetings were regularly held in certain districts. These meetings, which were mostly presided over by the District Magistrates, enabled the local officers of all branches under the Government to come into close touch with the Presidents, Vice-Presidents and prominent members of union boards and of the general public and furnished them with opportunities for understanding local needs and problems. Some of the union boards organised Village Defence Parties which are reported to have been of considerable help to the police in the detection and prevention of crime.

Generally speaking, the Presidents and members took an increasing interest in the affairs of the boards and there were signs of a greater realisation on their part of the responsibilities and privileges conferred on them by the Village Self-Government Act. On the other hand, instances were numerous in which members failed to attend meetings regularly and in which the Presidents often evinced a tendency to usurp power which should have been exercised by the boards. There was also a general reluctance on the part of the Presidents to assess themselves and their relations adequately and to take prompt steps for the realisation of arrears of rates and for the punctual payment of the salaries of the dafadars and chaukidars and of the cost of their equipment. In not a few cases, party faction among members of union boards hampered their normal development, while lack of a sufficiently high level of education among a large proportion of the members also offered a serious impediment to any rapid advancement of the standard of the administration of village self-government. The Commissioner of the Rajshahi Division has observed that while a high standard of efficiency was noticeable in some cases owing mainly to the control exercised by Presidents of outstanding ability, the advice and guidance of the Circle Officer was found indispensable in the case of the majority of the Boards.

Pabna.—No. 5778M.—7th October 1937.—The following draft of a set of by-laws, which has been framed by the Commissioners of the Pabna Municipality, in the district of Pabna, under section 375 (*a*) of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Governor proposes to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 4th January 1938, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft by-laws.

By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for the purposes mentioned in clauses (iii), (iv), (vi) and (vii) of sub-section (1) of section 370.

1. The licensee shall not use or allow to be used any portion of a place licensed under section 370, for residential or sleeping purposes, nor shall use or allow to be used any room within a building, in such place as a living or sleeping room, unless it is separated from the remaining portion of the said place by a substantial wall and contains a window opening directly to the sky and of dimensions not less than one-tenth of the superficial area of the room.

2. The licensee shall not employ any person suffering from any contagious or infectious disease at the place licensed under section 370.

3. The licensee shall store all materials which have been received on the place licensed under section 370 and which are not required for immediate use in the trade in such a manner and in such a condition as to prevent the emission of noxious or injurious effluvia therefrom.

4. The licensee shall thoroughly cleanse and wash at the close of every working day all floors or pavements in the place licensed under section 370 and shall collect all fragments of gut or other matter detached in the process of scraping and all garbage, filth or other offensive matter and place them in suitable vessels or receptacles to be forthwith removed with their covers affixed from the said place to a safe place of disposal appointed by the Commissioners or to be disposed of in a manner approved by the Commissioner. Each such vessel shall be constructed of galvanised iron or of some other non-absorbant material and furnish with a closely fitted cover and shall contain a sufficient quantity of a deodorant solution.

5. The licensee shall at the close of every working day thoroughly cleanse with water containing a deodorant every bench, table, tub, vessel, utensil or implement which has been in use during the day in the place licensed under section 370.

6. The licensee shall at the close of every working day remove by scraping or other effectual means all filth or refuse which has been splashed upon any inside portion of the place licensed under section 370.

7. The licensee shall keep every vessel or receptacle in a place licensed under section 370 thoroughly clean even when such vessel or receptacle is not in use.

8. The licensee shall adopt the best practicable means for rendering innocuous all gas or vapour emitted during any trade process either from the articles operated upon or from the contents of any cask, tank, vat, pan, trough or other receptacle upon the place licensed under section 370.

9. The licensee shall thoroughly wash within each first ten days of March, June, September and December of every year the interior of the place licensed under section 370 above the floor or pavement with hot limewash if such place has been in use since the last occasion on which it was so washed:

Provided that this by-law shall not apply to any part of such place as is covered with impervious material, in which case it shall be sufficient thoroughly to cleanse the same by washing with water.

10. The licensee shall not allow facility for the absorption of any liquid filth, refuse or other noxious or injurious matter in the interior of a place licensed under section 370 by reason of want of repair to the surface thereof.

11. The licensee shall adopt all appliances or means which the Commissioners may from time to time require for the purpose of preventing, abating, or minimising any nuisance or annoyance to the neighbourhood or to the public from the use to which a place licensed under section 370 is put and shall at all times maintain them in good and efficient order.

12. The licensee shall trap and connect the drains in a place licensed under section 370 with sewers with the consent of the Commissioners. Where there are no sewers or where permission to connect drains with the existing sewers has been refused by the Commissioners the licensee shall collect waste water from such place in properly constructed cesspools. These should be periodically cleansed and the contents thereof treated in a manner to render them inoffensive or in such other way as the Commissioners may require before disposal in the way recommended by them.

13. A breach of any of the provisions of by-laws 1 to 12 shall be punishable with fine which may extend to fifty rupees and when the breach is a continuing one, with a further fine which may extend to five rupees for every day after the date of the first conviction during which the offender is proved to have persisted in the offence.

By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for dyeing mentioned in clause (viii) of sub-section (1) of section 370.

1. The licensee shall not use any part of a place licensed under section 370 for residential or sleeping purposes, nor shall use any room within a building in such place as a living or sleeping room, unless it is separated from the remaining portion of such place by a substantial wall and contains a window opening directly to the sky and of dimensions not less than one-tenth of the superficial area of the room.

2. The licensee shall not employ any person suffering from any contagious or infectious disease on a place licensed under section 370.

3. The licensee shall store all materials which have been received on the place licensed under section 370 and which are not required for immediate use in the trade in such a manner and in such a condition as to prevent the emission of noxious or injurious effluvia therefrom.

4. The licensee shall thoroughly cleanse and wash at the close of every working day all floors or pavements in the place licensed under section 370 and shall collect all residual waste or other offensive matter and place them in suitable vessels or receptacles to be forthwith removed, with their covers affixed, from the said place to a place of disposal appointed by the Commissioners or to any safe place for deposit, wherefrom the same shall subsequently be removed by the Commissioners for disposal.

5. The licensee shall adopt the best practical means for rendering innocuous all vapour emitted during any trade process either from the articles operated upon or from the contents of any cask, tank, vat, pan or other receptacles upon the place licensed under section 370.

6. The licensee shall keep at all times all floors and pavements in a place licensed under section 370 in good order and repair so as to prevent the absorption of any liquid filth or refuse or any noxious or injurious matter which may fall or be deposited thereon.

7. The licensee shall keep the dyeing ground and all the ground surface of the place licensed under section 370 smooth and free from hollows or inequalities so as to prevent any accumulation thereon of any liquid filth or refuse.

8. The licensee shall maintain at all times every drain or means of drainage upon or in connection with the place licensed under section 370 in good order and efficient condition. The licensee shall trap and connect drains of dyeing houses in the said place with sewers with the consent of the Commissioners. Where there are no sewers or where the permission to connect drains with the existing sewers has been refused by the Commissioners, the licensee shall collect the waste water from such place in properly constructed cesspools. These should be periodically cleansed and the contents thereof treated in a manner to render them inoffensive or in such other way as the Commissioners may require before disposal in the way recommended by them.

9. The licensee shall provide air-tight lids or covers for every tank, cask or other receptacle, whether in daily use or not, kept for the purpose of dyeing in a place licensed under section 370. All such receptacles should be covered with air-tight lids overnight so that mosquitoes may not have the chance of gaining entrance into the receptacles.

10. Whenever dyeing is temporarily suspended the licensee shall fill all unused pots in a place licensed under section 370 with sand and shall cover them with mull or gauze tied tightly round their necks to prevent mosquito breeding in them during the period of such suspension.

11. The licensee shall keep every vessel or receptacle in a place licensed under section 370 thoroughly clean even when such vessel or receptacle is not in use.

12. The licensee shall thoroughly wash within each first ten days of March, June, September and December of every year the interior of the place licensed under section 370 above the floor or pavement with hot limewash if such place has been in use since the last occasion on which it was so washed:

Provided that this by-law shall not apply to any part of such place as is covered with impervious material, in which case it shall be sufficient thoroughly to cleanse the same by washing with water.

13. The licensee shall adopt all appliances or means which the Commissioners may from time to time require for the purpose of preventing, abating, or minimising any nuisance or annoyance to the neighbourhood or to the public from the use to which a place licensed under section 370 is put, and shall at all times maintain them in good and efficient order.

14. A breach of any of the provisions of by-laws 1 to 13 shall be punishable with fine which may extend to fifty rupees and, when the breach is a continuing one, with a further fine which may extend to five rupees, for every day after the date of the first conviction, during which the offender is proved to have persisted in the offence.

By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for purposes mentioned in clause (ix) of sub-section (1) of section 370.

1. The licensee shall see that a place licensed under clause (*ix*) of sub-section (1) of section 370 has sufficient room therein for the loading or unloading of materials.

2. A breach of any of the provisions of the by-laws shall be punishable with a fine which may extend to fifty rupees, and when the breach is a continuing one, with a further fine which may extend to five rupees for every day after the date of the first conviction during which the offender is proved to have persisted in the offence.

Executive Instructions.

1. Any license granted under clause (*x*) of section 370 (1) may impose such conditions as in the opinion of the Commissioners appear necessary for the safety or convenience of the public or any portion of the public.

2. Every application for the grant of a license under these by-laws shall contain full particulars of the situation and boundary of the place for which the license is required and of the materials for which the license is required. An application for renewal shall be accompanied by the license to be renewed.

By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for the purposes mentioned in clause (xi) of sub-section (1) of section 370.

1 The licensee shall not store in any place licensed under clause (*xi*) of sub-section (1) of section 370 kerosene, petroleum, naphtha, or any inflammable oil or spirit in excess of the following quantities, namely:—

Petroleum.—Maximum quantity 12 gallons; provided that petroleum is contained in closed tins, drums or bottles.

Naphtha.—Maximum quantity 1 quart.

Spirit.—Maximum quantity 2 gallons.

Other inflammable oil.—Such quantities as the Commissioners may from time to time prescribe; provided that such quantity shall not be in excess of the quantity prescribed under the Indian Petroleum Act, 1899.

2. The licensee shall not store other goods of a combustible nature in a place licensed under clause (*xi*) of sub-section (1) of section 370 for the storage of petroleum.

3. The licensee shall not open a cask or other receptacle containing petroleum nor shall draw off the oil inside the place in which petroleum is stored.

4 The licensee shall not permit smoking nor introduce any artificial light or fire, in any form, within the place licensed under clause (*xi*) of sub-section (1) of section 370.

5. The licensee shall keep all petroleum stored in a place licensed under clause (*xi*) of sub-section (1) of section 370 in properly sealed tins, drums or casks and if any tin, drum or cask be opened, shall close it securely again in such a manner that no vapour may be given off.

6. The licensee shall see that the place used for the storage of petroleum is properly ventilated.

7. The licensee shall keep in stock ready for use sufficient number of fire extinguishers and also dry sand in such quantity proportionate to that of the inflammable articles stored as the Commissioners may direct, ready for use in case of any accidental outbreak of fire.

8. A breach of any of the provisions of the by-laws 1 to 7 shall be punishable with a fine which may extend to fifty rupees, and when the breach is a continuing one, with a further fine which may extend to five rupees for every day after the date of the first conviction during which the offender is proved to have persisted in the offence.

By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of the conduct of business in places used for the purposes mentioned in clause (xii) of sub-section (1) of section 370.

1. The licensee shall not store more than 1,000 maunds of hay, straw, wood, thatching grass, jute or other dangerously inflammable material in one place under a license issued under clause (*xii*) of sub-section (1) of section 370.

2. The licensee shall see that the area of the place to be used for storing hay, straw, wood, thatching grass, jute or other dangerously inflammable material is as follows:—

Minimum area.	Maximum quantity of hay, etc., to be stored.
100 square yards ..	50 maunds.
150 „ „ ..	100 „
200 „ „ ..	400 „
500 „ „ ..	1,000 „

3. The licensee shall provide a source of water close by if within 500 feet of any place used for storing hay, straw, wood, thatching grass, jute or other dangerously inflammable materials, there is a place for the storage of petroleum or cloth or articles made of jute or cotton.

4. The licensee shall provide sufficient room in a place licensed under clause (*xiii*) of sub-section (1) of section 370 for the loading and unloading of materials.

5. The licensee shall leave a clear space of at least five feet between the inflammable material and the nearest walls of any building.

6. The licensee shall enclose by a fence or wall the space occupied by inflammable materials and he shall not permit any person to reside within 10 feet of any stack.

7. The licensee shall not permit any person to smoke, introduce any light into or ignite any substance in any place licensed under clause (*xii*) of sub-section (1) of section 370

8. The licensee shall keep one *ghara* or *balti* filled with water for every five maunds of inflammable materials which he is permitted to store:

Provided that no such licensee shall be required to keep more than 50 *gharas* or *baltis* under this by-law.

9. No licensee shall stack any inflammable material to a height exceeding 15 feet.

10 A breach of any of the provisions of by-laws 1 to 9 shall be punishable with a fine which may extend to fifty rupees and when the breach is a continuing one with a further fine which may extend to five rupees for every day after the date of first conviction during which the offender is proved to have persisted in the offence.

24-Parganas.—No. 5793M. — 7th October 1937.—The following draft of by-laws, which has been framed by the Commissioners of the Baduria Municipality, in the district of the 24-Parganas, under section 245(*a*) and (*b*) of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Governor proposes to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 20th January 1938, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft by-laws.

N. B.—Intending purchasers are invited to examine the sections before sale.
All information and (provided at least three days' notice is given) a man to accompany him to point out the boundaries of any given sections will be given by the Coupe Officer

Conditions.

1. The officer holding the acution is not bound to accept the highest or any offer for any section. The sale of any section the value of which exceeds Rs. 5,000 only shall not be completed until confirmed by the Conservator of Forests, Bengal.

2. If the officer holding the auction accepts any offer for any section the purchaser who has made the accepted offer shall deposit an earnest fee of Rs. 100 or at the Divisional Forest Officer's option 10 per cent. of the offer in Government currency notes or cash. This sum will be returned if the sale is not confirmed, and will be retained as part of the security deposit if the sale is confirmed.

3. A security deposit of 10 per cent. of the purchase-money must be paid by the purchaser within 15 days of confirmation of the sale.

4. No purchaser shall be permitted to commence work in his section until he has paid in full the first instalment of the purchase-money in addition to the security deposit.

5. Purchasers will be required to sign agreements in the printed form for outright sales, a copy of which may be seen at the Forest Office, Khulna, or at the Coupe Office.

6. The following are amongst the conditions of the agreement:

(*a*) Felling and extraction to be completed on or before the 31st March 1938.

(*b*) The purchase-money to be paid in four instalments on or before the following dates:—

1st instalment of	10 per cent.	on or	before	1st	day of December 1937.
2nd ,,	40 ,,	,,		1st	,, of January 1938.
3rd ,,	40 ,,	,,		1st	,, of February 1938.
4th ,,	10 ,,	,,		1st	,, of March 1938.

(*c*) No claim for reduction in respect of trees found short of the number given in the printed lists will be entertained unless made within two months of the date of the auction sale.

(*d*) All trees marked are to be felled by the purchasers. Removal of tops and branches of the trees is prohibited.

7. Failure to complete payment of the security deposit by the prescribed dates will render the purchaser liable to forfeiture of the earnest money, and failure to sign the agreement within one month of confirmation of the sale will render the purchaser liable to forfeiture of the security deposit.

The lot or lots so affected shall be resold by public auction at the discretion of the Divisional Forest Officer and the purchaser shall be liable for any loss, short of his bid on such resale.

S. CHAUDHURI,
Deputy Conservator of Forests, Sundarbans Division.

Khulna, the 22nd September 1937.

The conditions of sale approved.

E. A. MODDER,
Conservator of Forests, Southern Circle, Bengal.

WHEREAS under sections 7 and 35 of the Court of Wards Act, IX (B.C.) of 1879, as amended up to date, the Court of Wards has assumed charge over the properties of Babu Jatindra Narayan Acharya Choudhury and his wife Nirod Bala Debi Choudhurani of Muktagacha in the district of Mymensingh.

Notice is hereby given under section 10A of the said Act that all creditors having claims against the said proprietor and proprietress or their immovable properties are hereby required to submit the same in writing to the Collector of Mymensingh at his office at Mymensingh within six months from the date of the publication of this notice.

Providing that if a suit or proceeding in respect of a claim by any creditors against the said proprietor and proprietress or their immovable properties is pending in any Civil Court at the date of the publication of this notice the creditors shall give notice of such pending suit or proceeding to the Court of Wards within six months from the date of the publication of this notice and further shall within three months from the date of final disposal of any such suit or proceeding give notice to the Court of Wards of the decision of the Civil Court in respect of any such claim.

The creditors are also hereby warned that if they fail to submit any claim or to give notice of pending suits or proceedings in respect of any such claim or to give notice of the decision of a Civil Court in regard to any such pending suit or proceeding within the times above stated any such claim shall cease to carry interest as from the date of the expiry of such period.

J. B. KINDERSLEY, Collector.

Mymensingh, the 2nd October 1937.

(1965—2)

The Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

GOVERNMENT OF BENGAL.

Department of Industries.

APPLICATIONS are invited from candidates who are natives of or permanently domiciled in Bengal for the post of the Superintendent of a Government Technical School under this department. None but graduates in Engineering or those possessing Mechanical and Electrical Engineering Diploma of the Bengal Engineering College, Sibpur, having practical experience in an up-to-date Engineering Workshop, as well as in the art of teaching, need apply. The selected candidate will be on probation for two years in the scale of Rs. 125—25/2—150—20/2—250—15/2—310—20/2—350 (efficiency bar after 16th stage), and will have to pass the departmental examination in accounts for subordinate officers before confirmation. Applications with copies of certificates and testimonials (which will not be returned) regarding private character, attainments, administrative capacity and teaching experience and stating age, present pay (if in service), or occupation should reach the undersigned on or before the 20th October 1937. Every candidate must furnish with his application certificates written not more than one year prior to the date of his application from two responsible persons not related to him, nor connected with him by marriage, testifying to his private character; these certificates must be in addition to any furnished by him from persons connected with his College or University. No interview will be given except by appointment. Canvassing by or unsolicited recommendation on behalf of a candidate will render him ineligible for the appointment.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 27th August, 1937:—

L. A. BILL No. 31 OF 1937.

A Bill further to amend the Dangerous Drugs Act, 1930, for a certain purpose.

WHEREAS it is expedient further to amend the Dangerous Drugs Act, 1930, for the purpose hereinafter appearing; It is hereby enacted as follows:—. II of 1930.

Short title.

1. This Act may be called the Dangerous Drugs (Amendment) Act, 1937.

Amendment of section 2, Act II of 1930.

2. To clause (*i*) of section 2 of the Dangerous Drugs Act, 1930, the following words shall be added, namely:— II of 1930.

". and includes the bringing into any port or place in British India of a dangerous drug intended to be taken out of British India without being removed from the ship or conveyance in which it is being carried".

STATEMENT OF OBJECTS AND REASONS.

By acceding to the Dangerous Drugs Convention, 1925, the Government of India undertook, in view of the provisions of Article 15, to secure that no consignment of substances covered by the Convention exported from one country to another country should be permitted to pass through British India, whether or not removed from the ship or conveyance in which it was being conveyed, unless a copy of the export authorisation (or diversion certificate) which accompanied the consignment was produced to the competent authorities in British India. The provisions of section 7 of the Dangerous Drugs Act, 1930, give the Government of India ample power to enforce this control in the generality of cases; but it has been held that they are not adequate to cover the case of dangerous drugs conveyed in a vessel that calls at a British Indian port if the drugs are not transhipped or discharged at such port but are retained on board and are so manifested. It is therefore proposed to amend definition (*i*) in section 2 of the Dangerous Drugs Act, 1930, so as to cover such cases.

Report on Public Instruction in Bengal for the year 1935-36.

CHAPTER I.

General.

1. (*i*) The year 1935-36 was notable for the fact that the Government of India, from funds voted by the Legislative Assembly, gave generous grants to the various provinces for the work of rural reconstruction. The Department of Education in Bengal received Rs. 2

lakhs which was used for the establishment of village halls, libraries and playgrounds, for grants to the Boy Scout, Girl Guide and Brata-chari movements and for the establishment of agriculture farms or workshops to be attached to schools and madrasahs.

(*ii*) The publication of a Government Resolution on Educational Reform provoked much criticism by the revolutionary nature of its recommendations—an indication in itself of the increased and more intelligent interest displayed in educational matters.

(*iii*) Ten District School Boards, viz., Mymensingh, Chittagong, Pabna, Dinajpur, Noakhali, Bogra, Birbhum, Dacca, Nadia and Murshidabad, formed under the Bengal Rural Primary Education Act of 1930, worked satisfactorily during the year, and one of them, Mymensingh, passed a resolution requesting Government to bring into operation in the district those provisions of the Act which relate to the imposition of an educational cess. These School Boards, the newly-created instruments for the control and expansion of primary education in the countryside, are faced with tremendous problems, problems of finance and organisation, but for the present, and until Government is able to secure for them more money, they will have to limit their energies to consolidating present activities and preparing for the future.

(*iv*) Towards the close of the year, an Education Week and Exhibition was held in Calcutta, under the auspices of the Hon'ble Minister for Education and the Department of Public Instruction. The Exhibition was an unqualified success, and the greatest credit is due to those who by their generosity in time, labour or money made this success possible.

(*v*) The Sakhawat Memorial School—a high school for Moslem girls—in Calcutta, was made a Government institution in January 1936.

(*vi*) Another notable event of the year was the inauguration by the University of Calcutta of a "short-course" training class for secondary school teachers.

(*vii*) The scheme for the establishment of an Advisory Board for Women's Education in the province was sanctioned by Government at the close of the year.

2. (*i*) The following tables give comparative figures for 1935-36 and the preceding year:—

	Number of institutions.

CHAPTER II.

Administration and Control.

1. Education in Bengal is controlled mainly by the Education Department, the two Universities of Calcutta and Dacca, the Board of Intermediate and Secondary Education, Dacca, district boards, municipalities, district school boards constituted under the provisions of the Bengal Rural Primary Education Act, 1930, and a number of societies—Indian, non-Indian, missionary and secular. The control of general education vests ultimately in the Minister of Education who is an elected member of the Legislative Council.* Throughout the period under review the Hon'ble Khan Bahadur M. Azizul Haque was in charge of the Education portfolio. European Education was, as previously, administered by a Member of His Excellency the Governor's Executive Council.

*Medical schools and colleges are under the control of the Local Self-Government Department, and agricultural, technical and industrial (except engineering) institutions of the Agriculture and Industries Department.

2. The Education Department consists of the following kinds of services:—

(*i*) Indian Educational Service (Men's Branch).

(*ii*) Bengal Senior Educational Service (Men's and Women's Branches).

(*iii*) Bengal Educational Service (Men's and Women's Branches).

(*iv*) Subordinate Educational Services.

(*v*) Officers holding (*a*) special posts, and (*b*) posts not included in any of the services mentioned above.

In terms of notification No. 1665 A., dated 14th February 1936, a new service called the Bengal General Service was created in which the posts mentioned at (*v*) above have been included.

(*i*) *Indian Educational Service.*—The Indian Educational Service is fast disappearing, recruitment to it having been stopped some years ago by the Secretary of State for India. The Superior Branch of the Bengal Educational Service, viz., Bengal Senior Educational Service which was constituted in the preceding year, will eventually replace the Indian Educational Service. Excluding the post of the Director of Public Instruction, Bengal, the Men's Branch of the Indian Educational Service was reduced from 25 to 19, owing to the abolition of certain posts from this cadre or the inclusion of some posts in other services. Of these 19 posts 3 were in the higher selection grade, 10 in the lower selection grade and the remaining 6 in the ordinary time-scale of the service. There was only one post in the Women's Branch of the Indian Educational Service during the previous year which has since been abolished, and this post has been filled by a woman officer in the Bengal General Service.

(*ii*) *Bengal Senior Educational Service.*—Fifty-three posts were created in the Men's Branch of the Bengal Senior Educational Service from 1st April 1934. Of these 53 posts 19 were occupied by officers in the Indian Educational Service, 26 were filled in the Bengal Senior Educational Service, 4 in the Bengal General Service and the remaining 4 were left vacant. Five posts were created in the Women's Branch of the Bengal Senior Educational Service and appointments to 3 of them were made. The remaining 2 posts were filled by appointments in the Bengal General Service—Education.

(*iii*) *Bengal Educational Service.*—After the reorganisation of the Bengal Educational Service 189 permanent posts were allotted to the Men's Branch of the service during the year under review. There were also 2 temporary posts in this cadre against 16 such posts in the previous year. The variation in the number of the temporary posts is due to the fact that remaining posts were either merged in or abolished from the cadre while the service was reorganised in terms of Government notification No. 3896 Edn., dated the 9th November 1935. In the Women's Branch there were 23 permanent posts during the year as sanctioned after reorganisation. This number excludes one temporary post which was created to provide for the appointment of a Professor of English, Bethune College, Calcutta, against the vacancy in the post of Professor of Philosophy in the Men's Branch of the Bengal Educational Service.

(iv) Subordinate Educational Service.—At the beginning of the year, the apointments in the Subordinate Educational Service numbered 2,119. During the period under review, there were certain changes in all branches consequent on the abolition of certain posts and the creation of new ones. The total number of posts was raised to 2,143 at the end of the year as detailed below:—

	1st April 1935.	31st March 1936.
Teaching	1,324	1,341†
Inspecting	311	312
Miscellaneous	87	90*
Ministerial	397	400
Total ..	2,119	2,143

†Including 80 posts held in abeyance.

*Including 5 posts held in abeyance.

Besides the above there were certain other temporary wholetime or part-time posts on 31st March 1936 which are detailed below:—

Wholetime posts—

(*i*) Lecturers	12*
(*ii*) Physical Instructress, Bethune College and Collegiate School	1
(*iii*) Teachers of the School Final Classes attached to Darjeeling Government High School	3
(*iv*) Teachers of Government School of Art, Calcutta ..	2
(*v*) Miscellaneous	28†
(*vi*) Clerks	12

*One on time-scale and the rest on fixed rates of pay.

†One on time scale and the rest on fixed rates of pay.

Part-time posts—

(*i*) Lecturers	10
(*ii*) Drawing Master, David Hare Training College ..	1
(*iii*) School Medical Officers	3
Total ..	72

(v) Bengal General Service.—The "special posts" and "posts not within the classified lists" have been merged in the service called the Bengal General Service—Education—created under Government notification No. 1665 A., dated 14th February 1936, in terms of which 48 posts were created; to these one has been added under Government order No. 52 T.—Edn., dated 19th April 1936.

Besides the above, there were certain part-time gazetted posts on fixed rates of pay during the year under review as detailed below:—

(1) Professor of Geology, Presidency College.

(2) Professor of Geology, Bengal Engineering College.

(3) Lecturer in Accountancy, Bengal Engineering College.

(4) Honorary Lecturer on Irrigation, Bengal Engineering College.

(5) Honorary Lecturer on Railways, Bengal Engineering College.

(6) Honorary Lecturer on Water-supply and Sewarage, Bengal Engineering College.

3. **Direction.**—The Director of Public Instruction, Bengal, is the executive head of the Education Department of the Government of Bengal. During the year under review, Mr. J. M. Bottomley, M.A., I.E.S., who held charge of the office of the Director of Public Instruction, Bengal, was on leave for the period from 29th November 1935 to 16th May 1936 during which time Dr. W. A Jenkins, I.E.S., acted as Director of Public Instruction, Bengal. The Director of Public Instruction was assisted by Mr. A. K. Chanda, M.A. (Oxon.), Assistant Director of Public Instruction, Bengal, up to 6th December 1935, by Mr. Jitendra Mohan Sen, B.SC., (Calcutta), M.ED. (Leeds), Teachers' Diploma (London) and Diploma in Education (Oxford), from 7th December 1935, by Khan Bahadur Mr. Md. Maula Baksh, B.A., Assistant Director of Public Instruction for Muhammadan Education, Bengal, by Mr. J. Buchanan, M.A. (Glas.), Physical Education Diploma (Dumfermline), Director of Physical Education, Bengal, and by Khan Bahadur Maulvi Tasaddaq Ahmed, B.A., B.T., M.ED. (Dacca), as Special Officer for Primary Education, Bengal.

4. **Inspection.**—The following table indicates the strength of the departmental inspecting staff as it stood on 31st March 1936. There was no change in the duties of the inspecting officers:—

	Presidency Division	Burdwan Division	Dacca Division.	Rajshahi Division.	Chittagong Division.	Total.
Inspectors and Additional or Second Inspectors.	3	2	3	2	2	12

5. **Extra-departmental agencies.**—The interest shown in education by executive officers, viz., District and Subdivisional Officers, continued unabated. The District and Subdivisional Officers, many of whom are presidents of managing committees of secondary schools in their jurisdiction, constantly assisted the department with valuable advice and active co-operation. As Chief Executive Officer in the district, the District Magistrate has a very important voice in the grant-in-aid to schools and the constitution of their managing committees. Thanks are also due to chairmen and vice-chairmen of district boards, municipalities, district school boards and union boards for the zeal which they have evinced in developing primary and technical education in their respective areas. Special mention should also be made of the various Christian Missionary Bodies, Ram Krishna Missions and Brahmo Samajes, the Society for the Improvement of Backward Classes and Nari Siksha Samiti who have rendered yeomen service in fostering education among girls and the members of backward communities. Finally, the railway authorities help the cause of education by maintaining schools at important centres. These schools are open to children of all classes, although they are meant chiefly for the sons and daughters of railway employees.

CHAPTER III.

Primary Education.

1. **General statistics.**—There was a decrease in the number of primary schools for boys and girls, mainly as a result of a policy of concentration. An increase in the number of pupils attending these schools clearly shows that this policy was not altogether ineffective. It is also a hopeful sign that the number of upper primary schools increased during the year. The following table gives figures for these and also for the cost of maintaining the schools:—

	1934-35.	1935-36.
Total number of primary schools	64,309	62,150
Number of upper primary schools	10,330	11,593
Number of pupils in primary schools	2,378,750	2,426,344
Cost	Rs. 81,18,121	83,05,241

2. **Primary education for Indian boys.**—(The primary education of Indian girls and Europeans is dealt with in other chapters).

Schools.—The number of primary schools for Indian boys fell during the year from 45,588 to 44,495. The decrease in the number of schools was mainly due to the amalgamation of weaker institutions.

The table below indicates the number of primary schools for Indian boys in the presidency:—

Division.	1935-36.						1934-35.
	No. of schools managed by Government.	No. of schools managed by district boards.	No. of schools managed by municipal boards.	No. of schools receiving aid from public funds.	No. of schools not receiving aid from public funds.	Total.	Total No. of schools returned in the previous year.

Total ..	82	4,045	290	35,582	4,496	44,495	45,588

Pupils.—On 31st March 1936 primary schools for Indian boys had in them 1,916,794 pupils (including 159,716 girls), as compared with 1,865,977 pupils (including 136,637 girls) on the corresponding date of the previous year. If account is taken of pupils studying in primary classes of schools classed as secondary, the totals for 1935-36 and for the preceding year are 2,114,435 and 2,078,079. Not much satisfaction, however, can be got from these figures. Bengal's population is increasing rapidly, and the stagnation in the lower classes of primary schools is so great that 70 per cent. of the pupils that enter them never attain the stage of education that can be described as literacy.

It is difficult to see how any real improvement can take place until money is available in sufficient amount to make it possible to give schools better paid and better trained teachers so that parents will realise that education is a boon; at present, and with good reason, they do not.

3. **Relative progress of Hindus and Muhammadans.**—Classified according to communities, there were altogether 872,377 Hindu and 1,056,379 Muhammadan boys reading in the primary stage at the close of the year under report as compared with 851,003 and 1,044,577, respectively in the previous year.

4. **Expenditure.**—The total cost of maintaining primary schools for Indian boys increased during the year under review from Rs. 65,26,878 to Rs. 66,62,424. Of this amount Rs. 38,12,967 or 57·2 per cent. was from public funds and Rs. 28,49,457 or 42·8 per cent. from private sources. In the previous years public and private funds contributed 56·5 per cent. and 43·5 per cent., respectively, of the total direct expenditure on primary schools for Indian boys. The expenditure from public funds was made up of Rs. 22,25,780 from provincial revenues and Rs. 8,07,752 and Rs. 7,79,435 from district funds and municipal funds, respectively, against Rs. 21,49,948, Rs. 8,28,146 and Rs. 7,08,159, respectively, in the previous year. Thus expenditure incurred from provincial revenues and municipal funds increased while that from district funds decreased. The larger expenditure from district funds

in the previous year was mainly due to the payment of arrear salaries of the year 1933-34 during the year 1934-35 in the districts of Dinajpur and Rangpur.

5. **Panchayati union schools.**—The number of panchayati union schools managed by the district boards and the district school boards fell from 1,081 in 1934-35 to 1,080 in 1935-36. A sum of Rs. 1,41,768 was sanctioned during the year under review for the maintenance of panchayati union schools for boys and girls. These schools are not so popular as one would expect them to be.

6. **Primary schools under Mr. Biss' scheme.**—Pending the introduction of the Primary Education Act, 1930, any extension of this scheme to rural areas has been suspended. In the year under review sanction was accorded to the payment of an additional recurring grant of Rs. 234 per annum with effect from 1st April 1936 towards the maintenance of the Indrajmal Biss Primary School within the Jalpaiguri Municipality. The number of schools of this type was 283. These schools are more popular and more efficiently managed than panchayati union schools.

7. **Primary schools in Calcutta.**—The number of boys' primary schools in Calcutta rose during the year from 510 to 512 and that of pupils attending them from 40,252 to 40,378. Of these pupils 27,118 were Hindus and 13,089 were Muhammadans. The total cost of maintaining boys' primary schools rose during the year under review from Rs. 6,94,369 to Rs. 7,43,917, of which Rs. 6,24,512 was borne by public funds. The free primary schools for boys managed by the Corporation of Calcutta, which are included in the above figure, were 145 in number, a decrease of one from the preceding year. In Ward No. IX of the city primary education was made compulsory between the ages of 6 and 10.

8. **Night and continuation schools.**—On the 31st March 1936 there were 880 night schools in the presidency which taught 24,253 pupils. They usually teach the lower primary course and are held in the evening for about two hours daily and are attended mostly by adults who cannot attend day schools on account of their occupations.

Continuation schools, which exist only in Presidency Division and Calcutta, are of two types. Both are held in the evening. Schools of the first type teach only the 3 R's and are attended by boys who have to work during the daytime. Schools of the second type teach up to the middle standard and add to the ordinary middle curriculum some technical subject—usually tailoring, carpentry, hat-making, book-binding or typewriting. On 31st March 1936 there were altogether 254 continuation schools in Bengal attended by 8,298 pupils.

9. **Examination.**—During the year under report 24,702 boys appeared in the Primary and Maktab Final Examination, and of these 17,956 were successful.

10. **Double-shift system.**—The double-shift system of attendance of pupils continued as in previous years in 5 Biss' type schools in the district of Bogra. The average number of pupils per school was 164 against 165 in the previous year. All these schools teach up to the final primary standard. Although the double-shift system can hardly be considered a satisfactory device, it is interesting to notice that the District Inspector of Schools, Bogra, is of opinion that the general tone of these schools is superior to all other primary schools of the district, where the teachers are paid much less.

11. **School post offices.**—The number of primary school teachers who worked as post masters during the year under review was 281 against 282 in the previous year. The remuneration for postal work varied from Rs. 5 to Rs. 16 a month.

12. **Control by district boards and district school boards.**—The optional scheme framed by Government under the Rural Primary Education Act, 1930, which shifted control of primary education from district boards to newly created district school boards, has been in operation in the districts of Mymensingh, Chittagong, Pabna, Dinajpur, Noakhali, Bogra, Birbhum, Dacca, Nadia and Murshidabad. Two more school boards were constituted in Rangpur and Jalpaiguri just after the close of the year. As has already been stated, the District School Board of Mymensingh contemplates imposing an educational cess in 1937.

13. **Curricula.** There was no change made during the year in primary school curricula, but Government appointed a committee to consider the questions of the revision and of the introduction of religious teaching in schools.

14. **Teachers and their training.**—The fatal weakness of primary education in Bengal is the scarcity of trained teachers, and to increase the supply without, at the same time, giving something more in the way of salary than the miserable pittance which such men at present enjoy, will not effect a cure.

Bengal has 85 training institutions for primary teachers and the number of students in them was 2,267 against 2,195 in the previous year. During the year the old guru training schools at Burdwan and Mithani were abolished and in their place a guru training school of the new type was started at Burdwan. A training class under the management of the Roman Catholic Mission was opened at Bandhura in the district of Dacca. It was also decided to abolish (1) the old type guru training schools at Nalhati and Bolpur and to start one of the improved type at Sriniketan, Bolpur, and (2) the old type guru training schools at Sonamukhi and Vishnupur and to start an improved type of guru training school at Vishnupur in the district of Bankura.

The total maintenance charges amounted to Rs. 3,64,444 against Rs. 3,48,152 in the previous year. The demand for admission into guru training schools and the educational qualifications of these who apply continues to increase.

CHAPTER IV.

Secondary Education.

1. **General.**—The following table gives comparative figures for the years 1934-35 and 1935-36 in respect of all secondary schools for boys and girls:—

	1934-35.	1935-36.
High English schools	1,249	1,271
Middle English schools	1,893	1,924
Middle vernacular schools	52	49
Number of pupils	480,966	501,519
Cost of maintenance	Rs. 15,87,355	1,63,72,605

The figures indicate an increase both in the total number of schools and pupils. As in the previous year, the decline occurs only in the case of middle vernacular schools.

Secondary education for Indian boys.—(The secondary education of Indian girls and of Europeans is dealt with in other chapters.)

2. **Schools and pupils.**—The total number of secondary schools for Indian boys rose during the year under review from 3,012 to 3,050. High English schools increased from 1,151 to 1,168 and middle English schools from 1,815 to 1,838, while middle vernacular schools declined from 46 to 44. Pupils reading in high schools rose from 278,240 to 290,083 or by 11,843; those in middle English schools from 162,039 to 169,188 or by 7,149, but the number in middle vernacular schools fell from 3,281 to 3,036 or by 245. The decrease in the number of pupils in middle vernacular schools was due to the general unpopularity of purely vernacular education, which was aggravated by the inability of purely vernacular passed candidates for admission to normal schools.

3. **Expenditure.**—The total direct cost of maintaining secondary schools for Indian boys rose during the year from Rs. 1,31,21,179 to Rs. 1,35,07,992. Of the total expenditure Rs. 21,70,698 or 16:1 per cent. came from public funds and Rs. 1,13,37,294 or 83:9 per cent. from private sources as compared with Rs. 21,25,807 or 16:2 per cent. and Rs. 1,09,95,372 or 83:8 per cent., respectively, in the previous year. High English schools cost during the period Rs. 1,05,97,387, middle English schools Rs. 28,68,205 and middle vernacular schools Rs. 42,400; the corresponding amounts in the previous year were Rs. 1,02,03,713, Rs. 28,70,525 and Rs. 46,941, respectively.

4. **Manual instruction.**—Sixty-two high and middle schools have opened classes in some form of handwork, viz., carpentry, weaving, dyeing, smithy, etc. These classes add variety to the curriculum and are useful in their own way but do not, except in rare cases, claim or aim at vocational value.

5. **Agriculture education.**—In pursuance of the programme of work outlined in the scheme for the introduction of agricultural education in non-Government secondary schools the monthly allowance of Rs. 10 each payable to the trained teachers was renewed in favour of 50 teachers according to the recommendation of the Director of Agriculture. The schools which suffered loss on working of their farms or gardens also got a grant up to the maximum of Rs. 100 in case of a farm and Rs. 20 in case of a garden. The existing scheme was allowed to continue until further orders. The proposals for opening of continuation classes in the rest of the middle English schools participating in the scheme and training of further batches of teachers from the existing schools in order to create a reserve of teachers for filling up vacancies caused by death or resignation of existing trained teachers had been administratively approved by Government.

6. **School Final Classes (Science Side).**—Though the importance of School Final Class from the utilitarian point of view cannot be overestimated, yet it fails to appeal to the public in general as a course of study, and only those boys who lag behind in the general course of instruction of a high school join the School Final Class and consequently the results are not proportionate to the amount of energy and labour spent on it. The Science Course Classes attached to 7 Government high schools in the presidency had an enrolment of 88 pupils on 31st March 1936. Out of 39 students who were sent up for the School Final Examination 22 were successful.

7. **Results of Matriculation Examination.**—The number of boys who appeared at the Matriculation Examination of Calcutta University and the similar School Leaving Examination of the Dacca Board of Intermediate and Secondary Education was 24,168. Of these 16,092 passed. The corresponding number in 1935 were 23,892 and 14,272, respectively.

8. **Curriculum.**—The curriculum for secondary schools introduced in 1931 was followed in all schools during the year under review. The revised Matriculation Regulations received the sanction of Government. The outstanding features of these Regulations may be enumerated as follows:—

(1) Institution of vernacular as the medium of instruction and examination in all subjects excepting in English.

(2) Provision for the study of Science subjects.

(3) Alternative course of studies for girl students.

(4) Provision for physical training of students.

(5) Provision for imparting training in special subjects, such as agriculture and gardening, carpentry, smithy, etc.

The date from which these Regulations would come into operation remained to be settled. The age-limit of the Matriculation Examination was, however, removed. It is hoped that the new Regulations will go a great way in improving the quality of school work.

9. **Grant-in-aid system.**—This is generally acknowledged to be of great value in maintaining the efficiency of schools participating in the system. The principles of distributing the Government grants remained unaltered, but the peculiar circumstances brought about by the wide-spread economic depression made it necessary to relax the rules in favour of certain deserving schools. The reduction of 10 per cent. cut on grants-in-aid and fall in the income from subscriptions and donations in many schools affected the efficiency and morale of secondary schools.

10. **Teachers.**—There were 26,161 male teachers in secondary schools on 31st March 1936. Of them 5,064 were trained as against 21,097 untrained. The teachers in many private schools are generally obliged to resort to private tuition or other occupation to supplement their meagre salary.

11. **Training of teachers.**—The two Government training colleges at Calcutta and Dacca which train English teachers of secondary schools together registered 171 pupils on 31st March 1936. All the students read the B.T. course. The cost of upkeep of the two colleges amounted during the year under report to Rs. 1,36,098 as compared with Rs. 1,13,422 in 1934-35. Out of 212 students who appeared at the B.T. Examination 158 came out successful.

During the year under report the Calcutta University also made arrangements for short training and vacation courses in order to provide some additional facilities for the training of teachers in secondary schools. Thirteen selected Calcutta schools co-operated by providing facilities for practice teaching. Seventy-six students were admitted to the training department. The final examination for the certificate for the short term training course for teachers was held in September 1935.

Out of 69 students who appeared in the examination 41 came out successful. In November and December 1935 three weeks' extra practical training was arranged for those who failed in the practical portion of the Final Examination.

On 31st March 1936 there were 5 normal or first grade training schools in Bengal. All these schools, of which there is one in each division, are maintained by Government. These schools are for those intending to become vernacular teachers in secondary schools. The normal schools registered 392 pupils on 31st March 1936. The cost of upkeep of these schools amounted during the year under report to Rs. 1,16,103 nearly the whole of which was contributed from provincial revenues. Out of 186 students who appeared at the examination, 170 passed. The revision of the existing curriculum is considered by most inspecting officers as a necessity to suit the requirements of the present day times.

12. **General.**—The condition of secondary schools in Bengal is depressing. The ideal by which the system is dominated at present needs a change The passing of an examination should not be the only aim in education. Real education consists in the development of attitude of good citizenship, in the inducement of pursuits, intellectual or manual, creative or appreciative, for their own sake, with joy and pleasure after school life. The problem of secondary education cannot be solved satisfactorily until further Government grants are available for aiding secondary schools and the recognition of high schools is placed in the hands of an independent Board.

CHAPTER V.

College and University Education.

1. **Colleges.**—The total number of arts colleges in the presidency fell during the year from 51 to 49; of these 43 were for men and 6 for women. The decision of the authorities of the Diocesan College, Calcutta, to close down both their departments of University standing—an arts college and a training college for women—was a great blow to women's education in Calcutta. It was fortunate that the Scottish Church College was able to open a training department for women and thus continue the excellent work done by the Diocesan College.

The enrolment of arts colleges increased from 24,403 to 25,202 and the cost of their maintenance rose from Rs. 36,17,893 to Rs. 37,78,218. Of the 43 men's colleges, 10 (including Islamic intermediate colleges) were maintained by Government and 20 received aid from Government. The following tables give comparative figures of enrolment and cost of upkeep for the years 1934-35 and 1935-36:—

	Number of students.	
	1934-35.	1935-36.

Other sources	2,91,931	3,18,623
Total ..	34,46,470	36,01,514

Government subsidies to private colleges during the year amounted to Rs. 2,17,852. Financial stringency was responsible for the continuance of the 10 per cent. cut on all grants. As in the previous year, a sum of Rs. 45,000 was distributed among non-Government colleges on the recommendation of the University of Calcutta for the improvement of libraries, laboratories and gymnasia as against the original assignment of Rs. 1,29,000.

2. **Government Colleges.**—There were 10 Government colleges with 3,969 students on 31st March 1936 as compared with 3,855 on the corresponding date of the previous year. The cost of maintaining these colleges amounted during the year under report to Rs. 14,27,802 towards which provincial revenues contributed Rs. 9,52,848, so that the average annual cost per student was Rs. 396, of which Rs. 246 was met from provincial revenues. The system of tutorial supervision over students by college teachers continued to produce good results, bringing the students and teachers in closer personal touch and thus creating a healthy atmosphere in these colleges.

The following table gives statistics relating to Government colleges for men†:—

	Number of students				Cost.		Average cost per student

*Information regarding colleges for women is given in Chapter VII of this Report.

†Islamic intermediate colleges maintained by Government are dealt with in Chapter IX.

‡Includes post-graduate students.

A committee was constituted to investigate the quality of work at present done in the Presidency College and to suggest improvements. The committee held several meetings, but its labours were not concluded during the year under review. A long-felt want has been removed by the construction of a Muslim hostel for Krishnagar College. In Hooghly College an interesting experiment was tried during the year: general talks on Science were given by members of the Science staff to the First Year Arts students once a fortnight or so throughout the year in order to increase the general knowledge of the students and stimulate their interest in scientific subjects. Chittagong College Laboratory was provided with a workshop, and this removed a long standing defect of the Science Department of the college. Owing to an outbreak of small-pox in an epidemic form Dacca Intermediate College and other institutions in the town of Dacca were closed early for the summer vacation. The hostel buildings of Dacca Intermediate College which had been lent for the accommodation of the British troops in Dacca (whose barracks had been destroyed by cyclone) were handed back by the military authorities during the year. The Duty Fund of Islamia College continued to extend help to a number of poor and deserving students of the college.

3. **Non-Government colleges.**—Besides the colleges maintained by Government, there were 33 other arts colleges for men in the province; of these 20 received grants from public revenues, and 13 were maintained entirely from private sources.

In the aided colleges the number of students rose from 10,633 to 10,815 and the cost of maintenance from Rs. 12,94,754 to Rs. 13,13,590, of which Rs. 2,31,552 was borne by provincial revenues. A Rover Class and a Class of the St. John Ambulance Association have been introduced in St. Paul's College, Calcutta. The work of "Little Brothers of the Poor" of the Brajamohan College is being carried on with unabated zeal. A Physical Instructor was appointed in the Bankura College and an attempt was made to introduce regular compulsory physical training.

In the unaided colleges the total number of students rose from 9,258 to 9,713 and the cost of maintaining them from Rs. 8,27,560 to Rs. 8,60,112. Affiliation in I.A. and B.A. (Pass) Pali and B.A. (Hons.) Mental and Moral Philosophy was obtained by Ripon College and in B. A. Hindi as a second language by Vidyasagar College with effect from the commencement of the session 1935-36. Uttarpara College was granted extension of affiliation in Civics and La Martiniere in French and Commercial Geography up to I.A. Standard.

4. **Calcutta University.**—Mr. Syamaprasad Mookerjee, M.A., B.L., Barrister-at-law, etc., was Vice-Chancellor of Calcutta University during the year under review. Dr. Harendracoomar Mookherjee, M.A., PH.D., University Inspector of Colleges, made another endowment of Rs. 50,000 to supplement the object of his previous endowment for the foundation of the Lalchand Mookerjee Scholarship. Mr. Profulla Chandra Ghosh, M.A., Lecturer in the University and Professor of English, Presidency College, offered a sum of Rs. 30,000 in 3½ per cent. Government promissory notes for creating an endowment in memory of his father, the late Rai Sahib Ishan Chandra Ghosh. The

following table shows the number of students (both post-graduate and under-graduate) reading in the University of Calcutta during the last 2 years:—

	1934-35.	1935-36.
In M. A. Classes	723	762
In M. Sc. Classes	252	231
Under-graduate students	169	178
Women students	40	32

A notable event during the year was the revival of the arrangement for Tibetan and Chinese studies. The Senate sanctioned Rs. 85,000 for the extension of the building of the University College of Science.

5. **Dacca University.**—Mr. A. F. Rahman, M.A., was the vice-Chancellor of the Dacca University during the year. The University Classes were suspended from the 25th February 1936 and the long vacation commenced from 1st March 1936 and extended up to the 26th May 1936 owing to a serious outbreak of small-pox in Dacca town. The University examinations which were originally arranged for March were postponed until June. The Indian Economic Conference met at Dacca under the auspices of the University on the 2nd, 3rd and 4th January 1936 under the Presidentship of Mr. Monoharlal of the Punjab. The Hon'ble Minister for Education opened the Conference, and himself took a prominent part in its deliberations. The number of students of Dacca University rose from 986 to 1,042; of this number 577 (including 46 women students) were reading for Arts Degrees, 262 for Science Degrees, while 122 were in the Law Department, 60 in the Commerce Department and 21 engaged in research. The halls (including the women's hostel) had 415 students in residence on 31st March 1936.

6. **Board of Intermediate and Secondary Education, Dacca.**—The Dacca Board has completed the 16th year of its existence. Khan Sahib Maulvi Abdul Khaliq made over charge of his office as Secretary to the Board on 29th February 1936 to join his new appointment as Assistant Inspector of Schools for Muhammadan Education, Presidency Division, and Mr. J. N. Roy, Assistant Inspector of Students' Residence, Dacca, was appointed temporarily to act as Secretary to the Board from 1st March 1936, in addition to his own duties. The cost of maintaining the Board amounted during the year under report to Rs. 40,274.

Excluding the Islamic intermediate colleges at Dacca, Chittagong and Rajshahi, the number of intermediate colleges remained stationary at 5. Two of these colleges, viz., Dacca Intermediate College and Eden Intermediate College for Girls, Dacca, are maintained by Government; the Jagannath Intermediate College, Dacca, received aid from the department.

CHAPTER VI.

Professional and Technical Education.

1. **Law colleges and classes.**—Arrangements for imparting legal education existed, as previously, by three institutions in the Presidency, viz., the University Law College, Calcutta, the Ripon Law College, Calcutta, and the Law Department of the Dacca University. The number of students reading in the three institutions fell from 1,990 to 1,950. The upkeep of the University Law College, Calcutta, and the Ripon Law College amounted during the year under report to Rs. 1,85,099 as compared with Rs. 2,05,996. The expenditure incurred for the maintenance of the Law Department of Dacca University, which has not been shown separately in the University returns, is included in the general tables under the head "Universities." Out of 1,006 candidates who appeared at the Final B.L. Examination from the three institutions, 428 were successful.

2. **Medical colleges and schools.**—Advanced medical instruction was provided by three institutions, viz., Calcutta Medical College, the Carmichael Medical College, Belgachia, and the School of Tropical Medicine and Hygiene. The three institutions together had 1,454 students (including 23 women) on 31st March 1936 as compared with 1,461 (including 16 women) on the corresponding date of the previous year. Of the total roll strength, 50 were Europeans and Anglo-Indians 1,316 were Hindus and 72 were Muhammadans, and the rest belong to other communities. The cost of maintaining these institutions rose during the year under review from Rs. 9,32,462 to Rs. 9,42,405. In the Final Examination the three institutions presented altogether 517 students, of whom 235 were declared successful.

As in the previous year, there were 9 recognised medical schools in Bengal attended by 2,389 students (including 45 women) against 2,535 (including 40 women) in the previous year. The cost of maintaining medical schools rose during the period from Rs. 5,84,173 to Rs. 6,12,557. Altogether, 1,673 candidates appeared from these schools in the Final Examination, of whom 786 were declared to have passed.

3. **Veterinary College, Belgachia.**—The Veterinary College, Belgachia, had 174 pupils on 31st March 1936 as against 170 in the previous year. Of the total enrolment, 106 were Hindus and 44 Muhammadans; the rest came from other communities. The total cost of maintenance rose from Rs. 1,74,760 to Rs. 1,79,693 which was borne entirely from provincial revenues. Out of 171 students who sat for the Annual Examination, 132 were successful.

4. **Bengal Engineering College.**—The number of students under training in the Bengal Enginering College, Sibpore, rose during the year from 260 to 268 (of whom 148 were in the Civil Engineering Department, 68 in the Mechanical and Electrical Engineering Department and 52 in the Industrial Department). Of these students 5 were Europeans and Anglo-Indians, 212 were Hindus, 48 were Muhammadans and 3 of other communities. The cost of maintaining the college

rose during the period from Rs. 3,53,859 to Rs. 3,68,370, of which Rs. 3,08,732 against Rs. 2,94,336 was met from provincial revenues. The average annual cost of educating each student was Rs. 1,341, of which Rs. 1,130 was borne by Government. The results of the college in the various examinations held during the period under review are indicated below:—

Examinations.	Examinees.	Passes.
B. E. (Civil Engineering)	29	25
B. E. (Mechanical Engineering)	7	6
B. E. (Electrical Engineering)	3	3
I. E. (Civil Engineering)	56	40
Associateship in Mechanical and Electrical Engineering	2	1
Diploma in Mechanical and Electrical Engineering ..	5	5

It is gratifying to note that the Degree Classes in Electrical Engineering started from the opening of the college session, *i.e.*, from November 1935.

5. **Ahsanullah School of Engineering.**—In the Ahsanullah School of Engineering roll strength fell during the period from 395 to 392 (168 in the Overseer Classes, 151 in the Sub-Overseer Classes and 73 in the Artisan Classes). Classified according to race or creed there were 306 Hindus, 83 Muhammadans and 3 of other communities. The cost of maintaining the school rose during the period under review from Rs. 1,36,469 to Rs. 1,40,986, of which Rs. 1,04,590 came from provincial revenues. The school passed 78 out of 111 candidates sent up for the Overseer Examination, and 61 out of 77 for Sub-Overseer Examination.

6. **Bengal Survey School.**—In the Bengal Survey School, Mainamati, enrolment fell during the period from 55 to 47. The cost of upkeep of the school rose during the period from Rs. 18,995 to Rs. 19,175, of which Rs. 15,004 came from provincial revenues. In the Survey Final Examination 15 students and in the Amin Examination 33 students appeared respectively and all of them came out successful.

7. **Art schools.**—On 31st March 1936 there were 5 arts schools in the province, the chief of which was the Government School of Art, Calcutta. Of the other schools 3 were in receipt of aid from public funds. The Government School of Art, Calcutta, had 269 students in the various departments, against 281 in the previous year. Of these students 258 were Hindus, 8 Muhammadans and the rest being of other creeds. The cost of maintenance of the school decreased during the period from Rs. 52,211 to Rs. 44,722, of which Rs. 31,088 was met from provincial revenues. Thirty-three students appeared at the Final Examination and all of them came out successful.

The Commercial Section of the school which was sanctioned on a temporary basis meets a definite purpose of the commercial city of Calcutta. It is the most popular section of the school and has got the highest number of students on its rolls.

8. **Commercial institution.**—Facilities for advanced commercial education were provided, as before, by the two Universities and the Commerce Department of Vidyasagar College, Calcutta. Students who obtained the B. Com. Degree of the Universities of Calcutta and Dacca last year numbered 151 and 20 respectively, the number of examinees being 273 and 31 respectively. In the I.A. Examination of the Dacca Board with Commerce as a special subject 62 candidates appeared, of whom 36 were successful.

The number of commercial schools in Bengal returned on 31st March 1936 was 20, of which one was managed by Government, 3 were aided and the rest unaided. The roll strength of the Government Commercial Institute, Calcutta, decreased during the year from 441 to 382, of whom 359 were Hindus, 15 were Muhammadans, the rest belonging to other communities. The cost of maintenance fell during the period from Rs. 58,877 to Rs. 51,141 towards which provincial revenues contributed Rs. 26,252. Of the 133 students that appeared in the Final Commercial Course Examination, 88 were successful. In the Special Commercial Course Examination 34 students passed out of 81 who presented themselves. The Government Commercial Institute, Calcutta, sustained a loss by the retirement of Mr. D. L. Dutt who was associated with the institute from its very inception as Lecturer in Shorthand and latterly acted as its Principal.

9. **Weaving schools.**—The weaving schools in the Presidency continued, as before, to be controlled by the Director of Industries. Some of them are permanently located and some are peripatetic. The chief of these schools is the Government Weaving Institute, Serampore, which imparts training in all aspects of cotton textile technology and in the improved methods of handloom weaving. It had 181 pupils under training on 31st March 1936, against 161 in the previous year. Of the total enrolment 152 were Hindus, 22 were Muhammadans and 7 were Indian Christians. The cost of maintaining the school rose during the year from Rs. 41,382 to Rs. 41,411, of which Rs. 40,229 was borne by provincial revenues. Sixty-two out of 67 candidates passed the examination of the institute. Six women passed out of the Female Industrial Class last session; this class has been working on a temporary basis since its inception.

10. **Music schools.**—The number of music schools in the presidency remained stationary at 7, of which 5 received aid from public funds. These schools altogether had 419 pupils on 31st March 1936, as compared with 340 in the previous year.

11. **Agricultural schools.**—An account of steps taken by the department for the introduction of agricultural education in general schools is given in the chapter on secondary education. Of the five agricultural schools in the presidency 2 were directly managed by Government and 3 received aid. These schools had 167 pupils on 31st March 1936, against 278 in the preceding year. The agricultural school attached to the Maninag Primary School in Tippera which had been the only school of its kind in the Chittagong Division ceased to exist during the year under report.

12. **Other technical centres.**—Most of the technical and industrial schools in Bengal are controlled, as previously, by the Director of Industries, Bengal. Among them the following schools may be specially mentioned:—

(*i*) In the Calcutta Technical School roll strength rose from 182 to 211. The cost of maintaining the school also rose from Rs. 57,242 to Rs. 70,119, of which Rs. 31,000 was met from provincial revenues. In the Annual Entrance Examination, 47 candidates came out successful out of 71 registered. Ten students appeared at the Final Examination of the Electrical Wiremen Course, of whom 4 came out successful.

(*ii*) In the Kanchrapara Technical School roll strength dropped from 78 to 63. The cost of upkeep fell during the period from Rs. 84,727 to Rs. 82,112, of which Rs. 34,612 was met from provincial revenues. Forty-seven candidates appeared at the Board of Apprenticeship Training Annual Examination held in December 1935, of whom 29 were declared successful.

(*iii*) The Bengal-Nagpur Railway Technical School, Khargpur, returned 57 apprentices against 55 in the previous year. Of these 38 were Europeans and Anglo-Indians and 19 Indians. During the year under review 7 boys completed their apprenticeship and 36 boys passed the Annual Examination.

CHAPTER VII.

Education of Indian Girls and Women.

1. **Institutions and pupils.**—During the year ending 31st March 1936 the total number of educational institutions of all types and grades meant exclusively for Indian girls fell from 19,217 to 18,120 and that of the pupils attending them from 555,835 to 554,290. These figures do not, however, present a true picture of the position of girls' education, as there was a large increase in the number of girls reading in boys' schools. If account is taken of these, the number of girls under instruction increased from 689,141 to 713,652; of these 307,390 were Hindus and 391,998 were Muhammadans.

2. **Controlling agency.**—The women inspecting staff of the department consisted, as in previous years, of 2 Inspectresses and 12 Assistant Inspectresses of Schools divided equally between East and West Bengal.

3. **Collegiate education.**—During the year the number of arts colleges for Indian women (including the women's section of Vidyasagar College, Calcutta, which is regarded as a separate unit), fell from 7 to 6. The decrease was due to the closing of the Diocesan College, Calcutta. Two colleges—Bethune College in Calcutta and Eden Intermediate College at Dacca—are directly managed by Government. The number of students in these women's colleges rose from 657 to 705 in the year, but there were also 627 women students in men's colleges

and in University Classes. The subjoined table shows the enrolment and the cost of maintenance of each of the women's colleges:—

Colleges.	Number of students.				Cost of maintenance.			Average Cost per student.
	Hindus.	Muhammadans.	Others.	Total.	Provincial revenues.	Other sources.	Total.	
					Rs.	Rs.	Rs.	Rs.

Asutosh College* ..	203	3	9	215	.	.	..	..

*Asutosh College not having kept separate accounts for maintenance cost of the Women's Department, it cannot be shown as a separate unit in all the references made in this chapter.

The staff in Philosophy of the Bethune College was strengthened by one additional member. The difficulties which the college has had to face through insufficient hostel accommodation have been relieved in some measure by the opening of a college women's hostel in an excellent building adjacent to the college compound which has accommodation for about 60 boarders. The Music Classes are held under the auspices of the Sangit Sammilani and both vocal and instrumental music is taught.

Altogether 632 students sat for the I.A. and I.Sc. Examinations, 288 for the Bachelor's Degree Examinations and 26 for the M.A. Examination during the year under review, of whom 436, 185 and 20 were declared successful.

4. **Secondary schools.**—(*i*) *High schools.*—The number of high English schools for Indian girls rose in the year under report from 54 to 59. Of these schools 6 were managed by Government, 45 were aided institutions and the rest unaided. The total number of girls reading in high schools increased from 16,404 to 17,327. In the Matriculation Examination held in 1936, 1,110 girls out of 1,865 were successful. The scheme for the establishment of a high school for Muslim girls in Calcutta under Government materialised during the year and the Sakhawat Memorial Girls' High School was provincialised from the beginning of the year 1936. The desire for the education of Indian girls is so keen that the authorities of several boys' high schools, *e.g.*, the Oriental Seminary, Metropolitan Institution and Bharati Bidyalaya in Calcutta and the Santipur Municipal High English School in the district of Nadia have opened separate sections for girls. In the towns of Faridpur and Serajganj girls' classes have also been opened in the boys' high schools. Such expedients can never be regarded as satisfactory, for so long as co-education among boys

and girls in secondary schools is not an acceptable policy, boys' schools can provide neither the right atmosphere nor the proper sort of teaching for girl pupils.

(*ii*) *Middle schools.*—The number of middle English schools for Indian girls rose from 76 to 84. Girls reading in middle English schools also rose from 11,764 to 13,293. The number of middle vernacular schools for girls, however, declined from 6 to 5; these schools taught 692 girls as compared with 798 girls in the preceding year.

High schools for girls cost Rs. 10,05,322 and middle schools Rs. 3,61,844 during the year under report; of these amounts Rs. 3,51,250 and Rs. 1,44,588 respectively came from public funds.

5. **Primary schools.**—During the year the number of primary schools for Indian girls fell from 18,703 to 17,638, but the number of girls reading in primary schools rose from 638,915 to 658,259. The Calcutta Corporation free primary schools for girls decreased from 86 to 82 and the pupils reading in them from 13,360 to 13,017. The decrease in the number of Corporation free primary schools is due to the separation of the Garden Reach Municipality from the Corporation of Calcutta with effect from 1st April 1935. The number of panchayati union schools for girls, which are better housed and equipped than ordinary aided primary schools, remained unchanged at 168. There are 22 peasant girls' schools, all of which are located in the Presidency Division. These schools are maintained entirely at Government expense and are specially meant for the children of cultivators. Private agencies such as Nari Siksha Samiti, the Society for the Improvement of Backward Classes, Bengal and Assam, Brahmo Samajes, and Christian Missionary Societies have continued to work well in connection with the spread of female education The Uttarpara Hitakari Sava continues to function as an examining body. Primary schools for Indian girls cost Rs. 15,67,366 during the year and of this amount Rs. 10,63,659 was contributed by public funds

6. **Special schools.**—On 31st March 1936, the presidency had 45 technical, industrial and other special schools for Indian girls which were attended altogether by 3,579 pupils; the corresponding numbers in the previous year were 54 and 3,298 respectively. These schools, besides giving a general education, teach needlework of various kinds, lace-making, tailoring and weaving. They are proving a blessing to many destitute women who after their training can have an opportunity of earning an independent livelihood.

7. **Needle-work.**—The standard of needle-work in girls' schools has very obviously improved under the guidance of trained mistresses. The Lady Carmichael needle-work diploma is a great stimulus towards this improvement.

8. **Training of teachers.**—There is no Government training college for women. Women teachers of secondary schools continued to receive professional training at the training departments of Scottish Church College and Loreto House, Calcutta. The combined capacity of these is 59.

The number of training schools for women teachers rose from 10 to 11. These schools afford training facilities to women teachers employed in primary schools. Of these schools 3 were directly

managed by Government and 8 by Christian and Brahmo Missions. The women's training schools reported a total enrolment of 287 pupils on 31st March 1936 as compared with 271 on the corresponding date of the previous year. The total expenditure incurred for the upkeep of these schools amounted during the year under report to Rs. 85,229, of which Rs. 63,728 was met from the provincial revenues.

These training institutions are working satisfactorily and are turning out good teachers. The demand, however, is still much greater than the supply.

The following table shows the number of trained women teachers in high, middle and primary schools:—

	Women teachers.	
	Total No. of teachers.	No. of trained teachers.
Primary schools	5,857	710
Middle schools	489	253
High schools	655	210

9. The scheme for the establishment of an Advisory Board for Women's Education in Bengal was sanctioned by Government at the end of the year under review. It has been decided that the Board should start work from the year 1936-37 and should be constituted in the first instance for a period of one year. The aims and objects of the Board will be to furnish the department with practical suggestions consistent with the policy of Government and to render such active assistance as will facilitate the working of that policy for the improvement of all grades of girls' education in the province.

CHAPTER VIII.

Education of Anglo-Indians and Europeans.

1. **Schools.**—The number of institutions for the education of Anglo-Indians and Europeans was again 67. Of the 67, 4 are for special and 63 for general education as compared with 3 and 64 in the previous year. The increase of one special institution is due to the recognition of the Fendell Home, Calcutta, from January 1936 and the exclusion of the Christian English Free School at Chinsurah, now defunct, is responsible for the decrease of one institution for general education. The 4 institutions which impart special instruction are (1) the Commercial and Technical Classes attached to the Young Women's Christian Association, Calcutta, (2) the Dow Hill Training College, Kurseong, (3) the Children's House, Kurseong, and (4) the Fendell Home, Calcutta. The 63 institutions for general education include 24 secondary, 19 higher grade, 19 primary, and 1 ungraded school. These schools are mainly concentrated in important centres like (1) Calcutta and Howrah, (2) Darjeeling, Kurseong and Kalimpong, (3) Dacca, (4) Chittagong, (5) Asansol and along the different railway systems. Three of the institutions, viz., Victoria

Boys' School and Dow Hill Girls' School, Kurseong, for general education and the Dow Hill Training College, Kurseong, for the training of school mistresses are directly managed by Government; the rest are managed by various religious and philanthropic societies and the railway authorities.

2. **Pupils.**—The subjoined table shows the classification of the European schools of the presidency according to management together with their roll strength:—

	1934-35.		1935-36.	
	No. of schools.	No. of pupils.	No. of schools.	No. of pupils.
Government	3	416	3	369
Church of England ..	9	1,885	9	1,869
Church of Rome	30	6,835	30	6,844
Non-conformist	4	834	4	828
Undenominational ..	16	1,385	16	1,471
Jews	3	363	3	378
Armenians	1	108	1	114
Seventh Day Adventist ..	1	27	1	47
Total ..	67	11,853	67	11,920

The total number of pupils reading in schools for Anglo-Indians and Europeans thus rose during the year under report from 11,853 to 11,920 or by 67. Of the 11,920 pupils 6,483 were boys and 5,437 were girls as compared with 6,505 boys and 5,348 girls in the preceding year; thus although the number of girls increased by 89 that of boys decreased by 22. Non-European pupils reading in European schools numbered 2,662 against 2,667 in the preceding year; of these 1,060 were Indian Christians, Jews, Armenians and others.

3. **Expenditure.**—The total cost of upkeep of the schools for Anglo-Indians and Europeans amounted during the year under review to Rs. 35,93,148 including boarding charges of Rs. 10,53,305 as compared with Rs. 10,26,276 in the previous year.

The following comparative table indicates the sources from which this amount was derived:—

	1934-35.	1935-36.
	Rs.	Rs.
(1) Provincial revenues ..	9,87,878	8,42,118
(2) Municipal grants ..	37,936	16,866
(3) Fees	15,74,950	15,79,542
(4) Subscriptions and donations	11,62,471	11,54,622
Total ..	37,63,235	35,93,148

The apparent decrease in expenditure for 1935-36 is mainly due to the fact that a special earthquake grant of Rs. 10,445 was paid in the year under review against the earthquake grant of Rs. 1,67,330 paid last year and payments of municipal grants for 1935-36 to some schools after the close of the year.

4. **Scholarships.**—A sum of Rs. 27,397 as compared with Rs. 28,383 in the previous year was expended for the award of scholarships to pupils of European schools. This figure represents the amounts actually drawn by the pupils and excludes the amounts of scholarships which were awarded by other provinces but paid in Bengal.

5. **Teachers.**—In all 810 teachers were employed in European schools in Bengal on the 31st March 1936 as compared with 797 employed during the previous year. Of the 810 teachers, 160 were graduates, 469 (including 94 graduates) were trained and 341 (including 66 graduates) were untrained.

6. **Training of teachers.**—Owing to the financial stringency no European or Anglo-Indian male teacher was deputed to the Chelmsford Training College at Ghoragali, Punjab, for training during the year 1935-36. A scheme for the deputation of two Anglo-Indian or European male teachers annually to the Chelmsford Training College, Ghoragali, Punjab, and two to the Training Department of the St. Xavier's College, Calcutta, had been approved by Government. Steps had been taken to include the necessary provision in the budget of 1936-37. Government had also approved of a proposal by which teachers in Manual Training may be deputed by European schools to the Bengal Engineering College, Sibpore, to undergo a course of training in the subject.

The Dow Hill Training College, Kurseong, which affords training facilities to European and Anglo-Indian female teachers enrolled 18 students on the 31st March 1936, as compared with 19 on the corresponding date of the previous year. In the Annual Examination of the second year students in November 1935, 9 senior students presented themselves and all of them were successful.

7. **Examinations.**—The following table shows the result of the various examinations held in 1934-35 and 1935-36:—

	1934-35.				1935-36.			
	Number sent up.		Number passed.		Number sent up.		Number passed.

8. **Education of subnormal children.**—The Children's House, Kurseong, which adopts special methods of training for mentally and physically defective European children had 24 pupils on 31st March 1936 as compared with 23 pupils in the previous year. Stipends amounting to Rs. 2,520 were awarded towards the maintenance and education of children living in the House. A Board of Visitors to this institution has been formed.

9. **Reformatory school.**—The Fendell Home, Calcutta, is an institution which has now been recognised by the department as a non-Government Special School. It is a Rescue Home for destitute European and Anglo-Indian girls who are maintained and are given such training as will befit them for a career in life. On the 31st March 1936 there were 30 girls in residence. The Home received a Government grant of Rs. 900 and a special grant of Rs. 1,180 from His Excellency the Governor of Bengal during the year under review. The total expenditure incurred by the school amounted to Rs. 15,049 during the year.

10. **Trust funds.**—(1)*Sussex Trust.*—The income of the fund was Rs. 28,364-14-3 during the year 1935-36 and the expenditure for the same period was Rs. 17,705-8-3. Six overseas scholars and 19 local scholars profited by the scholarships awarded.

(2) *Doveton Trust.*—The total receipt (including the opening balance on 1st April 1935 and the interest on Government securities accrued during the year) derived from the Doveton Trust Fund amount to Rs. 9,787-12-11, and the total expenditure during the same period was Rs. 6,983-8-6, leaving a closing balance of Rs. 2,804-4-5. Altogether 48 scholarships were awarded during the year under review.

11. **Controlling agency.**—During the year Mr. R. Wolfenden continued to work as Inspector of European Schools, Bengal. The Inspector of European Schools, Bengal, is also administrator of the Doveton Trust Fund.

12. **European School Code.**—Owing to financial stringency it was not possible during the year under review to give full effect to the provisions of the Revised Code of Regulations (1929) for European Schools, which led as in the previous year to a reduction in the amount admissible for maintenance, teaching staff and fixed grants to European schools in the presidency.

13. **His Excellency the Governor's Calcutta European Schools' Emergency Fund.**—During the year under review 174 children reading in 21 schools were helped to the extent of Rs. 15,630. His Excellency the Governor decided that the fund should not be continued and so no appeal has been made to the European Clubs for subscriptions this year, but it has been decided to continue the payment of the old stipends as long as the accummulated funds for the purpose permit. The fund has done really valuable work for European and Anglo-Indian children whose parents were thrown out of employment owing to financial depression.

14. **Earthquake.**—Out of the total sum of Rs. 1,77,775 a sum of Rs. 1,67,330 was paid to four hill schools from the Viceroy's Earthquake Fund last year. The balance of Rs. 10,445 was paid during the year under review to the Loreto Convent, Darjeeling.

15. **Provincial Board of Anglo-Indian and European Education.**—The Provincial Board of Anglo-Indian and European Education which was constituted last year as a result of the recommendation made by the Sub-Committee of the Round Table Conference on the education of the Anglo-Indian and Domiciled European community in India held six meetings during the year under review. Many matters of great importance relating to the education of Anglo-Indians and Europeans were discussed at the meetings of the Board. Several recommendations made by the Bengal Board have already been accepted by Government. The Board also examined closely the budget provision for Anglo-Indian and European Education before it was finally sent to the Joint Meeting of Members and Ministers. The Provincial and Inter-Provincial Boards of Anglo-Indian and European Education are doing excellent work for the benefit of the education of the community.

CHAPTER IX.

Education of Special Communities.

1. **Education of Muhammadans.**—*Statistics.*—In the year under review the total number of Moslem students reading in all grades of educational institutions for Indians rose from 1,598,675 to 1,626,511. Of the total number 1,234,513 were boys and 391,998 girls, as compared with 1,162,623 Hindu boys and 307,390 Hindu girls returned on 31st March 1936. The proportion of Muhammadan students to the total number of pupils under instruction at the end of the year was 51·1 per cent. as compared to 51·9 per cent. in the preceding year. The following table gives figures for the two years 1934-35 and 1935-36 in different grades of institutions:—

	1934-35.		1935-36.	
	Number of Muhammadan students.	Percentage.	Number of Muhammadan students.	Percentage.
Arts colleges ..	3,600	13·7	3,883	14·3
Professional colleges	569	11·03	583	11·07
High stage ..	31,363	21·4	34,599	22·4
Middle stage ..	31,227	24·1	33,127	24·2
Primary stage ..	1,418,318	55·1	1,440,167	55·0
Special schools ..	84,198	70·3	86,744	70·4

2. **Special institutions for Muhammadans.**—(*a*) There are a number of educational institutions of all grades which offer special facilities to Moslem students. Those of University standing are Islamia College in Calcutta—a first grade college affiliated to Calcutta University—the Arabic Department of Calcutta Madrasah, and three Islamic intermediate colleges at Dacca, Chittagong and Serajganj. The work and examinations of these intermediate colleges are controlled by the Dacca Board of Intermediate and Secondary Education. The number of students in the 3 intermediate colleges rose from 166 in 1934-35 to 181 in the year under review.

(*b*) Analogous to middle and high schools are junior and high Madrasahs of the reformed type. These institutions, established in accordance with the policy of Government enunciated some 23 years ago, provide a compromise—some think an unhappy compromise—between modern studies and the old-fashioned curriculum of orthodox madrasahs. The following table gives figures relating to both types of madrasahs:—

	Number of madrasahs.	Number of pupils.	Cost of maintenance.	Cost from public funds.
			Rs.	Rs.
(*a*) Reformed senior (high) ..	38	6,661	2,89,259	1,39,506
(*b*) Reformed junior ..	545	51,729	9,25,951	2,58,414
(*c*) Old type senior ..	62	7,591	2,14,919	99,196
(*d*) Old type junior ..	81	4,690	31,103	5,267
Total ..	726	70,671	14,61,232	5,02,383

The curriculum and examinations of high madrasahs are regulated by the Dacca Board—of Junior Madrasahs by the Department of Public Instruction.

Orthodox or old type madrasahs, of which the largest and most important is the Arabic Department of the Calcutta Madrasah, are still popular, especially in Chittagong Division, and their studies and examinations are controlled by the Central Madrasah Examination Board in Calcutta.

(*c*) During the year the number of maktabs or Muslim primary schools fell from 26,649 to 26,071; of these 16,746 were for boys and 9,325 for girls. The decrease was mainly due to the elimination and amalgamation of weak and inefficient schools. The number of pupils decreased from 965,987 to 965,195 and of these 674,566 were boys and 290,629 girls against 675,778 and 290,209 respectively in the previous year. The total direct expenditure incurred for the upkeep of the maktabs rose from Rs. 21,56,542 to Rs. 22,11,038, of which Rs. 11,73,244 (against 11,08,729) was met from public funds.

Quoran schools are unsecularised maktabs which teach the recitation of the Holy Quoran and one or two books on the rituals of Islam through the medium of Urdu. On the 31st March 1936 there were 288 Quoran schools in the presidency as compared with 364, showing a fall of 74: these Quoran schools are gradually being replaced by Muslim primary schools.

(*d*) There are in the province 6 muallim training schools, institutions parallel to guru training schools, but training teachers for maktabs alone.

3. **Education of Muhammadan girls.**—During the year under review the number of Muhammadan girls reading in all classes of recognised institutions in the presidency rose from 376,231 to 386,729. Of this total 30 were in colleges, 284 in the high stage, 521 in the middle stage, 383,788 in the primary stage, and 2,106 in special schools: the corresponding numbers in the previous year were 27, 253, 479, 373,741 and 1,731 respectively. The scheme for the establishment of a high school for Muslim girls in Calcutta under Government management materialised during the year and the Sakhawat Memorial Girls' High School, Calcutta, was provincialised from January 1936.

4. **Special facilities.**—During the year under review Moslem students were offered the same facilities in education as were enjoyed by them in previous years, viz., reservation of places in Government and aided schools, the grant of special scholarships and stipends and free studentships to the extent of 15 per cent. of their own enrolment.

5. **Advisory committee.**—The Report of the Muslim Education Advisory Committee which was submitted to Government is now under the consideration of Government.

6. **Chiefs and nobles.**—In Bengal there is no school specially set apart for the education of the sons of chiefs and nobles, but in the Nawab Bahadur's Institution at Murshidabad there are special arrangements for teaching the boys of the Nizamat family. These boys reside in a separate hostel under the supervision of the Headmaster assisted by an Ataliq. The number of Nizamat boys under instruction on 31st March 1936 was 18 against 26 in the previous year. The upkeep of the hostel cost Government Rs. 4,637, against Rs. 5,521 in the previous year.

7. **Education of the children of backward classes.**—The number of boys and girls belonging to educationally backward classes under instruction in the various types of schools and colleges in Bengal on 31st March 1936 (as indicated below) will give some idea of what progress has been achieved by them in education during the period under report:—

Class of institutions.	Boys.	Girls.	Total.
Arts colleges	1,467	4	1,471
Professional colleges	336	1	337
Secondary and primary schools ..	408,293	89,016	497,309
Special schools	7,734	333	8,067
Unrecognised schools	7,427	2,092	9,519
Total	425,257	91,446	516,703

The corresponding figures on the same date of the previous year were 388,462, 83,073 and 471,535 respectively. The following paragraphs indicate the educational progress that was noticeable among the children of the educationally backward classes in each division of the Presidency:—

(*i*) *Calcutta.*—In the year under report there were 32 primary schools with 1,191 pupils against 27 schools with 1,044 pupils chiefly intended for the education of the children of the backward classes. Of the 32 schools 8 were managed by the Christian Missions and 24 by the Hindu Missions. For the maintenance of these schools a sum of Rs. 5,267 was met from public funds. The Harijan Relief Society managed an industrial school with 105 pupils for the maintenance of which the society receive a sum of Rs. 1,300 out of municipal funds.

(*ii*) *Presidency Division (outside Calcutta).*—During the year under review there were 108,361 boys and 21,893 girls of the educationally backward classes against 100,966 and 18,933 respectively in the previous year. The number of schools specially intended for the

education of backward classes during 1935-36 was 11 high, 58 middle and 771 primary. The Tararat Upper Primary, Digha Lower Primary and Dhaniram Chak Girls' Lower Primary Schools were maintained out of the Sussex Trust Fund.

(*iii*) *Burdwan Division.*—The number of pupils of the educationally backward classes under instruction in all kinds of schools rose from 134,206 to 148,889 in the year under review. There were 247 primary, 1 high, 2 middle and a few industrial schools chiefly intended for the education of the Sonthals. The funds allotted for their education were administered by the Boards of Sonthal Education in the districts of Midnapore and Bankura and by the District School Board in Birbhum. The Sonthal High School at Bhimpur under the management of the American Baptist Mission enrolled 169 pupils against 180 in the previous year. The total expenditure on this school amounted to Rs. 13,881, of which Rs. 2,520 came from provincial revenues. The middle vernacular school for girls at Bhimpur had 148 pupils on its rolls on 31st March 1936 against 134 in the previous year. The cost of maintenance of this school amounted to Rs. 2,325 towards which provincial revenues contributed Rs. 720. The industrial school for females at Bhimpur enrolled 6 pupils on 31st March 1936 and the expenditure incurred was Rs. 180 met from Mission funds. The Methodist Mission Body in Bankura had under their management 1 middle vernacular school for boys, 1 guru training school, 2 industrial schools and 81 primary schools including one for girls. There were altogether 247 Sonthal primary schools with 7,129 pupils at the end of the year under review against 258 schools with 7,390 pupils in the preceding year, the decrease being due to pupils leaving schools owing to acute scarcity in the district of Bankura. The total cost of education for Sonthals amounted to Rs. 57,591, of which Rs. 38,117 came from provincial revenues. There was one peripatetic weaving school for Sonthals in the district of Birbhum, chiefly meant for Sonthals. It had 10 pupils on its rolls and the total cost was Rs. 2,126 against Rs. 1,546 in the preceding year.

(*iv*) *Dacca Division.*—The number of pupils belonging to the educationally backward classes rose from 111,329 to 117,786 during the year under review. There were 9 primary schools for muchis, 3 for methors, 23 for fishermen, 1 for Harijans and 2 middle and 50 primary schools for aboriginal tribes comprising altogether 88 as compared with 74 in the previous year. High schools meant for Kapalis and Namasudras remained stationary at 8, but middle English schools meant for Namasudras rose from 25 to 30. The number of primary schools intended for Magh settlers in the colonisation area of the district of Bakarganj was 12 as in the previous year, but the number of Magh pupils rose from 68 to 110 during the year under report.

(*v*) *Chittagong Division.*—The number of boys of backward classes receiving instruction in various classes of schools increased by 7,657 and that of girls by 1,836. The whole of the district of Chittagong Hill Tracts is a backward area inhabited by 15 hill tribes. There were in the Hill Tracts 1 high, 4 middle, 1 training and 143 primary schools including 2 schools for girls besides 38 Kayang schools. There were altogether 3,228 pupils of hill tribes in these institutions, of whom 2,947 were boys and 281 were girls. There were 5 Burmese primary schools managed by Government in the Cox's Bazar subdivision. They are intended for Arakanese Buddhists of the subdivision. Besides there were an aided middle English school at Ramu and two aided primary

schools intended for the education of the Magh pupils in the Cox's Bazar Municipality. In addition to these there were 39 Kayang schools. These schools impart free education to the Burmese boys in the vernacular.

(*vi*) *Rajshahi Division.*—The total number of pupils of the educationally backward communities enrolled on 31st March 1936 was 72,673 against 69,987 in the previous year. The Board of Sonthal Education in the districts of Rangpur and Malda had under their control 41 primary schools in 1935-36. The Board of Sonthal Education for Dinajpur district was abolished last year from the date of the establishment of the District School Board there and the grant which was hitherto placed at the disposal of the Sonthal Board of Education has been placed under the District School Board and will be utilised as usual in making special grant to the schools intended for the Sonthals. Schools chiefly intended for education of children of aboriginal races other than Sonthals in the districts of Jalpaiguri and Darjeeling numbered 34 during the period, viz., 2 middle English and 32 primary, and were subsidised from district fund and participated in the 1 per cent. khas mahal grant.

8. **Education of criminals.**—The industrial school maintained by the Salvation Army at Nilphamari for the education of the children of the Karwal Nuts had 41 boys and 30 girls on 31st March 1936 against 33 boys and 36 girls in the preceding year. The school is a residential one and there are separate hostels for boys and girls. The upkeep of the school cost Rs. 10,000, which was borne by provincial revenues. There is a school for criminal classes at Kaktengai in the Kishoreganj subdivision, Mymensingh district, with 22 pupils against 21 in 1934-35. The cost of maintenance of the school amounted to Rs. 237 which was met wholly from public funds.

9. The Reformatory and Industrial Schools, Alipore, had 249 inmates on 31st March 1936 as compared with 222 in the previous year. The upkeep of the institution cost Rs. 31,653, which was met entirely from provincial revenues. The education of pupils is conducted through the medium of Bengali, Urdu and Hindi and the course is up to the Upper Primary Standard. Also vocational training is given to every boy in any of the trades—weaving, blacksmithy, tinsmithy, carpentry, tailoring and gardening. Regular moral instructions were given to the boys every Saturday. In accordance with a scheme approved by Government, 27 boys were allowed to go home for one day quite unattended two or three times during the last quarter of their detention, and they regularly returned to the school in time. This shows that the results of the experiment were satisfactory.

The Borstal Institution at Bankura which educates juvenile offenders, aged 15 to 21, had 366 pupils on 31st March 1936 against 277 on the corresponding date of the pervious year. Besides general education, the inmates were taught in various crafts and industries in order to make the boys self-supporting after their release. In the year under report 7 boys were sent up for the Matriculation Examination of whom 5 came out successful. A sum of Rs. 27,715 was spent for the maintenance of the school which was met entirely from provincial revenues.

10. **Education of defectives.**—The Children's House, Kurseong, which adopts special methods of training for mentally and physically defective European and Anglo-Indian children had 24 pupils on 31st

March 1936 against 23 pupils in the previous year. Stipends to the value of Rs. 2,520 were awarded by the department for the education and maintenance of the defective children living in the House. The Blind School at Behala (24-Parganas) had 84 pupils including 19 girls. The cost of upkeep of the school amounted to Rs. 30,826 of which Rs. 6,756 came from provincial revenues. The Deaf and Dumb School at Calcutta which teaches up to the primary final course besides carpentry, painting, book-binding, tailoring, clay-modelling, wood-work; metal-plating, embroidery and needle-work (for girls) enrolled 224 pupils on 31st March 1936 against the same number in the previous year.

As in the previous year, there were 3 aided deaf and dumb schools in the Dacca Division—one at each of the district headquarters of Dacca, Mymensingh and Bakarganj—with 69 pupils against 61 in the previous year. The maintenance cost of these schools amounted to Rs. 9,872, of which Rs. 3,726 was met from public funds. The Deaf and Dumb School at Chittagong had 19 pupils against 18 in the previous year. The total expenditure on the school was Rs. 1,718, of which Rs. 888 was met from public funds. The Deaf and Dumb School at Rajshahi had 17 pupils on the roll against 15 in the previous year. Of the total expenditure of Rs. 748 on this school, Rs. 717 came from public funds. The school for defective children at Jhargram in Midnapore which was started by the Bodhan Samity had 15 pupils and the cost of maintenance was Rs. 5,515, of which Rs. 930 was borne by public funds.

11. **Education of factory and colliery children.**—In the coal mine areas of the Burdwan district there were 11 primary schools with 291 pupils. These schools are specially meant for the education of the miners' children. Some mills in the Hooghly and Howrah districts maintained or subsidised primary schools meant for the children of millhands. Two such schools—one a Hindi and a Telegu primary school —were maintained by the Banga Laksmi Cotton Mills, Limited, district Hooghly. The authorities of the Bansberia Mills maintained 3 primary schools for Hindi, Telegu and Urdu-speaking boys of the millhands entirely at their own cost. There were 6 primary schools exclusively intended for the education of the factory children in the mill areas of the 24-Parganas. These schools had 611 pupils against 554 in the previous year. The Hindi primary schools and maktabs in the mills and factory areas of Titagar, Ichapore and Kankinara are attended mostly by children of millhands and factory labourers. For the children of Madrassi millhands there is a Telegu Class attached to departmentally aided primary school at Titagarh.

12. **Tea garden schools.**—These schools are intended for the education of the children of the labourers working in the tea estates of Jalpaiguri and Darjeeling; they teach primary course. There were altogether 165 tea garden schools with 3,930 pupils, against 153 schools with 3,658 pupils in 1934-35. Of the total expenditure of Rs. 25,358 on these schools, Rs. 11,437 came from public funds.

13. **Education of Jains.**—There were altogether 764 Jain students reading in different grades of educational institutions in the Presidency on 31st March 1936 as compared with 1,151 pupils in the previous year. Of the total number of pupils, 738 belongs to primary and secondary schools and 26 to colleges.

Of the total number of pupils, 738 belongs to primary and secondary schools and 26 to colleges.

14. **Cantonment schools.**—In the cantonment areas of Barrackpur, district 24-Parganas, there were 8 primary and secondary schools against 9 in the previous year which were attended by 780 pupils, as compared with 773 pupils in the preceding year. For the maintenance of these schools a sum of Rs. 26,293 was spent during the year under review towards which provincial revenues contributed Rs. 6,914.

15. There were on the 31st March 1936, 3 primary schools—one in Jalapahar and 2 in Lebong cantonment area of the Darjeeling district—with 160 pupils against 3 schools with 130 pupils in the previous year. The total cost for the upkeep of these schools amounted to Rs. 2,473, of which Rs. 1,914 came from the cantonment fund.

CHAPTER X.

Unrecognised Institutions.

Under the name "Unrecognised institutions" are grouped different types of schools which do not belong to any recognised category; such institutions are as a rule similar only in that they do not follow the curricula prescribed by any constituted educational authority. Many of them are small, indigenous religious schools, tols or Quoran schools or Kyangs or Buddhist monastic schools; others are undeveloped secondary schools or primary schools with less than ten pupils or not teaching the full curriculum. Most of these schools are in the course of development, aiming at ultimate recognition either by the University or the department. A few aim and reach higher and, while preserving their independence as a matter of principle, provide wide and advance courses of instruction.

In the year under report the total number of unrecognised schools fell from 1,419 to 1,350 and their enrolment fell from 64,427 to 62,882. Of the total roll number 49,974 were boys and 12,908 were girls.

Usually the condition of the more elementary unrecognised schools is not satisfactory. The building, staff, equipment, accommodation, teaching and discipline are generally poor. There are, however, some notable exceptions.

The most conspicuous among these schools are the College of Engineering and Technology, Jadavpur, and the group of institutions founded by Dr. Rabindra Nath Tagore at Bolpur and Surul in the district of Birbhum, which have secured the co-operation of distinguished foreign scholars and where much prominence is given to the artistic side of education and to the best Indian traditions with the up-to-date system of Western education. The Kabindra College, Goila, Bakarganj, is a centre of higher Sanskrit studies of Ayurved and Hindu Philosophy. The Mahakali Pathsala, Mymensingh, is a girls' school, in which there are arrangements for the teaching of religious subjects on orthodox lines besides imparting general instruction.

CHAPTER XI.

Residence of Students and their Physical and Moral Training.

1. **Hostels.**—During the year 1935-36 the number of boarders residing in the hostels and boarding houses attached to educational institutions in the presidency rose from 30,675 to 31,546. Of the total number of boarders returned on 31st March 1936, 26,501 resided in hostels for Indian and 5,045 lived in boarding houses meant for Europeans and Anglo-Indians. Of the inmates of Indian hostels 23,141 were males and 3,360 were females. Of the European and Anglo-Indian boarders 2,971 were boys and 2,074 were girls.

The year 1935-36 saw the construction of a new hostel for Muhammadan students of the Krishnagar College. Two Brahmo Samaj hostels for girls in Calcutta were amalgamated and the amalgamated institution under a new name—College Women Students' Hostel—was located in a very decent commodious building at 8, Bethune Row rented for the purpose. The management of this hostel was placed in the hands of a managing committee specially constituted at the instance of the department. This arrangement considerably improved the condition of residence of girl students in Calcutta.

2. **Messes.**—The majority of students prefer messes to hostels on account of their cheapness and absence of strict supervision. Messes (including non-collegiate hostels) administered by the Students' Residence Committee of Calcutta University numbered 35 during the year under report which accommodated 1,856 boarders. The number of messes managed by the Board of Intermediate and Secondary Education, Dacca, through the Assistant Inspector of Students' Residence was 25 and they provided accommodation for 634 students of different institutions in the town of Dacca. In both Calcutta and Dacca the major portion of the expenditure incurred for the maintenance of messes occupied by members of the backward classes is provided by Government.

3. **Physical education.**—The importance of physical exercises cannot be overestimated, as it is an admitted fact that a healthy constitution is necessary for success in life. The desirability of undergoing regular course of physical exercises by the pupils has been appreciated by all concerned. Organisation of Inter-School Association, introduction of House system, Scout and Bratachari movement and recent Rural Development Scheme of Government have given an additional impetus to physical education. The Government grant of Rs. 200 per month is given to the Y. W. C. A. in order to maintain a Physical Directress who has been helping the girls' school in organising games and sports. A sum of Rs. 300 was also sanctioned for the travelling allowance of the Physical Directress.

The temporary Physical Training Centre at Ballygunge completed the fourth session in March 1936. Twenty-one students were under training in the Physical Training Centre, of whom two withdrew during the year. The remaining 19 students appeared at the Final Examination, of whom 18 were awarded diplomas. During the period under review a sum of Rs. 16,056 was sanctioned by Government for the

following objects in connection with the improvement of Physical Education:—

Objects.	Allotment.	Number of teachers trained.	Number of schools aided.	Number of play centres and aided clubs.	Number of sports associations aided.
	Rs.				
(*i*) Training of teachers of middle English schools and junior madrasahs ..	1,000	64	..	..	..
(*ii*) Grants of girls' schools	1,500	..	26	..	..
(*iii*) Grants to play centres and clubs ..	7,000	..	..	65	..
(*iv*) Grants to school sports associations ..	2,250	..	..	..	25
(*v*) Refresher course for trained instructors ..	1,186	..	..	..	..
(*vi*) Grants to colleges for stipends and employment of trained physical instructors ..	3,120	..	..	..	..

As reported previously, Western games like football, tennis, badminton, etc., continued to be played in towns, while indigenous games, such as, kapati, hadodo were preferred in rural areas swimming and rowing were also encouraged where provision could be made for them. Want of suitable playgrounds, trained phyical instructors and necessary apparatus and implements and difficulty in obtaining midday tiffin appear to be the main obstacles in the way of the progress of physical education. The innovations introduced by Mr. J. Buchanan, Director of Physical Education, Bengal, in drill, have been much appreciated by school authorities.

The Bratachari movement which was introduced by Mr. G. S. Dutt, I.C.S., is gaining ground. The folk dances and folk songs under this movement have infused a new life in the student community. During the year under review a sum of Rs. 6,000 was sanctioned by Government for the Bratachari movement. Besides, Rs. 20,000 was also sanctioned during the year for Boy Scouts, Girl Guides and Bratachari movement out of the grant of Rs. 2,00,000 which was made available from the Government of India in the shape of Rural Development Grant. The major portion of this grant was also distributed for the establishment of village and school playgrounds, village halls and libraries, etc. This has undoubtedly put a great incentive to the cause of physical and intellectual education in the countryside.

4. **Boy Scouts.**—During the scout year 1935 there were in the Presidency altogether 9,453 scouts, 4,175 cubs, 632 rovers, 220 pack officers, 445 troop officers and 140 local association officers. The annual Government grant of Rs. 6,000 was paid as before to the Boy Scout Association, Bengal, for the encouragement of this movement in the Presidency. A sum of Rs. 4,000 was also distributed to Government

and non-Government institutions for the development of scout movement in them. A special grant of Rs. 1,000 was also placed at the disposal of the District Magistrate of Noakhali in connection with the scout movement of the district. Government also sanctioned a non-recurring grant of Rs. 2,500 for the construction of a permanent camp site for the Boy Scout Association.

5. **Girl Guides.**—Girl Guide Companies are in existence in most of the important high and middle English schools in the Presidency.

6. **Medical supervision.**—No funds were available in the year under report for giving effect to the scheme of medical examination and supervision of pupils of Government high English schools and senior madrasahs outside Calcutta. With regard to the medical inspection of the pupils of Government and aided secondary schools for boys in Calcutta the work was carried on by 3 part-time medical officers. During the year 1935-36 the Medical Board attached to the Students' Welfare Committee of Calcutta University visited 5 colleges and 3 high schools in and around Calcutta and examined 1,933 students. Nearly 1,300 defect cards were issued from the office of the committee to students with a view to remedial action being taken. Two hundred and forty-one students were recalled for special examination of their health. The District Health Officers with their subordinates in some districts have been doing useful work for general improvement of the health of the pupils.

7. **Hygiene.**—The subject was taught in schools as a compulsory one, except in the two top classes of high schools. Lectures on hygiene and sanitation illustrated by lantern slides were delivered by the Health Department of some district boards. In some places officers of the Public Health Department also delivered valuable lectures on hygiene with the help of lantern slides and cinemas. Bratachari activities in some cases were helpful in giving the subject a practical shape, students being encouraged to clear jungles, tanks and help in drainage.

8. **Discipline.**—The state of discipline during the year was on the whole satisfactory. The block system for the supervision of pupils outside school hours which was introduced in some schools worked generally successfully. The pamphlets issued by the Publicity Department were discussed in the class rooms and seminars. Colleges and schools were encouraged to develop their corporate activities.

Scouting and Bratachari activities were, however, helpful to some extent in inculcating the right sort of discipline.

9. **Religious and moral instruction.**—Religious instruction continues to be given only in denominational schools like tols, madrasahs, maktabs and mission schools. In other schools an attempt is made to give instruction through lessons contained in the text-books. Many schools had their opening prayer on hymns. In school the development of moral qualities of students comes largely through the personal influence of the teacher and the environment of the school in general.

10. **National schools.**—During the year there were in the Presidency 4 national schools in Bengal with 864 pupils, against 932 pupils in the previous year. The influence of these schools is steadily diminishing and they are now an almost negligible factor in education.

CHAPTER XII.

Conferences and Committees.

The most important educational meeting of the year was the Bengal Education Week and Exhibition which were held in Calcutta, under the patronage of His Excellency the Governor of Bengal, from 31st January to 8th February 1936. It was the first of its kind in Bengal. The object was to demonstrate to teachers throughout the province as to how they should tackle, in the fittest manner, the problem of education. The scheme among others included—

(*a*) the invitation of prominent educationists and public men of the province and outside to deliver special lectures and addresses;

(*b*) symposia and demonstration lessons on various subjects; and

(*c*) the holding of sports physical displays, excursions, dramatics, etc.

This Exhibition, in the opinion of all qualified to speak, was an unqualified success and had a great educational value. As an immediate effect of this Week and Exhibition a keen desire is in evidence throughout the province to organise exhibitions on similar lines and the 1,800 delegates who attended the Week appear to have returned to their work inspired with the idea that something should be done to improve the quality of education in their own schools.

The Muslim Education Committee which was constituted in 1931 to advise Government with regard to the policy to be pursued for the advancement of Muslim education in the Presidency submitted its report during the previous year. The recommendations of the committee are now under the consideration of the department.

During the year under review a committee was constituted to investigate the quality of work at present done in the Presidency College and to suggest improvements. The committee held several meetings, but its labour was not concluded during the year under review.

A Conference of the Divisional Inspectors of Schools and a few selected Head Masters of Government High Schools was held on the 30th January 1936 at Writers' Buildings, Calcutta. The following subjects were discussed at the Conference:—

(1) arrangements to be made for improvement of teaching of school subjects and provision of extra academic activities in Government High Schools, and

(2) consideration of a proposal for payment of grants-in-aid into six monthly instalments instead of monthly intalments as at present and revision of the certificate now granted by the controlling officers.

A Conference of higher inspecting officers (viz., Divisional Officers and District Inspectors) was held at the headquarters of the Presidency and Burdwan Divisions, in which various topics on educational matters

were discussed. The District Inspecting Officers met at some centres and discussed questions of local interest. The Conference of Asisstant Inspectresses of Schools was held at Calcutta, when questions like central scholarship examinations and modifications of grant-in-aid rules were discussed.

During the year under review the North Bengal Education League held its second session at Rangpur Papers on the teaching of the school subjects were read and discussions were made as to how to improve the condition of non-Government secondary schools. In November 1935 head masters of high schools in the district of Pabna met at a Conference at Serajganj. Conferences of subordinate inspecting officers and primary school teachers were held at various centres to discuss among other things matters regarding survey of primary schools, establishment of upper primary schools, restoration of training allowance to trained teachers and other important educational topics.

The All-Bengal Teachers' Association held its fifteenth session at Comilla in April 1936. The resolutions passed at the meeting dealt *inter alia* with the following important subjects, *e.g.*, restoration of the emergency cuts in the grants-in-aid, introduction of compartmental system of examination, modification of certain rules for Government Provident Fund for teachers in non-pensionable service, and establishment of at least one compulsory free primary school in every union board.

The All-Bengal College and University Teachers' Association held its eleventh session in Calcutta in April 1936 under the presidency of Principal, R. N. Ghosh. The resolutions passed at the meeting dealt among other things with the following important subjects, *e.g.*, deprovincialization of Government institutions, improvement of secondary and primary education, representation on University bodies and opening of technical and industrial classes.

CHAPTER XIII.

Text Book Committee.

Pending the sanction of new set of rules, the Provincial Text-Book Committee with the special permission of Government was reconstituted for one year only with effect from the 1st September 1935.

In accordance with the programme sanctioned by Government, text-books on all subjects for primary schools and maktabs, which had been called for in 1934, were taken up for consideration by the Text-Book Committee during the year under review. Two thousand and twenty-seven books on various subjects were received for consideration. Of these, 78 books on different subjects were rejected at the preliminary examination and the rest were circulated to the members and co-opted members for scrutiny. One thousand and eighty-four books were recommended by the sub-committees for approval by the Director of Public Instruction, Bengal, for use in primary schools and maktabs in this presidency. A sum of Rs. 16,216 was realised as fees from the authors and publishers. The remuneration paid to the reviewers of books amounted to Rs. 10,306.

In view of the large number of books received for consideration, the services of 32 co-opted members were utilised to complete the work of examination within the prescribed time.

During the year, only one essay was received for Babu Braja Mohan Dutta Prize for Indian Ladies of the value of Rs. 45, and it was examined by a small group of three members of the Provincial Text-Book Committee. They were of opinion that the essay was not up to the mark and deserved no consideration. The General Committee of the Provincial Text-Book Committee at its meeting held on 25th April 1936 accepted their views and no award was made for the essay for the year 1934-35.

CHAPTER XIV.

Education in the Legislative Council.

At the meeting of the Bengal Legislative Council held on 13th February 1936 a resolution was moved by Mr. S. M. Bose that the grant for primary and secondary education for women be raised immediately by twenty thousand rupees. The object of this resolution was to focus the attention of the public as well as that of the Government on the vital question of women's education. On an assurance being given by the Hon'ble Minister in charge of Education that some additional money would be provided in the next budget for women's education, the resolution was withdrawn by the mover. Another resolution was moved by Maulvi Abul Kasem that the post of the Assistant Director of Public Instruction for Muhammadan Education and of the posts of the Assistant Inspectors of Schools for Muhammadan Education be forthwith abolished. The resolution was also by leave of the Council withdrawn The demands for educational grants in March 1936 provided, as usual, opportunities to members to discuss among other things questions about the grant for European Schools in relation to the 10 per cent. cut, the inadequacy of the existing grant to Calcutta University and the conditions attached to it, indifference to vocational education and the needs of primary education. In addition questions were asked with a view to elicit information about more detailed matters and their variety showed that the members of the Legislative Council continued to take a keen interest in the Educational problem of the province.

Resolution reviewing the Reports on the working of Municipalities in Bengal during 1935-36.

GOVERNMENT OF BENGAL.

Department of Public Health and Local Self-Government.

Municipal.

CALCUTTA, THE 6TH OCTOBER 1937.

RESOLUTION No. 5664M.

READ—

Reports of the Commissioners of Divisions on the working of municipalities in the Bengal Presidency (except Calcutta) during the year 1935-36.

1. **The number of municipalities and revision of boundaries.**—The total number of municipalities in the Presidency (excluding the Calcutta Corporation) rose from 117 to 118 owing to the establishment of a new municipality at Garden Reach in the district of the 24 Parganas, after its separation from the Corporation of Calcutta, on the 1st April 1935 The adjustment of the common boundary between the Champdany and Bhadreswar municipalities, was finally notified during the year under report while preliminary notifications were issued regarding the revision of the boundaries of the Bansberia and Burdwan municipalities. The revision of boundaries of the municipalities in the district of the 24-Parganas affected by the survey and settlement operations was almost completed. There was no important variation in the actual limits of any other municipality during the year but proposals for revision of the boundaries of a few municipalities were still under the consideration of Government when the year closed.

The Bengal Municipal Act of 1884 remained in force in the two hill municipalities of Darjeeling and Kurseong throughout the year but the new Act of 1932 was brought into force at these places with effect from the 1st April 1936.

2 **Elections.** –The municipalities of Pirojpur and Chittagong, which had still to fall into line with the other municipalities of the province by reconstituting themselves under the new Municipal Act, held their first general elections in accordance with the provisions of the new Act. At Pirojpur, the rate-payers showed a keen desire to exercise their franchise and a large proportion of the voters attended the polls. In Chittagong the election was contested in all the wards. The election in a particular ward of the municipality having been set aside by the civil court, a fresh election was held. A general election was held in the Debhatta municipality and partial elections to complete the general election held in 1933-34 took place in Budge Budge. By-elections were also held in a number of municipalities.

3. **Municipal meetings.**—The total number of meetings held rose from 2,994 to 3,124 The Hooghly-Chinsura municipality held the largest number of meetings, viz., 73, although no fewer than 32 of these had to be adjourned It was closely followed by Bhola with 72 meetings Among other municipalities which held a large number of meetings were Rajshahi (58), the new municipality of Garden Reach (53), Nabadwip (50), Budge-Budge (47), Howrah (42) and Burdwan (38). Three municipalities, viz., Kanchrapara, Netrokona and Kurseong on the other hand, failed to attain even the statutory minimum of at least one meeting per month, the smallest number of meetings, viz., 10, being held by the last named municipality.

The attendance of commissioners at meetings was on the whole satisfactory.

In 3 municipalities, viz., Kamarhati, Champdany and Baduria, the average attendance was 80 per cent. or over. The percentage fell below 50 per cent. in 11 municipalities as compared with 13 in the preceding year. The percentage of average attendance was highest (85·08) in Baduria and lowest (33) in Bogra.

The number of adjourned meetings decreased from 288 to 274 and the number of meetings which failed to transact business for want of a quorum also fell from 102 to 76.

4. **Ratepayers.**—The total number of ratepayers increased from 343,603 to 360,377 and the ratio of ratepayers to the total urban population was 15·32 per cent. as against 15·28 per cent. in the preceding year. The percentage varied from 49·98 in Baraset (24-Parganas) to 3·3 in Bhatpara, a factory town with a large labour population, the bulk of which does not contribute anything to the rates.

In the municipalities of Darjeeling and Kurseong the percentages were 7·54 and 6·4, respectively. Other municipalities in which rates were paid by less than one-tenth of the population were Mymensingh (7·7), Barisal (9·8), Jalpaiguri (9·2) and 10 mill municipalities, of the Presidency and Burdwan Divisions.

In Sherpur (Bogra) and Darjeeling, the percentage fell from 20 to 15·5 and from 9·58 to 7·54, respectively, owing to a marked falling off in the number of ratepayers.

5. **Rates and taxes.**—The total receipts from municipal rates and taxes rose from Rs. 74·29 lakhs to Rs. 76·60 lakhs and the average incidence of taxation per head of population also rose from Rs. 3-3-9 to Rs. 3-4-6. As in the previous year the incidence of taxation was highest in the hill municipalities of Darjeeling (Rs. 11-7-6) and Kurseong (Rs. 8-12-7). Of the municipalities in the plains, Howrah, as usual, headed the list with an average incidence of Rs. 7-2-1 and was followed by Dum Dum (Rs. 6-14-11), Tollygunj (Rs. 5-8-4) and Uttarpara (Rs. 5-1-5). In twelve other municipalities, viz., Burdwan, Hooghly-Chinsura, Bally, Baranagar, South Dum Dum, Krishnagar, Berhampore, Jessore, Dacca, Narayanganj, Mymensingh and Jalpaiguri, the ratio was above Rs. 4 per head. In 15 municipalities, on the other hand, the incidence was between one rupee and 8 annas; while it was below 8 annas in five municipalities, viz., Ramjibanpur (Rs. 0-7-9), Sonamuki (Rs. 0-7-1), Dhulian (Rs. 0-7-0), Baduria (Rs. 0-6-1) and Debhatta (Rs. 0-5-9).

General or partial revision of assessment took place in a large number of municipalities. The general revision produced marked increase in the demand at Bhatpara (Rs. 43,403), Naihati (Rs. 24,672), Kamarhati (Rs. 10,698), North Barrackpore (Rs. 10,495), Berhampore (Rs. 9,105), Khulna (Rs. 8,886), Rajpur (Rs. 7,344), Dinajpur (Rs. 6,092), Jiaganj-Azimganj (Rs. 6,108) and Burdwan (Rs. 5,992).

The tax on persons was replaced by a rate on holdings in accordance with the provisions of the new Municipal Act at Sonamukhi (Bankura) and produced an actual net increase of Rs. 794 only while Rishra-Konnagore sustained a loss of Rs. 622 as a result of the introduction of a general conservancy rate in place of the sliding scale of latrine fees. Partial revision of assessment and imposition of conservancy rate accounted for an increase of Rs. 8,118 at Baranagar. Uttarpara added Rs. 7,344 to its income under the head "Conservancy rate" but there was a loss of income amounting to Rs. 7,137 under the holding rate in that municipality.

The results of the general revision at Pabna and Serajganj are reported to have been extremely unsatisfactory in view of the large number of objections against the new assessment. At Pabna, there were numerous complaints against the work of the assessor who made a 50 per cent. enhancement in the assessment. The municipal commissioners appointed a Revision Committee which reduced it to about 25 per cent. but the Appeal Committee practically restored the previous assessment in almost all cases without making detailed enquiries, with the result that the actual increase in income accruing from the revision was very small. At Serajganj, there was a general feeling of discontent against the assessment. Numerous petitions were filed for its review and were mostly acceded to. The Darjeeling municipality reduced its holding rate in order to give relief to the poorer ratepayers, while the water and lighting rates were also reduced on account of heavy credit balance in these subsidiary funds.

6. **Collection.**—The total collection of municipal rates in the Presidency rose from Rs. 70·79 lakhs to Rs. 73·38 lakhs; the percentage of collections on the current demand, however, fell from 93·5 to 91·3. Thus collections did not keep pace with the growth in the current demand with the result that the arrears outstanding at the close of the year accumulated to Rs. 30·2 lakhs as against Rs. 28·81 lakhs in the preceding year

The total collections in the Burdwan Division fell from Rs. 29·29 lakhs to Rs. 28·14 lakhs and the percentage of total collection on current demand also fell from 90·9 to 86·4, the lowest ratio being returned by Vishnupur (10·4). This general decrease is attributed partly to economic depression but mainly to laxity in supervision over the work of the collecting staff. The total collections exceeded the current demand at Khirpai (111·7 per cent.) and Rishra-Konnagar (101·04 per cent.). As in the preceding year, Bhadreswar and Champdany collected practically the whole of their demand after granting small remissions.

In the Presidency Division, collections showed an increase of Rs. 3,46,411. More than half of this increase, however, represented collections made by the new municipality of Garden Reach and the balance was mainly shared by Bhatpara, South Suburban and Tollyganj. Garulia, which had no outstanding balance in the preceding year, again collected the whole of the current demand without granting any remission. Kanchrapara came next with a collection of 98·2 per cent of the total demand. No other municipality in the division was able to collect 95 per cent. of the total demand and only three other muncipalities, viz., Titagarh, Berhampore and Chakdah collected more than 90 per cent., the lowest ratio, viz., 25·5 per cent. being returned by Rajpur, where good collections were impossible owing to party-faction which brought the administration of the municipality to a stand-still. The Collection Department of the South Suburban municipality remained in charge of the Sadar Subdivisional Officer, 24-Parganas, for nearly the whole of the year under review and the outstanding balances were reduced by about Rs. 24 000

In the Dacca Division, collections increased by about Rs. 42,000 and in 9 municipalities the collections exceeded the amounts of their current demands. In the Chittagong Division, there was an increase of about Rs. 1,000 only while in the Rajshahi Division, collections actually fell by about Rs. 15,000. The percentage of collection improved considerably in Comilla (108·1), Brahmanbaria (108·6) and Old Malda (106·2).

The amount of total remissions increased from about Rs. 6 lakhs to Rs. 6·17 lakhs and represented 7·7 per cent. of the current demand as compared with 7·9 per cent. in the preceding year. Among the municipalities which granted considerable remissions were Howrah (Rs. 1,58,061), Dacca (Rs. 45,556), Asansol (Rs. 26,701), Bankura (Rs. 24,895), South Subarban (Rs. 22,559), Serampore (Rs. 21,383), Darjeeling (Rs. 18,763) and Chittagong (Rs. 17,991). Bankura remitted as much as 34·4 per cent. of its current demand while Tangail and Rajbari remitted 32·1 per cent. and 25·8 per cent., respectively.

Out of the total balance of Rs. 30·2 lakhs outstanding at the close of the year Howrah alone was responsible for Rs. 12·22 lakhs. Other municipalities with large outstanding balances were Mymensingh (Rs. 1,11,573), Hooghly-Chinsura (Rs. 99,682), Dacca (Rs. 85,738), Tollyganj (Rs. 82,667), Bankura (Rs. 60,800), Barisal (Rs. 60,603), Burdwan (Rs. 58,296), Asansol (Rs. 54,786), Comilla (Rs. 52,063) and Darjeeling (Rs. 51,983). The exceptionally heavy outstandings at Howrah call for special notice and demand earnest and vigorous action on the part of the municipal executive for the speedy collection of the arrear dues.

7. **Income and expenditure.**—The total receipts with opening balances amounted to Rs. 127·5 lakhs against Rs. 113·9 lakhs in the preceding year, the increase occurring chiefly under the head "Realisations under Special Acts."

The total municipal expenditure also rose from Rs. 99 6 lakhs to Rs. 108·1 lakhs, the increase being mainly distributed over the heads "Public Instruction" and "Extraordinary and debt". The total balance at the close of the year amounted to Rs. 19·47 lakhs against Rs. 14·39 lakhs in the preceding year. The new municipality of Garden Reach had the largest closing balance, viz., Rs. 2,52,000, and was closely followed by Darjeeling with a balance of Rs. 2,47,172. Other municipalities with large closing balances were Dacca

(Rs. 2,07,265), Howrah (Rs. 1,98,147), Baranagar (Rs. 66,167). Bhatpara (Rs. 53,042) and Budge • Budge (Rs. 48,397). Several municipalities, on the other hand, failed to keep a minimum working balance sufficient to cover two months' expenses as required under the rules and in many cases the balances left were quite insufficient to meet the outstanding liabilities. The worst case in this respect was that of Midnapore with a closing balance of Rs. 5,071 against outstanding liabilities amounting to Rs. 59,674, while Raniganj closed the year with a balance of Rs. 8,946 only to cover liabilities amounting to Rs. 30,640.

Outstanding liabilities increased in the municipalities of Rajshahi, Rangpur, Bogra and Pabna. Liabilities of the Rangpur and Bogra municipalities were 33·3 per cent. and 26·2 per cent., respectively, of their current demands as against 18·5 per cent. and 9·8 per cent. in the preceding year. Liabilities exceeded the actual closing balances in the municipalities of Bogra, Pabna, Serajganj and Dinajpur.

The Commissioner of the Rajshahi Division remarks-

> "Heavy outstanding liabilities leading to financial difficulties of the municipalities could be attributed chiefly to inefficiency in collections and to the reluctance of the municipal executives to have recourse to coercive measures. Failure to make systematic pro vision in the budget for at least part payment of the outstanding debts led to heavy accumulation of liabilities."

It is regrettable to note that the financial condition of the Pabna municipality, whose budget is controlled by the Commissioner, deteriorated partly owing to the new assessment and partly due to lack of supervision over the collecting staff and that the warning given by Government to the Serajganj municipality for improving its financial position had no appreciable effect owing to the presence of party faction among the municipal commissioners.

8. **Education.**—The total educational expenditure, rose from 5·78 lakhs to Rs. 6·57 lakhs including the Government contribution of Rs. 1 43 lakhs. This general increase was shared more or less by all the divisions except Burdwan. The expenditure on primary education amounted to Rs. 4,56,889, representing an increase of Rs. 69,206 over that of the preceding year.

The total expenditure of all municipalities on education represented 4·5 annas per head of population and that on primary education 3·1 annas as compared with 4·02 annas and 2·07 annas, respectively, in the preceding year. The *per capita* expenditure on primary education from municipal funds alone averaged 2·1 annas against 1 7 annas in 1934-35.

As in previous years, Howrah spent the largest amount, viz., Rs. 65,907, on primary education. Chittagong came next with an expenditure of Rs. 59,032 which represented 41·8 per cent. of its total ordinary income. The Dacca municipality spent Rs. 28,597 for primary education, including a Government contribution of Rs. 13,950. It maintained 7 boys' free primary schools and 11 girls' schools and granted stipends to a large number of other primary schools under private management both for boys and girls. The Narayanganj municipality spent Rs. 22,790 for education and maintained 7 free primary schools, including 1 for girls, and made grants-in-aid to other primary and secondary schools, *tols* and *maktabs*. The Madaripur municipality devoted 25·6 per cent. of its ordinary income to primary education, while Faridpur and Budge-Budge spent 21·6 per cent. and 20·3 per cent., respectively, for this purpose Thirteen municipalities, on the other hand, failed to spend on pri mary education even 3·2 per cent. of their ordinary income which represents the minimum amount that a municipality is ordinarily expected to devote to this purpose Dum Dum again spent only 1·7 per cent. of its income on primary education while Netrokona spent nothing. The ratio was, however, over 5 per cent. in 60 municipalities and over 10 per cent. in 27.

In the Presidency Division the expenditure on education increased by about Rs. 42,000 of which Rs. 22,640 represented the amount spent by the new municipality of Garden Reach.

Other towns having a large share in the increase were Budge Budge, South Suburban, Bhatpara, Garulia, Dum-Dum and Kanchrapara.

The Chittagong municipality spent Rs. 85,797 on education of which Rs. 21,306 was received from Government, Rs. 21,134 from school fees and Rs. 1,200 from private contributions. This municipality was the first in the province to introduce free and compulsory primary education for boys within its area and the standard of education imparted has considerably improved and the number of boys in the higher classes has also substantially increased during the year under report. There was a marked increase in expenditure in Darjeeling (Rs. 10,074) mainly due to the construction of the municipal primary school for girls which accounted for an increase of Rs. 8,135. There was also a slight increase in Rajshahi owing to the establishment of another free primary school during the year.

9. **Water-supply.**—The total expenditure on water-supply was Rs. 9·82 lakhs against Rs. 10·1 lakhs in 1934-35. There was a decrease in expenditure in the Burdwan Division amounting to Rs. 88,854 which was shared by the municipalities in the districts of Midnapore, Hooghly and Howrah. The decrease in the first-named district was chiefly due to the payment of arrear contribution by the Midnapore municipality to the waterworks depreciation fund in the preceding year, and in the Hooghly district to the fact that the Hooghly-Chinsura municipality had paid off the major portion of the liability in 1934-35. No explanation has been furnished for the reduction of expenditure in the Howrah district. On the other hand, there was an increase of Rs. 3,099 in the Burdwan district owing to the fact that the waterworks machinery, etc., of the Burdwan municipality had to be thoroughly overhauled as a result of the damage caused by the Damodar flood in September 1935. The increased electric charges which had to be paid by the Asansol municipality for extra hours of pumping on account of fall of the water-level in the suction well also contributed to the increase in the district expenditure. Several other municipalities in the division, viz., Kalna, Katwa, Raniganj, Suri, Bankura, Champdany, Rishra-Konnagore and Bansberia, increased their expenditure on water-supply by extending their pipe line or sinking more tube-wells. The Bally municipality supplied drinking water by means of a large number of tube-wells without charging any water-rate from the ratepayers.

The independent water-supply scheme of Serampore was almost completed and the municipality applied for another loan from Government for further extension of its water-supply.

In the Presidency Division there was an increase in expenditure of about Rs. 74,000 of which the new municipality of Garden Reach alone was responsible for Rs. 40,848. Notable increases are also reported from Tollygunge (Rs. 17,394) owing to increase of capital outlay for a supplementary supply of drinking water from deep tube-wells; from Dum Dum (Rs. 13,092) owing to the payment of current and arrear dues on account of supply of filtered water by the Calcutta Corporation; from Nabadwip (Rs. 2,425) and South Suburban (Rs. 1,097) on account of payment of arrear bills; and from Garulia (Rs. 2,680) owing to the sinking of a number of tube wells. No explanation has been furnished for the increases of Rs. 2,527 and Rs. 1,667 which occurred at Kanchrapara and Jessore, respectively. During the year under report, the joint water-supply scheme of the Baranagore and Kamarhati municipalities and the independent scheme of Halisahar were administratively approved by Government. At Bhatpara the decentralised storage system of water-supply which forms part of the town improvement scheme was still under consideration and at Kanchrapara a scheme for supply of drinking water in the non-railway area received the attention of the municipal commissioners The water-supply extension scheme of the Khulna municipality received the approval of Government during the year under report.

In the Dacca Division, the Mymensingh municipality alone was responsible for an increase of Rs. 57,105 of which Rs. 50,000 represented capital expenditure for improvement of water-supply. The municipality deserves credit for having devoted to this purpose no less than 53·7 per cent. of its total ordinary expenditure. On the other hand, large decreases occurred in Dacca (Rs. 17,043) and Narayanganj (Rs. 3,301). No explanation has been furnished for the decrease in the latter place but the smaller expenditure at Dacca was due to some bills for the supply of coal and alum remaining unpaid at the close of the year.

The expenditure in the Rajshahi Division showed a net decrease of Rs. 50,207 due to the fact that several municipalities had incurred unusually heavy capital expenditure during the preceding year.

The execution of the Rajshahi waterworks scheme drawn up by the Chief Engineer, Public Health Department, at a total estimated cost of Rs 2,33,000 was in progress. It was proposed to execute the scheme in three sections and Government accorded sanction to the detailed scheme in respect of the first and second sections at an estimated cost of Rs. 1,12,000 to be financed by private donations (Rs. 70,000), district board contribution (Rs. 7,000) and a loan from Government (Rs. 35,000). A sum of Rs. 70,286 was collected as private donations and the district board made a provision in its budget for its own contribution to the scheme. The waterworks at Jalpaiguri made no satisfactory progress in regard to house connections as the water was found on chemical analysis to be unsuitable for drinking purposes owing to the high percentage of iron contained in it. An iron elimination and chlorinating plant was installed towards the close of the year and the quality of water is reported to have distinctly improved as a result. The supply of water from tube-wells at Bogra continued to be unsatisfactory. Bacteriological examination has shown that most of the tube-wells are contaminated and that the water is unfit for human consumption. The municipality was asked to take up a comprehensive water-supply scheme by other means but no action appears to have been taken by the commissioners in the matter. The waterworks schemes at Pabna and Rangpur showed no signs of any progress. The establishment of an electric power house at Pabna led to the reopening of the question of water-supply from tube-wells and the municipality was asked to have the water in the tube-wells tested and a scheme prepared by the Public Health Department in two parts if it could not finance a complete scheme at once. The water of the tube-well which formed the source of supply in the English Bazar municipality turned out to be hard and this led many people to take their supply of drinking water from the river or even from dirty ponds. The Public Health Department recommended the installation of a softening plant at an estimated cost of Rs. 22,000 but nothing was done in this direction during the year under review. The execution of the scheme for supply of filtered water to the Dow Hill area in the Kurseong municipality at a cost of Rs. 12,000 was nearing completion. The municipality also effected some economy in filtered water-supply in the Kurseong town by providing an unfiltered supply to garages in the Burdwan Road area at a cost of Rs. 600.

10. **Conservancy.**—There was a further decrease in the expenditure on conservancy which fell from Rs. 26·09 lakhs in 1934-35 to Rs. 24 23 lakhs during the year under report; but this was still in excess of the receipts from the conservancy rate which amounted to Rs. 16·49 lakhs and the deficit was, as usual, met from the general fund.

In the Burdwan Division there was a net decrease of Rs. 55,827 in the expenditure out of which Howrah alone was responsible for Rs. 52,888. Certain municipalities in the division, e.g., Burdwan, however, increased their expenditure under this head owing to the introduction of various improvements in the conservancy system.

In the Presidency Division, Bhatpara which spent Rs. 1,19,108 only, against Rs. 3,12,891 in the preceding year was mainly responsible for the decrease in the expenditure. The decrease of Rs. 5,003 in the expenditure on conservancy at Berhampore was due to the transfer of certain heads to "Drainage" while reduced expenditure on the sewerage scheme was responsible for a decrease of Rs. 1,511 at Titagarh.

The Dacca municipality spent Rs. 15,993 more on conservancy by constructing sweepers' quarters. The payment of arrear bills for fodder and purchase of a new motor-lorry for removal of night soil accounted for an increase of Rs. 6,423 in Mymensingh while the decrease of Rs. 10,323 in the expenditure at Narayanganj is explained by abnormally large payments in the previous year on account of cost of land for new sweeper lines.

The Chittagong municipality spent Rs. 73,891 on conservancy as against Rs. 70,727 in the preceding year. There was a net decrease of Rs. 8,902 in the total expenditure under this head in the Rajshahi Division, which was mainly shared by Jalpaiguri (Rs. 4,885) and

Bogra (Rs. 2,568). The commissioners of the Dinajpur municipality were advised by the Director of Public Health to shift the present trenching ground which is too close to the inhabited portion of the town but nothing was done in this direction during the year under review. The small municipality of Old Malda still continued to be without a latrine system owing to paucity of funds and also failed to appoint a Sanitary Inspector. The commissioners of the Kurseong municipality constructed an incinerator for the disposal of town refuse.

11. **Drainage.** —The total outlay on drainage amounted to Rs. 3·89 lakhs against Rs. 3·35 lakhs in the preceding year. The expenditure in the Burdwan Division remained practically stationary. There was an increase in expenditure of about Rs. 20,000 in the Presidency Division for which the municipalities of Garden Reach, Naihati, and Garulia were chiefly responsible. The drainage of a number of municipalities in the neighbourhood of Calcutta was extremely defective and schemes for remedying some of the defects were drawn up. The expenditure in the Dacca Division, rose from Rs. 46,044 to Rs. 68,044. The highest increase of Rs. 23,302 occurred at Dacca, owing to the purchase of a drain-flushing lorry and payments for land acquisition and construction of new drains. The Chittagong municipality spent Rs. 4,942 for the improvement of drains against Rs. 5,385 in the previous year. The drainage system in some parts of the municipality still continued to be unsatisfactory. The existing method of drainage in the Rajshahi town is reported to be far from satisfactory. It is essential that the outfall should be placed beyond the railway lines to the north. A scheme for the improvement of the town drainage at an estimated cost of Rs. 63,000 was prepared by the Chief Engineer, Public Health Department, and it is hoped that the amenities of the town will improve with the introduction of the waterworks scheme. The drainage scheme of Dinajpur did not make any appreciable progress. Although several schemes were prepared for the improvement of the Kachai and Ghagra canals, no action was taken by the municipal commissioners in the matter on account of the heavy cost as also on account of doubt as to their ultimate success. No further progress was made at Jalpaiguri in regard to the drainage and sewerage scheme of the town. The sanitary condition of the Bogra town was extremely unsatisfactory and very little attempt was made to keep the drains clean.

12. **Lighting.**—The total amount spent on lighting was Rs. 8·08 lakhs against Rs. 7·15 lakhs in the preceding year. The Asansol municipality increased the number of electric lights in the town at a cost of Rs. 3,316. The increased expenditure of Rs. 5,100 at Hooghly-Chinsura was due to the payment of old liabilities. The electric lighting scheme of the Rishra-Konnagore municipality was sanctioned by Government and necessary arrangements were in progress for the introduction of electric lighting in the main streets. Baidyabati decided to introduce electric lights in one ward and the question of introduction of street lighting by electricity was under the consideration of the Bansberia municipality.

The new municipality of Garden Reach spent Rs. 25,296 on lighting and was mainly responsible for the increase of Rs. 38,761 in the expenditure under this head in the Presidency Division. Other municipalities which showed noticeable increase in expenditure on lighting were Naihati (Rs. 4,864), Khulna (Rs. 4,134), South Dum Dum (Rs. 2,865), Kamarhati (Rs. 2,026), and South Suburban (Rs. 1,888). On the other hand, Baranagore reduced its expenditure by Rs. 1,665 while Bhatpara also spent Rs. 1,274 less than in the preceding year.

In the Dacca Division, there was an increase of about Rs. 14,000 in the expenditure on lighting which was shared by fifteen municipalities The increase was marked at Faridpur (Rs. 3,329), Barisal (Rs. 2,763) and Narayanganj (Rs. 2,126). The increase at Faridpur was due to payment of arrear bills while at Barisal it was due to the increase in the number of electric lights. The Dacca municipality increased its number of electric lights from 915 to 1,066 and the number of kerosene lights from 849 to 869. The Narayanganj municipality also added to the number of its lights while Barisal installed 24 more electric street-lights.

The Chittagong municipality increased its expenditure on lighting by Rs. 4,660 and added 12 more electric street-lights, bringing the total number of electric lights in the town to 528.

The expenditure on lighting in the Rajshahi Division increased from Rs. 1·93 lakhs to Rs. 2·36 lakhs. The increase was mainly due to larger expenditure by the Darjeeling municipality. Most of the important roads in the Rajshahi town were lighted with electric lights which are gradually replacing the kerosene lights. The scheme for the electrification of the town of Dinajpur made no headway owing to the bad financial position of the municipality. The municipality of Jalpaiguri made some progress towards electrification of the town by increasing the number of electric lights from 116 to 154. The main streets of the Rangpur municipality continued to be lighted with electricity, while the lanes and bye-lanes were lit with kerosene oil lamps. The installation of electric lights at Kurseong greatly increased the amenities of the town.

13. **Public health.**—The total expenditure on hospitals and dispensaries rose from Rs. 3·90 lakhs to Rs. 4·29 lakhs, showing an increase of Rs. 39,000.

Generally speaking, the municipal authorities showed zeal in taking measures for the prevention and control of epidemic diseases. Small-pox broke out in an epidemic form in a number of towns in the Presidency Division of which Bhatpara, Krishnagar, Ranaghat and Berhampore were the worst sufferers. Adequate measures are reported to have been taken by all the municipalities concerned to check the spread of the disease. The situation at Bhatpara became so serious that the municipal commissioners were forced to move Government for extending the emergent regulations under the Epidemic Diseases Act to the municipality.

At Midnapore, there was a serious outbreak of small-pox which lasted for six months and which spread to Ghatal. The spread of the disease is reported to have been due to the failure of the municipal health staff to take adequate precaution at the beginning. The situation became so grave that the Public Health Department had to give special assistance.

A serious epidemic of small-pox raged in the city of Dacca practically throughout the year under review and resulted in 546 deaths. Additional vaccinators were engaged by the municipality to attend to vaccination work and temporary inspectors were also employed for inspection of markets, offices and railway stations for intercepting infectious cases.. Effective steps were taken for the segregation of small-pox cases and a temporary municipal hospital was opened which accommodated 156 patients. A similar outbreak also occurred at Narayanganj during the latter part of the year under report and resulted in about 47 deaths.

Cholera broke out in an epidemic form at Berhampore and some municipalities in the district of the 24-Parganas and sporadic cases occurred in a number of municipalities. At Berhampore, notification, segregation of indigent patients in the cholera ward of the Sadar hospital, disinfection of infected houses and materials and inspection of food-stuffs, markets, etc., were undertaken and inoculation was also resorted to. In the other municipalities prompt precautionary measures were taken to check the spread of the disease.

As in previous years, most of the municipalities took steps to improve sanitation by filling up, clearing or kerosinising tanks and khals and cutting down jungles and undergrowth on road side lands and drains. In several municipalities, notices were served on private persons for clearing their lands of weeds and jungle and for filling up insanitary ditches and most of these notices are said to have been complied with. The Asansol municipality acquired an insanitary tank, filled it up and converted it into a public park, while at Natore bamboo clumps were removed from one-third of the municipal area.

Anti-malarial measures on scientific lines were adopted by several municipalities in co-operation with the local anti-malarial societies. At Baruipore (24-Parganas) a scheme on scientific lines for anti-larval measures was drawn up and executed under the direct supervision of the Public Health Department. Anti-malarial operations were also conducted by the Raniganj, Arambagh, Krishnagar, Santipur and Kushtia municipalities with financial help from Government, while the Palli Mandali of Birnagar continued to do excellent work with the co-operation of the local municipality and with financial assistance from Government. As a result of the reclamation of the Skrine canal near Rangpur, undertaken in the preceding

year, the incidence of malaria in the town was reduced to 9 per cent. as compared with 22·2 per cent. recorded during the malaria survey in the year 1933.

Steps were also taken by several municipalities to eradicate water-hyacinth, the activities of Kushtia, Jessore, Kotechandpur, Kanchrapara, Narayanganj, Natore and Jalpaiguri municipalities being noteworthy in this direction.

Special arrangements for the treatment of kala-azar, leprosy and anti-rabic cases were made by a large number of municipalities. The kala-azar centre opened at South Dum Dum in the preceding year was maintained and patients were treated free of charge; a large number of kala-azar patients were also treated at the municipal kala-azar centre as well as at the municipal charitable dispensary at Dacca. Arrangements for the treatment of patients suffering from leprosy were made by the Sonamukhi, Krishnagar, Nabadwip, Berhampore and Dacca municipalities. Cases of rabies were treated, as in the preceding year, at the anti-rabic treatment centre at Dum-Dum under a mutual arrangement between the Dum-Dum and South Dum-Dum municipalities, while all the municipalities in the Nadia district are reported to have undertaken the treatment of such patients with satisfactory results.

Krishnagar conducted a centre for the treatment of tuberculosis, while Nabadwip maintained a maternity home and orphanage in co-operation with the local Lodging House Committee.

Maternity welfare work in the mufassal towns was still in an elementary stage but arrangements were made by some municipalities, notably Suri, Krishnagar, Nabadwip, Dacca, English Bazar and Chittagong, for the training of indigenous *dais* and much valuable work was done. The Chittagong municipality also maintained a trained midwife who attended delivery cases and gave free professional aid to the poorer people.

The administration of the Food Adulteration Act engaged the attention of most of the municipalities throughout the province, and the Dacca, Faridpur, Barisal, Chittagong, Nabadwip, Krishnagar, Bogra and Rajshahi municipalities are reported to have been particularly active in this respect. No action was, however, taken by the municipalities in the district of Pabna or by the old Malda and Nawabganj municipalities in the district of Malda in this direction.

The Krishnagar municipality instituted a Health Week in March 1936 with good results, while Baranagar and Budge-Budge undertook considerable health propaganda. The English Bazar municipality organised a health exhibition during the Silver Jubilee celebration in May 1935, at which demonstrations on maternity, child welfare, school hygiene, cholera, small-pox and other preventable diseases were given. The Kurseong municipality also arranged to give instruction to the public on questions of general sanitation and infectious diseases with the help of honorary organisers working under the supervision of the municipal Sanitary Inspector.

14. **Public works.**—The expenditure on public works rose from Rs. 12·36 lakhs to Rs. 13·77 lakhs, the increase being mainly distributed over the heads "Roads" and "Buildings." There was a comparatively large expenditure under this head by the municipalities in the Presidency, Dacca and Rajshahi Divisions. In the Burdwan Division, there was a net increase of Rs. 15,780 on account of increased outlay on "Buildings" (Rs. 4,797), "Roads" (Rs. 16,694), and "Stores" (Rs. 3,631) and a decrease of Rs. 9,342 in the expenditure on "Establishment." As already mentioned, the Asansol municipality opened a new public park, while two such parks were opened at Burdwan. At Raniganj about 800 feet of road were painted with "Spremax."

Out of the total increase of Rs. 47,222 in the Presidency Division, the new municipality of Garden Reach was responsible for Rs. 16,343 and the balance was shared by the municipalities of Titagarh, Panihati, Berhampore, Murshidabad, South Dum-Dum, Khulna and Tollyganj.

There was a net increase of Rs. 33,966 in the Dacca Division, of which the Dacca municipality alone was responsible for Rs. 25,735 owing to larger outlay on the improvement of the Dacca-Narayanganj Road and the reconstruction of the iron suspension bridge.

The Chittagong municipality spent Rs. 61,953 on roads as against Rs. 48,279 in the preceding year, but the condition of the roads was reported to have still left considerable room for improvement. A decrease of Rs. 3,431 in the expenditure on roads in the Comilla municipality is explained by the fact that there was heavy expenditure in the preceding year on the improvement of certain roads made over to the municipality by the district board.

There was an increase of Rs. 39,946 in the expenditure on public works in the Rajshahi Division chiefly on account of an additional expenditure of Rs. 31,051 incurred by the Darjeeling municipality on roads and buildings. The municipality of Jalpaiguri spent Rs. 2,428 more than in the preceding year as road improvement.

15. **Audit of accounts.**—The accounts of all the municipalities except Asansol, Raniganj, Jaynagar, Garden Reach and Patuakhali were audited by the Examiner of Local Accounts and his staff. No cases of embezzlement or misappropriation were brought to light in any of the municipalities except at Serajganj where a temporary baliff appointed on the commission system misappropriated Rs. 176-11 out of the sums realised by execution of distress warrants. The defalcation was detected in January 1936 and the offender was convicted on prosecution. Thirty cart registration tickets were found missing from the custody of the tax daroga of the Dinajpur municipality. There was an enquiry by a committee of the commissioners on whose recommendation the officer was degraded to the post of assistant tax daroga on the ground of gross neglect of duties. The charge of misappropriation of municipal funds against the former vice-chairman of the Jaynagar municipality, reported in the resolution of the preceding year, ended in conviction. In the criminal cases instituted in connection with the defalcation in the Bhola municipality mentioned in the previous year's resolution, the ex-chairman, the head clerk and the accountant were convicted and sentenced to various terms of imprisonment by the lower court, but were acquitted on appeal, while the sentence of imprisonment passed on the tax-collector was reduced. The head clerk, the accountant and the tax-collector were dismissed from the service of the municipality.

16. **General Remarks.**—Every municipality was more or less affected by the financial stringency which prevailed during the period under review. Though a few progressive municipal boards forged ahead within the limits imposed by the general financial situation, the majority of the municipalities did little more than marking time. The smaller semi-rural bodies found themselves in an extremely unsatisfactory position. Handicapped by the slender resources at their disposal, they were unable to provide the barest minimum needs and requirements of a municipal population. These bodies distinctly suffered by comparison with progressive union boards established at places of equal and in some cases, of even greater, importance.

Municipal finance will, continue to present a problem of perplexing difficulty so long as the municipal bodies display a reluctance to tap adequately the resources at their disposal. Unwillingness to face the unpleasant duty of fresh and enhanced taxation, laxity in the recovery of taxes, current as well as arrear, and disregard of financial canons form the main burden of the Divisional Commissioners' reports from year to year. Although the routine administration of municipalities has, on the whole, been carried on fairly well, the report of the Local Audit Department continues to reveal irregularities which are attributable, in the main, to lack of financial control, supervision and intelligent interest in the internal administration of the board and to an inadequate appreciation of the law and the rules. These defects are not difficult to remove, and it is hoped that, with greater attention to audit and account procedure and a stricter compliance with the rules, the present unsound methods and practices will cease.

It is pleasing to note that, except in a few cases, there have been distinct indications of a growing sense of civic responsibility among the Commissioners as

a whole and a general desire to improve the health and general amenities of the towns with which they were connected. These commendable ideals must, however, be reinforced by a firmer attitude and a more vigorous policy in facing unpopular duty, particularly in regard to the prompt realisation of taxes, before the general standard of administration can reach a high level of efficiency.

The names of the following gentlemen have been specially brought to the notice of Government on account of their public spirited work during the year under review :—

Resolution reviewing the reports on the working of district boards and local boards during the year 1935-36.

GOVERNMENT OF BENGAL.

Department of Public Health and Local Self-Government.

Local Boards.

CALCUTTA, THE 6TH OCTOBER 1937.

RESOLUTION—No. 5726 L.S.-G.

READ—

The reports of the Commissioners of Divisions on the working of district and local boards in Bengal during the year 1935-36.

1. **District boards.**—During the year under review there were 26 district boards in the province with a total number of 696 members, of whom 448 were elected and 248 appointed. Of the appointed members 101 were officials and 147 non-officials. The district boards of Howrah and Noakhali were reconstituted during the year. There were elected Chairmen in all the district boards, with only three exceptions as in the preceding year. The district board of Darjeeling had a nominated Chairman in the person of the Deputy Commissioner; and it was still considered necessary to reappoint the respective District Magistrates as Chairmen of the Midnapore and Bankura district boards. Altogether 404 meetings were held during the year, against 389 in the previous year. Of these 24 were adjourned as against 16 in the previous year; but it is satisfactory to note that no meeting proved abortive for want of a quorum. The percentage of attendance was highest in Howrah (87·25), Faridpur (87·2), Hooghly (87), Mymensingh (86·77), Bankura (85·8), Khulna (85·8) and Nadia (84·2); and lowest in Tippera (64·8), Bakarganj (68·6) and Jalpaiguri (69·12). All the district boards with the exception of Dacca, Mymensingh and Darjeeling held their meetings at least once a month. The percentage of attendance of official members was highest in Hooghly (97·4), 24-Parganas (95·8), Howrah (92·16), Rangpur (80), Nadia (80), Pabna (78·3) and Midnapore (78) and lowest in Tippera (38·46), Jalpaiguri (42 65) Chittagong 43·75), Bakarganj (48·3), Dacca (55·5) and Birbhum (56·2).

2. **Local boards.**—The number of local boards was 84 as in the previous year; and all of them, with the exception of four, were presided over by non-official Chairmen. The total number of members was 1,383, consisting of 85 officials, 429 appointed non-officials and 869 elected members. The boards held altogether 731 meetings against 679 in the previous year, and of these only 1 meeting proved abortive for want of a quorum and 14 were adjourned. The average percentage of attendance was highest at Diamond Harbour (92·0) and lowest at Nilphamari (48·33).

3. **Union committees.**—During the year the number of union committees was 12, viz., 7 in Midnapore, and 5 in the 24-Parganas Of the 7 union committees in Midnapore, two, viz., Contai and Danton, were converted into union boards in March 1936 These two were the only union committees which levied a tax under section 118C of the Local Self-Government Act. These two union committees as well as three viz., Hazipur, Magrahat and Mollarchuk, in the 24-Parganas were in receipt of allotments from the respective district boards. The union committee constituted in 1933 34 at Alipur Duars in the district of Jalpaiguri failed to function during the year under report owing to the existence of party factions.

4. **Financial features.**—The total receipts of district boards, excluding opening balances, amounted to Rs. 181 75 lakhs against Rs 173·44 lakhs in 1934-35. The receipts increased under "Interest" from Rs. 2·37 lakhs to Rs. 2·86 lakhs; under "Medical" from Rs. 16·59 lakhs to Rs. 17·76 lakhs; under "Railways" from Rs 67,748 to Rs 82·675; under "Irrigation and other minor works" from Rs. 29,335 to Rs. 31,859; and under "Civil Works" from Rs. 20·63 lakhs to Rs. 24·80 lakhs. There was a decrease under the head "Local rates" from Rs 96·47 lakhs to

Rs. 95·82 lakhs; under "Police" from Rs. 1·45 lakhs to Rs. 1·33 lakhs; under "Education" from Rs. 14·78 lakhs to Rs. 13·23 lakhs; under "Miscellaneous" from Rs. 5·03 lakhs to Rs. 4·82 lakhs; and under "Law and Justice" from Rs. 30,071 to Rs. 14,554.

The expenditure rose under the head "Administration" from Rs. 7·03 lakhs to Rs. 7·42 lakhs, under "Scientific and other minor departments" from Rs. 2·57 lakhs to Rs. 2·58 lakhs, under "Superannuation allowance and pension" from Rs. 2·33 lakhs to Rs. 2·49 lakhs: under "Famine relief" from Rs. 82,563 to Rs. 2·85 lakhs; under "Civil Works". from Rs. 60·27 lakhs to Rs. 70·85 lakhs; under "Law and Justice" from Rs. 14,338 to Rs. 18,419; under "Medical" (including Public Health) from Rs. 36·45 lakhs to Rs. 39·54 lakhs; and under "Miscellaneous" from Rs. 1·43 lakhs to Rs. 2·29 lakhs. There was a decrease in expenditure under the head "Interest" from Rs. 98,188 to Rs. 41·470; under "Education" from Rs. 32 lakhs to Rs. 30·21 lakhs; and under "Minor Works and Navigation" from Rs. 9,132 to Rs. 8,650.

5. **Education.**—The total income of district boards under this head decreased from Rs. 14·79 lakhs in 1934-35 to Rs. 13·23 lakhs, during 1935-36. The total expenditure amounted to Rs. 30·21 lakhs against Rs. 32·0 lakhs in the previous year. The loss of income and the fall in expenditure are explained by the transfer to the district school boards, constituted under the provisions of the Primary Education Act, of Government grants in respect of the several district boards which had elected to come under the optional scheme.

The number of primary schools maintained or aided by district boards was 37,213 with 1,277,232 pupils, of whom 250,278 were girls. These figures show a decrease in the number of institutions and students as compared with the previous year, presumably as a result of the transfer of the charge of primary education in certain districts to the district school boards. The total expenditure of district boards on primary education, including the amount spent out of their own funds, was Rs. 21,55,142 against Rs. 22,57,857 in the previous year. Some of the district boards (e.g., Tippera, Rajshahi, Jalpaiguri and Rangpur) maintained free primary schools.

The total number of middle English schools maintained and aided by district boards was 44 and 1,178, respectively, with a total number of 104,451 pupils.

No high English school was maintained by any district board but altogether 10 such schools with a total number of 1,879 pupils received financial assistance from them.

The various boards continued, as usual to maintain or aid, by stipends or otherwise, the existing technical and industrial schools. They also rendered aid to *muktabs* and *tols*. Some of the district boards continued to contribute towards the maintenance of medical schools while several made arrangements for the training of *dais*, with the help of contributions from Government.

6. **Public health and medical relief.**—The total expenditure under this head, including sanitation and vaccination, was Rs. 39·54 lakhs as against Rs. 36·45 lakhs in the preceding year. The aggregate income also increased from Rs. 16·59 lakhs to 17·76 lakhs, of which subventions from provincial revenues amounted to Rs. 14·96 lakhs against Rs. 14·36 lakhs in the previous year.

The number of dispensaries maintained by district boards increased from 642 to 652. The number of aided dispensaries also rose from 431 to 445. The latter included a number of homeopathic dispensaries and a few ayurvedic dispensaries. The state-aid given to village and thana dispensaries helped to augment the number of such institutions and the objective of at least one dispensary for each thana was kept in view. Owing to the inadequacy of the provision for medical relief in rural areas, the scheme for the establishment of a small dispensary for each union board or a group of union boards found favour in most districts and it received a great impetus through a portion of the Central grant for rural uplift being utilized to meet the non-recurring expenditure towards the establishment of small dispensaries of an approved type on condition that the recurring expenditure was guaranteed from local sources. Several union boards availed themselves of this opportunity to establish new dispensaries of their own.

The hospital attached to the Jackson Medical School, Jalpaiguri, was placed on a satisfactory footing during the year under review. Important improvements were effected with the help of a

loan of Rs. 1,28,000 advanced by Government to the Jalpaiguri district board and the extension of the hospital buildings was nearly completed during the year. The property of the hospital was vested in the Treasurer of Charitable Endowments and the Governing Body of the Hospital was reconstituted with representatives of the contributing local bodies The loan charges are being jointly met by the seven other district boards in the division which together with the tea gardens in Jalpaiguri, European and Indian, the municipality of Jalpaiguri and the Bengal Duars Railway have agreed to contribute towards the maintenance of this improved hospital at the headquarters of the division.

The decentralised scheme of anti-rabic treatment, under which the local bodies took over the specialized treatment of patients in their own dispensaries, worked satisfactorily.

The specialized treatment of leprosy was undertaken by several district boards, viz., Bankura, Midnapore, Birbhum, Howrah, Dinajpur, Rangpur and Bogra which opened and maintained treatment centres, while certain other boards contributed towards the maintenance of Leper Hospitals.

The total expenditure under the head "Sanitation" rose from Rs. 20,41,950 to Rs. 21,51,445, inclusive of an expenditure of Rs. 2,47,350 on vaccination. There was thus an increase of Rs. 1,09,495 under this head.

The campaign against malaria and kala-azar, both curative and preventive, was carried on with energy by the district boards, Government making the usual subventions. The anti-malarial societies assisted in this campaign

Treatment centres for kala-azar were maintained by almost all district boards in the area affected by the disease. As usual, kala-azar was specially prevalent in the district of Rangpur which borders on the province of Assam. The district board of Rangpur is reported to have spent on anti-kala-azar measures the highest amount ever allotted by it for this purpose since this disease spread in an intensive form to that district.

Anti-malarial work undertaken by the various district boards included (1) free distribution of quinine and cinchona febrifuge, (2) deputation of doctors to affected areas for giving free treatment and advice and (3) establishment of temporary fever dispensaries. Steps were also taken to fill up insanitary *dobas*, to clear jungles and tanks and to carry out anti-pistia work. To popularise the campaign against malaria, propaganda was carried on by means of itinerant cinema, magic lantern shows and lectures.

The experiment to control malaria by the administration of plasmochin and quinine inaugurated in 1933-34 within the highly malarious tract in Memari thana was continued during the year under review under the direct supervision of the Public Health Department and was attended with considerable success.

There was a virulent and widespread outbreak of smallpox in the district of Dacca, closely followed by an outbreak of cholera. Small-pox first made its appearance in Dacca town and in spite of the best efforts of the municipality to control it, the epidemic spread from the town to the villages, and within a short time the whole district was in the grip of the disease which took a very heavy toll. The small-pox epidemic raged for about two months before it was brought under control by the promulgation of temporary regulations under the Epidemic Diseases Act and the employment of a very large number of vaccinators. Unfortunately, however, a severe epidemic of cholera followed in quick succession. In spite of the best efforts of the permanent public health staff and the temporary hands appointed for the purpose, the virulence of the cholera epidemic remained unabated for about a month until the heavy rainfall in the middle of May.

Cholera and small-pox also broke out in an epidemic form in certain other districts, where the district boards took prompt and adequate steps for combating them.

The rural public health staff did valuable work and helped materially in controlling the epidemics wherever they occurred. They also looked after the sanitary arrangements in fairs and melas.

Action taken by the district boards under the Bengal Food Adulteration Act, 1919, considerably checked the adulteration of foodstuffs in rural areas.

7. **Veterinary.**—There was no appreciable advance in veterinary activities during the year. The income and expenditure under this head were Rs. 2,791 and Rs. 1,83,922 compared with Rs. 2,219 and Rs. 1,79,504, respectively, of the previous year.

Several district boards, e.g., Birbhum, Bankura, Midnapore, Howrah, Malda, Jalpaiguri, Rajshahi, Rangpur, Pabna and Darjeeling, maintained stud bulls. The bull and stallion charges aggregated Rs. 13,729 during the year.

Several district boards maintained veterinary dispensaries and hospitals. Itinerant veterinary surgeons are reported to have toured extensively in the interior and treated numerous cases of cattle disease. Cattle epidemics broke out in several districts, e.g., Burdwan, Khulna, Jessore, Murshidabad, Malda, Pabna, Jalpaiguri, Rajshahi and Noakhali. In most places it yielded speedily to inoculation and other preventive measures.

8. **Civil works.**—The receipts under this head rose from Rs. 20·63 lakhs to Rs. 24·80 lakhs. There was also a corresponding increase in expenditure from Rs. 60·27 lakhs to Rs. 70·85 lakhs. As in the previous year, the substantial portion of this expenditure was on "Communications", viz., Rs. 44·44 lakhs against Rs. 37·70 lakhs in the previous year. This indicates that, largely assisted by grants from the Motor Vehicles Tax Fund and, in certain instances, from the provincial share of the Road Account, the district boards have been able to undertake new programmes for road construction and improvement of existing roads. The actual expenditure incurred by district boards, during the year under report on "Original works" was Rs. 14·56 lakhs against Rs. 10·81 lakhs and on "Repairs" Rs. 29·87 lakhs against Rs. 26·94 lakhs in the previous year. There is, however, still a number of these boards, which in spite of increasing receipts, have not been able to check the tendency towards decrease in their normal expenditure on roads.

The increase of expenditure under this head in the Burdwan Division was shared by Birbhum, Bankura, Midnapore, and Howrah, and in the Presidency Division by all district boards except Jessore, where there was a decrease of Rs. 41,099 as compared with the previous year, owing to the subvention from Road Development Fund being received late and not expended during the year.

The increase in the Dacca Division was shared by all the district boards. The Mymensingh district board spent Rs. 1,44,440 on the Mymensingh-Tangail Road under the Road Fund scheme against Rs. 1,14,229 in the previous year. Bakarganj showed an increase of Rs. 68,978, which represented the extra amount spent out of the heavy arrear collections of cesses in the previous year. In Dacca, Rs. 28,058 was spent on the improvement of the Dacca-Narayanganj Road out of a subvention from the Road Development Fund.

In the Chittagong Division the increase in expenditure on "Civil Works" including "Water-supply" and "Drainage" from Rs. 5,53,166 to Rs. 6,39,095 was due to increased expenditure by all the three district boards, particularly Tippera, which devoted its attention mainly to "Water-supply" and "Communications". On the improvement of roads and construction of bridges this board spent Rs. 1,51,737 as against Rs. 97,307 in the previous year; while the district boards of Chittagong and Noakhali spent Rs. 1,25,741 and Rs. 1,63,392 as against Rs. 1,12,245 and Rs. 1,39,924, respectively, in the previous year.

The total expenditure on "Civil works" in the Rajshahi Division rose from Rs. 16,40,777 to Rs. 17,94,529. Of this the outlay on Communications—"Original works" and "Repairs" amounted to Rs. 4,45,482 and Rs. 6,67,865 against Rs. 4,00,709 and Rs. 6,08,601, respectively, in the previous year, showing an increase of Rs. 44,773 and Rs. 59,264 under the respective sub-heads. The total increase in the outlay on Civil works, viz., Rs. 1,53,752, was shared by all district boards except Rangpur and Darjeeling, where the total outlay was less than that of the previous year. The decrease in Darjeeling was very marked, viz., Rs. 38,648. Pabna topped the list with an increased expenditure of Rs. 91,490 and Jalpaiguri came next with an increase of Rs. 44,564. The expenditure in Rangpur and Darjeeling fell short of the preceding year's outlay on account of short receipts from cess and the Motor Vehicles Tax Fund.

9. **Water-supply.**—The total expenditure under this head rose from Rs. 6·30 lakhs to Rs. 8·03 lakhs during the year under review.

The increase in the Burdwan Division was from Rs. 1,22,452 to Rs 2,12,035, out of which Rs. 1,81,279 was spent on "Original works" and Rs. 30,756 on "Repairs". The expenditure on original works increased in the districts of Birbhum, Midnapore, Hooghly and Howrah while it fell in other districts. The Burdwan district board spent a sum of Rs. 44,524, against Rs. 47,936 in the preceding year, on excavating 41 masonry wells and 156 tube wells. In Birbhum the expenditure on water-supply was Rs. 40,561 against Rs. 8,276 in the previous year. The increase was due to an extensive scheme of water-supply upon which the board felt bound to launch in view of the acute water-scarcity prevailing in the district in the early part of the year. In Midnapore the expenditure was Rs. 62,530 against Rs. 54,410 in the previous year. The local boards sank 165 tube-wells against 135 in the preceding year, and a few masonry wells were sunk by certain local boards in the areas in which the soil was unsuitable for sinking tube-wells. Hooghly continued its energetic programme for the solution of the problem of water-supply and at the end of the year under review had 3,000 tube-wells, 200 ring wells and 122 district board masonry wells. There were also 175 reserved tanks of which 73 were district board tanks. The tube-well scheme has proved very successful in this district and with the exception of Badanganj, where the laterite soil is not suitable for ordinary tube-wells, every village in the district is now reported to possess a tube-well. Howrah constructed 11 tube-wells and reconstructed 27 choked tube wells, the total amount spent under this head being Rs. 15,965 against Rs. 12,602 in the previous year.

In the Presidency Division there was an increase of Rs. 14,374 in the expenditure under this head. The expenditure on original works increased in the districts of Nadia, Murshidabad and Khulna and decreased in other districts. The decrease in the 24-Parganas from Rs. 53,576 to Rs. 28,139 was due to normal activities being held up in order to provide funds for the more urgent work of test relief. In Murshidabad 149 tube-wells were completed and in Khulna 265 such wells were sunk and 19 tanks excavated at a cost of Rs. 47,923. The Khulna district board also contributed Rs. 17,000 towards the Bagerhat water-supply scheme.

In the Dacca Division the expenditure rose from Rs. 1,86,069 to Rs. 2,67,041, of which Rs. 2,20,683 was on account of "Original Works" and Rs. 46,358 for "Repairs". The increase under both heads was shared by all the districts. In the Dacca district the cost of maintenance of the Munshiganj waterworks was Rs. 2,760 and that of running the Nawab Yousuff waterworks at Nangalbund during the *mela* was Rs. 691. The Mymensingh district board constructed 136 masonry and ferro-concrete wells 300 tube-wells and two tanks. In Bakarganj, the construction of five new tanks was begun during the year and the construction of four tanks taken up in the preceding year was completed. Rupees 3,257 was also paid by way of contribution towards excavating 8 tanks in khas mahal areas and Rs. 3,299 towards the excavation of 37 tanks in union board areas. There were altogether 364 reserved tanks under the control of this district board, excluding 155 tanks excavated by the colonization and Khas Mahal Departments and by the union boards with contributions from the district board.

The Tippera district board spent Rs. 32,468 on water-supply during the year under review. It sank 123 new tube-wells and reconstructed 36 old ones. 193 tanks are reported to have been excavated or re-excavated by this board up to the year under review and the number of tube-wells hitherto sunk by it totalled 418. In Chittagong 7 tanks were re-excavated under the loan system in different parts of the district and 6 ring-wells were constructed in the Cox's Bazar subdivision. The district board spent only Rs. 4,720 on this account during the year under review. In Noakhali, it was found impracticable to sink tube-wells in the *char* areas and also in some parts of the main land owing to the nature of the soil. Owing to the scarcity of water the excavation of tanks is the only means of supplying drinking water in these areas. As the resources of the district board were inadequate for the purpose, a proposal to raise a loan by capitalizing a part of the board's expenditure on water-supply was under the consideration of the board at the end of the year under review.

The expenditure on watersupply in the Rajshahi Division rose from Rs. 1,02,663 to Rs. 1,27,561, the most noticeable increase being in the district of Pabna, viz., from Rs. 16,352 to Rs. 36,658. In Rajshahi, five reinforced concrete ring-wells and seven tube-wells were completed and the construction of one masonry well, five reinforced concrete ring-wells and 17 tube-wells was in progress at the close of the year. The Jalpaiguri district board paid Rs. 10,000 to the Jalpaiguri municipality as the last instalment of the board's contribution towards the municipal waterworks scheme. In Rangpur 3 tube-wells, 14 masonry wells and 32 cement concrete wells were completed. Bogra prepared a 3-year scheme for water-supply by sinking tube-wells and applied for a loan of one lakh of rupees to cover the cost of sinking 1,100 tube-wells during the next 3 years. The total number of tube-wells sunk during the year was 274, bringing the total number in the district to 1,588. Pabna, which spent the largest amount on rural water-supply in the Division, constructed 89 masonry wells and 19 tube-wells, while the Sadar and Serajganj local boards sank 58 and 107 ring wells, respectively. The Malda district board completed the construction of 14 wells and two tube-wells. A comprehensive scheme of rural water-supply to be financed by loan, was under the consideration of the district board at the end of the year of review.

10. **General remarks.**—The year under review found almost the whole of western Bengal in the grip of scarcity. It is gratifying to note that the boards in the affected areas rose equal to the occasion and took prompt and adequate measures for the relief of distress.

The transfer of primary schools to the school board constituted under the Primary Education Act in some of the districts was one of the special features of the year under review.

The most satisfactory feature of local self-government administration in the districts during the year under review was the realisation by the district boards of the urgent necessity for solving the important question of rural water-supply and the solid progress made in this direction in a number of districts. It is to be hoped that this interst will continue to grow among all the local bodies throughout the province. It is hardly necessary to emphasize that an adequate supply of pure drinking water acts as a preventive not only of cholera and other alimentary diseases but also of a large number of other diseases from which the people in the countryside are liable to suffer. Government trust that the loan scheme, which has been recently liberalised, will be utilised to an increasing extent by the district boards throughout the province for the purpose of effectively solving the problem of rural water-supply.

The wide prevalence of cholera and small-pox epidemics and the virulent character which they assumed in many areas indicates the need for greater vigilance in the sphere of public health administration and for strengthening the rural public health organisation throughout the province.

While the district boards generally displayed admirable zeal in the work of rural improvement, it is regrettable to note that the reports of the local audit department continue to reveal a very unsatisfactory state of things in the sphere of financial administration. The irregularities which continue to recur year after year appear to be due to a lack of adequate supervision and of an intelligent interest in and appreciation of the law and the account rules. Given the will, these defects are not difficult to remove, and Government hope that greater attention will be paid by the Boards' executives to a closer supervision over accounts and a stricter compliance with the audit instructions.

11. **Acknowledgment.**—The services rendered by the following gentlemen have been specially mentioned by the local officers and the Government take this opportunity of thanking them and all others who have rendered active assistance in the administration of local self-government during the year under review :—

NOTIFICATION.

No. 23-I.—8th October 1937.—It is hereby notified for general information that in exercise of the powers conferred by sections 6 and 11 of the Bengal Canals Act of 1864 (Bengal Act 5 of 1864), the Governor intends to make the following rules and to fix the following schedule of rates of tolls for the Bauphal-Dwipasa Khal joining the Boga Khal on the west and the Bauphal Khal on the east in the Patuakhali subdivision of the Bakarganj district.

2. The draft will be taken into consideration on or after the 2nd December 1937, and any objections or suggestions received before that date will be considered:—

Rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class 1 shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and

unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds	Eight annas.
(2) On all vessels empty or laden, for 12½ maunds or less	One anna.
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth ...	Four annas each raft.

Tolls will be levied at Dwipasa and Bauphal.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remian in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Department of Communications and Works (Irrigation) on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

(1965—2)

The Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Imperial Bank of India.

THE following appointments on the Bank's Staff are hereby notified:—

Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 4059L.A.—8th October, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Assembly Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 16th September, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL AGRICULTURAL DEBTORS (AMENDMENT) BILL, 1937.

A

BILL

to amend the Bengal Agricultural Debtors Act, 1935.

WHEREAS it is expedient to amend the Bengal Agricultural Debtors Act, 1935, with a view to provide proper relief to the Agricultural Debtors of Bengal ;

It is hereby enacted as follows :—

1. This Act may be called "The Bengal Agricultural Debtors (Amendment) Act, 1937."

2. It extends to the whole of Bengal.

3. It shall come into force with the Bengal Act VII of 1936 as soon as it is published in the *Calcutta Gazette*.

4. The following proviso shall be added after sub-section (*2*) of section 3 :—

"Provided that while preparing a list of members and chairman for submission to the higher authority, the Debt Settlement Officer or the Circle Officer or both of them jointly shall make honest effort to select such honest and upright persons who are generally known to command confidence of the majority of people."

5. Delete altogether section 7, and omit the words "If so empowered under section 7" in all sections.

6. In sub-section (*2*) of section 27 after the words "when such property" add the following words "or a portion of it is transferred to the creditor or creditors for a limited period not exceeding five years as usufructuary mortgage or".

7. In sub-section (*3*) of section 28 after the words "The certificate officer shall" omit the remaining portion and replace it by the following : "issue a notice to the debtor to the effect that unless he clears his instalment within the prescribed period mentioned in the notice the whole or a portion of his property shall be transferred to the creditor or creditors and if the debtor after receipt of the notice fail to pay his instalment within the prescribed period, the certificate officer shall manage to transfer the whole or a portion of the property in the manner, for the purpose and for the time mentioned in the subsequent notice issued by the certificate officer."

STATEMENT OF OBJECTS AND REASONS.

The Bengal Agricultural Debtors Act, 1935, is a measure for five years only, so it is desirable that—

(1) the personnel of the board will be as good as possible ;

(2) the Board shall be vested with the full power of the whole Act, and

(3) the debtors shall be given sufficient time and opportunity to clear off their debts.

The proposed amendments are expected to bring the desired results.

NOTIFICATION.

No. 4060L.A.—8th October, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Assembly Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 15th September, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL MUNICIPAL (AMENDMENT) BILL, 1937.

WHEREAS it is expedient further to amend the Bengal Municipal Act, 1932, in the manner hereinafter appearing;

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Bengal Municipal (Amendment) Act, 1937.

Amendment of section 18.

2. In sub-section (*1*) of section 18 of the Bengal Municipal Act—

(*1*) At the beginning of sub-clause (*b*) of clause (*ii*) the following words shall be inserted before the word "provide":—

"In a municipality where the number of commissioners to be appointed by the Local Government is increased, or where any industrial constituency is constituted, in the manner mentioned in this sub-section the Local Government shall".

(*2*) The clauses and sub-clauses (*i*), (*ii*) (*a*) and (*b*) shall be renumbered and marked respectively as (*i*) (*a*), (*b*) and (*ii*).

3. In sub-section (*2*) of section 18 of the said Act, for the word, brackets and letter "clause (*i*)" the words, brackets and letters "sub-clause (*a*) of clause (*i*)" and for the brackets, words and letters "(*a*) of clause (*ii*)" the brackets, words and letters "(*b*) of clause (*i*)" shall be substituted.

4. To sub-section (*3*) of section 18 of the said Act, the following words shall be added, namely :—

"under this section."

STATEMENT OF OBJECTS AND REASONS.

Section 18 was introduced in the Bengal Municipal Act as a special provision to confer larger municipal representation in certain areas on industry and labour on the one hand and to secure in such municipalities fair representation of inhabitants not directly connected with the industry on the other. The section however, as it was drafted, left room for doubt as to whether in doing the former, the Local Government was also bound to do the latter. The Department of Local Self-Government relying on the optional nature of the whole provision took it piecemeal, that is, construed the clauses disjunctively, exercised its discretion in favour of the mill industries and increased the number of nominated commissioners in certain municipal areas, but did not care to secure proper representation of the general inhabitants not connected with the industries. Victims of such unfair treatment could not, in view of the unhappy drafting of this section, obtain any redress even in law courts though a case went up to the High Court. A subsequent amendment of the section has made the matter worse. Hence the necessity of a further amendment to ensure fair representation of the general inhabitants—inhabitants unconnected with the favoured industries—of such municipal areas.

NOTIFICATION.

No. 4061L.A.—8th October, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Assembly Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 15th September, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL MUNICIPAL (AMENDMENT) BILL, 1937.

WHEREAS it is expedient further to amend the Bengal Municipal Act, 1932, be it enacted as follows :—

1. This Act shall be called the Bengal Municipal (Amendment) Act, 1937.

2. In this Act the words "The Act" shall mean the Bengal Municipal Act, 1932.

3. In section 16 of the Act the words "three-fourths of" and the words "the remaining one-fourth shall be appointed by the local Government" and the words beginning from "Provided that" to the end of the section be repealed.

4. Section 17 and Schedule II of the Act be repealed.

5. Section 18 of the Act be repealed.

6. In section 22, sub-section (*1*) of the Act, the words "or appointment" be repealed.

7. In section 24, sub-section (*4*), the words "and appointments" be repealed.

8. Section 26 of the Act be repealed.

9. In section 45 of the Act the words "or of the names of the persons appointed to be Commissioners, whichever publication may be later" be repealed.

10. The Local Government shall after consulting the Commissioners of each municipality make such provisions as they think fit for increasing (if necessary) the number of Commissioners to be elected from each Ward or increasing the number of Wards in these municipalities where election will be held after this Act comes into force.

11. This Act shall not affect the existing constitution of any body of Commissioners or the status of appointed Commissioners during the term for which they are appointed.

STATEMENT OF OBJECTS AND REASONS.

The time has come when Municipal Boards should consist only of representatives of the people and the system of appointments of Commissioners by the Government should be abolished.

THE BENGAL DEVELOPMENT (AMENDMENT) BILL, 1937.

WHEREAS it is expedient to amend the Bengal Development Act, 1935, in the manner hereinafter indicated ;

It is hereby enacted as follows :—

1. This Act may be called the Bengal Development (Amendment) Act, 1937.

Amendment of section 2.

2. In sub-section (*5*) of section 2 the words "before or" after the words " constructed by the Government " and before the words " after the commencement of this Act " shall be omitted.

Amendment of section 3.

3. In section 3 the words " or is likely to increase " shall be omitted.

Amendment of section 5.

4. In section 5 of the Act the following proviso shall be inserted after sub-section (*2*) :

" Provided that any land which may be in the enjoyment of a definite, prescriptive or natural right of irrigation from the water of a natural river, stream, *khal*, channel or tank for more than 20 years before the commencement of this Act shall not be included in any notified area".

Amendment of section 6.

5. Section 6 shall be omitted.

Amendment of section 7.

6. In section 7 the words "or is likely to benefit" shall be omitted.

Amendment of section 8.

7. In sub-section (*1*) of section 8 the words "or is likely to be made possible" and in sub-section (*2*) of section 8 the words " whereupon the accuracy of any estimate so accepted shall not be questioned in any court " shall be omitted.

Amendment of section 10.

8. (*1*) In proviso to sub-section (*1*) of section 10 the words "one fourth" shall be substituted in place of " one half".

(*2*) In clauses (*a*) and (*b*) of sub-section (*6*) of section 10 the words "two rupees" and "two rupees eight annas" shall be respectively substituted for the words "four rupees eight annas" and "five rupees eight annas".

(*3*) In the proviso " one rupee eight annas " shall be substituted for " three rupees eight annas".

Amendment of section 15.

9. (*1*) In sub-section (*1*) of section 15 the words "in every particular " after correct and before the words " for the purposes " shall be omitted.

(*2*) For the words " subject to any decisions by an appellate or revisional authority " in sub-section (*1*) of section 15 and for the words " as a result of a decision of an appellate or revisional authority" in sub-section (*2*) of section 16 the words " subject to the final decision of the court " and "as a result of the final decision of the court " shall be respectively substituted.

Suits in regard to improvement levy.

10. Section 17 shall be omitted and the following shall be substituted, namely :—

" 17. (*1*) Any person may within thirty days from the date of the service of notice under section 14 or of a revised notice, if any, under sub-section (*2*) of section 15 or from the date of republication under sub-section (*1*) of section 15 whichever is later, institute a suit in the Civil Court on the ground that he has been wrongly shown in the statement as liable to pay the improvement levy in respect of the land in dispute or that the amount shown in such statement as payable by

The Bengal Development (Amendment) Bill, 1937.

(Clauses 11—16.)

him is incorrect or that the estimate of the improvement levy as determined under section 8, sub-section (*2*), with reference to the disputed land is incorrect.

(*2*) Such a suit shall be governed in all respects including provisions as to appeal and stay of proceedings under the Act by the Code of Civil Procedure.

(*3*) 'Civil Court' for the purpose of this section shall mean the 'Court' as defined in section 36, sub-section (*5*)."

Amendment of section 24.

11. For the words "Local Government" the words "Collector of the district" shall be substituted in sub-section (*1*) of section 24 and the proviso to the said sub-section as well as sub-sections (*2*) and (*3*) shall be omitted.

Amendment of section 37.

12. (*1*) For the words beginning with "may appeal" and ending with "final" in sub-section (*1*) of section 37 the following shall be substituted, namely :—

"may institute a suit in the Court within thirty days from the date of such decision or order and the said suit shall in all respects be governed by the Code of Civil Procedure."

(*2*) Sub-section (*2*), section 37, shall be omitted.

Amendment of section 38.

13. Section 38 shall be omitted.

Amendment of section 42.

14. Section 42 shall be omitted.

Amendment of section 44.

15. (*1*) Clause (*r*) of sub-section (*2*) of section 44 shall be omitted.

(*3*) After sub-section (*2*) of section 44 the following sub-section shall be added, namely :—

"(*3*) All rules made by the Local Government shall be subject to confirmation, modification and amendment by the legislature."

Amendment of section 30.

16. In section 30 the words and figures "37 and 38 of that Act" shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

The Bengal Development Act of 1935 in operation in the districts of Burdwan and Hooghly with reference to the Damodar Canal and the Eden Canal is creating great hardship on the peasantry of the area covered by the Act. The Act itself is vague in material particulars, and additional levy imposed upon the peasantry by the Act makes it incumbent on the legislature to take steps to reduce such vagueness to accuracy and precision. The Act operates as a supersede as to the jurisdiction of Civil Tribunals—this is unfortunate. The machinery set up by the Act requires immediate modification.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 4104L.A.—8th October, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Assembly Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 16th September, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL HOMEOPATHIC FACULTY BILL, 1937.

A

BILL

to provide for a Faculty of Homeopathic Education in Bengal.

WHEREAS it is expedient to elevate the status and medical education of homeopathy which has spread throughout the province and become popular with the masses ;

It is hereby enacted as follows :—

1. This Act may be called the Homeopathic Faculty Act, 1937.

2. It extends to the whole of Bengal.

3. It shall come into force on such date as the Local Government may, by notification in the *Calcutta Gazette*, direct.

3A. (*a*) The Local Government will establish a Faculty of Homeopathic Education in Bengal.

(*b*) It shall consist of the following members, namely :—

(*1*) The Surgeon-General of Bengal, ex-officio.

(*2*) Two members are to be elected by the Bengal Legislative Assembly.

(*3*) One member is to be elected by the Bengal Legislative Council.

(*4*) Four members are to be appointed by the Government.

(*5*) Eight members are to be appointed by the Government from amongst the homeopathic practitioners of which two are to be from outside Calcutta.

(*c*) The Faculty thus constituted of 16 members will continue for three years.

(*d*) The Faculty will have a President who will be nominated by the Local Government.

(*e*) After three years the eight members mentioned in clause 3A(*b*)(*5*) will be elected by the registered homeopathic practitioners.

(*f*) The Faculty will be elected every three years.

3B. For the first three years the Faculty will be constituted of sixteen members all appointed by the Government.

3C. The Faculty thus formed will fix the curriculum of studies in Homeopathic Medical Institutions and minimum qualifications for admission of students, control and conduct the final examination of all the students that will be sent up by the Homeopathic Medical Institution recognised by and affiliated to the Faculty and finally will grant an unanimously accepted medical degree to successful candidates, fix rules for the qualifications of homeopathic practitioners to have their names registered and entered in the Register of Registered Homeopathic Practitioners, and frame new rules and regulations from time to time for the proper working and administration of the Faculty.

4. The Faculty may, from time to time, make any other rules to carry out the purposes of this Bill.

5. The Local Government may, by notification in the *Calcutta Gazette*, make rules to carry out the purposes of the Act.

STATEMENT OF OBJECTS AND REASONS.

The homeopathic system of medical treatment has become very popular in our country—partly because of its efficacy and partly because of its extraordinary cheapness and hence its appeal to the masses of our population. But at present there is no control over Homeopathic Schools and Colleges, no recognition of such institutions, and no uniform system of examinations by which the standard of training may be regularised and systematised. To remove these defects and to effect an improvement in the status of homeopathic medical practitioners, it is necessary to introduce some system of State control and State recognition. This is the object which the present Bill is intended to provide for.

No. 4108L.A.—8th October, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Assembly Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 16th September, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL LOCAL SELF-GOVERNMENT (AMENDMENT) BILL, 1937.

A

BILL

further to amend the Bengal Local Self-Government Act of 1885.

WHEREAS it is expedient further to amend the Bengal Local Self-Government Act of 1885 in the manner hereinafter appearing ;

Be it hereby enacted as follows :—

1. This Act may be called the Bengal Local Self-Government (Amendment) Act of 1937.

2. This Act shall come into force at once.

3. In section 7 of the said Act—

(*a*) in the first proviso to the second paragraph for the words "not less than one half" the words "the members" be substituted, and after the word "Board" the words "exclusive of the Chairman, if appointed under section 22" be omitted,

(*b*) the fourth paragraph and its proviso be omitted.

4. For section 9 of the said Act the following sections be inserted, namely :—

9. (*1*) The members of a local board shall be elected by secret ballot by persons entitled to vote under section 9A in the area under the authority of the local board.

(*2*) Such elections shall be held within such time and in accordance with such rules as may be prescribed in this behalf by the Local Government under clause (*a*), section 138.

9A. (*1*) Every person of the full age of twenty-one years and having a place of residence within the area under the authority of a local board shall, subject to the provisions of section 15A, be qualified to vote at an election referred to in section 9, if such person—

(*i*) has, during the year immediately preceding such election, paid a sum of not less than eight annas as cess under the Cess Act, 1880, in respect of lands situated wholly or in part in such area, or

(*ii*) had, during the period aforesaid, been assessed at and paid a sum of not less than six annas for the purposes of the union rate payable under the Bengal Village Self-Government Act, 1919, or as Chaukidari tax, or

(*iii*) is a member of a joint undivided family, which during the period aforesaid, has paid a sum of not less than eight annas as such cess or than six annas as such rate or tax, or

(*iv*) is a graduate or licentiate of any University, or has passed the Matriculation Examination of the Calcutta University or a corresponding standard of the same or any other University or the High School Examination of the Board of Intermediate and Secondary Education, Dacca, or the Senior or Junior Madrassah Examination under the old or the reformed scheme, or any Sanskrit Examination of the Calcutta Sanskrit Association, or the Middle English or the Middle Vernacular Examination or the Upper Primary School or (Maktab)

The Bengal Local Self-Government (Amendment) Bill, 1937.

(Clauses 5—12.)

Examination or the annual examination of class 4 of any High School, or Normal or Guru Training Examination, or is a registered medical practitioner under the Bengal Medical Act, 1914, or holds a certificate authorising him to practise as a pleader or as a muktear or as a revenue agent :

Provided that only one member of a joint undivided family qualified under clause (*iii*) and nominated by the other qualified members of that family shall be entitled to vote on its behalf at any such election.

(*2*) A person qualified under sub-section (*1*) shall be entitled to vote at such election if his name is included in the electoral roll prepared for the purpose of election of members of the local board in respect of the said area but not otherwise.

5. In section 10 of the said Act—

(*a*) in sub-section (*1*) for the words "the prescribed proportion" the word "any" be substituted,

(*b*) in sub-section (*2*) for the words " the prescribed proportion " the word "any" be substituted.

6. Sections 11 and 12 of the said Act be repealed.

7. For section 13 of the said Act the following section be inserted, namely :—

" 13. A person shall not be qualified for election as a member of a local board under section 9 unless his name is included in an electoral roll prepared for the purpose of election of members of a local board in the district."

8. In section 22 of the said Act after the words " who shall " the words " be appointed by the Local Government or should the Local Government in any case so direct ", and after the word " elected" the words and brackets " (either by name or by virtue of his office)" be omitted.

9. In section 25 of the said Act after the word "Commissioner" the words "or the local board may, at a meeting attended by not less than two-thirds of its members, request the Commissioner to appoint a Chairman " be omitted.

10. In sub-section (*1*) of section 36D of the said Act for the words " such proportion " the word " all " be inserted ; and after the word " Board " the words " as the Local Government may from time to time direct" be omitted.

11. In sub-section (*1*) of section 36E of the said Act, after the word "every" the word "male" be omitted.

12. In section 138 of the said Act—

(*1*) the clause (*a*) as in force in union board area be omitted,

(*2*) in clause (*a*) as in force in non-union board areas after the word "of" the words "appointment or" be omitted, and after the word "office" the words "and the qualifications and disqualifications " be omitted and the whole clause as amended be in force both in union board and non-union board areas.

STATEMENT OF OBJECTS AND REASONS.

With the introduction of Provincial Autonomy it has been imperatively necessary to develop the system of Local Self-Government and to secure this end it has been proposed to remove sex disqualification and principle of nomination, to increase franchise and to invest local authorities with more and more powers and responsibilities in the management of their own affairs.

THE BENGAL COURT OF WARDS (AMENDMENT) BILL, 1937.

A

BILL

further to amend the Court of Wards Act, 1879.

WHEREAS it is expedient further to amend the law relating to the Court of Wards within the territories under the administration of the Governor of Bengal;

It is enacted as follows :—

1. This Act may be called the Bengal Court of Wards (Amendment) Act, 1937.

It shall extend to all the territories included within the Province of Bengal.

2. Clause (*e*) of section 6 of the Court of Wards Act shall be repealed.

3. Notwithstanding anything contained in section 22 of Act XX of 1863, the Court of Wards Act will apply to all properties which are wakf, debottar or any other religious trust.

STATEMENT OF OBJECTS AND REASONS.

Originally the Court of Wards Act applied to females, minors, lunatics and imbeciles who are unable to manage their estates. Section 6(c) was added subsequently for the benefit of landlords who have become encumbered and whose estates, Government for political or other reasons wanted to protect. This clause in the Act has led to demoralisation of landlords and has no justifications. There is no reason why Government should go out of its way to take charge of the estates of individuals who have wasted their properties by their extravagance and incompetency.

Under the present law it is not possible for the Court of Wards to assume charge of wakfs and debottar estates. It is in the public interest that the Court should have such a power. Clause 3 of the Bill is suggested for this reason.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 4116L.A.—8th October, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Assembly Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 16th September, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL PUBLIC DEMANDS RECOVERY (AMENDMENT) BILL, 1937.

A

BILL

to amend the law relating to the recovery of Public Demands in Bengal.

WHEREAS it is expedient to amend the law relating to the recovery of public demands in Bengal;

It is hereby enacted as follows :—

1. (*1*) This Act may be called "The Bengal Public Demands Recovery (Amendment) Act of 1937."

(*2*) It shall come into force from the date of its final publication in the *Calcutta Gazette*.

(*3*) It extends to the whole of Bengal.

2. The words and phrases used in this Act will bear the same meanings as are expressed in the Bengal Public Demands Recovery Act of 1913.

3. In section 3, sub-section 6 of the Act, after the word "schedule" the words "Excepting arrear rent" shall be inserted.

4. The whole of sub-sections 3 and 4 of section 20 of the Act shall be omitted.

5. The whole of section 60 of the Act shall be omitted.

6. Section 61 shall be omitted.

7. Section 62 of the Act shall be omitted.

8. Section 63 of the Act shall be omitted.

9. Section 64 shall be omitted.

10. In article 7 of schedule 1 of the Act after the words "Any demand" the words "Excepting arrear rent" shall be inserted.

11. The article 8 of schedule 1 of the Act shall be omitted.

12. Article 47(*3*) of schedule 2 shall be omitted.

13. The proviso with sub-provisos (*a*) and (*b*) of article 48 of schedule 2 of the Act shall be omitted.

14. Articles 62 to 65 of schedule 2 of the Act shall be omitted.

15. The whole of article 67 of schedule 2 of the Act shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

Since the passing of the Bengal Act III of 1913 other laws relating to the realisation of rent have considerably been changed or amended. The object of the Act is the speedy realisation of public demands and as rent in some cases falls within that category, it was considered expedient to supersede the general laws, for realising rents, which were a little bit dilatory, by the summary certificate procedure prescribed by the Act. But now ample provisions are made in the Bengal Tenancy Act itself for suing the defaulting tenants after every kist is over, and for expediting the disposal of the suits and execution proceedings in rent courts. Besides the publication of the High Court Rules and Circular Orders has revolutionised the procedure in Civil Courts which have practically been brought at par with the certificate courts in the matter of disposal.

So realising rents by certificates has become obsolete and unnecessary. On the other hand all summary procedures generally cause extreme hardship to their victims specially in financial matters.

Hence, it is time to remove this drawback in the laws to save the poor tenants from untold misery by excluding rent from the public demands.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No 4120L A.—8th October, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Assembly Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 15th September, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL SWEEPSTAKES BILL, 1937.

A

BILL

to provide for sweepstakes in Bengal.

WHEREAS it is expedient to make adequate provision for the recognition of sweepstakes in Bengal ;

It is hereby enacted as follows :—

1. This Act may be called the Bengal Sweepstakes Act 1937.

2. It extends to the whole of Bengal.

3. The Local Government may recognise the existing clubs or institutions running sweepstakes in Bengal or issue licenses for running sweepstakes by clubs, associations, corporate bodies, municipalities and district boards in Bengal for raising funds for the improvement of public health, sanitation, hospitals, leper asylums, orphanages, rescue homes and workhouses in Bengal.

4. The Local Government may, by notification in the "Calcutta Gazette," make rules to carry out the purpose of the Act including the fees to be charged for issuing licenses and the application of the funds raised under this Act.

STATEMENT OF OBJECTS AND REASONS.

It is a well-known fact that public health and sanitation in Bengal are in a bad way, conditions of hospitals are deplorable. It is very difficult for the ordinary people to get admission in these hospitals and even in charitable outdoor dispensaries poor people have to pay for medicine in the mofussil. This has caused a great hardship. These need a large amount of money. In the present state of finance, it is not possible for the Government to make adequate provision for all these. Enormous wealth is being drained out of the country by foreign sweepstakes and also unlicensed lotteries are held in the country serving no useful purpose. It is time that immediate steps should be taken to utilise such money for the benefit of the province.

Khulna, the 8th October 1937.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 8th October 1937.

Monthly Weather and Crop Report of Bengal for September 1937.

I. *Character of the season.*—During the month under review, the rainfall was above the normal except in 24-Parganas, Khulna, Jalpaiguri, Darjeeling, Rangpur, Bogra, Pabna, Cooch Behar, Tripura and in the Chittagong Division, where the fall was below the average. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—More rain was needed in parts of North Bengal for the growth of transplanted paddy. Harvesting of autumn paddy was finished and that of jute was fairly advanced. Field operations for early and spring crops have commenced in places.

III. *State of standing crops.*—The state of standing crops was generally fair.

IV. *Prospects and probable outturn.*—The prospects of standing crops were, on the whole, satisfactory. The outturn of autumn paddy was estimated at 82 per cent. and that of winter paddy at 86 per cent. of the normal this year.

V. *Damage to the standing crops.*—No damage to standing crops was reported from any part of the province.

VI. *Condition of agricultural stock.*—The condition of live-stock was on the whole fair. Sporadic cases of cattle-disease, however, were reported from 15 districts in the Presidency and from Cooch Behar and Tripura States.

VII. *Failure of pasturage and fodder.*—The supply of fodder was reported to be generally sufficient.

VIII. *Prices of food grains.*—During the second fortnight of the month, the retail prices of common rice of the cheapest quality rose in three districts and fell in five. The prices ranged from 9½ seers per rupee in Darjeeling to 15 seers per rupee in Bankura and the Chittagong Hill Tracts.

IX. *Condition of agricultural population.*—The condition of agricultural population was, on the whole, fair.

Constitution and Elections.

NOTIFICATION.

No. 1330A.R.D.—22nd October 1937.—Whereas the validity of the election of Abdur Razaque Maulvi by the Feni (Rural) Muhammadan Constituency as a member of the Bengal Legislative Assembly has been called in question by an election petition duly presented by Maulvi Mohamed Sadeque (Miah) under the provisions of Part III of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, and of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936;

And whereas in accordance with the provisions of paragraph 8 of Part III of the said Order the Commissioners appointed for the trial of the said petition have duly submitted their report to the Governor;

Now, therefore, in pursuance of the provisions of sub-paragraph (*3*) of paragraph 8 of Part III of the said Order, the Governor is pleased hereby—

(1) to order in accordance with the report of the Commissioners—

(*a*) that the said petition shall be dismissed, and

(*b*) that the petitioner Maulvi Mohamed Sadeque (Miah) shall pay to the respondent, Abdur Razaque Maulvi the sum of Rupees seven hundred and fifty as costs; and

(2) to publish the said report in the *Calcutta Gazette*.

By order of the Governor,

J. R. BLAIR,
Addl. Secy. to the Govt. of Bengal.

Election petition No. 8/37.

In the matter of an election petition against a return candidate of Feni Muhammadan Rural Constituency in the last General Election of the Bengal Legislative Assembly under Rule 26 of Part III of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936,

and

In the matter of **Maulvi Mohamed Sadeque (Miah),** defeated candidate for election from the above constituency in the said election, at present residing at Jalpaiguri, Bengal, *Petitioner*,

Versus

Abdur Razaque Maulvi, the returned candidate from the said Feni Muhammadan Rural Constituency in the above election, at present residing at Debipur, Dewangunge, Feni, Noakhali, *Respondent*.

Report.

In this case a petition has been presented by Maulvi Mohamed Sadeque (Miah), a defeated candidate, with respect to the election of Abdur Razaque Maulvi, the returned candidate to the Bengal Legislative Assembly from the Feni Muhammadan Rural Constituency at the last General Election. The petition was duly published in the *Calcutta Gazette*.

The parties appeared before the Commissioners on the 13th July 1937 in response to a summons for directions, and the petitioner was, on that date, ordered to furnish further particulars in respect of certain matters, and was directed to execute a bond for Rs. 10,000 for the payment of any further costs which he might be ordered to pay, in addition to the sum of Rs. 1,000 already deposited by him, as it appeared to the Commissioners from the nature of the petition and the allegations made therein that the enquiry was likely to be protracted over a considerable period.

On the 26th July 1937, the petitioner applied for a reduction of the amount of security but his petition was rejected, and he was ordered to execute the bond by the 9th August 1937; and, on that date, he was further directed to furnish two sureties for the amount mentioned in the bond.

As the properties proposed to be charged were all situated in the Noakhali district, difficulties arose about the testing of the security. On the 10th August the parties agreed that the petitioner should give a list of the properties which were proposed to be charged and that the list should be sent to the Collector of Noakhali who would be asked to test their value. It was further agreed that, if the Collector valued the properties at less than Rs. 10,000, the requisite steps would be taken with a view to the dismissal of the petition. A consent order was passed accordingly.

On the 8th September 1937, a report was received from the Collector of Noakhali to the effect that the value of the properties offered as security amounted to Rs. 7,610. On the 10th September the petitioner's Advocate and the respondent's Counsel were heard as to the sufficiency of the security offered, but at this hearing the Collector's valuation was not seriously challenged before the Commissioners. The valuation made by the Collector appeared to the Commissioners to be fair and reasonable and they accepted the Collector's valuation of the properties. At this stage the petitioner's Advocate was asked by the Commissioners whether the petitioner was prepared to furnish cash security or file a security bond of any recognised firm for the balance, viz., Rs. 2,190, but he intimated that the petitioner was unable to do so. The learned Advocate, however, stated that his client was prepared to produce on the 13th September 1937 three persons named by him, who would stand as sureties for the balance and would be jointly and severally liable for that amount. The Commissioners accepted this proposal, the solvency of these three persons not being seriously challenged. The petitioner was informed at the same time that, if he did not avail himself of this opportunity the Commissioners would not be prepared to allow him any further latitude in the matter.

On the 13th September the petitioner's Advocate told the Commissioners that the three persons he had mentioned were unwilling to stand as sureties and he asked the Commissioners to accept three other persons as sureties. The respondent's Counsel objected to this proposal. Further the learned Advocate for the petitioner was unable to furnish satisfactory particulars with regard to the sufficiency of the security now proposed and the Commissioners were consequently unable to accept the proposal as they were not satisfied that the suggested security was sufficient. The petitioner's Advocate did not put forward any other proposal in the matter for the consideration of the Commissioners.

The Commissioners have given ample opportunity to the petitioner to enable him to furnish the requisite security, but the petitioner has failed to comply with the orders of the Commissioners in this matter. In these circumstances the Commissioners have no alternative but to recommend that the petition should be dismissed. A similar question arose in the *Hoshangabad District* case (Hammond Election Cases, P. 407) where it was decided that the principles laid down in rule 2 of Order XXV and rule 3 of Order XVII of the Civil Procedure Code, 1908, are applicable in these matters. Rule 31(*1*) of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, lays down that every election petition shall be inquired into by the Commissioners, as nearly as may be, in accordance with the procedure applicable under the Civil Procedure Code, 1908, to the trial of suits; and the Commissioners agree with the view taken by the Commissioners in the *Hoshangabad* case.

The Commissioners accordingly recommend that the petition should be dismissed on the ground that the security required has not been furnished. The corrupt practices alleged therein have not been proved as the petitioner has, by his own conduct, rendered himself incompetent to adduce evidence with regard to the corrupt practices alleged. The returned candidate should, therefore, be considered to have been duly elected. The Commissioners report accordingly to His Excellency, the Governor. They further recommend that the petitioner should pay to the respondent Rs. 750 as costs of this petition.

A. F. M. RAHMAN, *Commissioner.*
P. N. CHAUDHURI, *Commissioner.*

NOTIFICATIONS.

No. 3589P.H.—26th October 1937.—The following draft of rules, which in exercise of the powers conferred by clauses (*a*), (*b*), (*c*) and (*m*) of section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor proposes to make in supersession of all existing rules for the preparation, publication and execution of projects of water-supply, sewerage or drainage by municipalities is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 10th January 1938, and any objection or suggestion with respect thereto received by the undersigned through the District Magistrate before that date will be duly considered:—

Draft Rules.

1. *Definition.*—In these rules—

(*a*) "municipal authority" means the Commissioners of a municipality constituted under the provisions of the Bengal Municipal Act, 1932, and includes a joint committee constituted under sub-section (*1*) of section 87 of that Act.

(*b*) "Chief Engineer" means the Chief Engineer, Public Health Department.

(*c*) "Sanitary Board" means the persons for the time being appointed, either by name or by official designation, by the Local Government by notification in the *Calcutta Gazette* to constitute a Sanitary Board.

2. *Preparation of sketch project.*—(*1*) Whenever a municipal authority desires to undertake a project for water-supply or sewerage, or a comprehensive scheme of surface drainage, or the improvement or extension of existing works of this description, it shall first cause to be drawn up a sketch project roughly showing its scope and estimated cost.

(*2*) Such sketch may be drawn up—

(*a*) by the Chief Engineer, at the request of the municipal authority; or

(*b*) by any individual or firm approved by the Chief Engineer; or

(*c*) with the permission of the Chief Engineer, by the District Engineer, for whose services an application should be made to the District Board; or

(*d*) by one of the officers of the municipal authority or by an officer specially appointed by such authority for the purpose, subject in either case to the selection of such officer being approved by the Chief Engineer.

(*3*) In cases (*b*) to (*d*) referred to in sub-rule (*2*), the sketch of the project, while in course of preparation, shall be subject to examination and amendment by the Chief Engineer.

(*4*) The Chief Engineer shall, in all cases, act as adviser of the municipal authority.

3. *Submission of sketch projects, statement and application.*—(*1*) When it is desired to impose water rate by any scheme which involves the laying of pipes or other similar apparatus, or when there is no proposal for the imposition of water rate and when the estimated cost of any scheme or of a larger scheme of which it forms a part is more than Rs. 10,000 or when the financial assistance of the Provincial Government to such scheme is desired, the municipal authority shall submit the sketch project prepared under rule 2 to the Sanitary Board through the Commissioner of the Division together with a statement wherein shall be shown the amount of the funds available to meet the capital and recurring cost of the project from current revenue or by way of loan or from any other source.

(*2*) The Sanitary Board, after considering the project, shall forward it to the Department of Public Health and Local Self-Government of the Provincial Government with such recommendations as they think fit, and, if the project relates to local areas under the control of two or more local authorities, with proposals for the distribution of the cost.

(*3*) When there is no proposal for the imposition of water rate and when the estimated cost of a scheme is Rs. 10,000 or less and when no financial assistance from the Provincial Government is required and when the scheme does not form part of a larger scheme of which the estimated cost is more than Rs. 10,000 the administrative approval of the Provincial Government shall not be necessary; but the Chief Engineer shall be consulted, and the scheme with a copy of Chief Engineer's opinion on it, shall be submitted to the Commissioner of the Division for approval.

4. *Conditions precedent to obtaining administrative approval of the Local Government or the approval of the Commissioner to a project.*—In order to obtain the administrative approval of the Local Government or the approval of the Commissioner of the Division, as the case may be, to any such project, the municipal authority shall satisfy the Local Government or the Commissioner of the Division:—

(*1*) that the cost of maintenance of the projected work can be met by the municipal authority from municipal revenue;

(*2*) that any loan required to meet the cost of the work can be repaid together with the interest thereon, within the period that may be specified by the Local Government;

(*3*) that the work can be done effectually in the manner and for the cost proposed; and

(*4*) that the work, if any, designed to be carried out through, under or over any Public Works Department road or land has been approved by an officer of that department not below the rank of Executive Engineer.

5. *Procedure after grant of administrative approval: preparation of detailed plans and estimates.*—(*1*) When the administrative approval of the Local Government has been obtained to the project in the case where such approval is necessary (but in no case before such approval,

except with the previous sanction of the Local Government), the municipal authority may arrange for the preparation of detailed plans and estimates, and for this purpose may—

(*a*) apply for the services of the Chief Engineer, or

(*b*) with the previous sanction of the Chief Engineer—

(*i*) entrust the work to an individual or firm; or

(*ii*) apply to the District Board for the services of the District Engineer; or

(*iii*) cause the plans and estimates to be prepared by one of its own officers, or by an officer specially appointed for the purpose, subject in either case to the selection of such officer being approved of by the Chief Engineer, who shall first satisfy himself that the officer is fully qualified for the work in question.

(*2*) In case (*a*) referred to in sub-rule (*1*) application shall not be made for the preparation of plans and estimates for alternative schemes, unless the municipal authority at the same time undertakes to pay for each such scheme the fees laid down in rule 31.

(*3*) In case (*b*) referred to in sub-rule (*1*), the plans and estimates, while in course of preparation, shall be subject to examination and amendment by the Chief Engineer.

(*4*) When land has to be acquired, the officer preparing the scheme shall send necessary particulars of such land to the Collector of the district and shall obtain from him an estimate of the cost of its acquisition. This estimate shall be submitted with the main scheme as a separate estimate.

6 *Submission of detailed plans and estimates for approval.*—(*1*) The detailed plans and estimates shall, on completion, be forwarded by the municipal authority in duplicate to the Sanitary Board through the Commissioner of the Division, together with the particulars required by rule 8 and a report on the state of public feeling in regard to the scheme and, if a loan is required, with an application in the prescribed form.

(*2*) If the scheme is for the improvement or extension of existing waterworks, the particulars mentioned in sub-rule (*1*) shall be accompanied by a statement showing in detail the financial position of the water-supply fund of the municipality.

(*3*) If the scheme is a drainage scheme the estimates shall be submitted in forms to be obtained from the office of the Chief Engineer.

(*4*) When the scheme has not been prepared in the office of the Chief Engineer, it shall be accompanied by full details of the calculations of the size and strength of the various works and complete information as to the prices on which the estimates have been based.

(*5*) The Sanitary Board shall submit the scheme as finally drawn up to the Department of Public Health and Local Self-Government of the Provincial Government for approval, with an expression of their opinion (*a*) on its merits and (*b*), if a loan is required, on the terms of such loan.

7. *Submission of proposals for rules regulating house-connections.*—If the scheme includes projects with the intention of allowing house-connections, the municipal authority shall, within three months of submitting the detailed plans and estimates under rule 6, submit proposals for rules under section 311 of the Act regulating house-connections, with explanations of any variation proposed from the model house-connection rules.

8. *Publication of the scheme after its approval by the Local Government.*—(*1*) When the scheme has been approved by the Local Government, it shall be published in the *Calcutta Gazette*, and locally in accordance with the provisions of section 507 of the Act, with the following particulars, namely:—

(*a*) a general description of the scheme;

(*b*) an estimate of the cost of carrying it out;

(*c*) an estimate of the cost of maintaining it;

(*d*) the source from which the cost will be met;

(*e*) the amount of the loan, if any, required for the scheme, the annual instalments by which such loan will be repayable, and the number of years required to repay it; and

(*f*) when several local authorities are concerned, the distribution of the loan between those authorities.

(*2*) Where the scheme is for providing or improving the water-supply, the following additional particulars in respect of each municipality concerned shall be also published in the manner prescribed in sub-rule (*1*), namely:—

(*a*) the total annual charge to be incurred by reason of the water-supply and to be met by a water-rate;

(*b*) the percentage of such water-rate on the annual value of holdings;

(*c*) the average incidence of such water-rate per head of the population.

9. *Final sanction of schemes after considering objections, if any.*—After the expiry of six weeks from the date of the publication under rule 8, and after considering any objections or suggestions that may be received, the Local Government may either sanction or reject the scheme as published, or may refer it, with such proposals for amendment as it may think fit, to the Sanitary Board, who, after considering the scheme and proposals, shall return the scheme to the Local Government together with the opinion of the Board on the proposals; and the scheme and opinion so returned shall be published and disposed of by the Local Government in the manner provided in rule 8 and in this rule.

10. *Commencement of work.*—No work shall be commenced on the project, nor shall any agreement be entered into in respect thereof, until the detailed plans and estimates have received the final sanction of the Local Government under rule 9.

11. *Sanction to heavy excesses over detailed estimates.*—If at any time during the progress of the work the municipal authority has reason to anticipate that the sanctioned detailed estimate will be exceeded by

more than 10 per cent., or if it shall at any time appear to the municipal authority that the sanctioned detailed scheme will require material alteration, the municipal authority shall forthwith submit to the Local Government for sanction a revised scheme with revised estimates and plans.

The revised estimates and plans shall be prepared—

(*a*) in the case of schemes prepared and carried out by the Municipal Engineer under rules 5 (*1*) (*b*) (*iii*) and 13 (*2*) (*a*), by that officer and shall be scrutinized by the Chief Engineer;

(*b*) in the case of schemes prepared and carried out by a firm of engineers of established reputation, or by an engineer specially appointed for the purpose under rule 5 (*1*) (*b*) (*i*) or 5 (*1*) (*b*) (*iii*) and rule 13 (*2*) (*a*), by the firm of engineers or the engineer so appointed, and shall be scrutinized by the Chief Engineer;

(*c*) in the case of schemes prepared and carried out by the District Engineer under rules 5 (*1*) (*b*) (*iii*) and 13 (*2*) (*b*), by that officer and shall be scrutinized by the Chief Engineer;

(*d*) in all other cases, by the Chief Engineer.

12. *Taking over of complete supervision and control by Chief Engineer.*—(*1*) The Chief Engineer shall have complete supervision and control of the carrying out of all schemes of water-supply, sewerage and drainage towards which the Local Government make a grant amounting to Rs. 50,000 or more or to half the total cost of the scheme or more. The municipal authority shall undertake to pay the fees specified in rule 33 before work on the scheme is begun.

(*2*) In other cases the municipal authority may request the Chief Engineer to take over supervision and control of the work, and on the municipal authority undertaking to pay the fees specified in rule 33, the Chief Engineer shall, if he considers that he can do so without detriment to the public service, take over such supervision and control.

(*3*) Works, of which the complete supervision and control are taken over by the Chief Engineer under sub-rule (*1*) or sub-rule (*2*), shall be considered as contribution works and shall be carried out by the Engineering Branch of the Public Health Department under the rules regarding such works in paragraphs 210 to 214 of the Bengal Public Works Department Code (1st edition), except that the provision made in the Code for establishment, etc., will be covered by the fees specified in rule 33 hereof, or shall be met by the municipal authority by payment of such fees as the Local Government may from time to time prescribe.

(*4*) In addition to the above fees the municipal authority shall bear all law charges on behalf of the Local Government in any suits brought by contractors or others in connection with the execution of any project under this rule:

Provided that no charge shall be payable by the municipal authority under sub-rule (*4*), if, in the opinion of the Local Government, the suit is due to the malfeasance or negligence of the Chief Engineer or an officer subordinate to him.

(*5*) The municipal authority shall be given an opportunity of seeing the terms of any contract for the execution of such work before it is executed. The Chief Engineer shall consider any remarks made by the municipal authority as to the terms of the contract and if he is unable to accept the remarks shall submit the matter to the Local Government for decision.

13. In the case of a scheme the sketch project of which has been approved by the Commissioner of the Division under rule 3 (*3*) the detailed plans and estimates shall be also prepared by the municipal authority in the manner provided in rule 5 and shall on completion be submitted to the Commissioner of the Division for final sanction. No work shall be commenced on such project unless the detailed plans and estimates have received such final sanction.

14. *Conditions as to detailed engineering supervision.*—(*1*) Where the projected work is estimated to cost more than Rs. 10,000, adequate provision for detailed engineering supervision shall be a condition precedent to the grant of final sanction by the Local Government under rule 9.

(*2*) Save as otherwise expressly directed by the Local Government—

(*a*) the work shall be carried out under the supervision of an Engineer, either permanently employed by the municipal authority or specially employed for the purpose, assisted by an adequate establishment of properly qualified overseers, the name and qualifications of the engineer having been previously submitted to the Chief Engineer, and approved by him; or

(*b*) with the previous approval of the Chief Engineer, arrangements shall be made with the District Board for the carrying out of the work under the supervision of the District Engineer and his staff; or

(*c*) the work shall be carried out under the complete supervision and control of the Chief Engineer in the manner provided in rule 12.

(*3*) In cases (*a*) and (*b*) referred to in sub-rule (*2*), the work while in progress shall be subject to inspection and control by the Chief Engineer.

15. *Report by municipal authority to the Chief Engineer in case of small work.*—Where the estimated cost of works amounts to Rs. 10,000 or less the municipal authority shall report, for the information of the Chief Engineer, the agency by which it is proposed to have such works carried out, and shall follow the instructions issued by him in the matter.

Tenders and Contracts.

16. *Procedure to be followed in case of other works.*—In the case of works carried out under clause (*a*) or clause (*b*) of rule 13 (*2*) the procedure provided by rules 16 to 27 shall be followed.

17. *Preparation of drawings, specifications, forms of tender, etc.*—When requested by the municipal authority, the Chief Engineer shall, subject to the payment of the fees mentioned in rule 31, prepare working or contract drawings, specifications, estimates, bills of quantities,

forms of tender, or other documents or plans required for the execution of schemes, which have been duly sanctioned and which are to be let out by contract, as well as forms of advertisement inviting tenders for such works.

18. *Approval of Chief Engineer to drawings, specifications, forms of tender, etc.*—When drawings, specifications, bills of quantities, forms of tender, and other documents or plans referred to in rule 16 relating to any work are not prepared by the Chief Engineer, such drawings, specifications, bills of quantities, forms of tender and other documents or plans, shall be submitted to him for his approval in writing before tenders for the contract of such work are advertised for.

Note (i).—The terms of a contract shall be precise and definite and there shall be no ambiguity or room for misconstruction therein.

Note (ii).—When necessary, legal and financial advice shall be taken in regard to the nature and form of a contract before it is finally accepted.

Note (iii).—The standard form of a contract shall be adopted, wherever possible, and its terms shall be adequately scrutinized before it is finally accepted.

Note (iv).—Provision shall be made in contracts for safeguarding properties belonging to Government or local bodies when such properties are entrusted to a contractor.

19. *Advertisements inviting tenders.*—Every advertisement for tenders shall be published in one or more newspapers and shall briefly describe the works required to be carried out and state the place or places where plans and drawings can be seen, and copies of the specifications and forms of tender can be obtained, the deposit to be paid by any person making a tender, and the date and hour up to which tenders will be received.

20. *Approval of plans, drawings, specifications, forms of tender, etc., by the municipal authority.*—All plans, drawings, specifications, bills of quantities, forms of tender and advertisements shall be formally approved by the municipal authority in meeting. Whenever such authority desires to make any alteration in any one of such documents, the Chief Engineer shall be informed and his advice obtained with regard to such alteration.

21. *Submission and receipt of tenders.*—All tenders shall be submitted in sealed covers addressed to the Chairman or the Vice-Chairman of the municipal authority, who shall attend in person at the office of such authority, or at any other place to which it has been directed that tenders shall be forwarded, at the latest hour specified in the advertisement for the receipt thereof. Any tender received after such hour shall not be considered.

22. *Opening and numbering of tenders.*—The Chairman or the Vice-Chairman of the municipal authority shall himself open the tenders, shall number each tender, and shall note thereon the exact time at which it was opened.

23. *Checking and scrutiny of tenders.*—After the tenders have been opened, they shall be—

(*i*) sent to the Chief Engineer; or

(*ii*) in the case of works carried out under rule 13 (*2*)(*a*) under the supervision of a Municipal Engineer approved by the Chief Engineer as being competent to advise on these questions, handed to that officer; or

(*iii*) in the case of works carried out under rule 13(*2*)(*b*) under the supervision of the District Engineer, handed to that officer, for check and scrutiny:

Provided that, in case (*ii*) or (*iii*), the Municipal Engineer or the District Engineer, as the case may be, shall, in case of difficulty or uncertainty, consult the Chief Engineer.

24. *Return of tenders after check and scrutiny.*—The Chief Engineer, the Municipal Engineer, or the District Engineer, as the case may be, shall, after checking and scrutinizing the tenders, return them to the municipal authority with his remarks and recommendations.

25. *Consideration of tenders.*—The municipal authority shall in meeting consider the tenders when checked and scrutinized under rule 23, and either accept one of them provisionally or, if the municipal authority thinks it desirable, refer the matter to the Chief Engineer for advice.

26. *Acceptance of tender.*—No tender shall be accepted which is not in order, is not fully priced out, and is not in every way in accordance with the instructions contained in the advertisement inviting such tenders. If the person making a tender makes in it after its submission any reduction or any alteration other than the correction of a palpable arithmetical error, that tender shall be out of order and shall not be considered. In cases where the lowest tender is not accepted the reasons for such non-acceptance shall be recorded, and in accepting a tender the financial status of the contractor shall be taken into consideration in addition to all other relevant matters.

27. *Discharge of tenders and advertisement for fresh tenders.*—If it is found that none of the tenders submitted is satisfactory, or if for any reason it is believed that the conditions of submitting tenders have not been properly understood, so that fair tenders have not been received, all such tenders shall be discharged and fresh tenders shall be advertised for.

28. *Provisional acceptance and submission of tenders to the Chief Engineer.*—After a tender has been provisionally accepted it shall be submitted to the Chief Engineer, for final approval, together with all other tenders received for the work, and until such approval has been received no tender shall be finally accepted by the municipal authority:

Provided that, in case of a difference of opinion between the municipal authority and the Chief Engineer, in regard to the acceptance of a particular tender, the matter shall, if the municipal authority so

desires, be referred to the Chief Engineer, Roads and Buildings, whose decision shall be final and binding on all parties.

29. *Placing and acceptance of contracts.*—Whenever practicable, contracts shall be placed only after tenders have been openly invited. Even in cases where a formal written contract is not made, no orders for supplies shall be placed without a written agreement as to the price of the articles supplied. No contract involving an uncertain and indefinite liability, or containing any condition of an unusual nature, shall be accepted without the previous approval of the municipal authority at a meeting. The terms of the contract, once accepted, shall not be materially varied without the previous consent of such authority.

30. *Bengal Public Works Department Code to apply to certain works.*—Works carried out under the complete supervision or control of the Chief Engineer under rule 13 (2) (c) shall be governed *mutatis mutandis* by the rules contained in paragraphs 175 to 180 of the Bengal Public Works Department Code (1st edition), and the Chief Engineer shall have the powers of a Superintending Engineer, Public Works Department, as defined in Government orders Nos. 126P.H. and 777P.H., dated the 14th January 1931 and 1st April 1932, respectively.

31. *Examination of contracts by audit authorities.*—The audit authorities shall have power to examine contracts and to report to the Local Government any cases where competitive tenders have not been called for, or where high tenders have been accepted, or where other irregularities in procedure have come to light.

Fees.

32. *Fees.*—For the services of the Chief Engineer specified in column 1 of the following table, the fees shown opposite in column 2 shall be payable by the municipal authority :—

Nature of work.	Fees.
1	2
(a) Preparation of detailed estimates and drawings for projects and schemes.	2 per cent. on the estimated cost of the works.
(b) Preparation of contract drawings, specifications and forms of tender.	2 per cent. on the estimated cost of the works.
(c) Examination and check of detailed estimates and drawings for projects and schemes prepared by a different agency.	½ per cent. on the first Rs. 20,000 of the estimated cost and ¼ per cent. on the balance of the estimated cost of the works.

Provided that when the Chief Engineer prepares both (*a*) detailed estimates and drawings and (*b*) contract drawings, specifications and forms of tender in respect of the same works, an inclusive fee of 3 per cent. on the estimated cost of such works shall be payable.

Note 1.—In calculating the fees the cost of survey, land acquisition and supervision shall be excluded from the estimated cost.

Note 2.—These fees shall be included in the estimates and recovered by debit to the works as a first charge on the scheme.

Note 3.—The municipal authority shall pay these fees in cash in accordance with the procedure laid down in article 426 of the Audit Code, if it abandons the detailed scheme at any time, or if, after budget provision has been made for the purpose, it is unable to commence the work within six months or such longer period as the Local Government may be pleased to allow of the final sanction of the scheme.

Note 4.—Under rule 5 fees are to be paid for the preparation of alternative plans and estimates for which application is made by the municipal authority: but revision by the Chief Engineer on his own initiative of plans and estimates previously prepared by him with a view to effect economy or improvements does not amount to the preparation of an alternative scheme for the purpose of this rule.

33. *No charge for services of the Chief Engineer, or his assistants for preparation of sketch of project.*—When the preparation of the sketch of a project is undertaken or supervised by the Chief Engineer under rule 2, no charge shall be made for his services or for those of his assistants, or for the services of Government surveyors, draftsmen and tracers engaged in such work, and drawing materials and instruments required for such work shall be provided at Government expense:

Provided that the municipal authority shall render all reasonable assistance on the spot in supplying survey coolies and survey pegs and in fixing bench-marks, etc., and shall pay the actual cost of the same, and shall also, in each case, provide a suitable office properly furnished for the use of the Government surveyors and draftsmen.

34. *Fees for supervision and control of works under rule 12.*—(*1*) The fee payable for the supervision and control of works by the Chief Engineer under rule 12 shall be 8 per cent. on the actual cost of the work.

(*2*) The percentage prescribed in sub-rule (*1*) shall be debited to the work every month and shall be calculated on the total expenditure on the work for the month, no item of expenditure recorded in the accounts being exempt from the percentage charges

Note.—The expenditure on land acquisition shall not be included in the calculation referred to in sub-rule (*2*).

Rajshahi.—No. 3596P.H.—26th October 1937.—In exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is pleased to make the following rules subject to which the Commissioners of the Rajshahi Municipality may allow communication-pipes to be laid down from the service-pipes of the Commissioners for the purposes of leading water to premises for domestic purposes only:—

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water-rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 200, a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form A to be supplied free of cost at the municipal office. The conditions subject to which a house connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given.

2. A fee of Rs. 100 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe of which Rs. 50 shall be paid as soon as the application for connection is granted and the balance within six months from the date of the grant of the application, and the connection will be cut off on failure to pay any such amount. Such fee shall be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe, and an extension from the communication-pipe of one holding to another holding shall not be permitted and combination of the holding for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

(*a*) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(*b*) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (*a*) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (*b*) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank is to be suitably covered and protected and is to be provided with locked lid, ball-valve, stop-valve and overflow pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (*a*) and (*b*) of rule 4 or any part thereof, to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (*b*) of rule 4 shall be durable and water-tight and the cover, overflow-pipe and other accessories, shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly at the expense of the owner or occupier under the supervision of an officer of the municipality.

9. Every storage tank shall be fitted with an overflow pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to

supply of water corresponding to the annual valuation of such holding, according to the following table:—

Annual valuation of the holding.		Gallon of water per day to which entitled.
From Rs.	to Rs.	
200	225	.. 180
226	250	.. 190
251	275	.. 200
276	300	.. 210
301	350	.. 220
351	400	.. 230
401	450	.. 240
451	500	.. 250
501	575	.. 260
576	650	.. 270
651	725	.. 280
726	800	.. 290
801	900	.. 300
901	1,000	.. 310
1,001	1,000	.. 320
1,101	1,200	.. 330
1,201	1,320	.. 340

For holdings with annual valuation above Rs. 1,320 the daily quantity of water (in gallons) will be calculated as the valuation divided by 4, *plus* 10 gallons more.

11. If additional water is required over and above the supply of water referred to in rule 10, requisition shall be made for the same to the Commissioners in form C. The requisition shall be for a period of not less than one year, and payment shall be made in advance for each half year at the rate of one pie per 10 gallons of additional water per day requisitioned.

When the above conditions have been complied with, the Commissioners shall have the house connection adjusted so as to enable the additional water to be supplied, the adjustment of the connection and the payment being based on the particulars furnished by the applicant in form C.

12. In case the owner or occupier requires for a special occasion or for any other purpose more water than the amount to which he is entitled according to rule 10 or rules 10 and 11 together, as the case may be, he may apply to the Commissioners in form B (obtainable at the municipal office free of charge) for a temporary connection. He shall pay in advance the sum of Rs. 10 per tank, and also shall pay weekly the following charges during the whole time he retains the temporary connection:—

(*a*) For a supply of 200 gallons per day—Annas 8 per day.
(*b*) For a supply of 300 gallons per day—Annas 12 per day.
(*c*) For a supply of 450 gallons per day—Re. 1 per day.
(*d*) For a supply of 600 gallons per day—Re. 1-4 per day.
(*e*) For a supply of 750 gallons per day—Re. 1-8 per day.
(*f*) For a supply of 900 gallons per day—Re. 1-12 per day.
(*g*) For a supply of 1,100 gallons per day—Rs. 2 per day.

He shall state in his application the number of weeks for which the connection is required.

13. On receipt of the application, together with the fees as provided in rule 12, the Commissioners shall forthwith instal within the compound and at a level of two feet above ground an additional storage tank (or tanks) of 300 gallons capacity with ball-valve and two taps fixed to each tank. They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

14. The payment referred to in rule 12 shall be made once a week. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the additional supply of water by cutting off the temporary connection and remove the storage tank or tanks, temporary service-pipe, etc., fixed for such connection.

15. Two or more such temporary connections may be taken, if required, on payment of additional costs and weekly charges.

16. The Commissioners may cut off the connection between any waterworks of the Commissioners and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz.—

(*a*) if the holding is unoccupied;

(*b*) if the occupier fails to pay his water-rate;

(*c*) if the occupier in any way interferes with, damages or alters the service-pipe; and

(*d*) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection of the service-pipe or storage tank, or prevents such officer from making such examination or inspection:

Provided that twenty-four hours' notice in writing of such examination or inspection may be demanded.

17. The works required under rule 4(*b*) shall be carried out by a person or firm employed by owner or occupier and approved by the Commissioners. For this purpose the Commissioners shall grant licenses to approved persons or firms, who should preferably have had previous experience in plumbing work.

18. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining away all waste water.

19. The Commissioners will not be responsible for any interruption or diminution of water-supply due to occurrences beyond their control.

DEPARTMENT OF COMMUNICATIONS AND WORKS.

Irrigation.

NOTIFICATION.

No. 23-I.—8th October 1937.—It is hereby notified for general information that in exercise of the powers conferred by sections 6 and 11 of the Bengal Canals Act of 1864 (Bengal Act 5 of 1864), the Governor intends to make the following rules and to fix the following schedule of rates of tolls for the Bauphal-Dwipasa Khal joining the Boga Khal on the west and the Bauphal Khal on the east in the Patuakhali subdivision of the Bakarganj district.

2. The draft will be taken into consideration on or after the 2nd December 1937, and any objections or suggestions received before that date will be considered:—

Rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and

unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds	Eight annas.
(2) On all vessels empty or laden, for 12½ maunds or less	One anna.
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth ...	Four annas each raft.

Tolls will be levied at Dwipasa and Bauphal.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remian in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Department of Communications and Works (Irrigation) on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

By order of the Governor,

The Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Notice to creditors under section 10A of the Court of Wards Act, IX (B.C.) of 1879.

WHEREAS under sections 7 and 35 of the Court of Wards Act, IX (B.C.) of 1879, as amended up to date, the Court of Wards has assumed charge over the property of Maharaja Bhupendra Chandra Sinha, Babu Nirad Chandra Sinha, Babu Dwijendra Chandra Sinha and Babu Ganendra Chandra Sinha of Susong in the district of Mymensingh, acquired through their business, as the residuary portion of the Susong Baratahabil Court of Wards Estate.

Notice is hereby given under section 10A of the said Act that all creditors having claims against the said immovable property are hereby required to submit the same in writing to the Collector of Mymensingh at his office at Mymensingh within six months from the date of publication of this notice.

Providing that if a suit or proceeding in respect of a claim by any creditors against the said wards or their immovable property is pending in any Civil Court at the date of publication of this notice, the creditors shall give notice of such pending suit or proceeding to the Court of Wards within six months from the date of the publication of this notice and further shall within three months from the date of the final disposal of any such suit or proceedings give notice to the Court of Wards of the decision of the Civil Court in respect of any such claim.

The creditors are also hereby warned that if they fail to submit any claim or to give notice of pending suits or proceedings in respect of any such claim or to give notice of the decision of a Civil Court in regard to any such pending suit or proceedings within the time above stated any such claim shall cease to carry interest as from the date of the expiry of such period.

PART VI

Bills introduced in the Council of State and Legislative Assembly; Reports of Select Committees presented to the Council and Assembly; and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 23rd August, 1937:—

L. A. Bill No. 24 of 1937

A Bill to empower the Federal Court to make rules for regulating the service of processes issued by the Court.

Whereas it is expedient to confer upon the Federal Court a supplemental power which is necessary for the purpose of enabling the Court more effectively to exercise the jurisdiction conferred upon it by or under the Government of India Act, 1935; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Federal Court Act, 1937.

Power of Federal Court to make rules.

2. The Federal Court may make rules for regulating the service of processes issued by the Court, including rules requiring a High Court from which an appeal has been preferred to the Federal Court to serve any process issued by the Federal Court in connection with that appeal.

STATEMENT OF OBJECTS AND REASONS.

Section 215 of the Government of India Act, 1935, provides that the Federal Legislature may make provision by Act for conferring upon the Federal Court such supplemental powers not inconsistent with any of the provisions of that Act as may appear to be necessary or desirable for the purpose of enabling the Court more effectively to exercise the jurisdiction conferred upon it by or under that Act. The draft Bill is intended to empower the Federal Court to make rules for regulating the service of processes issued by that Court, including rules requiring a High Court from which an appeal has been preferred to the Federal Court to serve any process issued by the latter in connection with that appeal.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 14th September, 1937:—

L. A. BILL No. 36 OF 1937.

A Bill further to amend the Indian Tariff Act, 1934, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Tariff Act, 1934, for the purpose hereinafter appearing; It is hereby enacted as follows:— XXXII of 1934.

Short title.

1. This Act may be called the Indian Tariff (Second Amendment) Act, 1937.

Amendment of First Schedule, Act XXXII of 1934.

2. (*1*) In the First Schedule to the Indian Tariff Act, 1934, Item No. 10 (1) and Item No. 11 (1) shall be omitted. XXXII of 1934.

(*2*) This section shall have effect retrospectively as if it had come into force on the 1st day of April, 1937.

---

*The Governor General has accorded sanction under section 67 of the Government of India Act as set out in the Ninth Schedule to the Government of India Act, 1935, and amended by paragraph 12 of the Government of India (Commencement and Transitory Provisions) Order, 1936.

STATEMENT OF OBJECTS AND REASONS.

The protective duty of Re. 1 per cwt. on Wheat Flour imposed in lieu of the then existing duty of Re. 1/8 per cwt. by Act X of 1936 was limited in duration to the 31st March, 1937, by Item No. 11 (1) of the First Schedule to the Indian Tariff Act, 1934.

With the intention of removing this protective duty and subjecting Wheat Flour to the ordinary Revenue duty of 25 per cent. *ad valorem* imposed on Flour by Item No. 11 of the First Schedule to the Act, no steps were taken to continue the duration of the protective duty by any amendment of Item No. 11 (1) before the date on which the duty was due to expire under the provisions of section 11 (*1*) of the Indian Tariff Act, 1934. The Item itself however was not omitted, and its survival has given rise to a doubt whether by virtue of that section Wheat Flour being Flour "otherwise specified" in the Schedule can be held liable to the Revenue duty under Item No. 11 of the Schedule.

This Bill is aimed at setting this doubt at rest.

Dccaa, the 25th October 1937. for *Director of Agriculture, Bengal.*

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 5th October 1937.

Second Forecast of the Cotton Crops of Bengal, 1937-38.

(*Note.*—On an average of the five years ending 1935-36, the area under the cotton crops in Bengal has represented some 0·3 per cent. of the total area under cotton in India.)

There are two crops—early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

Character of the season.—Since the issue of the first forecast in August last, the weather has been generally favourable for the growth of the early crops and the present outlook is reported to be satisfactory.

Sowing of late variety commenced in Bankura under favourable conditions.

Area sown.—The area sown with early cotton is reported to be 77,483 acres this year as against 74,022 acres in the corresponding forecast of last year. Of the late crop an area of 100 acres is reported to have been sown this year in Bankura.

M. CARBERY,
Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 8th October 1937.

Second Forecast of the Sugarcane Crop of Bengal, 1937-38.

(*Note.*—On an average of the five years ending 1935-36, the area under sugarcane in Bengal has represented some 7·5 per cent. of the total area under sugarcane in British India.)

Character of the season.—As already reported in the first forecast, weather conditions were generally unfavourable at the planting time. Insufficient rainfall in June and July retarded early growth of the crop in some North and East Bengal districts. Subsequent effects of the weather proved favourable excepting in the districts of Dacca, Mymensingh and Bakarganj, where the fall was incessant and excessive. The present prospects are fair.

Area planted.—The total area planted with the crop for the province is estimated to be 290,100 acres this year as against 354,600 and 354,800 acres reported respectively in the corresponding and final forecasts of last year. The decrease in area as compared with the last year is due to unfavourable weather conditions at the time of planting and the low prices of sugarcane and *gur* obtained last year.

Outturn.—According to the estimates of the District Officers, the average outturn of the crop for the province this year works out at 88 per cent. of the normal against 84 and 89 per cents. respectively in the corresponding and final forecasts of last year.

Condition figure.—The condition figure for the sugarcane crop is estimated at 88 per cent. as against a ten years' average of 85 per cent. This means that the condition of this year's crop is equal to about 103·5 per cent. of the ten years' average.

M. CARBERY,
Director of Agriculture, Bengal.

Resolution on the Report on the Police Administration in the town of Calcutta and its suburbs for the year 1936.

GOVERNMENT OF BENGAL.

Home Department.

Police.

CALCUTTA, THE 9TH OCTOBER 1937.

RESOLUTION—No. 3571Pl.

Read—

The Report on the Police Administration in the town of Calcutta and its suburbs for the year 1936.

The office of the Commissioner of Police, Calcutta, was held throughout the year by Mr. L. H. Colson, C.I.E., I.P.

2. *Strength.*—The strength of the force at the close of the year was 5,645 officers and men, and the gross expenditure incurred in maintaining that force was Rs. 44,69,799. The Calcutta Police District has a population of 11,96,734, so the cost of police per head of the population is about Rs. 3·74 a year. The number of constables enlisted during the year was 162, including 31 Bengalees, against 211 including 50 Bengalees of the previous year.

The fall in the number of local recruits is noticeable, but as recruits with better qualifications come forward for enlistment in the constabulary, it is hoped that the deficiency in the number of Bengalees will be made up in the near future.

3. *Discipline.*—The Governor notes with pleasure the appreciable decrease in the number of punishments inflicted on members of the force judicially and departmentally, as compared with the figures of the previous year. This indicates a welcome improvement in the tone of the force generally.

4. *Health.*—The general health of the force showed an improvement during the year. There were 35 deaths against 48 of the previous year. The average daily number of sick was also less, being 92 against 101 in the previous year. Dr. Lowe of the British Empire Leprosy Association continued the medical examination of those members of the force who could not be examined during the previous year. The result was satisfactory and the Governor notices with pleasure that, of 600 officers and men examined, only 4 were found to be suffering from leprosy, and that of a non-infectious type.

5. *Crime Statistics.*—Although there was a slight decrease in the total number of cognizable cases reported to the Police, an increase took place in certain forms of serious crime. The number of true cases of coining, murder, dacoity and theft increased from 33, 18, nil and 4,232 respectively in the previous year to 43, 37, 3 and 4,866. The number of cases of rioting, robbery, burglary and receiving stolen property, however, fell appreciably from 25, 28, 541 and 145 respectively in the previous year to 24, 18, 521 and 129. The number of non-cognizable cases showed a distinct decline. The control of crime in Calcutta during the year may, therefore, be regarded as satisfactory.

The Detective Department assisted the local police in 140 cases and investigated 145 cases independently. The Governor has read with interest the account of the more important and complicated cases dealt with by the Detective Department, and has been impressed with the high standard of detective ability displayed by the investigating staff.

The Special Detective Staff of the Port Police succeeded in recovering 43 automatic pistols, 4 revolvers, one old D.B.B.L. gun, one alarm pistol and about 3 000 rounds of ammunition. The staff has put in another year of useful work, and patient, unobtrusive and arduous efforts have been made to keep the activities of arms smugglers —actual and potential—in check.

6. *Revolutionary crime.*—Although there were no cases of overt terrorist crime, the discovery and seizure of unlicensed arms and ammunition of various types indicated that terrorism was by no means dead. The Special Branch was fully occupied with the detection of the plans and methods of those subversive organisations which

pursue their activities in secret. The growing menace of Communism was another important factor during the year under review. The Governor is pleased to record his appreciation of the valuable services rendered by the Special Branch Staff in combating alike the terrorist movement and the insidious attacks of communist propaganda.

7. *Public Order.*—A satisfactory feature of the year's administration was the absence of any communal friction. The Muslim community showed some concern over the alleged inadequate representation of Muslim employees in the services of Calcutta Corporation. There was strong feeling over the Shahidganj Mosque dispute, and some interest was shown on the question of Jewish immigration into Palestine.

8. *Labour.*—It is noticed that during the year the number of men involved in strikes was more than in the previous year. The Governor regrets that there has been an increase in the secret publication and distribution of unauthorised communist literature of a highly seditious and inflammatory character. Towards the end of the year arrests and searches resulted in the discovery of a large number of such publications.

9. *Traffic.*—The Traffic Advisory Board set up in the year 1934, continued to do much useful work, and during the year under review it was possible to effect certain improvements of a major type with the co-operation of the Board.

There was a decline in the number of fatal injuries due to street accidents, and the number of persons killed was 107 against 113 in 1935. The number of injured, on the other hand, was 2,519 against 2,446.

10. *Commendation of officers.*—The Governor has been pleased to read the tributes paid by the Commissioner to certain Deputy Commissioners, Assistant Commissioners and other subordinate officers, and desires to place on record his appreciation of the services rendered by all ranks of the force. Thanks are due to Mr. Colson for maintaining a high standard of discipline and efficiency.

Order.—Ordered that a copy of this resolution be forwarded to the Commissioner of Police, Calcutta, and the Commissioner of the Presidency Division for information.

Ordered also that a copy of the report be submitted to the Government of India in the Home Department.

Ordered also that this resolution be published in the *Calcutta Gazette.*

By order of the Governor,

G. P. HOGG,

Secy. to the Govt. of Bengal.

Resolution on the Annual Administration Report of the Department of Industries, Bengal, for the year 1936-37.

GOVERNMENT OF BENGAL.

Department of Agriculture and Industries.

Industries.

CALCUTTA, THE 22ND OCTOBER 1937.

RESOLUTION—No. 7482Ind.

Read—

The Annual Administration Report of the Department of Industries, Bengal, for the year 1936-37.

Mr. A. T. Weston held charge of the department until he proceeded on leave on the 2nd February 1937 preparatory to retirement and was succeeded by Mr. S. C. Mitter who held charge during the rest of the year. On Mr. Mitter's promotion to Directorship, Dr. R. L. Dutt, Industrial Chemist, was appointed to act as Deputy Director of Industries, Bengal.

2. The Director has included in his report an interesting survey of some of the important large-scale industries of the province though, as at present constituted, this department is not directly concerned with big industries. The department has up to date directed all its efforts towards the development of cottage and small-scale industries on which the welfare and economic advancement of the rural people largely depend. The report shows in a convincing manner that the department has, within the limitations imposed by financial stringency, achieved remarkable success in the development of such industries. Since the close of the year the Director has submitted a comprehensive plan for the development of industries in the province and a three-year programme largely based upon this plan is now under the consideration of Government.

3. Research and experiment are admittedly the essential preliminaries to all industrial development. In order to facilitate this work the Industrial Research Laboratory which was established in 1926 has been equipped with modern machinery for tackling the problems suggested by small industries such as the assessment of the industrial value of raw materials and practical difficulties in highly complicated manufacturing processes. In the Chemical Section systematic research work was carried out in the different phases of soap-making as well as in varnish manufacture, particularly in regard to the efficiency of driers, and the manufacture of disinfecting liquid, metal polish, ink, starch from "sati" root and the purification of honey. Definite results were obtained in some cases which will prove beneficial to the industries concerned. It is noteworthy that the departmental research on the utilisation of Waste Glass in the manufacture of Silicate of Soda has secured one of the prizes offered by the Industrial Research Bureau under the Central Government for the encouragement of industrial research. In the Engineering Section the problem relating to the development and improvement of cottage craft and small industries has been engaging special attention. Various experiments were carried out in this section during the year under report and it is to the credit of the department that it succeeded in designing and perfecting a number of labour-saving devices and modern and economical processes of manufacture for the benefit of the small industrialists engaged in the brass and bell-metal, cutlery, umbrella and pottery industries. The results obtained were given wide publicity by actual demonstration through the demonstration parties working under the Unemployment Relief Scheme.

4. The textile handloom industry which is *par excellence* the main cottage industry of the province received its due share of attention from the department. The research staff employed at the Government Weaving Institute, Serampore, under the Government of India scheme for the development of the handloom industry were engaged in producing samples of new and attractive designs in various materials. It is gratifying to note that a large number of fabrics of new and attractive design,

the production of which has not hitherto been attempted by the handloom weavers in this province has been successfully standardized and that a number of such fabrics is now being produced in some of the advanced handloom weaving centres and marketed through the Bengal Home Industries Association, Calcutta. The demonstration parties engaged in the propagation of the possibilities of the industry among the traditional weaving community as well as among the agriculturists as a subsidiary or spare time occupation were instrumental not only in introducing a number of looms and improved appliances but also in imparting the necessary training in improved processes of weaving and dyeing with the object of facilitating the development of the industry in its different branches. The department also carried on successful experiments in the manufacture of jute carpets on looms in preference to ordinary frames, in printing designs on coir mats with stencils and in manufacturing coir double belting and coir matting with elaborate designs. The latter have been found to be much superior to the designs made with ordinary heald staves and have also attracted attention outside the province.

5. The demonstrations in the coir industry which are still in progress achieved a fair measure of success during the year under report. It is satisfactory to note that as a result of the working of the coir demonstration parties a number of small concerns were started by the students, including women trained by these parties and a foundation has thus been laid for the development of a new and profitable cottage industry.

6. The Unemployment Relief Scheme which was inaugurated towards the close of the year 1932 was continued during the year under review and further progress was made in training young men in the small industries covered by the scheme which resulted in the establishment of a number of small factories.

The two Industrial Surveyors employed under the scheme were engaged in carrying out a regular industrial survey of the districts. These officers have also been entrusted with the survey of organised industries and at present the sugar, glass and pottery industries are under investigation. The results of this investigation when available will be of great value in determining the lines upon which the development of these industries can best be achieved.

7. The Bengal Tanning Institute maintained its reputation as a training and research station. Besides training a large number of young men the majority of whom have been absorbed in the industry, research work was as usual carried out on practical problems relating to both mineral and vegetable processes of tanning as well as on the processes of manufacturing such varieties of leather as are of interest to the local tanning industry with the object of bringing the local products up to a sufficiently high standard to be able to withstand competition from outside. The institute also maintains a craft school which provides training in the manufacture of shoe and other leather goods to educated young men through a one-year course. The school maintained its usefulness during the year under report. The tanning demonstration parties attached to the institute were engaged throughout the year in disseminating the knowledge of the improved processes of tanning among the leather workers in rural areas as well as in assisting the young men to set themselves up in business.

8. The department rendered financial assistance in the shape of loans under the Bengal State Aid to Industries Act to the cottage and small industries of the province. The Industrial Credit Syndicate, Limited, which commenced business after the close of the year, has been floated with the object of financing persons embarking on such industries who are unable to obtain credit through the ordinary banking institutions. It is open to *bona fide* industrialists to avail themselves of the facilities offered by these agencies.

9. During the year under review the climatic conditions were not very favourable to sericultural operations generally. The sharp fall in the price of raw silk coupled with the dumping of foreign raw silk at uneconomic prices brought about a contraction of the reeling industry which has quickly followed by contraction of the rearing industry. The difficulties facing the industry are numerous and serious but it is recognised that the most important problem to be tackled is the provision of disease-free seed cocoons. With the grants

made by the Central Government special efforts are being made to improve the condition of the industry by putting in train schemes for the production and supply of disease-free seed cocoons through the agency of selected rearers in the silk producing areas under departmental supervision and for researches on silkworm diseases. It is gratifying to note that substantial progress has been made in these directions. For the improvement of the technique of reeling which is of paramount importance to the industry a reeling institute under the designation of the Paddie Reeling Institute has been started at Malda for imparting training in silk reeling as well as in the use of improved and up-to-date silk reeling machines.

10. The Government of Bengal have much pleasure in recording their appreciation of the manner in which the work of the department was conducted by Mr. A. T. Weston and his successor Mr. S. C. Mitter. By the retirement of Mr. Weston, Bengal has been deprived of the services of an experienced and zealous officer. The Minister in charge also takes this opportunity of conveying his thanks to the members of the Board of Industries and other Boards and Committees associated with the department for their assistance.

RESOLUTION—No. 745T.R.

The final report on the Survey and Settlement Operations in the district of 24-Parganas.

Letter No. XXV/8-5378, dated the 16th April 1935, from the Director of Land Records and Surveys, Bengal, submitting the final report.

Letter No. 670R.L., dated the 25th March 1937, from the Commissioner of the Presidency Division, forwarding the comments of the Collector contained in his letter of 21st November 1936 on the report.

The district of 24-Parganas, as its name implies, originally consisted of the 24 mahals covering about 882 square miles which was ceded to the East India Company in 1757 after the battle of Plassey. Until 1814 these parganas were managed jointly by the Company in zamindari right with the three villages, Calcutta, Sutanati and Gobindapur, which had been purchased in 1698 with the permission of the Nazim. Even before the Permanent Settlement in 1793, the Sundarbans of Diamond Harbour and Basirhat subdivisions had been added to the district. As a result of further adjustments, the district now measures 4,856 square miles of which 32·2 square miles represents the area included in Calcutta proper, 1,240 square miles is reserved or protected forest under the Forest Department, and 290 square miles is covered by navigable rivers.

2. This district is not a convenient unit for the presentation of the material which it is customary to analyse in the final reports of major settlement operations. The 32·2 square miles within the jurisdiction of the Calcutta Corporation, with its population of 1,196,734 persons, are entirely excluded from the statistical tables printed in the report, though the town areas covered by the municipalities of Baruipur, Tollygunge, Budge Budge, Barrackpore, Dum Dum and many others are included. The chapters on population, industries, and use of the land, therefore, lose much of their value, though from the figures given for the crops grown in each thana separately much useful information is obtainable. In the villages of the Diamond Harbour and Basirhat subdivisions touching on the Sundarbans forests, aman rice is practically the only crop, but in Baraset subdivision aus paddy or jute is grown on 40 per cent. of the cultivated area. Rabi crops only cover 11·46 per cent. of the area in Basirhat subdivision and still less in the other subdivisions. The most interesting suggestion in the report in connection with agriculture is that the cultivation of date palm for the manufacture of sugar is well worth development. It is said that the normal annual yield of juice per tree is 300 lbs. and that it could be raised by 75 per cent. by improved methods. Four hundred fifty trees can be grown on an acre and they will continue a steady yield for thirty years. The cost of production, including rent of land, is estimated at Rs. 350 for 120 maunds of sugar produced from one acre, or Rs. 3 a maund, as opposed to Rs. 7-8 a maund, the cost of producing cane sugar.

3. For another but entirely different reason, the chapters on the economic position of the agriculturists also lose much of their value. Attestation was finished in 1930, but the report was not submitted to Government till April 1935. Owing to the delay in receiving the Collector's and Commissioner's reviews, it has only just been made ready for publication. The consequence is that all the statistical tables are based on the prices of crops prevailing between 1924 and 1928. On page 43, the total value of all the crops produced in the district is estimated at 1,096 lakhs, the

price of aman paddy being taken at Rs. 3-8 a maund, of aus paddy at Rs. 3-4 a maund, and of jute at Rs. 6. It is admitted in paragraph 59 of the report that at the rates prevailing during the depression this estimate goes down to 573 lakhs; a difference of this magnitude makes the estimates of the profit from each kind of crop and the average income of families very much out of date. Nevertheless, there is a distinct value in the figures given on page 42, showing the difference between the net profit from growing common crops before and after the depression. Taking 20 maunds as the average produce of an acre of aman paddy the Settlement Officer calculates that the net profit has fallen from Rs. 58 to Rs. 18 an acre. In the case of jute, taking 15 maunds as the yield per acre, the profit has fallen from Rs. 60 to Rs. 24. It is the same with the conclusions the Settlement Officer has arrived at in Chapter III regarding the amount of paddy grown in the district and the amount consumed by the population itself. He estimates that the population of 2,713,874 persons consumed 1,33,42,772 maunds of rice equivalent to 2,22,38,000 maunds of paddy out of 2,44,94,000 grown in the district, leaving a surplus of 22,56,000 maunds for export. Before the depression this meant a net income of nearly Rs. 3 to every member of the rice-growing families as opposed to Re. 1-4 after the depression. The value of other crops, especially fruit and vegetables, which command good prices owing to the nearness of Calcutta, brings the average income of each agriculturist up to Rs. 30. The average debt is estimated at Rs. 23.

4. There are 1,985 revenue-paying estates in the district, and 124 tauzis of other Collectorates also have lands in this district. There are 264 revenue-free estates including 5 such estates of other Collectorates. The total area permanently settled is 2,005 square miles. Temporarily-settled estates including Sundarban lots cover as much as 1,045 square miles; 70 square miles consist of Government estates. There are no very large zamindaris. The average incidence of revenue is Re. 1-2-2 per acre. Even in the oldest settled parts of the district subinfeudation does not exist to any very great extent and rarely extends beyond third grade tenure-holders. One-fifth of the total area is held khas by zamindars or tenure-holders; 73 per cent. is let out to raiyats; and 7 per cent. is held by non-agriculturists or included in the outside record khatians. As against 811,350 raiyati holdings covering 1,551,309 acres, there are 430,669 under-raiyati holdings covering an area of 241,070 acres. Of these five-sixths have been recorded as having rights of occupancy. The number of raiyats and under-raiyats who pay produce rents, are only a small proportion. No statistics are available of the total area cultivated by the bargadars or bhagdars, to whom all rights of tenancy were denied when the Tenancy Act was amended in 1928. Before the Legislature passed this measure, out of 878 khatians opened for bhagdars, 680 had been given the status of raiyats. Before the repeal of section 40 by the same amending Act, 124 cases had been filed for commutation from 14 villages of Basirhat subdivision, but none of them were filed by bhagdars. The highest rent fixed by the Commutation Officer was Rs. 24-13-4 an acre and the lowest was Rs. 8-12-9. The average was Rs. 16-12-9. In two out of the nine appeals commutation was disallowed on the ground of hardship to the landlords. The result of these cases scared away other applicants, because the commuted rent was much higher than the raiyati rent, viz., Rs. 5-12-3. The Settlement Officer has come to the conclusion that the section was rightly repealed.

5. The average incidence of occupancy raiyat's rent is given separately for each thana in paragraph 101 of the report. It varies from Rs. 13-7-9 in Barrackpore and Rs. 10-5-8 in Baranagore to Rs. 3-1-10 in Baduria and Rs. 3-13-10 in Bijpur. Too much importance cannot be attached to these figures because a large proportion of the holdings must contain lands which are used for non-agricultural purposes.

6. The settlement of the Sundarban lots was the most important and difficult work undertaken by this settlement. Out of 95 lots settled under the rules of 1853 for 99 years, 38 were ripe for re-settlement. Out of 194 lots settled under the rules of 1879 for 40 years, 27 were resettled.

7. Chapter XII of the report gives a summary of the revenue history of Sundarbans with a description of the successive policies adopted for colonization, and Chapter XIII gives an account of the protracted discussions regarding the interpretation of the terms of the original leases and the principles on which the reassessment should be made. Many of the capitalists, with whom the settlement of both classes of lots had originally been made on nominal rents with the idea that they would build embankments and induce the cultivators to settle on the lands, had from the very begining handed over the responsibility to others at a considerable profit. The cultivating raiyats were found to be paying to these tenure-holders Rs. 5 an acre or more. In the 1853 lots the incidence of revenue before resettlement was 5 annas 4 pies and in the 1879 lots 10 annas 5 pies.

8. The resettlement of the 99 years lots increased the demand from the lotdars six times and in the 40 year lots four times. The former lotdars, however, still keep 72 per cent. of the total assets as their profit and the 40 year lotdars 65 per cent.

9. It is unfortunate that these resettlements were made at a time when the price of rice was falling so rapidly. The assessment of the lotdars was however made on the basis of the rents they had fixed for their tenants many years ago. Clauses 1 and 8 of the original leases under the 1879 rules contemplated that one-quarter of the total area should be excluded from assessment and that the remaining three-quarters should be assessed at the rates paid by cultivating raiyats in the neighbourhood. Considering that the holders of the 40 year lots have been recognized as having a permanent right, though legally they were only entitled to renewal for 30 years, it cannot be held that they were unfairly treated. Still less can the holders of the 99 year lots have any substantial grievance. For 70 years at least, they had been making enormous profits and they ought to have made provision for the enhancements which, they knew, must follow the expiry of their leases.

10. In addition to the Sundarban lots, jamabandi was done in 18 Government estates and one temporarily-settled estate. The final result of the jamabandi proceedings in the estates not permanently settled was an increase of revenue of Rs. 2,20,289 per annum

11. The history of the Panchannagram estate, which is an important feature of the khas mahal administration of the 24-Parganas, is given in paragraph 75 of the report. A block of land immediately outside the three villages, viz., Calcutta, Sutanati and Gobindapur purchased by the Company in 1698 was taken out of 24-Parganas and kept khas in order to facilitate the development of the town of Calcutta. All the lands in the estate have been recognised as permanently settled since the year 1851, but the authority for this recognition cannot now be traced.

12. The total cost of the settlement was Rs. 43,79,510 as against the estimate of Rs. 42,59,888. The amount recoverable from the landlords and tenants came to Rs. 28,04,610 only.

13. The report contains various suggestions which have been noted for examination and on which, it is hoped, action will be possible. The Governor observes with regret that abwabs in numerous forms are exacted from the tenants throughout the district, particularly in the Sundarbans.

14. The name of the Settlement Officer, Mr. Burge, will always remain alive in Bengal on account of the work he did in connection with this settlement. Few officers of his service showed so much promise and his genial manners made him popular with all classes. The Governor desires to express his appreciation of the services of the many capable officers who helped Mr. Burge and who carried on the work after his transfer to Midnapore. His thanks are specially due to Rai Sahib Anil Chandra Lahiri who played a large part in the compilation of this report.

DARJEELING, THE 6TH OCTOBER 1937.

RESOLUTION No. 744T.R.

Read—

(1) Memorandum No. 2079R.G., dated the 23rd June 1937, from the Commissioner of the Burdwan Division, submitting the final report on the operations for relief of distress in the district of Bankura during the year 1935.

(2) Memorandum No. 2078R.G., dated the 23rd June 1937, from the Commissioner of the Burdwan Division, submitting the final report on the relief operations in the district of Bankura during the year 1936.

2. The district of Bankura has an area of 2,625 square miles with a population of 1,111,721. It has suffered from failure of crops more often than any other district in Bengal, widespread distress having occurred from this cause in 1865, 1872, 1873, 1883, 1884, 1895-96, 1907, 1915, 1918, 1934 and 1935. The years given are those in which failure of crop occurred. Distress on each occasion reached its maximum in the following year. The whole of the Sadar subdivision on the west in addition to a large area of the Vishnupur subdivision in the south and west is undulating rocky tract, all of which either is or was covered with forest (chiefly sal). Owing to the rocky nature of the soil only about 44 per cent. of the total area of the district is cultivated. Agriculture in such a district where the soil is of poor quality and rainfall is erratic, is always more or less of a gamble and offers only a precarious means of livelihood to the smaller cultivators who have very little capital. Facilities for irrigation are generally poor and consist mainly of shallow tanks and bunds most of which contain water only during the rains and dry up with the onset of the cold weather. The percentage of the gross cultivated area which is thus irrigated is only 22·1 and in a very dry season, when tanks are ill-supplied with water even this percentage cannot be irrigated. As a result, only one-fourth of the cultivated area can be relied on to give a steady crop of paddy. There is consequently scarcity or distress in varying degrees whenever there is insufficient, untimely or unevenly distributed rainfall. The rights in agricultural land are badly distributed and the really good lands are in the hands of a small number of well-to-do people. About 70 per cent. of the population of the district consist largely of aboriginals and semi-aboriginals. A large proportion of these are day labourers and burgadars who live a hand to mouth existence in a state of economic servitude. Even under normal conditions, there is a seasonal migration of labourers from Bankura district towards the south and east in search of work.

3. The total rainfall in 1934 was only 42·13 inches as against the normal of 53·35 inches and was not evenly distributed. Drought in April and May retarded sowings, and want of sufficient rain in July retarded transplantation, with the result that the outturn of winter and autumn rice was only 44 per cent. and 39 per cent., respectively, of the normal. General distress caused by the short outturn began to be felt as early as January 1935, throughout the whole of the Sadar subdivision. A few places in Indus thana of Vishnupur subdivision were also affected in varying degrees. Timely measures for relief were taken. More than 2 lakhs of rupees as agricultural loans and Rs. 26,000 as land improvement loans were distributed. Test works were opened in 9 police-stations from January 1935 and continued up to November 1935. Gratuitous relief was also disbursed.

4. The monsoon again failed in 1935, the total rainfall in the district being only 37·93 inches against a normal of 53·35 inches. The average rainfall in June and July was 6 inches and 7·88 inches, respectively, as against the normal of 9·89 inches and 11·47 inches.

There was no rain in the latter half of July 1935 and the monsoon did not really break until the second week of August, when copious rain for a few days sufficiently flooded the fields in most places and allowed transplantation to proceed. At the same time there was heavy flooding on the northern border of the district from the Damodar river and crops were damaged by river water over an area of 138 square miles. In spite of these untoward circumstances, the average crop of winter paddy might have been fair, but for the sudden and complete cessation of the monsoon in the fourth week of September, when the paddy was coming into flower. The result of this final calamity was that the harvests of the year 1935 amounted to only 26·5 per cent. of the normal.

5. The distress gradually became acute, and eventually in April 1936, scarcity was declared under rule 74 of the Bengal Famine Code, in the Sadar subdivision of the district. Out of 13 thanas in the Sadar subdivision 12 thanas with an area of 1,800 square miles and a population of 716,782 were seriously affected. The distress reached its zenith in May 1936, when the situation was eased by an unusually early monsoon. Relief operations continued throughout the monsoon and closed by the middle of October 1936, when the harvesting of a plentiful crop of early autumn rice restored normal conditions. It was fortunate that rice remained fairly cheap throughout the period of distress, never rising above 10 seers to the rupee. But for this, distress would have been greater, and the cost of relief would have been higher.

6. Relief measures undertaken in the drought affected area early in 1936 consisted of—

(1) Test works.
(2) Gratuitous relief.
(3) Special relief and light work.
(4) Charitable relief.
(5) Private works (including works carried out with the aid of land improvement loans).
(6) Agricultural loans.

7. *Test works.*—Test works were started on 13th February in police-station Onda and were gradually extended throughout the whole subdivision with the exception of Mejhia and Simlapal thanas. With the advent of the monsoon the attendance began to fall steadily as a large proportion of agricultural labour was diverted to the fields. Test works were suspended for about 5 weeks from 12th July, were reopened on 20th August, and were finally closed on 15th October. The works consisted of re-excavation of old tanks and bunds and repairs to metalled and unmettalled roads. Selection of works was difficult owing to the unwillingness of proprietors to part with their land and tanks. It was therefore necessary to fall back on road repairs and improvements. However, 33 bunds were re-excavated of which 20 were private bunds and 13 owned by the district board. One hundred and ninety-two miles of road were improved and 103 miles were re-metalled. The total expenditure incurred was Rs. 2,42,721 and the number of units relieved was 2,170,195. The average daily cost per unit was one anna nine pies.

8. *Gratuitous relief.*—Government relief was given in cash doles at the rate of 3 pice per day for an adult male or female, and 2 pice for a child. The distribution was made according to lists prepared by local relief committees and checked by relief officers. The total cost was Rs. 58,233-7-6 and the total number of units relieved was 1,308,330. The average cost per unit was 8·5 pies as against 10·18 pies in 1919.

9. *Special relief and light work.*—Relief was given by Government to a large number of women by providing light work in the form of paddy husking. 429,854 units were relieved in this way at a cost of Rs. 9,740. A sum of Rs. 1,750 was advanced under section 252 of the Famine Code to 246 artisans and fishermen. Eight-hundred and eighteen weavers were relieved through the agency of the local Industrial union out of a grant of Rs. 20,000 made by Government for the purpose. The weavers were given advances of yarn, brought back woven cloth and were paid wages according to measurement.

10. *Charitable relief.*—Charitable relief was given mainly through the District Relief Committee of which the Maharaj Kumar of Burdwan was the President. Funds for charitable relief consisted of (1) Rs. 3,026-3 raised by the District Relief Committee, (2)

Rs. 4,326-9-3 allowed from the Indian People's Famine Trust Fund, (3) Rs. 14,500 allotted from the 1936 West Bengal Scarcity Relief Fund and (4) Rs. 350 allotted from Joy Gobind Law Fund. Out of the money raised by the District Relief Committee Rs. 2,372-5-3 was spent in relieving 6,855 persons. Out of the allotment from the Indian People's Famine Trust Fund Rs. 1,789-11-3 was spent on gratuitous relief to 3,083 persons and Rs. 2,537 was spent on Bhachati advances to 1,024 persons. A sum of Rs. 7,000 out of the allotment from the 1936 West Bengal Scarcity Relief Fund, was spent in giving causal doles to 3,364 persons. The balance [Rs. 7,500] was utilised in purchasing cloths for distribution to the needy. Nearly the whole quantity of cloth was bought from local weavers with the help of the Bankura Co-operative Industrial Union. Both the purchase and the distribution of cloth, therefore, operated towards the relief of distress. Several charitable societies distributed relief mainly in the form of doles of rice and distribution of cloth.

11. *Land improvement loans.*—To encourage private works a sum of Rs. 18,530 was advanced under the Land Improvement Loans Act. 550,120 units were relieved at a cost of Rs. 76,959-2-9 on private works, including works carried out with the aid of land improvement loans.

12. *Agricultural loans.*—A sum of Rs. 5,34,247 was advanced as agricultural loans in 1936, out of which Rs. 4,44,947 was distributed in the Sadar subdivision. Sums of Rs. 25,499, Rs. 47,015 and Rs. 17,583 were spent by Government, the district board and union boards, respectively, in sinking wells to overcome the water shortage, which at one time was very acute.

13. The late Hon'ble Mr. B. K. Basu, C.I.E., the then Member in charge of the Revenue Department, visited the district in June 1936 and toured in the affected area. Mr. O. M. Martin, C.I.E., I.C.S., Additional Commissioner, Presidency and Burdwan Divisions, supervised the relief operations and paid frequent visits to the district.

14. In the opinion of Government the relief measures in this district were very well organised, and efficiently carried out. Credit for this is due chiefly to Mr. J. M. Chatterjee, who worked with great energy and ability in conducting the relief operations in the dual capacity of Collector and Chairman of the district board. Among the officers serving in the district Rai Bahadur Phani Bhusan Mitra, Sadar Subdivisional Officer and Babu Tara Prosanna Banerji, District Engineer, deserve special mention. The thanks of Government are also due to the various charitable organisations, and to the numerous non-official gentlemen who contributed to the efficient and successful working of the relief operations. His Excellency the Governor is pleased to direct that the good work done by the following officers be recorded :—

(1) Babu Suresh Chandra Ghosh, Circle Officer, Sadar and Relief Officer.

(2) Babu Satish Chandra Dutta, Settlement Kanungo and Relief Officer.

(3) Babu Bijoy Kumar Dutta Gupta, Sub-Deputy Collector.

Order.—Ordered that this resolution be published in the official Gazette.

DARJEELING, THE 14TH OCTOBER 1937.

RESOLUTION—No. 835T.R.

Read—

Memoranda No. 2067R.G., dated the 22nd June 1937, and No. 2081R.G., dated the 23rd June 1937, from the Commissioner of the Burdwan Division, submitting the final report on the relief operations in the district of Birbhum during the years 1934-35 and 1936.

2. This district is bounded on the north-west by the Sonthal Parganas, on the south by Burdwan and on the east by Murshidabad. In physical features it is similar to the adjoining parts of these districts. The soil is mostly hard laterite clay, and not very fertile. The country is partly undulating and partly flat. A hundred years ago there were extensive forests in Birbhum. Most of these have been cleared, with the result that, except where the fertility of the soil has been conserved by terracing and manuring, the land is barren and produces almost nothing, not even sufficient grass for cattle grazing. There are large stretches of barren waste, sometimes hundreds of acres in extent. The total area of the district is 1,742·96 square miles with a population of 947,554. Of this area only 68·11 per cent. is cultivable and the rest is either unculturable or fallow. Paddy is almost the only crop, and agriculture the chief occupation. There are few village industries and these are in a condition of semi-decay. The climate is hot and dry. It is probable that the rainfall and the average humidity of the air have been greatly reduced by the destruction of the forests. Irrigation schemes are an urgent necessity in this district.

3. The economic condition of the people is so poor that one failure of crop means widespread distress. The number of day labourers is large, and the cultivators are heavily indebted both to their landlords and to money-lenders.

4. In 1934 the rainfall was only 40·61 inches against a normal of 56·02 inches and was badly distributed. In consequence there was an exceedingly poor harvest and widespread distress. Test works had to be started on 28th October 1934 and continued up to August 1935. Eighty-nine roads were either constructed or improved and 36 tanks were re-excavated during this period. Gratuitous relief on a moderate scale was given and agricultural loans were distributed. The expenditure incurred on the various heads was as follows:—

		Rs.
Test works	...	1,60,419
Gratuitous relief	...	5,128
Agricultural loans	...	1,21,500
Land improvement loans		15,900

5. In 1935 the rainfall was even less, being only 38·27 inches, and it ceased entirely in the latter part of September with the result that the grain failed to form in the ear. Most of the irrigation tanks were nearly dry, so practically nothing could be done to save the crops, which failed for the second year in succession, with disastrous results. Similar distress in adjoining districts made it impossible for labourers to get work, even by emigrating. It was obvious that scarcity conditions were bound to supervene, and very early steps were taken to open test works and arrange for distributing gratuitous relief.

6. Relief measures commenced on the 6th January 1936 with the opening of the first test work in the Rampurhat subdivision and were gradually extended throughout the district. They consisted of—

1. Test works.
2. Gratuitous relief.
3. Charitable relief.
4. Land improvement loans.
5. Agricultural loans.

All these different methods were necessary to cope with a situation which became more and more serious, till eventually scarcity had to be declared

throughout the district, on the 25th of April 1936. They finally closed at the beginning of November 1936, when a bumper harvest was assured and labourers could find employment.

7. *Test works.*—The test works, all of which were carried out through the district board, consisted of (1) construction of new roads, (2) improvement and repairs to the existing roads, (3) re-excavation of irrigation tanks, and (4) improvement of irrigation bundhs and canals. In selecting these works special attention was given to the local demand for employment. One hundred and two silted-up tanks and 5 protective bundhs were re-excavated by arrangement with the owners. In addition about 268 miles of roads were constructed or repaired. The total cost of these works amounted to Rs. 1,50,593-9-3 and the number of units relieved was 1,781,769.

8. *Gratuitous relief.*—Gratuitous relief was given at Government expense in accordance with Chapter VIII of the Famine Code. Distribution commenced first of all in the most necessitous areas, and was gradually extended throughout the district, through the agency of Union Relief Committees. In a large number of unions the District Relief Committee acted as the Government agency for the distribution of Government relief. This arrangement, which was peculiar to Birbhum district, and was quite a new department in famine relief, was possible owing to the remarkable efficiency with which the work of the Committee was organised. Relief under Chapter VII of the Code was given at the daily rate of 3 pice to an adult and 2 pice to a child if in cash; or, ultimately 7½ chittaks of rice to an adult and 5 chittaks to a child. A sum of Rs. 1,10,311-4-3 was spent on this account and the number of units thus relieved was 173,870.

(A unit=one person relieved for one day.)

9. *Charitable relief.*—At a public meeting held at Suri on the 10th March 1936, under the presidentship of Mr. B. K. Guha, I.C.S., District Judge, a Committee was formed under the style of "Suri Seba Samity" to collect "Musti Bhiksha" for giving relief to the distressed people in Suri town and its adjoining villages. The Samity extended its activities gradually, became the Birbhum Seba Samity and was eventually amalgamated with the Birbhum District Relief Committee with the District Judge as President. This amalgamated Committee gave charitable relief, partly out of the very considerable funds collected by the Committee itself, and partly from grants sanctioned out of the 1936 West Bengal Scarcity Relief Fund. The total receipts of the Committee from local subscriptions amounted to Rs. 38,112—a most remarkable sum, considering the poverty of the district. Rupees 16,000 was received from the 1936 West Bengal Scarcity Relief Fund and Rs. 22,576 of Government money were distributed through the Committee's agency. The total income of the Committee was Rs. 76,688 and the total expenditure Rs. 66,782-3-4½, which may be classified under following heads:—

(*i*) Distribution of fortnightly doles of paddy or rice.
(*ii*) Relief of Bhadralog.
(*iii*) Distribution of cloth.
(*iv*) Medical relief.
(*v*) Relief by providing light labour in the form of paddy husking.

The Committee employed only honorary workers, who, animated as they were by a spirit of self-sacrifice and a sense of public duty, set a noble example to the rest of the province. The work of the Committee eventually extended to 141 unions out of a district total of 174. The Ram Krishna Mission, the Marwari Relief Committee and the Sankat Tran Samity also gave useful help but on a much smaller scale.

Both the East Indian Railway and the Eastern Bengal Railway gave concession rates for freight on cloth and other commodities required by recognised relief organisations.

10. *Land improvement loans.*—To encourage private works and thus to give employment to labour, a total sum of Rs. 7,250 was advanced under the Land Improvement Loans Act. Private works included the sinking of tube-wells and improving of old silted-up tanks. The number of applications for these loans was disappointingly small.

11. *Agricultural loans.*—A total sum of Rs. 5,00,000 was distributed under

the Agriculturists' Loans Act. These loans were a vital necessity to cultivators and enabled them to take full advantage of the good monsoon of 1936, and to plant up almost every available plot of land.

12. The Additional Commissioner, Presidency and Burdwan Divisions, supervised the relief operations in this as in other districts, making frequent visits and giving advice on the spot. The late Hon'ble Mr. B. K. Basu, C.I.E., the then Member of the Bengal Executive Council, accompanied by the Additional Commissioner, also visited the district in May 1936. and inspected some test work and gratuitous relief centres.

13. In the opinion of Government the relief measures carried out in this district in 1936 were conducted with efficiency and economy, and were characterised by a happy co-ordination of official and non-official effort.

Mr. K. K. Hazara, I.C.S., Rai K. L. Mukherjee Bahadur, Mr. J. L. Llewellyn, I.C.S., who successively held the post of District Officer in 1934-35, did good work during the limited time that each was in charge of the operations. During the whole of 1936 Mr. H. C. Bose was in charge of the district and worked with energy and ability, particularly as regards control of expenditure. The cordial thanks of Government are due to Mr. B K Guha, I.C.S., District Judge, and the other workers of the District Relief Committee, who rendered very valuable assistance; to the district board of Birbhum for their co-operation in relief measures and in particular to the Chairman, Mr. J. L. Banerjee, to the 2nd Vice-Chairman, Mr Debendra Kumar Mukherji and to the District Engineer, Mr. Rishi Bhusan Roy for the efficient organisation of test works; to the various charitable organisations; to distributors and other members of Union Relief Committees; and to all honorary workers and contributors to charitable funds.

14. In addition to the names already mentioned, His Excellency the Governor is pleased to direct that the good work of the following officials and non-officials be recorded :—

Officials employed in relief work.

1. Mr. J. C. Chatterjee, Sadar Subdivisional Officer.
2. Mr. S. B. Bapat, Subdivisional Officer, Rampurhat

Resolution on the final report on relief operations in the district of the 24-Parganas, 1936.

GOVERNMENT OF BENGAL.

Revenue Department.

Miscellaneous.

DARJEELING, THE 22ND OCTOBER 1937.

RESOLUTION—No. 889T.R.

Read—

Letter No. 978R.G., dated the 20th May 1937, from the Commissioner of the Presidency Division, submitting the final report on relief operations in the district of the 24-Parganas during the year 1936.

The distress of this year has no parallel in the annals of this district, which was previously considered practically immune from famine or scarcity, and was due to the almost complete failure of the aman paddy over a wide area in 1935. This failure was caused by shortage of rain during the monsoon season particularly in September and October, the average rainfall for the months being 6·46 and 0·60 inches respectively, against a normal of 9·70 and 4·91 inches. Distress was most acute in police-station Sandeshkhali of Basirhat subdivision, but was also very acute in police-stations Hasnabad and Haroa of the same subdivision; in Bhangore, Canning and Joynagore police-stations of Sadar subdivision and in Mathurapur, Kulpi and Kakdwip police-stations of Diamond Harbour subdivision, the total area covered by these nine thanas being about 2,067 square miles with a population of about 928,200. Other parts of the subdivisions mentioned above were also affected though to a lesser degree. Where the soil is saline, even a slight deficiency in the monsoon is harmful to paddy, consequently the failure of crop was most complete and distress most acute in the areas nearest the sea.

2. General distress began to be felt in February 1936 and gradually increased. Eventually scarcity was declared in two police-stations, viz., Hasnabad and Sandeshkhali; but relief operations went on elsewhere on almost a similar scale.

The early onset of the rains in May accentuated distress by making test works impossible. In July and August distress amongst labour was temporarily relieved by transplantation of paddy, which went on vigorously with the help of agricultural loans. But in September this work ceased and distress became more acute than ever, owing to lack of employment and exhaustion of the resources of the cultivators. Distress began to decline about the middle of October, when the harvesting of the earlier varieties of paddy began; and cleared up very quickly in November, when harvesting of a bumper crop of aman paddy commenced.

3. In addition to drought there was local flooding by salt water. An abnormally high tide in the Bidyadhari and Karati rivers breached the embankments and inundated an area of about 50 square miles within thana Canning and 25 square miles within thana Bhangore. Huts and crops were desroyed in these areas. This, however, was not so much a natural calamity as the result of neglect on the part of the landholders to keep the embankments in proper repair.

4. Local officers kept a careful watch on the situation from the start, but the acuteness of the distress took the administration to a certain extent by surprise, as the previous history of the district did not warrant the belief that scarcity conditions would supervene.

The gravity of the situation was realised in time, however, and in the end the relief given was sufficient. These consisted of (1) test works, (2) gratuitous relief from Government and from charitable funds and (3) distribution of agricultural and land improvement loans.

5. The district board started test works on the 3rd March 1936. The works consisted of construction of and repairs to roads and excavation and re-excavation of tanks and bunds. Altogether 124 roads were either constructed or repaired and 21 tanks and bunds excavated or re-excavated at a total cost of Rs. 52,169. The number of units employed was 338,546. The Calcutta Corporation also started works on the Kulti Outfall Drainage Scheme in May at Kulti in Haroa thana. They organised

the work as a famine relief work but within a week from the opening of the works the monsoon broke and work on a large scale became impossible. Work on a small scale continued, however, throughout the rains and gave relief to a certain number of labourers. Paddy husking was organised in the declared areas with some success.

The Public Works Department spent about Rs. 45,000 in the re-excavation of the Bhangore canal, thereby giving work to people of the flood affected areas. The Port Canning Land Improvement Company also spent a large sum in re-building embankments. A sum of Rs. 2,076 was expended by the district board and from the District Distress Relief Fund for gratuitous relief in the flood affected areas.

6. The distribution of gratuitous relief from Government money was started in May 1936. The scale of relief was 10½ annas for an adult and 7½ annas for a child for each fortnight. Approximately about one per cent. of the population was on gratuitous relief in May before work in the fields began. During the cultivation season the figure dropped to ·65 per cent. and during September and October the proportion rose to 2·56 per cent. A total sum of Rs 75,713-13-3 was spent on this account and the number of units relieved was 1,931,790.

7. In addition to gratuitous relief from Government money, a sum of Rs. 62,939-15 was spent on charitable relief. The number of units relieved was 233,325. For this purpose Government sanctioned a sum of Rs. 7,500 out of the 1936 West Bengal Scarcity Relief Fund and the district board contributed a sum of Rs. 5,000. The balance of the expenditure was met out of the District Distress Relief Fund.

Several non-official bodies such as the Bangiya Sankat Tran Samity and the Christriya Karmi Sangha rendered assistance during the relief operations. The estate of Sir Daniel Hamilton at Gosaba was seriously affected by failure of crop, but no Government relief measures were necessary there, owing to the measures taken by the generous proprietor himself.

8. Land improvement loans to the extent of Rs. 91,000 were distributed to encourage private works. Agricultural loans amounting to Rs. 7,71,972 were also distributed. They were of the greatest assistance to cultivators many of whom would have found it impossible, without such loans, to cultivate their land.

9. Relief operations in this, as in other districts, were supervised by Mr. O. M. Martin, C.I.E., I.C.S., Additional Commissioner, Burdwan and Presidency Divisions, who visited the district several times and toured in the affected areas.

10. His Excellency the Governor is satisfied that the measures taken for the relief of distress were successful and adequate. He desires to place on record his appreciation of the valuable services rendered by Mr. Hubert Graham, I.C.S., the then Collector of the district; by Rai J. C. Sen Bahadur, Chairman, District Board of the 24-Parganas, and by other officials and non-officials, who were directly responsible for the conduct of the operations The thanks of His Excellency are also due to the non-official organisations which co-operated so heartily in the relief of distress, to the numerous honorary workers and subscribers to charitable fund and in particular to Rai Saheb W. C. Dey, Agent, Port Canning Land Improvement Company, the late Mr. H. K. Mitter, O.B.E., President of the Sunderbans Landholders' Association, Maulvi Jasimuddin Ahmed and Mr. S. K. Mitter, Joint Secretary, Distress Relief Committee. His Excellency is pleased to direct that the good work done by the following officers of Government be recorded :—

1. Babu Bimal Chandra Sinha, Sadar Subdivisional Officer.

2. Rai Saheb U. N. Ghosh, Subdivisional Officer, Basirhat.

3. Babu Benoy Bhusan Gupta, Deputy Collector.

4. Babu Sukumar Nag, Sub-Deputy Collector.

5. Babu Satya Jiban Ghosh, Sub-Deputy Collector.

6. Babu Monmatho Nath Banerjee, District Kanungo.

7. Babu Narendra Nath Basu, Sub-Inspector of Police, Sandeshkhali.

NOTIFICATIONS.

No. 23-I.—8th October 1937.—It is hereby notified for general information that in exercise of the powers conferred by sections 6 and 11 of the Bengal Canals Act of 1864 (Bengal Act 5 of 1864), the Governor intends to make the following rules and to fix the following schedule of rates of tolls for the Bauphal-Dwipasa Khal joining the Boga Khal on the west and the Bauphal Khal on the east in the Patuakhali subdivision of the Bakarganj district.

2. The draft will be taken into consideration on or after the 2nd December 1937, and any objections or suggestions received before that date will be considered:—

Rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and

unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds	Eight annas.
(2) On all vessels empty or laden, for 12½ maunds or less	One anna.
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth ...	Four annas each raft.

Tolls will be levied at Dwipasa and Bauphal.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remian in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Department of Communications and Works (Irrigation) on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

By order of the Governor,

S. K. HALDAR,

Secy. to the Govt. of Bengal.

No. 24-I.—28th October 1937.—In exercise of the power conferred by sub-section (*1*) of section 32 of the Bengal Development Act, 1935 (Bengal Act XVI of 1935), the Governor is pleased to declare that in the Damodar Canal area as defined in clause (*7*) of rule 2 of the Bengal Development Rules, 1936, every person shall be bound, for irrigation purposes or for the drainage of land which has been irrigated, to afford a free passage to water through or over any land in his possession or under his control.

By order of the Governor,

S. K. HALDAR,

Educational Notices.

NOTIFICATION.

Annual Examination of Pleaders in Surveying, 1938.

Calcutta, the 15th September 1937.

(*See* Government notification No. 3157J., dated the 25th November 1909, modified in Government notification No. 320J.D., dated the 16th July 1914.)

1. The next examination will be held in February 1938 and will be conducted at the following centres (provided that not less than five names be registered at each centre):—

B. E. College and Dacca in Bengal, and Patna in Bihar.

2. Each examination is complete in itself. A candidate will be required to pass by every test and will not be exempted from any test on the ground that he has previously satisfied the examiner in it.

3. Candidates practising in the courts of the Presidency, Rajshahi and Burdwan Divisions will be required to present themselves at the B. E. College; those practising in Patna, Tirhoot, Bhagalpur and Chota Nagpur Divisions, at Patna; and those in Dacca and Chittagong Divisions and in Assam, at Dacca.

4. In the event of more than 20 or less than 5 names being registered for examination at any one centre, the Secretary may direct the candidates to present themselves at any other centre.

5. No candidate will be admitted to the examination unless he has been enrolled as a pleader and—

(*i*) has obtained credit for attendance at the special course of instruction at the B. E. College, Patna or Dacca, in 1934, 1935, 1936 or 1937 and has not previously appeared at the examination more than twice, or

(*ii*) has been registered for admission to the Intermediate Engineering Examination of the Calcutta University, or

(*iii*) has passed the Sub-Overseer Examination, or

(*iv*) has obtained the Surveyor's certificate of one of the Government Survey Schools, or

(*v*) has been specially exempted from the operation of this rule by the Board controlling the examination.

6. Candidates wishing to appear at the examination will apply upon the prescribed registration form, obtain the necessary countersignature of the District Judge in whose Court he is enrolled, and forward the same so as to reach the office of the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the office of the Principal, Bihar College of Engineering, in the case of candidates of Bihar, not later than the 8th January 1938. The form may be had

from the Principal, Bengal Engineering College, or from the Principal, Bihar College of Engineering.

7. Each application must be accompanied by a receipt from the local treasury certifying to the receipt of the examination fee of Rs. 50, which fee will in no case be returned.

8. The exact date of the examination and the proposed programme will be communicated to candidates by the officer who has registered their names.

Pleaders' Survey Training Classes, 1938.

Botanic Garden P.O., the 15th September 1937.

1. Classes for the training of pleaders in surveying will be opened in January 1938 at the Bengal Engineering College, the Bihar College of Engineering, Patna, and the Ahsanullah School of Engineering, Dacca, provided sufficient candidates register their names at each centre.

2. The course will last for six weeks and will consist of practical work combined with class instruction. The routine and hours of attendance will be settled by the heads of the institutions, who will also decide the exact locality in which the classes will be held and date of the opening.

3. Pleaders must make their own arrangements for attending this course. No tents or other residential accommodation will be provided.

4. Credit for attendance at these classes will not be given unless the pleader has been present for 80 per cent. of the working days and for the full working hour for each day. The attendance must be distributed over the course so that no subject is neglected.

5. Candidates who desire to undergo the course of training must apply to the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the Principal, Bihar College of Engineering, in the case of candidates of Bihar, for registering their names not later than the 30th November 1937. The application of a candidate must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, *i.e.*, Bengal Engineering College, Patna or Dacca, and should be accompanied by a remittance receipt from the local treasury certifying that the fee of Rs. 100 has been paid into the treasury to the credit of the Secretary, Pleaders' Survey Examination Board.

6. The registering officer will allot candidates to the centre, consulting their wishes as far as possible, giving not more than 24 and not less than 8 to a centre. He will then inform the candidates as to the locality and the date of opening of the class.

7. The following is the syllabus of instruction—

No definite text books are prescribed—

(*a*) Practical work—

Chain surveying, prismatic compass surveying, plane tabling and levelling.

(*b*) Class work—

Use of mathematical instruments, construction of scales, mensuration of area, plotting, variation of compass, preparation of field-books from maps, elementary principle of levelling and plotting of level section.

Candidates who obtain the required percentage of attendance at this course are qualified to appear at the Pleaders' Survey Examination to be held in 1939, 1940 and 1941.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 4191L.A.—27th October, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Assembly Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 16th September, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL WAKF (AMENDMENT) BILL, 1937.

A

BILL

further to amend the Bengal Wakf Act (XIII) of 1934.

WHEREAS it is expedient to amend the Bengal Wakf Act of 1934 in the manner hereinafter appearing ;

It is hereby enacted as follows :—

1. This Act may be called the Bengal Wakf Amendment Act of 1937.

2. In place of the first paragraph of section 3 of the Act the following shall be substituted :—

"Save as herein otherwise specifically stated, this Act shall apply to all wakfs created in Bengal whether before or after the commencement of this Act and the property of which is situated wholly or partly in Bengal."

3. In section 6, sub-clause (*6*), after the word "such" in the last line, add the following words :—

"And a Receiver appointed by any court, the Official Receiver, the Official Trustee, the Official Assignee, a constructive Trustee or Mutawalli and a transferee with notice of wakf, administering or possessing any wakf property."

3A. In place of sub-clause (*b*) of clause 2 of section 8 the following be substituted :—

(*b*) Three members to be elected in the manner prescribed by the Local Government by the Muslim members of the Bengal Legislative Assembly and Bengal Legislative Council from among these Muslim members.

4. Add the following sub-clauses to section 27 (*1*) :—

(*f*) removing mutawallis for breach of trust or acts of malfeasance, waste and misappropriation affecting the proper administration, control and preservation of the wakf ;

(*g*) appointing new mutawallis ;

(*h*) settling, altering or revising schemes in conformity to the terms and conditions of the wakf-nama or to the wishes of the wakif ;

(*i*) reconstituting or altering wakf committees whenever necessary for the proper control, administration and protection of wakfs ;

(*j*) assuming charge and possession of or ordering such committees to assume charge and possession of wakf estates which in the opinion of the Board of Wakfs is being mismanaged or wasted or where such estates were encumbered with debts ;

(*k*) managing such estate himself or through agents or servants and doing all such things requisite for the proper care and management of any property of which the Commissioner may take or retain charge under this Act.

The Bengal Wakf (Amendment) Bill, 1937.

(Clauses 5, 6.)

5. After section 27 add the following new sections :—

27 (A). The Commissioner may sanction the giving of leases or farms of the whole or a part of any property under his charge and may direct the mortgage or sale of any part of such property and the doing of all such other acts as he may judge to be of most benefit to the wakf concerned.

27 (B). Any decision or order passed by the Commissioner or the Board under secton 27 or any other section of this Act shall be enforceable in the same manner as a decree or order of a Civil Court in conformity with the Civil Procedure Code.

27 (C). While exercising his functions under section 27 or 27 (A) and 27 (B) or any other section under this Act the Commissioner shall have power to—

(*a*) appoint Receivers or interim mutawallis ;

(*b*) grant injunctions or stop further proceedings in any such suit or proceeding involving accountability, removal, or appointment of a mutawalli or determination of the nature, validity or extent of wakf property, and

(*c*) take over management of any wakf property from the mutawallis or any other person administering it as such for the time being, pending disposal of suits or proceedings.

27 (D). Any Receiver appointed by any court shall be held accountable as a mutawalli within the meaning of the section 6(*6*) of this Act and will be liable to be removed or replaced by the Board of Wakfs on the recommendation of the Commissioner, if such removal or replacement is expedient and necessary in the interest of the wakf.

Wakf Tribunal.

6. Add the following sections in Chapter X of the Act :—

66 (A). (*1*) Notwithstanding anything contained in any other Act, all suits or proceedings relating to any wakf or to any wakf property and not involving any claim by or against a stranger to the wakf shall be instituted before the Commissioner of Wakfs.

(*2*) Any such suit or proceeding pending before any court may on the application of a party to the suit or proceeding and shall on the application of the Commissioner of Wakfs be transferred to a Wakf Tribunal for disposal.

66 (B). The Commissioner of his own motion may and on the application of any of the parties shall transfer such suits or proceedings at any stage to the Wakf Tribunal, to be constituted as provided in section 66 (C).

66 (C). On the requisition of the Commissioner of Wakfs the Local Government shall constitute a Wakf Tribunal for the trial and disposal of such suits or proceedings consisting of a judicial officer not below the rank of a subordinate judge and two assessors.

66 (D). (*i*) An assessor shall be a person professing the Mussalman faith and versed in Mussalman law.

(*ii*) No person shall sit as assessor if he has any interest in or connection with the wakf which is the subject matter of the suit or proceeding and any person summoned as an assessor who has any such interest or connection shall be bound to disclose the same.

(*iii*) Every assessor shall receive such fees as may be prescribed by the Local Government, which shall be met out of the Wakf Fund and shall be regarded as costs of the suit.

The Bengal Wakf (Amendment) Bill, 1937.

(Clause 6.)

(*iv*) The provisions of the section 332 of the Code of Criminal Procedure, 1898, shall apply to any person summoned to attend as an assessor who without reasonable excuse fails to attend as required by the summons or who having attended, departs without having obtained the permission of the judge of the Tribunal, or fails to attend after an adjournment of the Tribunal, after being ordered to attend, and the said judge shall for the purposes of the said section be deemed to be a Sessions Judge.

(*v*) Before the commencement of the hearing the assessor shall be sworn in under the Indian Oaths Act, 1873.

(*vi*) If either of the assessors is, from any sufficient cause, prevented from attending throughout the trial of the case or absents himself and it is not practicable to enforce his attendance, the trial shall proceed with the aid of the other assessor.

(*vii*) If at any stage both the assessors are prevented from attending or absent themselves, the judge shall empanel two other assessors and it shall not be necessary to rehear any evidence already taken unless the judge considers that for the sake of justice it is necessary to do so.

66 (E). Subject to any rules made by the Local Government in this behalf the procedure provided in the Code of Civil Procedure, 1908, in regard to suits shall be followed, as far as it can be made applicable in all suits and proceedings referred to 66 (A).

66 (F). (*i*) After the case has been heard and before pronouncing judgment the Judge shall, either at once or on some future day of which due notice shall be given to the parties or their pleaders, charge the assessors by explaining the pleadings and the issues and by summing up evidence both on point of law and of fact, and shall then require the assessors individually to state their opinions on each issue, and for this purpose may ask them such questions as are necessary. All such questions and answers shall be recorded by the Judge.

(*ii*) After the Judge has finished his charge, the assessors may retire to consider their opinions.

(*iii*) The Judge shall then or at any time later pronounce judgment in open court in the manner provided in the Code of Civil Procedure, 1908, and in so doing shall not be bound to conform to the opinion of the assessors either on points of law or of fact. On such judgments a decree shall follow and such judgment and decree shall, for all purposes, be deemed to be a judgment and decree pronounced and passed by a District Judge under section 33 of the Code of Civil Procedure, 1908.

66 (G). Notwithstanding anything contained in the Court Fees Act, 1870, the Local Government may prescribe the fees payable in respect of suits and proceedings referred to in section 66 (A) and of all petitions and applications made therein but, subject to such rules, the provisions of the said Act, shall be applicable to all such suits and proceedings.

66 (H). The Commissioner of Wakfs may refer any question to the Tribunal appointed under section 66 (B), while exercising his functions under section 27, section 27 (A) or any other section of the Act and the decision of the Tribunal on the question so referred shall be final.

66 (I). No appeal shall lie from any decision of the Tribunal which affects or relates to a wakf property the value of which does not exceed Rs. 1,000 and only one appeal shall lie to the High Court from the decision of the Tribunal, which affects or relates to a wakf property, the value of which exceeds Rs. 1,000.

66 (J). An appeal shall lie to the Tribunal from the order of the Commissioner of Wakfs passed under section 27 (A), (*c*), (*f*), (*g*), (*i*), (*j*) and section 73 (2) of the Act.

The Bengal Wakf (Amendment) Bill, 1937.

(Clauses 7—11.)

66 (K). The Local Government may appoint more than one Tribunal at a time for the speedy disposal of cases referred to the Commissioner of Wakfs by Courts at different centres of the Province.

7. Add the following to section 70 :—

Explanation.—Suit or proceeding in the above section includes appeals.

(*a*) "Notice" in this section includes a copy of the plaint and also of the written statement by the defendant if already filed.

(*b*) The court serving notice on the Commissioner shall allow him at least clear 1 month's time to consider his obligations in the matter and take such steps as he may decide on.

(*c*) The Commissioner of Wakfs shall have the right to correspond with the court by post to get informations about the progress of any suit pending before the Court or disposed of by it relating to a Wakf.

8. Add the following to section 71 :—

Explanation.—Suit or proceeding in this section includes all suits still pending, either in the original or in an appellate court whether instituted before or after the commencement of the Act.

(*a*) The Commissioner of Wakfs may, in cases in which a notice has been served on him by any court, make applications before such court either through an agent duly appointed by him or by post.

9. Add the following section after section 73 :—

73 (A). No person or authority having obtained the consent of the Commissioner of Wakfs in writing under section 73(*2*) of the Act for the institution of the suit to obtain any of the reliefs mentioned in the section 14 of the Religious Endowments Act, 1863, and in section 92 of the Code of Civil Procedure, 1908, relating to any wakf shall be required to obtain leave or consent referred to in those Acts and the consents of the Commissioner under section 73(*2*) of the Act shall be deemed sufficient to validate the institution of the suit.

83 (A). All the provisions of the Bengal Court of Wards Act, as amended up to date, shall apply, as far as may be consistent with the provision of the Wakf Act, to the Wakf Estate taken over by the Commissioner of Wakfs for management under section 27(*1*)(*f*) and 27C(*c*).

10. The words "five years" in the 4th line of section 53, sub-section (*1*), shall be deleted and the following words substituted in their place "1 year in case of house property and 3 years in case of agricultural lands."

11. In section 78 of the Act insert the word " exclusively" between the words "Bengal" and "by" in the 4th line of 2nd paragraph (section 23A).

STATEMENT OF OBJECTS AND REASONS.

The Wakf Act of 1934 is defective in many ways. There are several ambiguities and omissions which make its provisions ineffective and infructuous. Some of the powers now given to the Board of Wakfs and the Commissioner of Wakfs which heretofore used to be exercised by the Civil Courts, have not been withdrawn specifically from the latter, and this leads to conflict of jurisdiction.

For the proper administration of wakfs it is necessary to invest the Board of Wakfs with more powers particularly with regard to financing and management of wakf properties and their protection from sale.

It is also necessary to simplify the trial of wakf suits between interested persons and arrange for their expeditious disposal.

Although it was intended that the Board should effectively control the management and administration of wakfs particularly those in which no mutawalli is functioning, the Act does not clearly define such powers. Particularly in cases where receivers are in possession having been appointed by courts it has been found difficult to bring them under control.

The present amending Bill aims at the solution of these difficulties.

NOTIFICATION.

No. 4195L.A.—27th October, 1937.—In pursuance of the provisions of rule 21 of the Bengal Legislative Assembly Rules, the following Bill which was introduced in the Bengal Legislative Assembly on the 15th September, 1937, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE BENGAL COURT OF WARDS (AMENDMENT) BILL, 1937.

A

BILL

further to amend the Court of Wards Act, 1879.

WHEREAS it is expedient to amend the Court of Wards Act, 1879;

It be enacted as follows :—

Short title.

1. This Act may be called the Bengal Court of Wards (Amendment) Act, 1937.

Amendment and partial repeal of section 10C of Bengal Act IX of 1879.

2. In section 10C of the Court of Wards Act, 1879 (as amended by the Bengal Court of Wards Amendment Act, 1925)—

(*1*) in sub-section (*1*)—

(*a*) after the word "Ward" the following be inserted :—

"in respect of any liability incurred by the ward prior to assumption of charge of the property by the Court of Wards",

(*b*) for the word "four" the word "two" be substituted, and

(*c*) the words "and for seven years thereafter if the interest due under such decree or order be paid in full every year during the said seven years" be repealed.

(*2*) after sub-section (*2*) the following be inserted :—

"Provided that nothing in this sub-section shall in any way affect or limit the provisions contained in Regulation VIII of 1819."

Amendment to section 20 of Bengal Act IX of 1879.

3. In section 20 of the said Act, after the word "appointed" the following be inserted :—

"Provided it shall not be lawful for the Court to appoint as manager the ward or any member of the ward's family".

STATEMENT OF OBJECTS AND REASONS.

The Court of Wards Act, 1879, was amended in the year 1906, when sections 10A to 10E were added after section 10 of the original Act. Section 10C provided that if any process of execution had been issued by a Civil Court against the immovable property of a ward, or against the rents or crops thereon, the Court of Wards within one year after assumption of charge of the property, might apply to the Civil Court to stay the proceedings; and the Civil Court might, on such terms regarding interest or compensation for delay as might appear to it to be just and reasonable, stay such proceedings for such period as it might deem fit.

The amendment of section 10C of the Act effected in the year 1935 has altogether taken away the power of the Civil Court to execute any decree or order against any property of the ward for a period of four years from the date of the said amendment or from the date of the assumption of charge of the property by the Court of Wards, whichever is later. It has also provided that for a further period of seven years after the said period of four years, such execution will be barred if the interest due under such decree or order be paid in full every year during the said seven years.

The aforesaid amendment, while giving undue advantage to the property of disqualified proprietors, has resulted in great hardship to their creditors for which there does not appear to be any justification.

It is proposed in this amending Bill that the Court of Wards may be allowed a period of two years instead of four to adjust the affairs of the ward without being troubled by execution of any prior decree or order, after which the discretion of the Civil Court should be allowed to be exercised.

It is also proposed that this exemption for two years should be enjoyed by the Court of Wards only in respect of those liabilities which had already been incurred by the ward and not those which the Court of Wards itself incurs after the assumption of charge.

Sub-section (*2*) of section 10C of the Act contains a provision which also was enacted for the first time by the Amending Act of 1935. It has been designed to protect *inter alia* the *patni* tenures of disqualified proprietors on default of payment of *patni* rent by protecting them from the Patni Sale Law. There has, however, been no corresponding protection extended to the superior landlord, who, while he is being deprived of his *patni* rent for no fault of his own, has got to meet the revenue demand of the Government at the risk of the superior estate being sold away, while the defaulting *patni* enjoys immunity. In this amending Bill, it is proposed to add a proviso after sub-section (*2*) of section 10C, which will remedy this inequity by making the Patni Sale Law applicable as before to the defaulting *patni* tenures of disqualified proprietors.

The only other amendment proposed in this Bill is to section 20 of the Act, which provides for the appointment of managers under the Court of Wards. Disqualified proprietors or the members of their families are sometimes appointed managers although their failure to manage their property has resulted in the Court of Wards assuming charge. This is objectionable in principle, and the amendment seeks to prevent this practice.

Constitution and Elections.

NOTIFICATIONS.

No. 14591A.R.—30th October 1937.—Whereas the validity of the election of Babu Surendra Mohan Moitra by the North Bengal Municipal (General) Constituency as a member of the Bengal Legislative Assembly has been called in question by an election petition duly presented by Babu Jagadish Chandra Bhattacharyya under the provisions of Part III of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936 and of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936;

And whereas in accordance with the provisions of paragraph 8 of Part III of the said Order the Commissioners appointed for the trial of the said petition have duly submitted their report to the Governor;

Now, therefore, in pursuance of the provisions of sub-paragraph (3) of paragraph 8 of Part III of the said Order, the Governor is pleased hereby—

(1) to order in accordance with the report of the Commissioners—

(*a*) that the said petition shall be dismissed, and

(*b*) that each party shall bear his own costs, and

(2) to publish the said report in the *Calcutta Gazette*.

By order of the Governor,

J. R. BLAIR,

Addl. Secy. to the Govt. of Bengal.

Election Petition Case No. 13.

In the matter of an Election Petition under Part III Rule 3 of the Bengal Electoral Orders and Rules,

And

In the matter of **Jagadish Chandra Bhattacharyya,** son of Mahim Chandra Bhattacharyya, deceased, residing at Bhaluka, police-station Iswargunge, in district Mymensingh, *Petitioner*,

versus

Surendra Mohan Moitra, son of Bhuban Mohan Moitra, deceased, residing at Rajshahi, *Opposite Party.*

Report.

In this case the learned Advocate for the Petitioner states that his client does not wish to proceed with the petition as he is satisfied that the alleged false statements on which the petition is mainly based were not made with the knowledge of the Respondent. Evidence has been given which satisfies us that the Petitioner's application has not been induced by any bargain or consideration and that there is no collusion between the parties. No evidence has been advanced in support of the allegations contained in the petition and we, therefore, recommend that it should be dismissed for non-prosecution and on the ground that the alleged corrupt practices have not been proved. The Respondent should be held to have been duly elected. The parties should pay their own costs.

N. G. A. EDGLEY, *President.*

A. F. M. RAHMAN, *Commissioner.*

P. N. CHAUDHURI, *Commissioner.*

NOTIFICATION.

No. 23-I.—8th October 1937.—It is hereby notified for general information that in exercise of the powers conferred by sections 6 and 11 of the Bengal Canals Act of 1864 (Bengal Act 5 of 1864), the Governor intends to make the following rules and to fix the following schedule of rates of tolls for the Bauphal-Dwipasa Khal joining the Boga Khal on the west and the Bauphal Khal on the east in the Patuakhali subdivision of the Bakarganj district.

2. The draft will be taken into consideration on or after the 2nd December 1937, and any objections or suggestions received before that date will be considered:—

Rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements:—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and

unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds	Eight annas.
(2) On all vessels empty or laden, for 12½ maunds or less	One anna.
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth ...	Four annas each raft.

Tolls will be levied at Dwipasa and Bauphal.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remian in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Department of Communications and Works (Irrigation) on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.

By order of the Governor,

Educational Notices.

NOTIFICATION.

Annual Examination of Pleaders in Surveying, 1938.

Calcutta, the 15th September 1937.

(*See* Government notification No. 3157J., dated the 25th November 1909, modified in Government notification No. 320J.D., dated the 16th July 1914.)

1. The next examination will be held in February 1938 and will be conducted at the following centres (provided that not less than five names be registered at each centre):—

B. E. College and Dacca in Bengal, and Patna in Bihar.

2. Each examination is complete in itself. A candidate will be required to pass by every test and will not be exempted from any test on the ground that he has previously satisfied the examiner in it.

3. Candidates practising in the courts of the Presidency, Rajshahi and Burdwan Divisions will be required to present themselves at the B. E. College; those practising in Patna, Tirhoot, Bhagalpur and Chota Nagpur Divisions, at Patna; and those in Dacca and Chittagong Divisions and in Assam, at Dacca.

4. In the event of more than 20 or less than 5 names being registered for examination at any one centre, the Secretary may direct the candidates to present themselves at any other centre.

5. No candidate will be admitted to the examination unless he has been enrolled as a pleader and—

(*i*) has obtained credit for attendance at the special course of instruction at the B. E. College, Patna or Dacca, in 1934, 1935, 1936 or 1937 and has not previously appeared at the examination more than twice, or

(*ii*) has been registered for admission to the Intermediate Engineering Examination of the Calcutta University, or

(*iii*) has passed the Sub-Overseer Examination, or

(*iv*) has obtained the Surveyor's certificate of one of the Government Survey Schools, or

(*v*) has been specially exempted from the operation of this rule by the Board controlling the examination.

6. Candidates wishing to appear at the examination will apply upon the prescribed registration form, obtain the necessary countersignature of the District Judge in whose Court he is enrolled, and forward the same so as to reach the office of the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the office of the Principal, Bihar College of Engineering, in the case of candidates of Bihar, not later than the 8th January 1938. The form may be had

from the Principal, Bengal Engineering College, or from the Principal, Bihar College of Engineering.

7. Each application must be accompanied by a receipt from the local treasury certifying to the receipt of the examination fee of Rs. 50, which fee will in no case be returned.

8. The exact date of the examination and the proposed programme will be communicated to candidates by the officer who has registered their names.

Pleaders' Survey Training Classes, 1938.

Botanic Garden P.O., the 15th September 1937.

1. Classes for the training of pleaders in surveying will be opened in January 1938 at the Bengal Engineering College, the Bihar College of Engineering, Patna, and the Ahsanullah School of Engineering, Dacca, provided sufficient candidates register their names at each centre.

2. The course will last for six weeks and will consist of practical work combined with class instruction. The routine and hours of attendance will be settled by the heads of the institutions, who will also decide the exact locality in which the classes will be held and date of the opening.

3. Pleaders must make their own arrangements for attending this course. No tents or other residential accommodation will be provided.

4. Credit for attendance at these classes will not be given unless the pleader has been present for 80 per cent. of the working days and for the full working hour for each day. The attendance must be distributed over the course so that no subject is neglected.

5. Candidates who desire to undergo the course of training must apply to the Principal, Bengal Engineering College, in the case of candidates practising in the law courts of Bengal and Assam, and to the Principal, Bihar College of Engineering, in the case of candidates of Bihar, for registering their names not later than the 30th November 1937. The application of a candidate must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, *i.e.*, Bengal Engineering College, Patna or Dacca, and should be accompanied by a remittance receipt from the local treasury certifying that the fee of Rs. 100 has been paid into the treasury to the credit of the Secretary, Pleaders' Survey Examination Board.

6. The registering officer will allot candidates to the centre, consulting their wishes as far as possible, giving not more than 24 and not less than 8 to a centre. He will then inform the candidates as to the locality and the date of opening of the class.

7. The following is the syllabus of instruction—

No definite text books are prescribed—

(*a*) Practical work—

Chain surveying, prismatic compass surveying, plane tabling and levelling.

(*b*) Class work—

Use of mathematical instruments, construction of scales, mensuration of area, plotting, variation of compass, preparation of field-books from maps, elementary principle of levelling and plotting of level section.

Candidates who obtain the required percentage of attendance at this course are qualified to appear at the Pleaders' Survey Examination to be held in 1939, 1940 and 1941.

1. This Act may be called the Bengal Money-Lenders (Amendment) Act, 1937.

Amendment of section 3.

2. In section 3 of the Bengal Money-Lenders Act, 1933 (hereinafter referred to as the said Act), for the words "fifteen" and "twenty-five" wherever they occur, the words "six" and "nine" shall be substituted, respectively.

Amendment of section 4.

3. In section 4 of the said Act for the words "arrears of interest" the words "total interest including the paid up amount, if any" shall be substituted, and for the words "limit the amount of such interest recoverable in the suit to an amount equal to the principal of the loan" the following shall be substituted, namely :—

"Decree such an amount of interest recoverable in the suit, as will be equal to the principal of the loan including the amount of interest, if any, paid up before the decree is made in the suit."

Amendment of section 6.

4. In section 6 of the said Act, the words "arrears of" shall be omitted and at the end of this section after the word "loan" the words "including the amount of interest, if any, paid before the decree is made in the suit" shall be added.

Insertion of new section 6A.

5. After section 6 of the said Act, the following new section shall be inserted, namely :—

"6A. Notwithstanding anything in any other Act, in passing a decree under this Act, the Court shall according to the amount decreed and circumstances of the debtor, grant annual instalments to be paid in equal amounts within a period not exceeding twelve years without any interest on the decretal amount."

STATEMENT OF OBJECTS AND REASONS.

The primary object of the Bengal Money-Lenders Act was to give substantial relief to the debtors who have become victims to the dire exploitation by money-lenders of Bengal. Among the debtors of this country, agricultural debtors have become the worst sufferers owing to the abnormal fall in the price of their agricultural produce and not only their immovable property but also their holdings, inadequate though they are for their subsistence on earth, are rapidly passing into the hands of money-lenders. With a view to put a stop to such exploitation, the Bengal Money-Lenders Act was passed in 1933. The basic principle of this Act was to put a reasonable limit to the amount of interest to be decreed upon the principal of the loan, and it was therefore thought fit by the legislators that this reasonable amount should in no case exceed the principal of the loan. But in the practical field we find that in many cases debtors are indirectly compelled to pay interest much more than the principal of the loan. As for instance where, before the institution of the suit a debtor has already paid an amount towards the interest greater than the principal, the Court decrees interest to an amount which though equal to the principal according to the terms of the decree, really exceeds the principal when the previously paid interest is taken into account. Such decrees are utterly baffling the main principle on which the Act was passed. As regards the rates of interest, I can safely say that the two rates of interest provided in the Act, on secured and unsecured loans, are still excessive in these hard days in comparison with the rates of interest on Government papers and agricultural loans advanced by Government. Therefore the excessive rates should also be reduced. As regards instalments, I can safely say that almost all the Courts do not grant instalments according to the paying capacity of the debtors, most of them are inclined more towards creditors than towards debtors for reasons best known to them. With my bitter experience I can say that except one or two, no munsif in Bengal is willing to grant adequate instalments to the unfortunate debtors even in these days when the Agricultural Debtors Act—a new Act of 1935—provides instalments for a period of up to twenty years. Therefore a provision should also be made in this Act to make the Courts grant adequate instalments.

As the Agricultural Debtors Act is practically unworkable for some reason or other and moreover as it, in fact, does not include the debtors of co-operative banks and rural co-operative societies, provision should be made in this Act for proper instalments on the line of the Agricultural Debtors Act as far as practicable. This Bill has been brought to amend the Act in such a way that Courts can always work within the main principle of the Act and can give real and substantial relief to the poor, helpless and benighted agriculturists of Bengal.

[As introduced in the Council of State.]

A

BILL

TO

Amend the Indian Succession Act, 1925, as respects intestate succession among Parsis.

WHEREAS it is expedient to amend the law relating to intestate succession among Parsis; It is hereby enacted as follows: —

Preliminary.

1. (*1*) This Act may be called the Indian Succession Act (Amendment) Act, 1937.

(*2*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

2. For sections 50 to 56 and Schedule II, Parts I and II, of the Indian Succession Act, 1925, the following shall be substituted:—

"50. In this Chapter, unless there is anything repugnant in the subject or context,—

(*a*) any word expressing relationship shall be understood as denoting only a legitimate relative, and the word "relative" shall be understood to include a lineal descendant as well as any other relative by blood or marriage;

(*b*) a child, whether of the intestate or any relative of the intestate, if conceived during the lifetime of the intestate and born alive after the intestate's death, shall be regarded in the same way as a child born during the intestate's lifetime and surviving the intestate;

(*c*) no widow of any relative of the intestate shall receive a share as such or be taken into consideration as such in the distribution of the intestate's property if she has married again during the lifetime of the intestate;

(*d*) when property is directed to be divided between members of a class, if there be only one such member, the whole shall be given to such member;

(*e*) the words "dead" or "deceased" shall be understood to mean "dead in the lifetime of the intestate", and the words "leaves", "leaving", "left" to mean "leaves, leaving or left surviving the intestate";

(*f*) when property is directed to be divided per stirpes among the lineal descendants of a deceased person, it shall first be divided among the children of the deceased who may be living, and those of them who may have died leaving a lineal descendant or descendants, the share of each such deceased child shall be divided in the same way among the children of such, and the same rule followed for remoter lineal descendants; further, in making each division and sub-division, if the share to be divided is that of a deceased male each male sub-sharer shall receive double the share of each female sub-sharer, but if the share to be divided is that of a female all the sub-sharers shall be equal without regard to sex.

DISTRIBUTION IF INTESTATE LEAVES A LINEAL DESCENDANT OR DESCENDANTS.

51. If a male Parsi dies intestate leaving a lineal descendant or descendants the property of which he dies intestate shall be divided according to the following rules:—

(*a*) It shall be divided among his children so that the share of each son shall be double the share of each daughter.

(*b*) If he also leaves a widow she shall receive a share equal to that of each son.

(*c*) If he also leaves his father, the father shall receive a share equal to that of each son, and if he also leaves his mother she shall receive a share equal to that of each daughter.

(*d*) If a child of the intestate be dead leaving a widow or a lineal descendant or descendants or a widow or widows of a lineal descendant or descendants, a share shall be assigned to such child and be dealt with under section 53 below. If such deceased child has left neither a widow nor a lineal descendant nor a widow of a lineal descendant, no share shall be assigned to such child.

52. If a female Parsi dies intestate leaving a lineal descendant or descendants, the property of which she dies intestate shall be divided according to the following rules:—

(*a*) It shall be divided among her children in equal shares.

(*b*) If she also leaves a widower he shall receive a share equal to that of each child.

(*c*) If a child of the intestate be dead leaving a widow or a lineal descendant or descendants or a widow or widows of a lineal descendant or descendants, a share shall be assigned to such child and be dealt with under section 53 below. If such deceased child has left no widow, nor lineal descendant, nor widow of a lineal descendant, no share shall be assigned to such child.

53. (*a*) If a male child of a Parsi intestate be dead leaving a lineal descendant or descendants, the share of such child shall be divided among the children of such child, so that the share of each son shall be double the share of each daughter, and if he has also left a widow she shall receive a share equal to that of each son.

(*b*) If a female child of a Parsi intestate be dead leaving a lineal descendant or descendants, the share of such child shall be divided equally among her children.

(*c*) If a child of a deceased child of the intestate be dead leaving a lineal descendant or descendants, the share of such deceased grandchild shall be divided in the same way as that of a child under clauses (*a*) and (*b*) of this section, and the same rule shall apply to remoter deceased lineal descendants of the intestate who may be entitled to a share.

(*d*) If a deceased child or other lineal descendant of the intestate entitled to a share has left no lineal descendant but has left a widow, or a widow or widows of a lineal descendant or descendants, if there be only one such widow she shall receive half the share of such deceased sharer, but if there be more than one such widow two-thirds of such share shall be equally divided between them.

(*e*) The half or one-third share that would be left after the widow or widows have received their shares under clause (*d*) of this section shall be divided per stirpes between the lineal descendants of the intestate.

DISTRIBUTION IF INTESTATE LEAVES NO LINEAL DESCENDANT, BUT LEAVES A WIDOW OR WIDOWER OR A WIDOW OR WIDOWS OF A LINEAL DESCENDANT OR DESCENDANTS.

54. If a Parsi dies intestate leaving no lineal descendant but leaving his or her own widow or widower, or a widow or widows of a lineal descendant or descendants, the property of which he or she dies intestate shall be divided according to the following rules:—

(*a*) If the intestate leaves a widow or widower but no widow of a lineal descendant, the widow or widower shall receive half of the property.

(*b*) If the intestate leaves a widow or widower and also a widow or widows of a lineal descendant or descendants, the intestate's own widow or widower shall receive one-third of the said property, and the widow or widows of lineal descendants shall receive another third of the said property, and the same shall be divided equally among them if there be more than one.

(*c*) If the intestate leaves no widow or widower, but only one widow of a lineal descendant, she shall receive half of the said property, but if the intestate leaves more than one such widow they shall receive two-thirds of such property and the same shall be divided equally among them.

(*d*) The half or one-third of the property that would be left after the persons mentioned in clauses (*a*), (*b*) and (*c*) of this section have received their shares shall be distributed among the relatives of the intestate in the order specified in Part I of Schedule II subject to the rules that—

(1) relatives included in Article 1 shall be preferred to those included in Article 2, those in Article 2 to those in Article 3, and so on in succession;

(2) where under any Article living relatives of a particular class are directed to share with lineal descendants of deceased relatives of the same class, the property shall be primarily divided among the living and the deceased relatives called hereafter primary sharers, and the share of each deceased primary sharer shall be divided per stirpes among his lineal descendants;

(3) if the primary sharers included in the same Article are of the same sex, or if the intestate is a female, the shares of all such sharers shall be equal, but if the intestate is a male the share of each such male sharer shall be double that of each female.

(*e*) If there are no relatives entitled to the share under clause (*d*) of this section, the whole of the said property shall be distributed among the persons entitled to receive shares under clauses (*a*), (*b*) and (*c*) of this section subject to the rules that—

(1) if there be only one such person he or she shall receive the whole,

(2) if there be more than one, if one of them be the widow or widower of the intestate, she or he shall receive half, and the other half shall be divided equally among the others, but if the intestate leaves no widow or widower the whole shall be divided equally among them.

DISTRIBUTION IF INTESTATE LEAVES NEITHER WIDOW NOR WIDOWER NOR A LINEAL DESCENDANT NOR A WIDOW OF A LINEAL DESCENDANT.

55. If a Parsi dies intestate leaving neither widow nor widower nor a lineal descendant nor a widow of a lineal descendant, his or her relatives in the order set forth in Part II of Schedule II shall receive the property of which he or she dies intestate, the distribution being subject to the same rules as are set forth in clause (*d*) of section 54 for distribution among the relatives in Part I.

56. If there be no relative entitled to succeed to the property of which a Parsi dies intestate under sections 51 to 55, the relatives who would have been entitled to succeed under section 48 if the intestate had been not a Parsi shall receive such property."

"SCHEDULE II.

PART I.

(*See* section 54.)

(1) Father and mother.

(2) Brothers and sisters by the father's side and lineal descendants of such of them as shall have predeceased the intestate.

(3) Paternal grandfather and paternal grand-mother.

(4) Children of the paternal grandfather and the lineal descendants of such of them as have predeceased the intestate.

(5) Paternal grandfather's father and mother.

(6) Paternal grandfather's father's children and the lineal descendants of such of them as have predeceased the intestate.

PART II.

(*See* section 55.)

(1) to (6). The first six Articles the same as in Part I.

(7) Brothers and sisters by the mother's side and the lineal descendants of such of them as have predeceased the intestate.

(8) Maternal grandfather and maternal grand-mother.

(9) Children of the maternal grandfather and the lineal descendants of such of them as have predeceased the intestate.

(10) Widow or widows of a brother or brothers either by the father's or mother's side.

(11) Widow or widows of a son or sons of paternal grandfather.

(12) Widow or widows of a son or sons of maternal grandfather.

(13) Widower or widowers of a deceased lineal descendant or descendants of the intestate who have not married again before the death of the intestate.

(14) Maternal grandfather's father and mother

(15) Children of the maternal grandfather's father and lineal descendants of such of them as have predeceased the intestate.

(16) Children of the paternal grand-mother and the lineal descendants of such of them as have predeceased the intestate.

(17) Paternal grand-mother's father and mother.

(18) Children of the paternal grand-mother's father and the lineal descendants of such of them as have predeceased the intestate."

STATEMENT OF OBJECTS AND REASONS.

At present the law that governs intestate succession among Parsis is that laid down in 1865 in Act No. XXI of that year. It is true the said Act has been repealed by the Indian Succession Act No. XXXIX of 1925 but this has made no change in the law, as all the provisions of the Act of 1865 have been incorporated verbatim in sections 50 to 56, and Schedule II, Parts I and II, of the Act of 1925. It has been felt for a long time by members of the Parsi Community that this enactment, more than 70 years old, requires amendment both in form and substance for various reasons. The meaning of some of its provisions is doubtful; some of these doubts have been removed by judicial decisions. It is also incomplete in some respects, and some of these deficiencies have had to be supplied by other judicial decisions. Certain other changes seem necessary in accordance with present day Parsi sentiment and usage. The arrangement and language also require some revision. In order to remove doubts, supply deficiencies, incorporate as far as possible the judicial decisions which the community has accepetd, introduce changes commonly desired and make the arrangement more systematic it has been thought best to redraft the whole enactment. In making this redraft, so far as arrangement and language are concerned, other parts of the Act of 1925 have as far as possible been followed, *e.g.*, by introducing sub-headings as in the previous Chapter relating to intestate succession among non-Parsis, so as to give a grasp of the subject as a whole. For convenience the new sections of the Draft Bill have been numbered 50 to 56 so that they may be substituted for the original sections of the Act of 1925 now in force.

A

BILL

TO

Make it obligatory for all the Cutchi Memons to be governed in matters of succession and inheritance by the Mohamedan Law.

WHEREAS it is expedient that the Cutchi Memons be governed in matters of succession and inheritance by the Mohamedan Law; It is hereby enacted as follows:—

1. This Act may be called the Cutchi Memon Act of 1937.

2. Any and every Cutchi Memon after the passing of this Act shall, in matters of succession and inheritance, be governed by the Mohamedan Law.

3. This Act shall be applicable to the entire British India.

4. The Government of India within six months from the passing of this Act shall, by a declaration published in the Gazette of India, enforce this Act.

5. This Act shall have no retrospective effect.

6. This Act repeals the Cutchi Memons Act of 1920.

STATEMENT OF OBJECTS AND REASONS.

Sufficient time has passed since passing of the Cutchi Memons Act of 1920 and large numbers of people of the Cutchi Memon community have taken advantage of the same. However, there is a minority which still persist in being governed by the customary laws and that tends to complicate matters. In order to bring about uniformity it is highly desirable that the entire Cutchi Memon community be governed by the Mohamedan Law. The Cutchi Mohamedans are good Mohamedans and there is a general desire in the community to be governed by the Mohamedan Law. This Bill if enacted will go a great way in bringing about the desired uniformity all over British India so far as the Cutchi Memons are concerned in matters of succession and inheritance and this will also facilitate administration of civil justice by the law courts in British India, as they will have to adjudicate through an established code, while under the present circumstances a wide field of custom and usage has to be traversed for a proper determination of the case. Therefore it is desirable that the Bill be enacted.

CORPORATION OF CALCUTTA.

Central Municipal Office, the 5th November 1937.

NOTICE.

In compliance with the provisions of section 481 of the Calcutta Municipal Act, 1923, it is hereby notified for general information that the Corporation of Calcutta propose to make the following by-laws under clause (*8*) of section 478 for the prevention of breeding of mosquitoes in water storage cisterns and reserve tanks:—

1. Every cistern and reserve tank connected with the water supply to any premises shall be mosquito-proof and shall comply with the following conditions:—

(*a*) The lid shall be well fitted and of the pattern approved by the Executive Engineer, Water Works, and shall be kept closed by strong bolts and nuts.

(*b*) The warning pipe or overflow pipe attached to the cistern or reserve tank shall be protected by a perforated metal cap of a standard pattern approved by the Executive Engineer, Water Works, and not by wire gauge.

(*c*) The punch-hole made by the Water Works Department shall be either utilised for connecting pipes, or properly closed.

(*d*) Water-gauges necessitating an aperture in the roof or side of a cistern shall be mosquito-proof.

2. No new water connection shall be given to any premises until the cisterns and reserve tanks installed therein have been certified as mosquito-proof by the Executive Engineer, Water Works, in accordance with these by-laws.

3. Every such cistern and reserve tank shall be numbered by the Corporation in a conspicuous manner to facilitate inspection.

4. Every cistern and reserve tank connected with the water supply to any premises shall be kept in good repair.

5. (*1*) If any such cistern or reserve tank be found on examination by the Health Officer or any Municipal Officer authorised by him in this behalf to be non-mosquito-proof or otherwise not in compliance with any of the conditions of by-law 1 and the provisions of by-law 4, he may by written notice, require the owner or occupier of the premises in which such cistern or reserve tank is found—

(*a*) to replace the same, or

(*b*) to make such alterations therein as may be specified in the notice.

(*2*) If any notice issued under this by-law is not complied within seven days from the date of service thereof the Corporation may forthwith carry out the work and costs thereof shall be payable by the person to whom the notice was issued.

6. If any licensed plumber puts in a new cistern or reserve tank in connection with the water supply of any premises which does not conform to the provisions of by-law 1, his license shall be liable to be cancelled.

7. The owner, occupier or lessee of any premises, house or hut in a bustee which remains unoccupied for a fortnight shall give immediate information of the same in writing to the Health Officer. On receipt of such information the Health Officer or any Municipal Officer authorised by him in this behalf shall inspect or cause the premises, house or hut in question to be inspected and take such action with regard thereto as may be necessary with a view to prevent breeding of mosquitoes therein.

8. Any owner, occupier or lessee who commits a breach of the foregoing by-law No. 7, shall be liable to a fine which may extend to Rs. 20 and in the case of a continuing breach to a fine which may extend to Rs. 50 for every day during which the breach continues after conviction for the first breach.

A printed copy of the by-laws is open to public inspection free of charge. It may also be purchased on payment of a fee of annas two from the Central Record Keeper Central Municipal Office, on any working day between the hours of 12 and 3 p.m.

Any person having any objection to the proposed by-laws should submit the same on or before the 11th December 1937, after which date the proposed by-laws will be further proceeded with.

J. C. MUKERJEA,

Chief Executive Officer.

Resolution on the Report on the Administration of the Jail Department of the Presidency of Bengal for the year 1936.

GOVERNMENT OF BENGAL.

HOME DEPARTMENT.

Jails.

CALCUTTA, THE 25TH OCTOBER 1937.

RESOLUTION—No. 4102 H.J.

Read the Report on the Administration of the Jail Department of the Presidency of Bengal for the year 1936.

The year under review was marked by those abnormal features which have unhappily rendered the administration of jails in Bengal so difficult in recent years, namely, serious overcrowding and the presence of terrorist prisoners. The daily average jail population was 22,719 or about 20 per cent. in excess of accommodation, but the real overcrowding was much greater than these figures imply, by reason of the presence of large numbers of detenus and other terrorist prisoners who require more space for their segregation. These persons exercised a bad influence over other prisoners, as was shown by the fact that the habit of resorting to hunger-strikes for trivial causes spread to ordinary prisoners. It is, therefore, satisfactory to record that there was no jail outbreak, and that discipline was maintained with efficiency.

2. Four temporary jails, two at Dum Dum and one each at Berhampore and Hijli, remained in commission, but on account of the chronic congestion in jails arrangements of a permanent character are desirable. The construction of a Central Jail at Dum Dum by the amalgamation of the two temporary jails there made considerable progress during the year, and the jail was opened in the middle of July this year. The temporary jail at Hijli for female detenus was closed down during the year.

3. The number of terrorist prisoners received in jails was 449 against 836 in 1935, and the number deported to the Andamans was 67 against 91. Thirty terrorist convicts were returned to Bengal from Port Blair, 2 on medical grounds and the rest on the completion of their sentences. Government have noted with satisfaction the Inspector-General's report that the introduction of indoor games and the provision of libraries has led to an improvement in the conduct and discipline of prisoners.

4. The problem of youthful delinquency has exercised the mind of Government in recent years. Two hundred and sixty-four juvenile convicts (below 16 years of age) and 5,067 adolescent convicts (between 16 and 21 years of age) were received during the year. The number is too large to be effectively segregated and treated on Borstal lines in the existing jails. There is one Borstal School at Bankura with accommodation for 219 boys; and the temporary jail at Berhampore, with accommodation for 201 boys, has been set apart for a similar purpose. Special sections have been started in the Presidency and Alipore Central Jails for youthful prisoners, and special treatment is accorded there as far as conditions permit. The Inspector-General's view that one Borstal School is not sufficient for the province, and that more institutions of this type are necessary, will receive the early attention of Government.

5. The Borstal School, Bankura, remained overcrowded, the daily average population being 354·18 against the registered accommodation for 219 persons. The education given there is of the primary standard, supplemented by vocational training, on which more emphasis was rightly laid. Some boys who showed promise were allowed to proceed to the Matriculation and higher stages, and four boys passed the Matriculation Examination during the year under report. Training was imparted in tailoring, weaving, carpentry, bookbinding, agriculture, etc., and sufficient orders were received to keep the boys busy throughout the year. Moral and religious instruction was given by honorary instructors of the various religions concerned; and recreation was provided by a club for indoor games and music and by a library. Government have noted with particular satisfaction the increased activities of After-Care Associations and desire to express their appreciation of the work of the Central Association in Calcutta, and of the Visiting Committee.

In the Berhampore, Alipore and Presidency Jails, literary and vocational training was given as far as possible.

6. Government note with regret that a large increase falls to be recorded in the number of prisoners with short sentences (*i.e.*, 3 months or under); these accounted for about 64 per cent. of the total number of prisoners admitted during the year as against 59·5 per cent. in 1935. There were 17,385 persons (or 39·3 per cent. of the total) admitted with sentences not exceeding one month, of whom persons travelling in railways without tickets constituted a large proportion. Another important feature was the large number of persons sentenced to simple imprisonment, which the Inspector-General reports to be as high as 25 per cent. of all admissions. Government are constrained to call the attention of the courts to these figures and to the difficulties which such prisoners cause to the jail administration. They contribute to overcrowding in jails and cannot be fitted into any scheme of work, while persons with sentences of simple imprisonment set a bad example to others by their leisured life. Government trust that the courts will consider the alternative of inflicting fines commensurate with the means of the accused persons in such cases, and will make every effort to realise the fines before sending the offenders to jail.

7. There was a further improvement in most districts in the average period of detention of prisoners in the undertrial stage. Some set-back was, however, noticeable in big districts like Midnapore, Dacca and Bakarganj, while 24-Parganas and Darjeeling were still considerably behind other districts in this respect. Government trust that the improvement will be maintained, and that the courts in the districts referred to above will do their best to secure more prompt disposal of cases.

8. It is satisfactory to notice that there was a considerable improvement in discipline among warders, and that the number of cases in which departmental punishment was awarded to warders was 1,574 against 1,900 in 1935. The number of dismissals was 23, and of degradation and suspension 6, as compared with 69 and 18, respectively, in 1935.

9. It is satisfactory to learn that increasing numbers of Bengali candidates of a good type are being recruited as warders.

10. The problem of finding employment for the jail population is a difficult one, every endeavour having to be made to avoid any competition with private enterprise which might be deemed to be unfair. Of the daily average of 16,401 persons available for labour, work could be found for only 11,282 or 69 per cent. of the total and much of it was of an unremunerative character. Only 6,039 persons or one-third of the total jail population could be employed in jail manufactures. The net profit from jail industries was Rs. 3,16,335 against Rs. 3,20,934 in 1935.

11. Government have read with great pleasure the names of those officers who have been commended by the Inspector-General for good work, and take this opportunity to record their appreciation of the services rendered by Lt.-Col. M. A. Singh, I.M.S., and his predecessor Lt.-Col. R. E. Flowerdew, C.I.E., I.M.S., as head of the department during the year.

Order.—Ordered that a copy of this resolution be forwarded to the Inspector-General of Prisons, Bengal, for information and guidance.

Ordered that a copy of the report be submitted to the Government of India in the Home Department.

Ordered that a copy of this resolution be forwarded to the Judicial Department of this Government for information.

Ordered also that the resolution be published in the *Calcutta Gazette*.

By order of the Governor,

J. R. BLAIR,

DARJEELING, THE 27TH OCTOBER 1937.

RESOLUTION—No. 957 T.R.

Read—

Memorandum No. 2082 R.G., dated the 23rd June 1937, from the Commissioner of the Burdwan Division, submitting the final report on the relief operations in the district of Hooghly during the year 1936.

2. The district of Hooghly has an area of 1,188 square miles with a population of 1,114,255. The total area affected in the Sadar subdivision covered an area of 427 square miles with a total population of 269,772. Dhaniakhali, Polba, Pandua and Balagarh thanas covering an area of 403 square miles with a population of 255,092 were severely affected and scarcity was eventually declared there on the 6th May 1936.

The total area affected in varying degrees in the Serampore subdivision was 110 square miles with a population of 106,000, but the area in it severely affected covered only 41 square miles with a population of 39,767.

In the Arambagh subdivision the distress was less acute and was tided over with distribution of agricultural loans of Rs. 35,000 and occasional help from the District Charitable Relief Committee.

3. The average rainfall for the district is 60 inches a year. Rain was scanty and irregular in 1934, and the crop of *aman* paddy was only about one-third of the normal. Rainfall in 1935 was still lower, with the result that the crop was less than one-fifth of the normal in the worst affected areas. In August 1935, when there was some rainfall, a considerable area was planted out with *aman*, but the autumn drought withered the crop, and the grain failed to form in the ear. Similar failure of crop in surrounding areas accentuated the distress. Labourers could not find employment in the fields, and agricultural wages began to fall rapidly. By November 1935, daily wages came down from 5 annas to 3 annas or less, except in urban and sandpit areas. Most of the rice mills at Magra, Pandua and other places had to reduce their business and some of them were closed down.

4. Test Works were commenced by the 1st February 1936 as signs of acute distress were already visible. The relief operations undertaken in the affected area consisted of the following:—

(1) Test Works,
(2) Gratuitous relief,
(3) Land improvement loans,
(4) Agricultural loans,
(5) Private works (aided and unaided), and
(6) Charitable relief.

5. *Test Works.*—The works, which were carried out by the district boards consisted of repairs or improvements to 74½ miles of kutcha roads besides the re-excavation of a tank in the Sadar subdivision. The total number of units relieved was 393,510 in the Sadar and 43,239 in the Serampore subdivision, the daily average number relieved being 2,328 in the Sadar and 255 in the Serampore subdivisions. The total amount spent on wages was Rs. 45,155 in Sadar *plus* Rs. 4,897 in Serampore, *i.e.*, Rs. 50,052 in all, which gives a daily average wage of 1 anna 10 pies per head.

6. *Gratuitous relief.*—Gratuitous relief given was strictly in accordance with the procedure laid down in Chapter VIII of the Famine Code. Distribution was made through Union Relief Committees. The rates were in March 1936, 5 pice for an adult man, 4 pice for an adult woman, 3 pice for a child of 10 years and above, and 2 pice for a child below 10 years, and 1 pice for an infant. These rates were altered to 3 pice a day for an adult man or woman and to 2 pice for a child, with effect from the 1st April 1936. The total amount spent on this head was Rs. 33,807 of which Rs. 31,101 was spent in the "declared"

area and Rs. 2,706 in the "non-declared" area. The number of units relieved was 765,129 in "declared" and 57,792 in "non-declared" areas.

7. *Land improvement loans.*—To encourage private works, Rs. 17,000 was distributed under this head under the Land Improvement Loans Act. Of this, Rs. 9,360 was advanced in "declared" and Rs. 7,640 in "non-declared" areas. The total number of units relieved was 128,880, viz., 74,880 in "declared" and 54,000 in "non-declared" areas.

8. *Agricultural loans.*—A sum of Rs. 1,40,445 was distributed in "declared" and Rs. 63,000 in "non-declared" areas.

9. *Private works.*—Under this head come works carried on by the private individuals with and without aid from Government. Taking advantage of the low rate of wages some well-to-do people excavated or re-excavated a number of tanks. These works which provided employment to a large number of labourers are estimated to have cost Rs. 63,674-12 in "declared" and Rs. 20,000 in "non-declared" areas.

10. *Charitable relief.*— Funds for charitable relief consisted of (1) balance of the Flood Relief Fund (Rs. 1,006-14), (2) the public subscriptions including sale proceeds of tickets for theatrical and other charity matches (Rs. 15,815-13), and (3) grant from the West Bengal Relief Fund (Rs. 3,906-4). Charitable relief in cash and cloth was given to poor Bhadralok families and others who were not eligible for gratuitous relief under Chapter VIII of the Famine Code. A sum of Rs. 12,934-4 was distributed as charitable relief in Sadar, Rs. 3,917-10 in Serampore and Rs. 1,050 in Arambagh subdivisions. Rs. 1,734-6 was spent on supply of cloth.

11. There was early break of monsoon in May 1936 which relieved the situation. Agricultural operations were soon in full swing, and resulted eventually in a bumper harvest. Test Works closed in July, and it was not necessary to reopen them. Gratuitous relief, however, continued till October, when relief operations were finally closed.

12. Mr. O. M. Martin, C.I.E., I.C.S., the then Additional Commissioner, Presidency and Burdwan Divisions, supervised the operations, and paid frequent visits to the relief centres.

The report indicates that the relief measures carried out in the district were adequate and that they were conducted with efficiency and economy. The thanks of Government are due to the District Officer, Rai S. P. Ghosh Bahadur, I.S.O., who showed great energy and ability and to all those who assisted him in his difficult task. Thanks are also due to Mr. T. N. Mukharjee, M B.E., Chairman District Board, Hooghly, for his wholehearted co-operation in relief measures and effective organisation of charitable relief; and to Babu Ganga Charan Mukharjee, District Engineer, who organised and carried out the district board's programme of test works with great skill and energy. His Excellency the Governor is pleased to direct that the good work done by the following officers be recorded :—

(1) Mr. S. B. Hatch-Barnwell, I C.S., Subdivisional Officer, Serampore.

(2) Babu Sudhir Kumar Mazumdar, Sadar Subdivisional Officer.

(3) Babu Nagendra Nath Das, Sub-Deputy Collector and Relief Officer.

(4) Babu Jasodananda Mukharjee, Sub-Deputy Collector and Relief Officer.

(5) Babu Amiya Chandra Mitra, Sub-Deputy Collector and Relief Officer.

Order.—Ordered that this resolution be published in the *Calcutta Gazette*.

The general entry to Government House will be by the North-East Gate.

10. A Guard of Honour of Indian Infantry and a Guard of Honour of the Calcutta Scottish, A. F. (I), will be drawn up opposite the Grand Staircase at Government House and will salute as the carriage draws up.

11. At Government House there will assemble not later than 11-10 a.m. (Calcutta time) all Civil, Naval, Air Force and Military Officers of Government who may be present in Calcutta. The Noblemen of Bengal, Consular representatives of Foreign Governments in Calcutta, Members representing Bengal in the Council of State and the Indian Legislative Assembly and Members of the Bengal Legislative Council and Assembly are also invited to be present. There will be limited accommodation available for other gentlemen who are eligible to attend, or to be presented at, a Viceregal Levee, and who desire to attend, and for the families and guests of the gentlemen mentioned above. Admission to Government House will be by ticket only and applications for tickets should be made to the Under-Secretary, Political Department, Writers' Buildings, Calcutta, not later than the 20th November 1937.

For this function the Private Entree List to Government House will be temporarily suspended and the privilege of private entree will be limited to those who will be presented to His Excellency the Governor.

12. As they alight from the carriage at the foot of the Grand Staircase, Lord and Lady Brabourne will be received by the Commander, Presidency and Assam District.

13. Lord Brabourne will then inspect the Guards of Honour.

14. A procession will then be formed at the foot of the Grand Staircase as follows:—

Under-Secretary, Political Department.

Chief Secretary to Government of Bengal.

Four Aides-de-Camp.

Commander, Governor's Bodyguard.

Assistant Secretary to Governor.

Military Secretary to Governor.

Secretary to Governor.

Lord and Lady Brabourne.

15. The procession will move through the Banqueting Hall to the Throne Room, and Lord Brabourne will take his seat on the dais; the Lady Brabourne will take her seat on the left of the dais. All present will rise as the procession enters the Hall and remain standing until the Warrant of Appointment has been read and the Oaths have been administered.

16. The Chief Secretary will then request permission to read the Commission under the Royal Sign Manual. On permission being granted, he will read it aloud and will bow and retire. The Chief Justice will then advance and enquire of Lord Brabourne whether he be pleased to take the Oaths of Allegiance and Office. On receiving assent the Chief Justice will hand to Lord Brabourne a printed copy of the Oath of Allegiance and the Secretary to the Governor will hand him a Bible. Lord Brabourne will then read aloud the Oath. Thereafter, the Chief Justice will hand to Lord Brabourne a printed copy of the Oath of Office and he will read it as before. The Chief Justice will then shake hands with His Excellency and will retire and His Excellency will resume his seat. Simultaneously the flag at Government House will be hoisted and a salute of 17 guns will be fired from the ramparts of Fort William.

17. His Excellency will then take his seat at the round table and all present will resume their seats. He will then sign the Oaths and other papers and will return to his seat on the dais.

18. At the conclusion of this ceremony the Chief Secretary will ask permission to present the high officials and non-officials to His Excellency and the Lady Brabourne, and having received permission he will present the Lord Bishop of Calcutta, and the Hon'ble the Chief Minister. The Hon'ble Chief Minister will then present the other Hon'ble Ministers.

19. The high officials and others assembled in the Throne Room will then be presented to Lord Brabourne as follows:—

NOTIFICATIONS.

No. 25-I.—9th November 1937.—The Governor is pleased to appoint the Collector of Burdwan to perform the functions of a Collector under section 32 of the Bengal Development Act, 1935 (Bengal Act XVI of 1935), within the Damodar Canal area as defined in clause 7 of rule 2 of the Bengal Development Rules, 1936.

No. 23-I.—8th October 1937.—It is hereby notified for general information that in exercise of the powers conferred by sections 6 and 11 of the Bengal Canals Act of 1864 (Bengal Act 5 of 1864), the Governor intends to make the following rules and to fix the following schedule of rates of tolls for the Bauphal-Dwipasa Khal joining the Boga Khal on the west and the Bauphal Khal on the east in the Patuakhali subdivision of the Bakarganj district.

2. The draft will be taken into consideration on or after the 2nd December 1937, and any objections or suggestions received before that date will be considered :—

Rules and schedules of rates of tolls.

1. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the District Board of Bakarganj on this behalf.

2. Vessels for the purpose of the determination of maundage shall be divided into two classes as below :—

Class I.—To include all vessels of the types of country boats, including saltees and hapors (fish cages), house boats, kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square-built vessels.

3. The maundage of every vessel, whether laden or empty, shall, for the purpose of Act V (B. C.) of 1864 and of these rules, be determined by the following measurements :—

CLASS I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water-line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of toll is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder of less than 50 maunds.

D. **Saltees.**—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

CLASS II.

For vessels of class II the number of maunds obtained by the system of measurement prescribed for vessels of class I shall be increased by one-half. For vessels of this class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the

case of steamers and motor boats the maundage determined as above shall be reduced by one-third as an allowance of engine space.

For vessels of class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

4. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

5. Every ticket shall have entered on it the name of the sarang, manjee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and the number of days for which the ticket remains current.

6. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

7. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect tolls, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 3 and 12 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provisions of section 9 of the Act.

8. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

9. All vessels, whether the property of Government, District Board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules or by a resolution passed by the District Board of Bakarganj from time to time.

10. The canal may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the canal may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

11. No rafts exceeding 50 feet in length and 5 feet in breadth shall be permitted to enter the canals.

12. The rates of toll shall be as follows:—

(1) On all vessels empty or laden, per hundred maunds	Eight annas.
(2) On all vessels empty or laden, for 12½ maunds or less	One anna.
(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth ...	Four annas each raft.

Tolls will be levied at Dwipasa and Bauphal.

13. For boats frequently using the canal, such as boats carrying passengers, grass or perishable articles monthly tickets will be issued at 10 times the ordinary toll.

14. Every vessel which has paid toll shall be allowed to remain in the canal for three days inclusive of the days of entry into and leaving the canal. A vessel remaining in any part of the canal longer than three days shall be charged demurrage equal to one-half of the toll for each day in excess of three days. No vessel shall be permitted to remian in the canal for more than one month. Provided that this rule shall not apply to vessels holding monthly tickets under rule 13 above, which may remain in the canal for more than three days without payment of demurrage but not for more than one month at a time.

15. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Department of Communications and Works (Irrigation) on duty, officers and servants of the toll office for the canal referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the District Board of Bakarganj, shall be liable for toll in the canal.

16. Any matter relating to the mode of collection of tolls and other relevant points, not provided for in these rules, shall be decided by the District Board of Bakarganj at a meeting, and shall be subject to the approval of the local Government.
